Sheep and Lambs—Receipts, 14,000; good, choice wethers, shorn, $4.90 to $5.25; fair to choice, mixed, shorn, $3.90 to $4.60; native lambs, shorn, $4.75 to $6.80.

Bible in the Schools.

Toronto, June 13.—By a vote of 13 to 10 the Congregational Union, at yesterday's session, decided to accept the invitation of the Anglican General Synod looking toward the appointment of a committee to confer with a view to the teaching of the Bible in the public school.

For Attempted Murder.

Orangeville, June 13.—After a trial lasting the greater part of two days, Tom Widdis of Stratford was at noon yesterday, fully committed to stand his trial at the Dufferin fall Assizes in November for the attempted murder of Chief Speers of Orangeville on Monday last.

Police Again Active.

Fort De France, Island of Martinique, June 13.—For the past few days Mont Pelee has manifested a recrudescence of activity, which, while not stronger than that of the month of April of the present year, does not seem to be of an alarming nature.

BOLT STRIKES PARLIAMENT.

Much Damage to Building, Smoke in the Chamber, and No Light for Seats of the Mighty.

Ottawa, June 13.—During one of the most violent thunderstorms that has been experienced in Ottawa during the last 25 years, a bolt of lightning struck the Senate side of the Parliament buildings at 10.20 last night.

The fluid descended to the cellar and in its descent created much damage in the building. Luckily the Senate was not sitting, but the chambers are filled with smoke, some of the woodwork burning, the smoke from the basement even penetrating from the Senate side. The electric light was disarranged and for some seconds there was no light in the seats of the mighty.

Mason's planing mill on Fourth avenue was struck by lightning and was completely destroyed. The loss will probably be in the neighborhood of $10,000.

Antics of Lightning.

Brockville, June 13.—In a recent thunderstorm the residence of Neil Black of Throoptown was struck by lightning. The fluid entered the chimney and went down into the cellar, stunning Mr. Black and his son, who were peeling potatoes. The carpet was ripped off the floor and a board hurled from the stairway through the front door. The paper on the wall also caught fire.

WORLD'S FAIR HONORS.

Canadian Citizens in Dispensation of Commemorative Awards.

Ottawa, June 13.—The Louisiana Purchase Exposition has conferred commemorative diplomas and medals upon the following officials and distinguished citizens of Canada for special recognition of their active interest and their efficient co-operation in the universal exposition of 1904:

William Hutchinson and William A. Burns, for distinguished services.

Robert Harris, for distinguished services in art.

B. E. Walker, member International Congress of Arts and Crafts.

A. H. Taylor, member International Congress of Arts and Crafts.

Ernest Rutherford, member International Congress of Arts and Crafts.

James H. McCurdy member International Congress of Arts and Crafts.

Maurice Hutton, member International Congress of Arts and Crafts.

Charles W. Colby, member International Congress of Arts and Sciences.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

Hon. David McCurdy Dead.

Halifax, June 13.—Hon. David McCurdy, ex-M. P. P., of Baddeck, died on Saturday, after a week's illness, of pneumonia. Mr. McCurdy, who was 96 years old, was a grandson of one of the pioneers of Nova Scotia, his ancestor, Alex. McCurdy, having come to this Province from Londonderry in 1760. Mr. McCurdy was for 24 years a member of the Legislative Council of this Province. Three years ago he removed to Toronto, but recently returned to Baddeck. He was a grand-uncle of Prof. J. F. McCurdy of Toronto University.

Controllers to Get $2,500.

Toronto, June 13.—City Council did the expected yesterday afternoon. It showed itself willing to accept the worth of a controller's services to the city at his own modest appraisement of $2,500 per annum. The vote was not a close one, probably for the reason that most of the aldermen have board of control ambitions. To them the extra $1,500 tacked on looked like a future asset. The increase begins from June 1.

Norway to Send Envoy.

Christiania, June 13.—Mr. Loveland, formerly president of the section of the Norwegian Council of State at Stockholm, who will be inducted into his office of Foreign Minister of Norway on June 15, in an interview yesterday said that a special envoy will in a few weeks be despatched to the great powers to seek the recognition of the diplomatic and consular representatives of Norway.

PETERBOROUGH OFFICERS WELL ENTERTAINED

Ottawa Garrison Cheered and Feted Representatives of the 57th Regiment Last Night----Whole Military Population of the Capital Will Welcome Visitors on July 1st---Military Parade a Probability of That Day ---Foot Guards Have Not Forgotten Their Trip to Peterborough.

Special to the Examiner.

Ottawa, June 14.—The Governor General's Footguards held a large parade last night in spite of the weather and the companies engaged in a final review of work preparatory to holding the annual inspection. One of the most interesting features of the evening was the visit of Major M. L. Hayes, Captain V. Eastwood, and Captain G. W. Bennett, three officers of the 57th Regiment Peterborough Rangers. They were making arrangements for the visit of their regiment to the capital on Dominion Day, when there will be a big celebration and possibly a military parade in which the Peterborough troops will take part. They were given a rousing reception by the Ottawa Garrison and were loudly cheered. At the close of the inspection they were entertained in the officers' mess previous to leaving on the night train for the return journey. It will be remembered that the Guards struck up a firm friendship with the 57th during their visit to Peterborough last year. The 57th will probably parade about 375 all told when it comes and will be given an enthusiastic reception by the Ottawa Garrison, especially the G.G.F.G. During its stay the corps will camp in Cartier Square, just three minutes' walk from the post office and House of Commons.

CORDAGE CO. EXCURSION

Delightful Trip Yesterday to Jubilee Point.

About 375 Employees and Their Families in Attendance—Outing Was Most Enjoyable.

The 4th annual excursion of the employees of the Canadian Cordage Co., took place yesterday down the river, upon the steamer, "Water Lily" and barge, to Jubilee Point. The excursion was a great success in every particular, the pleasure-seekers being favoured with glorious June weather.

The excursion left the Wolfe street wharf at 8.30 o'clock, about 375 passengers embarking.

The sail down the river to Jubilee Point was a most enjoyable one, and was enlivened by the presence of an orchestra which supplied music for dancing upon the scow. Large numbers, of course, took advantage of the opportunity and engaged in the mazy whirl of the dance with keen enjoyment.

Jubilee was reached about noon, the picnicers with appetites duly whetted by the fresh, bracing air of Otonabee, at once preparing for dinner. The hotel was liberally patronized, while many came prepared with baskets, and partook of the repast out of doors.

After dinner a baseball game took place between the Preparation Room and the other departments of the works. This was interesting while it lasted, but was unfortunately not concluded. After this, the following programme of sports was run off, the different events being closely contested and highly interesting.

Married women's race, 50 yards, 1st, Hummock, $2.50, by J. J. Turner —Mrs. H. Kingdon; 2nd, goods to value of $1.50, by G. O'Brien—Mrs. Humber; 3rd, roast beef, by T. Guerin —Mrs. Irwin.

Girls' race, 50 yards, 1st, half dozen cabinet photos, by R. M. Roy—Hazel Edgar; 2nd Review 6 months, by Review Printing Co.—Miss Clancy; 3rd, box chocolates, by T. Hooper — M. Riches.

Quite a number also took advantage of the opportunity to indulge in boating upon the placid waters of the lake.

The excursionists re-embarked for the return trip at about 5.30 o'clock, reaching the locks at 9.15 and the city wharf at 9.45, after a pleasant sail, the beautiful moonlight adding a charming touch of the picturesque to a delightful day's outing.

The excursion of the Cordage Co. increases noticeably in popularity year by year, and is now annually looked forward eagerly and with delight. The initiative set by the company, in providing for its employees such a pleasurable outing is one which might well be emulated by others of our large manufacturing concerns. The committee in charge of yesterday's excursion, who spared neither pains nor expense in making it such an unqualified success, were—Mr. Adam Hall, Mr. Torrance Jack, Mr. E. D. Fowler, Mr. Jesse Irwin and Mr. Howard Wareham.

The plans of the committee, whose efforts were much appreciated, were carried in every instance to completion. The kindness and courtesy of the boat's crew also added materially to the pleasures of the outing. The boat was in charge of Captain Clare Calcutt.

ARRANGEMENTS FOR THE TRIP

Representatives of the 57th Regiment in Ottawa.

Peterborough Rangers Will Camp at Cartier Square—A Pleasant Visit Assured.

Major Hayes, Capt. Eastwood, Quartermaster, and Capt. Bennett, the representatives of the 57th Regiment who went to Ottawa to arrange for the trip of the Regiment to that city, on July 1st, returned this morning and report that arrangements are practically completed, and the trip promises to be most satisfactory and a very pleasant one for both officers and men.

While there yesterday they met Col. Roper, commanding officer of the G. G. F. G., and the other officers, Major Bates and Capt. Bothwell, Quartermaster, and were treated most cordially, and visited the officers' mess last night.

They arranged to camp the regiment on the trip on Cartier Square, near the drill hall, a piece of ground admirably adapted for the purpose, and used as a parade ground for the Ottawa city regiments. They will also make use of the drill hall. The company supplies and equipment will be obtained from the Rockcliffe camp, where a number of regiments will be camped until June 29th.

The regiment will leave here on June 30th at 10 o'clock, and will take a special train consisting of colonist sleepers and dining car coaches, and will arrive at Ottawa about four o'clock on the morning of the 1st. The train will likely be taken to the Canada Atlantic station which is only a few hundred yards from the camp, when the regiment will detrain and march to camp.

On this trip the catering will be done at camp, the officers and men preferring this arrangement to taking their meals at hotels.

The programme of entertainment at Ottawa has not been definitely settled, but enough of the details are known to ensure the men having a good time.

The little trouble in the West Guards has been practically settled, and that regiment he will as the 43rd, the Col. of which met the representatives of the 57th, will do all in their power to make the visit of the 57th pleasant.

On Sunday morning a church parade of the three regiments will be held and the 57th will leave for home at 11 p.m. Sunday night.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

The Misses Eyres will receive tomorrow afternoon and evening, and not again this season. In a few days they will leave on an extended trip to the West.

Messrs. Frank and Bert Took, of Bristol, Eng., will sail from England on June 20th, and are expected to arrive in town about July 1st. Both are nephews of Mr William Telland, with whom they will visit upon their arrival.

Mrs. Thomas Gordon of Lakefield, and daughter, Miss Eva Gordon, of New York, left for Manitoba, for a visit with Mrs. Gordon's daughters, Mrs. Pease, at Moyie; Mrs. Blewett, at Kootenay; and her sister, Mrs. J. G. Humphrey, of Griswold. They will return in about two months.

felt sure that should he again wish to represent West Peterborough, Ennismore would stand by him as they had in the past. They also felt proud of Mr. Hall, their representative in the Dominion House and he was sure that he would bring credit to his riding in his career as a public man. The reverend ladies also welcomed the members of the Clergy who were present, and the meeting closed with hearty cheers for Rev. Father Fitzpatrick and the King.

Before an adjournment to the I. O. F. Hall, where a delightful entertainment was given, a football game between the Peterborough Business College and Ennismore was played, resulting in a victory for the former by 2-0. The teams were:—

RUSSIA MAKES A STATEMENT

Accepting Tentative Peace Offer, Guarded as to Terms---Status of Negotiations---Only This Given Out by Russia---Text of Note to U. S. President Left to Washington to Publish If It Chooses---Peace Sailing is Not All Smooth.

St. Petersburg, June 15.—Instead of publishing the text of its official reply to the message from President Roosevelt regarding the initiation of peace negotiations with Japan, the Russian Government, with the purpose of taking the public into its confidence regarding the prospects of peace, issues a statement summarizing the status of negotiations, which appeared in the form of a communication in the Foreign Office Gazette yesterday.

This statement expresses in a general way Russia's willingness to negotiate, without entering into particulars which cannot be considered to be definitely determined until the receipt of the Japanese reply. The Russian Government under the circumstances has deemed it best to leave to the Washington Government the publication of the Russian note.

Russia's Statement.

The following is the text of the communication:—

"The President of the United States instructed his Ambassador to the Imperial court to request a private audience in order to convey directly to the Emperor assurances of the unfailing friendship the United States entertains for Russia and to express President Roosevelt's personal desire to contribute as much as possible, in the interests of the whole world, toward the cessation of hostilities in the Far East.

"The Ambassador was instructed to add that the President was making simultaneous overtures to the Japanese Government.

"The Emperor was pleased to receive the American Ambassador on June 7, and gave benevolent attention to President Roosevelt's initiative, which had, moreover, met an entirely sympathetic reception on the part of friendly powers.

"Russia, being convinced that Japan was equally disposed to accept President Roosevelt's proposal, which was transmitted through the intermediary of the representatives of the republic at St. Petersburg and Tokio to the Imperial as well as the Japanese Government, received favorably the official communication from the Ambassador, and notification to this effect was published in Washington.

"In reply to this communication the Foreign Minister, acting under the Emperor's orders, informed the American Ambassador in a note dated June 12 that the Emperor, deeply sensible of the sentiments expressed by the President, was pleased to see thereby a fresh mark of the traditional friendship uniting Russia and America, and precious proof that President Roosevelt was in complete accord with the views the Emperor held on a general settlement so essential to the good progress of the whole of mankind.

"As for an eventual meeting of Russian and Japanese plenipotentiaries charged with ascertaining how far it would be possible for the two Powers to elaborate conditions of peace, the Imperial Government would have no objection in principle to such an attempt if the Japanese Government expressed a desire therefor."

ALL IS NOT SMOOTH.

Japan Wary and It is Doubted if Reply is Satisfactory.

Washington, June 15.—Russia's formal response to President Roosevelt's appeal to the Far Eastern belligerents for a cessation of hostilities has been communicated to the Tokio Government by the President. Doubt is expressed in important quarters whether the Russian response is satisfactory to Japan. The Government of the island empire is wary of Russia, and has indicated its intention of not sacrificing its dearly bought victories at arms in the conflict to diplomacy which is now being waged.

Minister Takahira is inclined to look askance at that part of the Russian note, which reads: "As for an eventual meeting of Russian and Japanese plenipotentiaries charged with ascertaining how far it would be possible for the two Powers to elaborate conditions of peace, the Imperial Government would have no objection in principle to such an attempt if the Japanese Government expressed a desire therefor."

Japan has indicated plainly that if there is a conference between its plenipotentiaries and those of Russia, it must be held with a definite understanding that a sincere effort to reach a permanent peace agreement is to be made.

Prospects Not So Bright.

St. Petersburg, June 15.—The words in the last line of the Russian foreign communication to The Gazette, stating the Imperial Government has "no objection in principle" to the meeting of plenipotentiaries proposed by President Roosevelt if the Japanese Government expresses a desire therefor," are causing much comment and some little depression.

The Associated Press, however, learned from the most authoritative source that there is not the slightest question about the completeness and satisfactoriness of Russia's official reply, the words of which are not carefully given in the communication.

Oyama Preparing a Coup.

Tokio, June 15.—The Japanese Government still maintains silence regarding peace negotiations. It is apparently awaiting action at, and advices from, Washington and St. Petersburg. The newspapers continue to be flatly opposed to an early armistice, which would deprive the army and navy of the advantages within their grasp.

It is generally thought that Oyama's plans are rapidly maturing, and that the next great drive will sweep Gen. Linevitch back and carry the Japanese army into Russian territory. The good faith and ultimate intentions of Russia toward peace are openly and generally questioned.

M. Witte is Gloomy.

St. Petersburg, June 15.—The Slovo yesterday published a remarkably sensational interview, filled with the gloomiest forebodings, with M. Witte, president of the Committee of Ministers, who evidently spoke with the profound conviction that the affairs of State are going from bad to worse, and under personal irritation produced by the intrigues which compel him to sit idle during the present crisis. He makes it clear that Foreign Minister Lamsdorff for one opposed his being given anything to do with the peace negotiations.

"Russia," he said, "could prolong the war for five years in the hope of coming out victorious were it not for the events in the interior, to which they are closing their eyes and stopping their ears and trying to know nothing about. Here lies the horror of the present situation in Russia. Every hour of delay is fraught with danger. Down, down, lower and lower, step by step."

ACHING FOR A FIGHT.

In Spite of the Mud, the Armies Are Not Hindered.

London, June 15.—The Japanese correspondent of The Daily Telegraph at Moji, Japan, says:

The rainy season has started in Manchuria, and the mud in the roads is knee-deep, but this will not interfere with military operations, glad tidings of which may be expected within a few days.

Cholera in Russia.

St. Petersburg, June 15.—Three suspicious cases, believed to be cholera, have occurred at Tula, 130 miles south of Moscow.

GERMANY IN CHINA.

What Britain Will Do it is As Yet Impossible to Say.

London, June 15.—The Foreign Office yesterday, when shown the despatch announcing that Germany had determined to fortify Kiaochow Bay (the German concession on the Shantung Peninsula, China), said it was impossible to say what effect this action would have on the proposal to abandon the British naval station at Weihaiwei.

So long as the British-Japanese alliance lasts, Weihaiwei will not be considered an important place except as a naval resort during the summer months, but it is quite possible that with Kiaochow fortified, Weihaiwei will receive more consideration.

Willoughby Middleton, Who Served Time in Kingston---His Latest New York Escapade---Launched Hundreds of Thousands of Dollars Worth of Bogus Bonds and Collected $25,000 on Sale of Lots He Did Not Own---More About His Matrimonial Propensities.

New York, June 15.—Through the discovery of a great pile of bond certificates hidden in Willoughby Middleton's deserted apartment, in White Plains, Tuesday, the first intimation was given that the missing real estate operator had varied his land title schemes by launching hundreds of thousands of dollars' worth of spurious bonds. The issue is supposed to represent a million dollars, and on their face the certificates bear every indication of having been properly issued, with the Knickerbocker Trust Co. behind them as fiduciary agent.

It was also rumored that the president of the New York Realty Corporation, of No. 31 East 125th street, was dead; that he was in solitary hiding in Canada, and that he was accompanied in his flight by a beautiful and wealthy young woman.

It was also asserted by an officer of the realty corporation that Middleton had, in the last three months, gathered in $25,000 from the gullible in payment for lots, not one of which he owned. On the day before his disappearance he sold lots for $200, $400 and $600 cash. The officer in question asserts that through the nine months of his operations Middleton never sold one dollar's worth of land to which he had the slightest title.

Called a Bigamist.

In addition it was learned that Middleton served more than one term in Canadian prisons. A telegram from Kingston stated that he passed seven years for bigamy in the penitentiary. Before he got into the clutches of the law in Canada he tried his hand at railroad promoting in Brantford and Woodstock.

The audacity of Willoughby Middleton is illustrated by the fact that he operated here under the name he bore in Canadian prisons, and while risking discovery every day was able to float a big realty corporation without a dollar in his pocket.

The rumor of the death of Middleton came about through the action of the Knickerbocker Safe Deposit Co., of No. 257 Fifth avenue. Horace Richmond, one of the trustees of the New York Realty Corporation, went to the safe deposit vaults yesterday, armed with a key to Middleton's strong box, and asked to open it to discover what disposition had been made of a large quantity of gold bonds of the realty company, supposed to be issued through the Knickerbocker Trust Co., which were represented to be in the receptacle.

Says He's Dead.

But the Safe Deposit Co. officials declined to permit the box to be opened, alleging that Middleton was supposed to be dead. They would explain nothing and left it to be inferred that the missing man had committed suicide. To-day legal measures will be taken to get at the contents of this box.

Mr. Richmond is anxious to learn how many, if any, of the bonds have been surreptitiously sold by Middleton. An officer of the corporation who ought to know, declares that the president sold "hundreds" of them, which, if true, means that a very large sum was realized, as the bonds are for $500 each.

After his flight a huge package containing two thousand of these bonds was found in White Plains, where Middleton had hidden them. They are gold six per cent. bonds, of $500 each, to run twenty years, and are payable at the office of the Knickerbocker Trust Co.

Had No Assets.

It is not known how Middleton induced the officers of the trust company to agree to act as the fiduciary agent of the New York Realty Corporation, which could not show a genuine dollar of assets—if they did so agree.

Every hour brings to light instances of Middleton's perfidy. Alice Devine, a handsome, refined young woman, barely escaped Middleton's snare. She advertised for a place as companion to a woman and Middleton answered, asking her to call at his office. He was instantly smitten and engaged her at a salary of $30 a week as companion to his elderly aunt with $3,000,000, and then supposed to be on her way from Australia.

Wants to Wed Again.

Although this was on March 16 last, and the event was not expected until April 15, he nevertheless said the salary might begin at once. Within two days he had proposed to the girl and had been half accepted. On the fourth day he tried to take her into a church, and on five other occasions within two weeks sought to wed her.

In all, after five weeks, Miss Devine received $40 and placed her account in the hands of an attorney.

The detective bureau has learned that Middleton, when he boarded a train, supposedly for Canada, last Friday night, was accompanied by a very beautiful and stylishly dressed young woman.

Report has it that he was engaged to an Actress and that he boasted that he was about to marry more money than the Produce Exchange Bank owned. Who the woman can be is not yet revealed. But those who know Middleton best credit the rumor.

CANADIAN CAPTURE.

Served Seven Years in Kingston Penitentiary For Bigamy.

Toronto, June 15.—Reginald Lansdell Willoughby Middleton, who has been missing from New York since Friday, cut a wide swath in Canada some years ago. In the summer of 1899 he opened an office in Brantford for the Brantford and Woodstock Railway Co. He engaged a band of young men to survey a railway line from Brantford to Woodstock. Failure to discharge financial obligations caused his arrest in August, 1899, at Woodstock and it developed that he was living [illegible] in Brantford with his wife and baby. Mrs. Middleton was formerly Miss Margie Thomas, of Woodstock.

Eventually it [illegible] that he had been married at [illegible] once to Miss [illegible] of Brantford, and then to [illegible] of Toronto. He was [illegible] penitentiary [illegible] bigamy.

MUCH WORK TO DO ON STREETS

Board of Works Decided on Part of the Programme.

Ald. Crowe Makes Request on Behalf of Citizens—Tenders for Stone Crushing.

Some complaints were dealt with at the meeting of the Board of Works. Ald. Crowe, who is not a member of the Board, but who frequently drops into the meetings to watch the progress, and to represent the interests of the people in his section of the town, was there last night and asked on behalf of Mr. Curtis on Downie street for a crossing into his lot. It appears that the crossing laid with the sidewalk was not put in the proper place, at least that is the statement, and Mr. Curtis wants it changed. The matter will be considered. Ald. Crowe also asked for a sidewalk on Cross street on behalf of Mr. Thos. Tarcotte, and this matter also will receive the consideration of the Board.

The Peterborough Light and Power Company asked for and received permission to erect some poles on Perry street to carry their lines to the Petrborough Shovel and Tool Company's Works.

Mr. Dumble's offer to give the town right of way for Cambridge street, provided the latter graded and laid eight inches of gravel on the road, was accepted, the work mentioned to be done within thirty days after the deed for the land, or an agreement to give the deed, has been made.

It was decided to gravel and grade Rubidge street from Charlotte street to simcoe street, extending the work which has been decided to be done south of Charlotte street, and the engineer was empowered to make arrangements for the gravel on the best terms.

Ald. Johnston moved that the engineer advertise for tenders for the crushing of stone and delivering it on streets, to be designated by the chairman and town engineer, which was carried.

RAILWAY CASE IN COURT

But Was Dismissed by Acting Magistrate Eyres.

Many Cases Were Enlarged—Man Who Got Intoxicated Fined Two Dollars.

The first case at the Police Court this morning was a drunk and disorderly John Cane who was fined $2.00.

J. S. Butcher charged with creating a disturbance was remanded for one week.

Mr. and Mrs. Geo. Couter, who were charged with making a disturbance, were remanded for one week.

Jas. Arnott, who has not yet paid for his dog tag will be dealt with to-morrow.

Wm. Clancy, charged with using profane language was remanded till to-morrow.

Three boys, who trespassed on the grounds of the C. G. E. Co., will be attended to to-morrow morning.

Henry Castle was charged with assaulting James Castle. The case was enlarged for one week.

The next case was that of a man named Fair, who drives for the Union Cartage Company, who said he was going to his work after dinner about 1.35 p.m., and a train was standing on the C.P.R. track, the engine to the east and the caboose west of the street. He waited eight minutes by his watch for it to move and then went round the rear end and telephoned to the chief. The train moved off just as he was through talking, which was two or three minutes later on. J. H. Bott, the conductor in charge of the train was called and when asked, said he remembered the circumstances perfectly. He was on the first car from the engine when the train drew in and at once went into the station and booked the arrival of his train. The test showed arrival 1.35 and departure 1.40 exactly and Bott swore they were correct. The only work done was to drop a car in the siding. Mr. Dodds, the station master here, was next called and testified that the book was correct and that Mr. Bott was conductor in complete charge of the train. Mr. Dodds said it was either the duty of the conductor, or in case the train did not stop, of the operator to book the arrival of trains.

Mr. Hunt, the day operator, was next called and corroborated the above statements. He could say from memory that the train left at 1.40.

Magistrate Eyres dismissed the case. The Court then adjourned.

LARGE NUMBER OF EXCURSIONISTS

St. Paul's Guild Enjoy Pleasant Day's Outing.

The annual excursion of St. Paul's Guild, which left this morning for a trip up the lakes was the most successful in history of the organization.

The excursionists who numbered about 300 left at 8.30 o'clock for Lakefield, where they embarked upon the steamer Stony Lake. The glorious day added materially to the pleasures of the trip, which was one of the most enjoyable of the season.

Healthy and Vigorous.

Mr. John Shelton, the well-known bridge builder, of 101 Sherwood st., Ottawa, states,—"I have used Dr. Chase's Kidney-Liver Pills for kidney and liver derangements brought on by exposure, and find them better than any pill or medicine ever used. They cleansed my system and made me feel healthy and vigorous, and better in every way."

FISHERMEN VS. THE LUMBERMEN

Tampering With Dams Endanger the Floating of About 100,000 Logs.

Carew's, Baker & Bryans' and Rider & Kitchiner's Drives Held Up.

(Lindsay Post.)

The business of the lumberman is subject to many unforeseen risks and uncertainties. When large gangs of men have been sent into their limits in the far north to cut the logs that are to feed their mills next season the work is subject to various controlling circumstances, chief of which are too much snow or too little. Then when the season's cut is drawn to the icy banks of the various streams down which they are to be floated when the spring breakup occurs, the vital question is the supply of water held back by the dams of the reservoir lakes, the letting away of which in suitable quantities is to fill the small creeks connecting many of the lakes and sweep the logs onward toward the mills 75 or 100 miles away. Any serious delay would in many cases be fatal—the logs must proceed onward with the flood of water let loose, or remain in the creeks until the following spring, the result in such a case being severe financial loss to the lumbermen and to the men employed in his mill. For this reason the dams up north are watched with great care and every effort is made both by Government employees and the lumbermen themselves to have the stop-logs all in place in order that the lakes may fill up as a result of the spring rains and the melting of the ice and snow in the watersheds drained by the many small streams.

A Case in Point.

In the limits adjacent to Swamp Lake, a large body of water in Galway township, large camps were operated last winter by Messrs. Baker & Bryans, John Carew and Rider & Kitchner, all of Lindsay. The cut was large—about 100,000 pieces in all—and these would have to be floated down the tortuous channel of Nogey's Creek to its outlet on Pigeon Lake, about three miles below Bobcaygeon. The distance as the crow flies is 16 miles, but the creek in all its twists and windings runs a course of 31 miles.

It was remarked by a few wise ones during the winter that the level of Swamp Lake seemed unusually low and when the spring thaws came and the snow and ice disappeared it was seen that the water was over three feet below the normal spring level. To make matters worse, the rainfall was light, and very little improvement took place. It had been arranged between the three firms, that Baker & Bryans, having the largest out of logs to handle, should float the other drives along with theirs, but when the first-mentioned firm sent Foreman Maurice Dineen and a large gang of river drivers to Swamp Lake to commence operations, the reports sent back were anything but encouraging, the lake having risen only a few inches.

It Was "Do or Die".

and friend Dineen is not in the habit of giving way save when confronted by an extraordinary difficulty. Small creeks emptying into the lake were cleared of obstructions and deepened so as to carry more water, the dams were watched with jealous care and every leak as big as a lead pencil was carefully plugged, and the winding course of Nogey's Creek was made as navigable as possible before the stop-logs were taken out and the timber turned loose in the Creek. All went well for a few days—then the water fell and thousands of logs were left stranded. Men were sent back to let in the reserve of water held back by another dam, and with the aid of this, and by working the men almost night and day the dangerous parts of the creek were passed in safety. But there was nothing to spare, because if a serious "jam" had occurred anywhere to stay the onward progress of the logs the water would have escaped and almost the entire drive would have been tied up.

For Twelve Months.

It was learned by the men from residents in the vicinity of the lake that low level of the water was due to certain fish poachers, who use nets. High water in the winter and spring renders their work difficult, and so they guard against the trouble by raising the stop-logs in the dams and allowing the water to escape until the lake is at the desired level. As an aid to fishing the scheme is an admirable one, but it is mighty hard on the lumberman, and it is the question, if, in case of a lossy the three firms mentioned would not have a good case for damages. In any event the Fisheries department should get after the poachers, and the overseers of dams should make it a point to pay a few unheralded visits to Swamp Lake during the fall and early spring.

EXCURSION FROM NORWOOD YESTERDAY

Large Party Left for Trip up the Lakes on Str. "Stony Lake."

A large excursion from Norwood passed through town yesterday on a trip up the Lakes. The excursionists arrived in town about 2.30 o'clock by special train, which was composed of five well-filled coaches.

The party, which numbered 325, embarked upon the Stony Lake at the Wolfe street wharf, and, after a trip over the Lift Lock, continued their journey to Lakefield.

CANADA FLAKES FOR NEXT WEEK

Peterborough Cereal Company to Start Works in a Week.

Shredded Vegetables Will be a Later Product of the Company's Works.

The Peterborough Cereal Company has commenced the manufacture of their product, the Canada Flakes, though, as yet, the company has not started to make the goods in marketable quantities, but it is expected that, commencing next Monday, the works will start to run in full, and the travellers will be sent out on the road with the goods. Some trouble has been experienced in connection with the gas which is used to heat the ovens in the preparation of the Flakes, but it is hoped to overcome this difficulty in the course of a few days, when the work of manufacturing will be proceeded with.

Next week Mr. Collier expects a food expert from the United States to arrive here to inspect the quality of the food manufactured by the company.

In the test runs which have been made the food manufactured is entirely satisfactory, and the food, if the samples made may be taken as indicative of the quality of the food when the works are running full, will be equal, if not superior, to any food of the kind now on the market.

The company has decided to sell only to the wholesalers, preferring that method of doing business to selling to the retail trade.

No work has yet been done in connection with the manufacture of the shredded goods, which the company contemplates manufacturing in the near future. Mr. Collier will bring the Flakes up to a state of perfection first, and afterwards will engage in the manufacture of the other goods.

GRAVEL COMES PRETTY HIGH

Belief That the Town Is Paying More Than Necessary.

Street Railway Offers to Haul it for 25c Per Square Yard—The Present Costs More Than That.

It appears that at the present time the town is paying almost twice as much for the gravel used on the streets as it should pay. It transpired last night at the Board of Works meeting that at the present it costs about twenty-five cents per yard for hauling the gravel from the pit to the streets where it is used, and if that place is in the south end of the town the cost will be almost double that. This price does not include loading.

Mr. Larmouth last night made an offer to haul gravel to any place in town on the line of the street railway for twenty-five cents per yard, which will include the loading. This it will be seen, is much lower than the present cost.

The railway will lay a siding into the town's gravel property at the Hilliard farm, from Water street, opposite the power house of the Auburn Power Company, where Mr. Larmouth believes there will be plenty of good gravel.

To-day the Street Railway Company will put a couple of men to sink a test pit to ascertain is there is gravel in sufficient quantities to warrant laying the siding into the property.

RETURNED FROM THE ASSEMBLY

The Local Clergymen Who Attended General Assembly

The Establishment of Queens as the Church's University Warmly Supported.

Rev. Dr. Terrance, Rev. J. G. Potter and Rev. J. H. Edmison, returned last night from Kingston, where they were attending the General Assembly of the Presbyterian church, the sessions of which closed last night. They express themselves as greatly pleased with the successful character of the meetings.

The question of the most vital importance discussed at the Assembly was that of the establishment of Queen's College as the University of the Presbyterian Church, which was finally decided upon at the meeting. It was generally decided that this was a wise move on the part of the church, and was endorsed by the heads of the various theological schools of the church, including Rev. Dr. Bryce, and Rev. Dr. Patrick, of Winnipeg, Rev. Dr. Falkner, of Pine Hill, N. S., Dr. Scrimger of Montreal, Dr. McLeod and Dr. Mitchell. The representatives of the Scotch church, were also warm supporters of the plan, which was finally consummated.

MILITARY ENCAMPMENT

"B" Squadron 3rd P.W.O. Dragoons, Millbrook, will assemble at the armouries at 6.30 a.m., on Tuesday, 27th June, for the purpose of entraining to Kingston for the annual camp of instruction.

Clothing and saddlery will be issued on Saturday, 24th June, between the hours of 2 and 5 o'clock, also on Monday, 26th June, at the same hours.

Inspection of horses will take place on the above mentioned days and between the same hours.

Strong halter shanks must be supplied by the men for their horses in camp.

It is requested that the men club together and reduce the number of boxes and trunks taken into camp, as only a reasonable number will be allowed.

An experienced cook has been procured for this camp and good results are assured.

The railway line of transportation is indefinite. The officer commanding will be pleased to have a large turn out this year.

Efficiency pay will be allowed as follows:—1st year men 20c. per diem; 2nd year men 40c. per diem; 3rd year men 50c. per diem, in addition to regular pay.

ADJOURNED INQUEST TOUCHING HUDSON'S DEATH

Met Last Night in Council Chamber—Considerable Evidence Was Taken From Witnesses Present at the Royal Hotel Upon Evening of Alleged Assault—One Witness States That Missile Was Thrown—Medical Testimony Not Yet Taken---Coroner Gray Presided.

The adjourned inquest touching the death of Frederick Hudson, on June 1st, was held last night in the council chamber. Considerable evidence was taken from witnesses who were present at the Royal Hotel at the time of the alleged assault.

No medical testimony was taken last night, the report of the post-mortem examination not having yet been completed. The inquest adjourned at about 10.30, to meet again on Monday night next. Coroner Dr. Gray presided.

Mr. R. E. Wood appeared for the Crown, and Mr. R. M. Dennistoun was present in the interests of Patrick McAuliffe.

The coroner's jury was composed as follow': Messrs. F. W. Miller, foreman; Chas. Dunn, W. G. Morgan, William Clancy, M. W. Porter, R. J. G. Sutherland, Wm. Shea, J. W. Butcher, Robert Hamilton, T. J. Wilson, Wm. Battisby, C. W. Vansant, T. C. Elliott, Jos. Maher and M. J. Hickey.

Philip Mahoney, the first witness, testified that he was an employee of the Royal Hotel, Hunter street, kept by Flynn, and Hudson, the deceased. He had been there on the evening o. June 1st, and saw Patrick McAuliffe, whom he knew by sight. The first trouble he saw was in the hall between a man named Shanahan and Hudson, who had a scuffle in the Hall. He saw Casey Masterson and McAuliffe's brother seize Shanahan, and Patrick McAuliffe catch Hudson. Hudson and McAuliffe went out of the door into the yard. Jas. Flynn went out of the back door to Hudson's assistance. Hudson re-entered and went up to McAuliffe's brother, whom he commenced to abuse, saying that he had held him. The latter replied, "I was only trying to make peace." Then Patrick McAuliffe entered and said, to witness, "If he comes in give him a cigar or something, and give me a small drink."

Hudson came into the bar and said to three Havelock men—one named Cole, and two others — "I wish you had been here a few minutes ago, as they were all piling on me in the hall."

Flynn, Halpin, McDonald and Mat McHugh were in the room when Hudson made this remark, and almost directly afterwards Hudson walked up to McAuliffe, throwing up his hands and telling him to "throw up his mollies." McAuliffe backed up to the end of the bar. Witness next heard Hudson fall but did not see him struck nor see anything in McAuliffe's hands. It was about nine o'clock p. m.

McAuliffe's back was to the open door, when Hudson fell. If there was anyone outside he must have been behind McAuliffe. Witness had not seen McAuliffe do anything except back up. Witness stood behind the bar, the Havelock men being in the south end of the room. There were some pitchers upon the counter, also a salt cellar, which McAuliffe might have used to strike Hudson, but witness could not say whether he used them or not. Flynn and he made a search about fifteen minutes later, but found nothing. There was no one within reach of Hudson when he fell but McAuliffe. Witness was not looking at Hudson when he fell and could not say whether McAuliffe had struck him or not. Flynn and McAuliffe's brother caught Patrick McAuliffe and shoved him out of the back door, Hudson going into the wash-room about 35 feet distant. Hudson fell two or three feet from the street door. His head might have struck the bar or a spittoon. Witness found a stone under the refrigerator, inside the bar, next morning, this he threw out into the street. It was about the size of his closed fist. He could not account for its being there. He cleaned out behind the bar every day and found the stone in cleaning up, in the usual way. It was lying far back beneath the refrigerator. He was not searching. He did not see anything thrown behind the bar on the night of the row. It was possible for the stone, if thrown from front door, to strike Hudson and fall inside the bar to the position in which it was found. There were no marks upon the stone.

Mr. Manley Cole, of Havelock, testified that upon the night of the alleged assault, he entered the bar by the north door, where he met Hudson, with whom he spoke, and shook hands. He had never seen McAuliffe before. A man passed by, coming from the sitting room door, who called Hudson an obscene name. Hudson was standing by the bar and said, "he would not take that," telling the man to "put up his dukes, or get out of the house." The man who had used the epithet backed up, feeling in his hip pocket with his right hand, Hudson following. Witness said the man hit Hudson with a missile of some kind which appeared brown in colour, triangular in shape and about the size of his fist, in the centre of the forehead. It bounced about 6 or 8 inches above Hudson's head and glanced off, striking the bar. Hudson immediately fell upon the floor about two and a half feet from the bar, spoke his last. His head could not have struck the bar. Jas. Flynn and another man resisted him to rise. His sisters also came to assist. He was bleeding freely. Witness had seen no blood before. The missile thrown struck the railing of the bar. Witness did not see it again. No search was made while witness was there. He saw McAuliffe pull his hand out of his hip pocket, and make a swinging motion. He could not say whether object thrown was attached to McAuliffe's hand or not. Witness was about ten feet from Hudson.

Arthur McDonald being sworn, stated that on the evening of June 1st, he walked up Hunter street about 8.45 and entered the Royal Hotel, through the hall to the sitting room and thence to the bar. He saw Mr. Hudson enter the bar from the wash room. Hudson seemed to be in angry mood and was talking to a man whom he later understood was McAuliffe. The two walked through the bar, McAuliffe walking backward, Hudson following. Hudson was about five feet from the end of the bar and McAuliffe at the end of the bar, the latter made a step forward towards Hudson. Witness saw Mr. Hudson fall upon the floor and thought McAuliffe made a motion with his hand very quickly, but did not hear anything fall. Hudson fell upon the back of his head, to the south. There were a number of by-standers. He could not say whether anyone was between McAuliffe and the door. There was no one within striking distance of Hudson, but McAuliffe. Hudson was in attitude to strike as he went around the end of the bar. Witness did not know what became of McAuliffe. He was not positive that he raised his hand to strike, but was certain that he stepped forward. Hudson fell immediately after McAuliffe stepped forward.

William Devlin, in giving evidence, died that he had been at the Royal Hotel at the time of the row. When he entered James Flynn and McAuliffe's brother were shoving Pat. McAuliffe out of the back door. Hudson was standing beside the door after he was struck. He was bleeding and went to the wash room. Hudson said: "Do not send for the police." Witness entered the washroom out of curiosity, and saw Hudson's wounds.

Robert Garvey, Otonabee, testified that he had been at the Royal Hotel on June 1st. When he arrived some men were holding McAuliffe in the back hall door. Hudson entered, apparently from the back door, a few minutes later, when he and McAuliffe had some words. Witness was looking through a door from the sitting room into the bar. He saw McAuliffe make a striking motion with his hand. The latter was standing close to the front door and near the counter. He could not see Hudson, and did not see anything in McAuliffe's hand. He heard the noise of a fall, which he thought might have been Hudson. Witness entered the bar, and saw Hudson coming from a wash room with what appeared to be a streak of blood upon his face.

Casey Masterson testified that he boarded at the Royal Hotel, and coming from church on the night of June 1st, entered the house, going through to get a drink of water at the front. Re-entering he saw Shanahan with his coat off. He saw some man put on Shanahan's coat. Hudson took two or three steps to put Shanahan out, and Hudson and Shanahan got into a scuffle. Witness seized Shanahan, and McAuliffe's brother seized him. Getting out of McAuliffe's arms he gave Shanahan a shove, the latter picking up his hat and going out to Hunter street. Hudson and Patrick McAuliffe went to the back part of the house, going through a door on the south side of the house. They were in an argument. Witness went out and saw Hudson with his back against the door. He requested Hudson to come with him, the latter coming a few minutes later. Witness went to the office door, McAuliffe again entering. He was boisterous. Hudson went into the main sitting room, McAuliffe following. Here an altercation occurred. Witness entered the bar and saw Hudson fall. He and another man assisted Hudson to rise. There were a large number of by-standers. Witness looked around and saw McAuliffe leaving by an alley in the rear. Witness went to summon a doctor, and failing to get Dr. Coughlan got Dr. McNulty. Hudson fell about five feet from the shutter door.

The inquest was then adjourned ad until Monday, June 19th, at 8 o'clock.

A NEW JANITOR WAS APPOINTED

Mr. and Mrs. Richard Baker Will Fill Duties at Y. M. C. A.

An important meeting of the board of directors of the Y. M. C. A. was held last evening, Col. E. B. Edwards, president, being in the chair.

The committee appointed to receive applications for janitor and janitress of the building, reported, recommending Mr. Richard Baker and his wife for these respective positions, the same being unanimously endorsed by the Ladies' Auxiliary.

The board accepted the recommendation and Mr. and Mrs. Baker were appointed. Their duties will begin on June 23rd.

Arrangements were then made for annual meeting which will be held on Thursday evening, June 22nd, that day being the eighth anniversary of the opening of the new building.

The following are the nominating committee:—Messrs. A. E. Dixon, J. H. Counsel, W. D. Scott, L. Johnston and G. L. Galley.

THE LAKEFIELD COUNCIL MET

Many Happenings of Interest in Northern Village.

Lawn Tennis Club Organized for Season—Many Excursions Pass Through.

(From our own Correspondent)

Lakefield, June 14.—Messrs. A. S. Bolshart and C. S. Tanner took in the Olympic excursion to Stony Lake on Thursday last and report a very delightful trip.

The work on the cement walks is progressing favourably under the able management of Mr. Richard Spenceley.

Mr. F. A. Kilbourn, has just returned from a business trip to Lindsay.

The work of raising Mr. R. Johnson's house is well under way. Mr. W. Webster has the contract.

Mr. Jos. Watson is remodelling his house on Regent street and when the work is completed is going to have a very pleasant home.

The local football team drove to Warsaw on Saturday last followed by several supporters and defeated the Warsaw team. The score was two to one in favour of Lakefield.

A cow belonging to Mr. Geo. Slattle had a thrilling experience and narrowly escaped death one day last week, while wandering over his lot she broke through the covering of an unused well and fell to the bottom, a distance of thirteen feet. With the assistance of the fire engine the well was filled with water and the animal was floated to the top and taken out, apparently none the worse for her experience.

Mr. C. B. McAllister, of Peterborough, was in the village on Thursday.

A meeting was held in the town hall on Wednesday evening last, for the purpose of re-organizing the Lawn Tennis Club for the season of 1905, when the following officers were elected:—

Hon. President—Mr. W. H. Casement.

Hon. 1st Vice-President—Mr. J. H. Sherin.

Hon. 2nd Vice-President—Mr. G. B. Hilliard.

President—Mr. O. A. Langley.

Vice-President—Mr. C. B. Tanner.

2nd Vice-President and Curator—Mr. W. C. Bravender.

Secretary-Treasurer—Mr. F. A. Kilbourn.

The pulpit of the Baptist Church was occupied on Sunday by Rev. Mr. Stedman, of Warsaw, both morning and evening. Rev. Mr. Quarrington took Mr. Stedman's services in Warsaw and Indian River in exchange.

An excursion was run to Lakefield on Monday of this week through the lift lock and Trent Canal from Peterborough. After the excursionists had done up the village and regaled themselves with souvenirs, started on their return trip about 4.30 p. m. The excursion was conducted under the auspices of the Union Sabbath School, of Fraserville.

Mrs. Manning, of Peterborough, is a guest of her son, Mr. Sid Manning, of the village.

Mr. W. R. Carmichael, of Toronto, was in the village on Monday.

Mr. Jackson, of the Bell Telephone Co., Peterborough, was in the village this week inspecting the work here.

Mrs. Robt. Graham, left Monday afternoon for Carberry, Man., where she will visit for a couple of months with her daughter, Mrs. Huckle, of that place.

Miss Nugent, of Millbrook, is visiting in the village the guest of Miss Smith.

Mr. Thos. Gordon, and Miss Mrs Gordon started for the West on Monday, where they intend spending a short time visiting friends.

A regular meeting of the town council was held in the town hall on Monday evening last.

The members present were:— Reeve Tanner, in the chair; and councillors Cornish, Kidd, Lennox and Burgess.

The minutes of the last regular meeting were read and confirmed.

A petition was presented from the freeholders residing on the north side of Reid street, between Regent and Water streets asking for a granolithic sidewalk, four feet six inches wide.

Moved by Moved by Councillors Cornish and Burgess, that the petition for sidewalk be referred to the street and sidewalk committee.—Carried.

A by-law was passed to borrow money to meet the current expenditure of the village.

The Finance Committee presented the following report:—

To the Reeve and Councillors of the Village of Lakefield:—

Gentlemen.—We, your Finance Committee, having examined the following accounts, would recommend payment of the same:—

Bell Telephone Co.	$ 7 75
Lakefield News	9 00
Light and Power Co.	47 15
J. J. Turner & Sons	10 00
J. M. Bygott	15 75

M. Smith, clerk	3 10
Pay sheet, No. 1	19 40
Pay sheet No. 2	9 75
J. Maddy	3 75
W. Dodge	15
J. Curtain	60
	$159 11

All of which is respectfully submitted.

F. J. BURGESS,
Chairman.

The report was, on motion, received and adopted.

Messrs. G. W. Mann, N. C. Garbutt, and Ed. Fitzgerald, appeared before the Council on behalf of the Smith, Emily-more and Lakefield Agricultural Society, and asked for a grant towards the purchase of new grounds for the Society.

The council stated that they would consider the matter, and it is likely that something will be done in the way of a grant.

The council then adjourned.

Twenty Years of Piles.
"I suffered from itching piles for twenty years and cannot imagine any greater distress. Dr. Chase's Ointment gave me great relief from the first application, and has now entirely freed me of this horrible disease." Mr. J. S. McLaren, farmer and contractor, Tiverton, Ont.

BLOOD DISEASE CURED.
If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written Consent.
Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretion, later exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I knew the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you could show 20 years' experience and responsibility, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a return of the disease or any other symptom of the blood disease."

HOUSE OF REFUGE.

The transfer of the Trent waters from the Ontario to the Dominion Government will involve the taking over by the latter of the maintenance of the swings on the county bridges, and save the county an expenditure yearly of $1,500. Now, $1,500 a year is the interest at four per cent. on a capital of $37,500. The statute provides that the province contribute $4,000 towards the expense of erecting a County House of Refuge. Add this $4,000 to the $37,500 and we have a sum of $41,500—more than enough to build a House of Refuge. Here we have the cost of a much needed public institution which must be built—the law says so—provided practically without additional cost to the ratepayers—that is if the county had still to pay the cost of maintaining the county swings. The relief to the extent of $1,500, caused by the Dominion assuming control of the swings represents the interest on the cost of building a House of Refuge, including the $4,000 Government grant. It is not probable that any county in the province has dropped into such a windfall—relieved of an annual payment equivalent to the cost of a House of Refuge. The delay in beginning this work is inexplicable, and now that excuse is removed it is expected that some action will be taken at the approaching session—on the 20th. At the last County Court His Honour Judge Weller referred again to the crime of housing the honest poor in a jail and referred to the necessity of a House of Refuge. For goodness sake put an end to this tiresome talk of judges and grand juries. It is quite justifiable talk, but it has become disgracefully tiresome and it is hoped the County Council at this June Session will take action that will silence it forever, and at the same time provide the county with an institution of which we can be proud and wise, remove the reproach of being out-done by a back county like Victoria.

A GLOOMY OUTLOOK.

Says the Indian Head Prairie Witness:—"When we consider the bright prospects Conservative journals claim to have of sweeping the new Provinces in the coming local elections, and hear them at the same time disclaiming against what they call the Scott-Bulyea plot to oust Mr. Haultain, it reminds us very much of the story of the old bachelor farmer in Grey county who was getting married to a young girl. The preacher asked: 'Do you take this woman to be your wedded wife, to love and cherish, in sickness and health, for better or worse, for rich or poor, until death do you part?' The groom seemed to be very much agitated by these formal and formidable words and looked helplessly around. At last he spoke:—'There ain't no use makin' the outlook of this wedding so darn gloomy.'"

A TRUER TEST.

Mr. Haultain, Premier of the Northwest Territories, stayed over in North Oxford, to hear the result of the elections, and was, so report says, disappointed with the result. So were the other agitators, who expected to capture North Oxford and London over the remains of national peace and harmony. He says he is going to keep up the fight against "coercion." If he has discovered, at this late hour, that the Northwest is being coerced, he is right to oppose it. It is hardly proper to say, "continue the fight," because he has not been so much fighting against coercion as co-operating with the incendiaries. Reports say that the Northwest is not seething with discontent. All we have heard as to that has come — at a belated hour — from Mr. Haultain and other politicians, who seem to be more anxious to aid the campaign against the Government, than to protect Provincial rights. If he wished to show how the Northwest felt, he had six or seven vacant constituencies there. He might easily have brought on bye-elections to test public opinion. If the West had declared strongly against the educational clauses of the Autonomy Bills, that would have had a greater moral effect in deciding the North Oxford and London bye-elections than all the speeches of Bennett, the firebrand, and those who rallied under the red flag of the political anarchists, operating in the interests of the Conservative Opposition.

INDISCRIMINATING.

One would naturally think that those political agitators who have been carrying on a bitter campaign against the Roman Catholic hierarchy, were animated by solicitude for the interests of Protestantism. But that does not seem to be the case. If the champions of Protestantism intended to break the force of the race and creed cry conducted in the interests of the Conservative Opposition, "Protestant" considerations are forgotten, and the Protestant clergy are attacked as bitterly almost as the Roman Catholic clergy. Those who are in a position to know say that the people of the Northwest generally are satisfied with the educational clauses. We have the testimony to this effect of Professors Baird and Bryce, of Manitoba College, of Dr. Carmichael, superintendent of missions, of Manitoba and the Northwest, Rev Dr. McLaren, secretary of missions, Dr. Herdman, of Calgary, superintendent of missions of Alberta and British Columbia, Rev. Dr. Mullligan, and others, all ministers of the Presbyterian church. The self-constituted champions of "Protestant" rights have attacked these Protestant ministers as bitterly as they did the Roman Catholic hierarchy. They are accused insincerity and even plain lying by the firebrand journals, and politicians, and even some of their brethren of the church take the charitable view that these authorities are influenced by their political prejudices—another way of saying that these venerable and respected ministers would publicly lie to deceive the people for political purposes. The agitators hypocritically plead for "freedom for the West," yet the moment a Roman Catholic ecclesiastic or a Presbyterian divine, in the exercise of the freedom of speech and opinion which British institutes accord to every subject, states facts which conflict with the schemes of the agitators, they are denounced as if they were a gang of thieves.

EDITORIAL NOTES

One very good reason why the electors of London and North Oxford did not condemn "coercion" was the very good one that there was no coercion to condemn.

The Japs don't take many chances. While the powers are prating of peace, the Japs are still carrying the war into Manchuria and are preparing to surround and crush the Russian Army again.

Hon. Frank Cochrane, of Sudbury, Minister of Crown Lands and Mines, in the Whitney Government, was elected by acclamation for North Bay yesterday. With the Minister of Mines occupying a prominent interest and connected with a big mineral trust, and Hon. Mr. Hanna, Provincial Secretary, hand in glove with the Standard Oil Company, we may expect the Whitney Government to make a fierce campaign against the evil influence of corporations. Queer how possession of office changes the point of view.

EXTENSION OF HUNTER STREET

Matter is Now Under Consideration by Board of Works.

Engineer to Prepare Plan Showing the Grade of the Proposed Street.

The extension of Hunter street to the Lift Lock is again engaging the attention of the council and last night a communication was received from the owners of the property through which the proposed street will pass, asking what width the street will be and if there will be any cutting done. The engineer had prepared a sketch plan of the proposed street, and he will now be asked to strike the grade, so that the questions asked in the letter from the Armour estate, the owners of the estate, will be answered satisfactorily.

No terms upon which the land may be procured have been discussed as yet, so that no information upon this point can be obtained.

The council is not committed as yet to any definite action in the matter, but it is probable that the Board of Works will report to the council on the matter in the near future.

This would certainly be a great convenience, but whether it can be accomplished without too much expense to the town, is as yet not known.

NEWMARKET "TALAGGOS"

The Excursion Reached Town About Noon To-day.

Party, Which Numbered Over 600, Had Enjoyable Trip Over Lift Lock—Many Attended Lacrosse Game

The excursion of the North York Agricultural Society arrived in town at 12.10 o'clock, the two sections of the special bearing over 600 guests, who at once took possession of the town.

The visitors were met at the G. T. R. station upon their arrival by Ald. R. H. Leary, of the Civic Reception Committee, who was the only member of the town council present to extend a welcome to the visiting delegates. Mr. Leary very kindly placed his coupe at the disposal of the committee, who occupied quarters at the National Hotel.

The following officers of the North York Agricultural Society, accompanied the excursion: R. H. Primson, President; A. E. Widdifield, 1st Vice-President; Geo. Trivett; W. H. Eves, C. G. Rose, J. H Davy, Wm. Holliday.

The excursionists were from various points throughout North York, Newmarket, however, being the most largely represented. A large number boarded the train at Thornhill, this being augmented by numerous additions at succeeding points along the line. The party left Newmarket at seven o'clock.

This afternoon the party took a delightful trip over the Lift Lock in the steamer Water Lily. Expressions of wonder at the mechanical perfection of this triumph of engineering skill were heard upon every side. The lacrosse game at the Riverside Park was extensively patronized.

The visitors report having had a very enjoyable trip, and all appeared to be favourably impressed with the town. The excursionists departed at five o'clock.

DEATH OCCURRED IN NEW CARLISLE

Mr. J. J. Lowndes Died There of Heart Trouble.

Dr. Carmichael received a telegram this morning from New Carlisle, Que. telling of the death there of Mr. J. J. Lowndes. Deceased was well known in town, Mrs. Lowndes being the step-mother of Mrs. G. W. Hatton, and they have frequently visited in this place.

Mr. Lowndes has been suffering from heart trouble for some time past, and Dr. Carmichael received a letter a few days ago from the physician attending him, that he was some better, but apparently the improvement was very brief. No announcement is made as to the date of the funeral.

THE SCHEDULE FOR THE SUMMER

Peterborough Radial Railway Company Announces Time For Cars

Three Cars More on George Street Line—Special Car During Afternoons

The summer service of the Peterborough Radial Railway Company has been arranged as follows:

The company has three cars running on the George street line. In the morning the first car going south leaves Auburn at 6.12, and the first car going north leaves the river at 6.33, giving a fourteen minute service up to 1 o'clock, when an additional car is put on, and an eleven minute service is given. The last car going south leaves Auburn at 11 p.m., and the last car going north leaves the river at 10.53.

The car running on the Canadian General line runs from the works to Smith street until 1 p.m., and from 1 p.m. to 11 p.m., goes to Charlotte street only. The last car leaves the corner of George and Charlotte at 10.52, and the last car from the Canadian General coming up to George street leaves at 11 p.m.

On the Jackson Park line a fourteen minute service is given. The first car coming into town from Jackson Park leaves there at 6.26 a.m., and the last car at night at 11 p.m. The last car at night going from town leaves the Central Park at 10.46 p.m.

On and after Friday, June 16th, a special car will leave Central Park at 2 p.m., and every hour from then up to 10 p.m. This car will go from Central Park to the river, back to the corner of Charlotte and George streets, up to Jackson Park, and return to Central Park. It will take about an hour to make this trip, and a single fare of five cents will be charged.

LAWN SOCIAL A SPLENDID SUCCESS

The Springville Presbyterians Gave a Most Enjoyable Evening.

Peterborough Artists Contributed to the Programme—57th Band In Attendance.

The annual lawn social unde the auspices of the Ladies' Aid Society of Springville Presbyterian church was held last night on the beautiful grounds of Mr. Jas. Baptie. The weather was perfect, people from all parts of the community were present in large numbers, Peterborough as usual being well represented. Notwithstanding the number of counter attractions, the crowd was a little in excess of that of last year.

During the early part of the evening refreshments were served, and the ladies of the congregation deserve credit for the manner in which they met the demands made upon them. After everyone had partaken heartily of the good things so liberally provided there was still much to spare.

Shortly after eight o'clock Gliddon and his associates from Peterborough took their places on the lawn, and delighted all present with their excellent music. While the band enjoyed some refreshments a short programme was rendered from the verandah. Solos were sung by Miss Oswald, of Pontypool; Miss Clelland, of Pittsburg, Pa., and Mr. Dawson, of Peterborough, all of which were thoroughly enjoyed by the audience. Rev. G. A. McLennan, of Norwood, whose song is sweet and whose speech is good, contributed much to the pleasure of the evening. His Scotch song took well and his address was listened to with evident appreciation.

The band resumed their places and continued the programme.

All were in good spirits and enjoyed meeting old friends. The evening proved to be an unqualified success. After the usual votes of thanks and the singing of the National Anthem, the crowd dispersed.

A RECITAL BY CLEVER PUPILS

Mrs. Morrow's Recital on Monday, June 27th.

Mrs. Morrow's vocal and instrumental recital will take place in the opera house, June 27th. A very fine programme will be presented. Mrs. Morrow will bring before the public a number of her pupils, who will no doubt surprise the audience. Mr. David Ross, celebrated concert soloist, of London, Eng., will be heard in several numbers and is considered to be without a peer in America to-day as a teacher and baritone soloist. The London, Eng., Musical Courier speaks of him as follows:—"Seldom has there ever been such a favourable impression created as that by Mr. David Ross at concerts where he has sung in England, particularly in his singing of the role of "Elijah."

FOUR PRETTY JUNE BRIDES

PRETTY WEDDING WAS SOLEMNIZED

Miss Ethel Barrie and Mr. J. Pilling United in Marriage.

Many Guests Present From Out of Town—Costly and Beautiful Presents—Happy Couple Left for Toronto and Points West.

A very pretty home wedding was solemnized last evening when Ethel, only daughter of Mr. and Mrs. Wm. C. Barrie, 285 Dalhousie street, was united in marriage to Mr. John Pilling, son of the late Mr. James Pilling, 160 Park street, popularly known as the first baseman of the Peterborough baseball team. The ceremony took place at 6.30 o'clock under an arch of palms and flowers, Rev. A. H. Brace, pastor of Park Street Baptist Church, officiating.

The bride was given away by her father and looked very pretty in cream collenne and carrying white roses. Her going away gown was a suit of dark green lady's cloth, with cream lace and green velvet trimmings and hat to match. The bridesmaid, Miss Annie Barrie, cousin of the bride, looked charming in a handsome gown of blue collenne and carried pink and white roses. Miss Frances Pethick, the little cousin of the groom, acted as flower girl and after the ceremony presented the bride with a beautiful bouquet of pink carnations. Mr. Ted Pilling, brother of the groom, acted as best man.

After the ceremony the guests, which numbered about seventy-five, sat down to a dainty wedding breakfast, served in the handsome dining-room, which was prettily decorated for the occasion. The time was quickly spent in toasting and speech-making till 9.00 o'clock, when the whole party adjourned to the G.T.R. station, where the happy couple left on the 5.05 train for Port Hope, Toronto, Niagara and points West, amid showers of rice and hearty cheering.

Mr. and Mrs. Pilling were the recipients of many beautiful and costly presents, a slight though tangible evidence of the love and esteem in which they are held by their wide circle of friends. Mr. Pilling was presented with a very handsome velvet couch by his fellow employees of the punch and press department of the Canadian General Electric Works in which he is employed.

The groom's present to the bridesmaid was a pearl crescent and to the best man a pearl tie pin.

Many out of town guests were present from Port Hope and Toronto.

POPULAR YOUNG MAN'S WEDDING

Mr. Fred. J. Lynch Married in New Westminster, B.C.

Former Peterborough Man Becomes a Benedict—A Lacrosse Player of Ability.

The many friends of Mr. Fred J. Lynch, son of Mrs. James Lynch, of 559 Aylmer street, will be interested in the following account of his wedding in New Westminster, B.C., where he has been living for the last six years. Mr. Lynch is one of the best lacrosse players which Peterborough has ever produced, which is saying considerable. He has accompanied the New Westminster team on their trips east.

The Daily Columbian, of New Westminster, has the following account of the wedding:—

A pretty rose wedding took place this morning at St. Peter's Roman Catholic Cathedral which was crowded with friends of the contracting parties. The bride was Levena Mary eldest daughter of Mr. and Mrs. P. O. Bilodeau, and the groom, Mr. Fred J. Lynch, one of the young merchants of the city and a prominent member of the famous New Westminster lacrosse club. The ceremony was performed by Rev. Father O'Neill. The music incidental to the nuptial mass was well rendered. Miss Margaret Lewis and Miss Alberta Lavery taking the solos and Miss Freese presiding at the organ.

The bride, who was given away by her father, looked charming in her travelling costume of brown lady's sleth, and white picture hat with Napoleon effect, and she carried a bouquet of white roses. Her sister Gertrude as bridesmaid was attired in a pretty gown of green-blue shot silk and carried pink roses. She wore also a pretty diamond brooch, a gift from the groom. Dr. Frank Smith stood up with the groom.

As the bridal party left the cathedral they had to run the inevitable gauntlet and were duly showered with rice, though the greater number of bombarding party used the more humane projectiles, confetti.

At the family residence on Merrivale street a recherche breakfast was partaken of by a large number of guests. Here it was more than evident a June wedding had been celebrated—there were roses in great profusion and of every variety, and quantities of smilax supplied the necessary touch of green. Here also were handsome presents sent by friends and admirers of the popular couple. As quite a number of presents from a distance have not yet arrived, a complete list could not be obtained. But mention should be made of three. One was a handsome buffet from the lacrosse club; a cut-glass salad bowl from the groom's fellow boarders at Mrs. Wise's, and a dining table from the employees of the groom's cigar factory. The groom's present to the bride was a very handsome monogram gold watch with chain; to the bridesmaid, diamond brooch; to his "best man," gold sleeve links; and to the ushers, Mr. Jas. I Keary and Mr. Joe Bilodeau, pearl stick pins.

Mr. and Mrs. Lynch left on the 11 a. m. train for Vancouver, followed by the good wishes of a host of friends. They will proceed by str. Princess Victoria via Victoria to Seattle and thence to the Portland fair, the honeymoon extending over a fortnight, after which they will return to take up their residence in the Royal City on Columbia street.

POPULAR YOUNG PEOPLE MARRIED

Miss Lettie C. Foster to Mr. George Mein.

Interesting Social Event Last Night—The Guests—Many Presents.

The marriage of Lettie C., eldest daughter of Mr. and Mrs. Thomas Foster, Hunter street, to Mr. Geo. Mein, son of Mr. and Mrs. William Mein, 34 Louis street, was solemnized last evening at 7 o'clock at the home of the bride's parents, Rev. Dr. Torrance officiating.

Mendelssohn's Wedding March was played by Mrs. Henry McGill, Toronto, cousin of the bride, who was given away by her father. She was married in her travelling costume of cheeked blue silk and carried a bouquet of roses. Her sister, Miss Allie Foster, was bridesmaid and looked very pretty in a black and white silk dress with shower bouquet.

After the ceremony, the guests to the number of about forty, sat down to a dainty wedding breakfast which was served in the large dining-room. The house was charmingly decorated for the occasion, the dining-room looking especially pretty.

Many out-of-town guests were present, among whom were the following:—Mr. and Mrs. James Young, Toronto, Mr. and Mrs. Henry McGill, Toronto; Mr. John Young, Mr. Harry Young and Mr. Geo. Young, all of Toronto; Mr. and Mrs. Will Longe Quebec, Que.; Mr. and Mrs. Richard Young, Toronto; Mr. and Mrs. Geo. Stevens, Barrie; Mr. and Mrs. Chas. Cawthwaite, Port Hope, Mrs. Richard Pidgeon, Port Hope; Miss Annie Pidgeon, Port Hope; and others.

The happy couple left on the 9.05 train for Port Hope. From there, they will go to Eastern Ontario, and also to New York to visit friends. They will be away for some time. After they return they will live with the bride's parents on Hunter street.

Mr. and Mrs. Mein received a very handsome lot of presents, of which the following are a few:—dining table, Peterborough Lacrosse Club; Morris chair, Messrs. Parker and employees; plush couch, Mr. and Mrs. Wm. Mean; parlour table, Mr. and Wm. Mein; parlour table, Mr. and Mrs. R. M. Beach; parlour table, the bride's grandmother and aunts; iron bedstead, boarders of the Temperance House; willow rocker, Mr. and and Mrs. Holmes and family; china tea set, Mrs. Baker and Mrs. Gray; and many other useful articles in addition.

BRIDE AND GROOM FROM CAVANVILLE

Were Married at St. Andrew's Manse Yesterday.

Yesterday at St. Andrew's manse a quiet wedding was performed by Rev. J. J. Wright, when Miss Edith Foster, daughter of Mr. Thos. Foster, of Cavanville, was married to Mr. George Albert Johnston, telegraph operator, of Cavanville.

The bride and groom were unattended. The ceremony was performed at three o'clock yesterday, and Mr. and Mrs. Johnston left on the 5.10 C.P.R. train for Toronto and other points in the West, and upon their return will reside at Cavanville, where Mr. Johnston has the position of station master.

The young couple are very popular with their friends in Cavanville, and start out in married life with bright prospects.

STREETS WILL BE REPAIRED

Railway Company Agrees to Haul Gravel for Park and McDonel Sts.

Wolfe Street Will Also be Attended to—Company Anxious to Do What is Right.

The probabilities are that in the near future the streets which have been the cause of so much criticism in the past, because of the condition in which they were left by the Street Railway, will be remedied. At the meeting of the Board of Works last night, Mr. Larmonth, representing the Radial Railway Company, was present, and offered to haul the gravel from the pit at the Hilliard farm to Park and McDonel streets, free, on condition that they be allowed the privilege of using gravel from the same pit to fill in between their own tracks, in order that they may comply with the requirements of the agreement with the town. He admitted that on Water street, particularly, the track had been left in an unsatisfactory condition, but stated that the company had been led to believe that the town intended to gravel the whole street early in the summer, and, in view of this fact, had left the work unfinished until this was done, believing that it could be done cheaper when the town was timing up the rest of the street, their responsibility lying only within 20 inches from the outside of the rails. Mr. Larmonth said that the company was anxious to do the square thing by the town, and would not stick right to the letter of the law, but were willing to exceed it in reasonable things, and would meet the town in everything possible. The condition of the street on McDonel and Park streets was due to the fact that the railway company had raised their track to the grade struck by the town engineer, which Mr. Larmonth said he thought was the proper one, and he considered it unreasonable to ask the company to raise the whole street to the grade made by the town.

It was finally decided that if the Peterborough Radial Railway Company is willing to fill up Park and McDonel streets free of charge to the town, the former be given permission to run a siding into the town's gravel property on Water street north, and that they be allowed to take enough gravel free to fill in the street between their rails.

It was also decided in this connection to raise the bridges at McDonel and Park streets to the level of the street railway tracks, which will greatly improve the condition of those streets.

LATEST NEWS FROM SELWYN

This Week's Happenings at the Northern Village.

Special to the Examiner.

The football team of Selwyn held a very successful social in the hall. After supper was served to the three crowd, an excellent programme was presented consisting of recitations, violin solos and addresses. During the fore part and addresses. During the forepart season, was played between the Zion boys and the home team and although both teams played hard to win neither were successful in scoring a goal. We wish the boys every success this season

COBOURG LOST AT BOWMANVILLE

Defeated in Series Final Game in Midland Football League.

Bowmanville, June 14.—(Special)—Bowmanville's first match in the Midland League series was played here last night with the Cobourg team. The play was vigorous from start to finish, both teams being in good form. Bowmanville's strong defence kept the visitors from scoring, while the forwards succeeded frequently in getting through Cobourg's defence, scoring three goals. Teams:—

Bowmanville (3)—Backs, Heatlie, Munroe; half-backs, Moore, Kernlake, McCready; forwards, Hoar, Vanstone, Baker, Devlit, Slemon; goal, James.

Cobourg (0)—Backs, Townsend, Duncan; half-backs, Townsend, Lees, French; forwards, Patton, Buttres, Wilson, Inch, Bentley; goal, Meakins.

The return match will be played next Saturday at Cobourg.

ST. PAUL'S TEAM WON THE GAME

Defeated George Street Last Night by Score of 11-10.

Last night St. Paul's won their game from George Street, the final score being 11-10. The score for the four innings last night was 7-4 in favour of the Methodists, but with the lead of five runs which St. Paul's had in the first three innings, they won the game. With the score 6 to — 10-10 — in the last half of the seventh, St. Paul's went to bat and Parnell struck out the first two men up. The third had two strikes and struck at the third which was a low one and Wilson, in the dark, missed the ball, the runner going the round and scored the run.

ONE BOX OF DOAN'S KIDNEY PILLS CURED DROPSY.

Dropsy is not a "disease" in itself, as many people believe, but is an evidence of very serious kidney trouble. Dropsy is caused by watery particles coming through the walls of the arteries when they are distended by external pressure, which can only be caused by obstructions in the kidneys. The symptoms of Dropsy are puffiness under the eyes, swelling of the feet and ankles, urine changed in character and appearance, unnatural feeling from exertion or excitement. The only rational method of treating this disease is to reach the kidneys and restore them to a healthy condition.

The most successful remedy for this purpose is Doan's Kidney Pills. Read what Miss Agnes Crotteau, Upper Salmon, N.B., says of them:—"I caught a cold which settled in my kidneys, and caused to dropsy. My face, limbs, and feet became bloated, and if I pressed my finger on them it would make a white impression that would last fully a minute before the flesh regained its natural color. I was advised to try Doan's Kidney Pills, and found by their use that I was cured in a very short time. I have never had any trouble with it since.

Price 50 cents per box, or 3 for $1.25.

Sold by Dealers or sent by Mail, The Doan Kidney Pill Co., TORONTO, ONT.

INSTITUTE WAS ORGANIZED

Most Successful Meeting at Springville Yesterday.

L. O. L. No. 50 Disposes of Lodge Properties—Other Items of Interest.

Special to the Examiner.

Springville, June 14th. — Mrs. C. Campbell of Goderich and Miss Gertie Carter of Guelph, addressed a meeting here yesterday afternoon, called for the purpose of organizing a branch of the Woman's Institute. The addresses which were most interesting, had particular reference to the work and aims of the society. A wide-spread interest is being manifested in the formation, which will undoubtedly flourish.

The following officers were elected:

President—Mrs. John McIntosh.
Secretary—Mrs. Thomas Ruth.

Another meeting will be held on the second Tuesday in July, which will be addressed by Mrs. Dr. McKinnon and Miss Grandy of Millbrook, who will be present in the interests of the Institute.

On Sunday evening while Rev. Mr. Tisle was unhitching his horse after his return from Bethany, the animal took fright and ran some distance, upsetting the buggy, to which it was still attached. Only slight damage resulted.

A recent increase in population is noted with pleasure, the household of Mr. and Mrs. John Wilson having been gladdened by the advent of a baby boy.

L.O.L., No. 50, is no more. Mr. Berry, District Master, accompanied by Mr. Archie Reynolds, have taken possession and disposed of the Lodge property, including furnishings. Mr. Berry filled the position of auctioneer with general satisfaction. The chief purchases were:

Thos. Brown, one lamp.
Bingley Trew, one lamp.
H. Clark, five chairs.
Archie Reynolds, easy chair and desk.
Jas. Baptie, secretary.

Mr. Fred Wilson purchased the hall, which he intends retaining as a public hall. The "goat" was purchased by Mr. Geo. Berry.

RICE LAKE WILL NOT BE LEASED

Government Not in Favour of Granting Exclusive Privileges.

It is understood that the Government will not consent to the leasing to a number of wealthy sportsmen of Toronto and elsewhere of Rice Lake, on the borders of Peterborough and Northumberland counties. The former Administration had decided upon a lease of 21 years on terms which were acceptable to the sportsmen interested, but the lease was not issued prior to the election, and there [illegible] felt that the incoming Government should deal with the matter. Rice Lake is a well-known haunt of wild duck, and it is said to be one of the very few spots in older Canada where wild rice, which is a favourite food of the wild duck, is found in plenty. Some sportsmen think that this plentiful growth is due to the absence from the lake of carp, others do not agree that these fish eat wild rice.

The question of the [illegible] to shooting and fishing on Rice Lake were, it is understood, also discussed in the proposed lease, but it is felt that [illegible] should not be barred to visitors who obtain the shooting in accordance with the regulations. Rice Lake is the haunt of many Ontario sportsmen.—Globe.

Note.—That is if the shooting is done according to regulations.

Mr. J. Noyes, Ashburnham, Ont.

Has Been Cured of Constipation and Kidney Troubles by Dr. Chase's Kidney-Liver Pills.

Mr. John Noyes, Ashburnham, Peterborough, Ont., states:—"Having used Dr. Chase's Kidney-Liver Pills with success I can strongly recommend them. For a considerable time I was a sufferer from kidney disease and constipation and besides being tortured by the shooting pains through the back, put up with other annoying and often distressing symptoms of kidney disorders. Sometimes I would go three or four days without a motion of the bowels and could get no relief.

"After using a few boxes of Dr. AChase's Kidney-Liver Pills I was well again and feeling fine. The treatment seemed to be exactly what I needed and promptly brought relief and cure."

Because they positively cure the most common and frequent ills of life, Dr. Chase's Kidney-Liver Pills are invaluable as family medicine. One pill a dose, 25 cents a box at all dealers or Edmanson, Bates & Co., Toronto. 5

No Waste of Heat In the "Bison" Hot Water Heater

The "Bison" has two drafts—a center draft to burn quickly, and a side draft to heat quickly.

This side draft carries the heat up a side flue passing up and down, and up again through a center flue, always in contact with water surfaces, trapping the heat and burning the gases. See illustration.

The draft is continuous, synchronized in action, but always under easy control.

Not a particle of heat is lost—the furnace gets it all, the water heats quickly—the effect on the radiators is almost instantaneous — The "Bison" has more good heating points than all other heaters combined.

INTERCOLONIAL HAS DEFICIT

Between One and a Half and Two Million Dollars.

REPORT OF MR. EMMERSON

Tremendous Winter Storms Cut Down Earnings and Increased Expenses—The Rates May Have to Be Revised—Improved Equipment Decreases Cost of Carrying Traffic—The Opposition Critics.

Ottawa, June 15.—It was the unpleasant task of Hon. Mr. Emmerson to again present to the House yesterday an unfavorable financial statement in regard to the Intercolonial Railway. He estimated the deficit for this year to be between $1,500,000 and $2,000,000. There were extraordinary causes, however, such as severe snowstorms, causing heavy expenditure and decreased revenue for the time being, and a general increase in the wage scale. At the same time it was difficult to increase rates, because of the peculiar position which a Government railway occupied. Nevertheless, he believed rates would soon have to be increased. In the meantime improvement of the equipment would decrease the cost of carrying traffic.

Hon. Mr. Haggart, ex-Minister of Railways, criticized the administration of the railway by this Government, and suggested that the Government were preparing to either place it under a commission or alienate it to a private corporation.

Mr. Barker asserted that if the directors of an ordinary railway company managed their railway as the Intercolonial had been managed they would be indicted criminally.

Mr. Gallihar was given permission to introduce a bill respecting the Pacific Bank of Canada.

On motion of Hon. Mr. Fisher the amendments of the Senate to his bill respecting the inspection and sale of seeds were concurred in.

When the doors of the chamber swung open and Sir Wilfrid Laurier and Hon. William Paterson with Mr. Auguste Carriere, the newly-elected member for Levis, appeared, a storm of cheers broke out on the Government benches which increased in volume as the trio advanced to the Clerk's table. Sir Wilfrid having formally introduced the new member, he was welcomed by the Speaker and took his seat.

Hon. Mr. Brodeur introduced a bill to amend the inland revenue act, the object of which, he explained, was to harmonise the differences which have crept into the inland revenue act in amendments passed since the consolidation of the act in 1886. Some new provisions were included in the bill requiring licensees to give bonds of a guarantee company for security instead of the bond of a private person; that distillers using malt may purchase in bond from a malting firm instead of manufacturing it themselves; the hours for carrying on malting process are also extended, and will be from 7 a. m. until 6 p. m.; use of any other material than wood alcohol in the manufacture of methylated spirits is permitted, and the sale of malt in packages of one-twelfth pound weight is authorised by the bill.

Hon. Mr. Foster gave notice that today he would take up the question placed in his hands by Toronto District Labor Council relative to the close connection between a gentleman named Leopold and Mr. W. T. R. Preston, Dominion Government agent, by means of which connection it is alleged mechanics and skilled workmen are sent out to this country under promises of employment which are not fulfilled, and by which great injustice is done those men, and the interests of labor are not protected.

Hon. Mr. Prefontaine's bill to amend the seamen's act was considered in Committee of the Whole, and progress was reported. His bill making similar pilotage regulations below Quebec as above was passed through its final stages.

Montreal Sued For $600,000.

Montreal, June 15.—Another $300,000 action has been brought against the city by twenty more heirs of Jean Baptiste Poirier, who died in 1772, and whose property was later expropriated by the city under an alleged defective title. This now makes $600,000 claimed from the city by the descendants of the original owner of Fletcher's Field, which was expropriated for $118,000.

BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

Golden Medical Discovery contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, and has your good. Ask Him. Honestly, ladies, I can recommend the "Golden Medical Discovery."

"What your remedies can and do for you, and for the many is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines, after using many other remedies in vain. I have used, myself, in my family, Dr. Pierce's Golden Medical Discovery, and Favorite Prescription, and I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having used the same some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. Favorite Prescription is unsurpassed for weak women and nursing mothers, as it is a regulator and tonic of marvelous power, imparting vigor and strength to the whole system. I have also found it to be a valuable remedy for nervousness, and have frequently advised ladies who are troubled with nervousness and prostration, to use it."

If suffering from any ailment, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

MONTREAL LIVE STOCK.

Montreal, June 14.—(Special.)—The receipts were 903 cattle, 50 milch cows, 1000 sheep and lambs, 500 calves and 1000 hogs. Besides these there were a good many cattle held over at the stock yards. Trade was slow and prices had a downward tendency all round. Prime beeves sold at 5½c; good cattle, 5¼c to 5¼c; the common stock, 2½c to 3½c. There were a number of Mexican cattle, which sold at 4c to 4½c; milch cows sold at $25 to $55 each. Calves sold at $2.50 to $6 each; sheep sold at 3¾c to 4c per lb.; lambs at $2.75 to $4.50 each. The supply of live hogs was larger, and this fact, coupled with the warmer weather, had a depressing influence upon the situation, and prices declined 25c per 100 lbs. Some sales of selected lots were made early at $7.25, but the ruling prices later in the day were $6.75 to $7 per 100 lbs., weighed off cars. Mixed lots brought $6.50.

Death of Judge Merrill.

Picton, June 15.—Edward Merrill, judge of the County Court of the County of Prince Edward, died yesterday morning. He had been incapacitated from attending to the duties of his office for about five months. He leaves a widow and four children, Helen M., Annie and Muriel, and one son, Beldon Merrill. The late judge was appointed in 1889. He was in his 64th year.

Assembly Avoided Autonomy.

Kingston, June 15.—The Presbyterian Assembly closed last night. Contrary to expectations the autonomy bill was not debated when the motion made Tuesday came up. It was carried that the motion be laid on the table for a year.

Sir William in England.

London, June 15.—Sir William Mulock arrived in London last night for the purpose of attending the Postal cable conference.

BIGAMY COMES TO LIGHT.

Orillia and Uxbridge Interested in the Developments.

Orillia, June 14.—A case of bigamy has been disclosed at Orillia through the investigations of Chief of Police Goodman, who received word from the authorities at Uxbridge to enquire into the validity of the marriage of Sarah Newman, wife of Peter Newman of this town.

The information wanted was to be used in evidence against James Farwell, first husband of Sarah Newman, who is in custody in Uxbridge on a charge of bigamy. Chief Goodman called on Mrs. Newman. She acknowledged her marriage with Farwell in Port Perry in 1871, and of whom she spoke in terms evincing the keenest hatred. She had several children by Farwell.

Mrs. Newman's maiden name was Sarah Martineau. She married Peter Newman, in Barrie, twenty years ago, and by whom she has had a family of children. For many years they have lived quietly in Orillia. Peter Newman is an industrious mechanic, but without education. Newman has for a number of years been in the employ of the town.

Must Have People's Favor.

Winnipeg, June 14.—Sunday cars will not be run in the City of Winnipeg until the electors have voted in favor of them, so said Mayor Sharpe at the meeting of the City Council, and he threatened to veto any bylaw passed by the aldermen purporting to give the company Sunday privileges until an affirmation vote had been taken. A bylaw will probably be prepared and submitted to a vote of the electors at Municipal elections in December.

Another Rothschild Dies.

Vienna, June 14.—Baron Nathaniel de Rothschild, brother of the head of the Austrian branch of the firm, died yesterday morning. He had been seriously ill for a long time past.

Indigestion and Headache.

Mr. Duncan McPherson, Content, Alberta, writes: "I was for many years troubled with indigestion and headache and derived no relief from the many remedies I used. A friend advised the use of Dr. Chase's Kidney-Liver Pills, and after taking four boxes the result is that I am once more in the full enjoyment of the blessings of good health."

Jesuit Fathers Sued.

Winnipeg, June 14.—The Jesuit Fathers have been summoned to appear before the St. Boniface Court of Revision for selling candy and soft drinks in the college there. The action is taken by citizens because they do not pay taxes.

Strike Ceases to Trouble.

Chicago, June 14.—The delivery of goods in Chicago was almost normal yesterday, and but for the presence of policemen and deputy sheriffs on the trucks and other wagons, there was no evidence of a teamsters' strike.

Canadian Troops For Maine.

Augusta, Me., June 14.—Gov. Cobb yesterday granted permission to the 53rd Canadian Regiment (of Sherbrooke, Que.) to enter this state, in order that it may participate in a military carnival at Portland June 28.

Rainy River Co. is Insolvent.

Toronto, June 14.—The Rainy River Development Co., Limited, an English mining company with a capital of $1,-500,000, was declared to be insolvent and ordered to be wound up by Mr. Justice Meredith in chambers yesterday morning. This company was organised in 1900, the shareholders being all English. It has invested nearly half a million dollars in mining lands and development work in New Ontario. The present liabilities of the company are under $10,000, but it has neither cash nor chattels to meet the judgments against it. Mr. W. A. Preston is the petitioner on whose application the winding-up order was granted.

"Vigilant" Was Justified.

Ottawa, June 14.—The Marine Department received the following telegram yesterday from Commander Spain, who went to Port Stanley to investigate the sinking of the American tug by the cruiser Vigilant:

"Not the slightest doubt about tug being sunk in Canadian waters, one mile and a half inside the boundary. She was actually fishing when first sighted. Have taken all bearings and distances."

Lumber Output Small.

Toronto, June 14.—Reports regarding the amount of timber cut are arriving at the office of Lands and Mines, and indicate a reduced output compared with that of last year. All timber cut will be got out, aided by the swollen streams and heavy rains.

THE official tests by the Inland Revenue Department of the Canadian Government show the Royal to be a pure baking powder, superior to all others in leavening strength.

It therefore makes purer, more wholesome and economical food than any other baking powder or leavening agent.

Royal Baking Powder is more convenient for use than cream of tartar and soda and makes finer-flavored food.

A BIG SAVING TO THE COUNTY

Will Be Effected by Taking Over Swing Bridges.

Official Notification that Government Will Assume Their Maintenance.

The Examiner has pleasure in laying before its readers official confirmation of an important matter stated in these columns a day or two ago in reference to the Dominion Government having assumed the duty and cost of maintenance of the swing bridges on the Trent Canal. Mr. M. M. Elliott, County Clerk, wrote the Department of Railways and Canals asking confirmation of the report, and to-day received the following reply:—

Department of Railways and Canals,
Ottawa, June 14th, 1905.

Sir,—I have to acknowledge the receipt of your communication of the 3rd inst., in which, as Clerk of the County of Peterborough, you ask for information relative to the matter of the Board taking over by the Government of the swing bridges on the Trent Canal.

In reply, I am directed to say that authority has now been obtained from the Governor-in-Council for the assumption by the Government of the portions of certain bridge structures along the said Canal and waters tributary to that work, comprised in the actual swings themselves, and the portions of the works upon which they immediately rest. The bridges involved are the Trent, Hastings, Benwort, Wallace Point, Peterborough, Locks, Ganeon Narrows, and Castoreg.

I am, sir,
Your obedient servant,
(Signed) L. K. JONES,
Secretary.

E. M. Elliott, Esq.,
Clerk of County of Peterborough,
Peterborough.

This is very satisfactory, inasmuch as it relieves the county of an expensive responsibility which properly belongs to the Dominion Government as custodians of the Trent Canal and literats. The importance of the assumption of these swings is emphasized by the wording of the letter above. It applies to bridges "along the said canal and waters tributary to that work," quite an inclusive provision, and applies not only to the "actual swings themselves," but also to "the portions of the work upon which they immediately rest"—in some cases comprising the whole bridge except the approaches. It is estimated that the assumption by the Department of Railways and Canals of these swings will cost from $1,500 to $2,000 a year, which, of course, represents a saving to the county of a corresponding amount.

TOWN WILL NOW MAINTAIN BRIDGE

Bridge Over Dickson's Dam Will Be Repaired and Used by Pedestrians.

Vehicle Traffic Will Not be Permitted—Town to Assume Responsibility.

Last night when the manager of the Peterborough Hydraulic Power Company, Mr. J. W. Lamworth, was in attendance at the meeting of the Board of Works, and the question of the maintenance of the bridge over the old Dickson Dam was discussed. This, it will be remembered, was the bridge through which the little girl, Margaret Losey, fell, last week, drowning instantly.

The town will in future take over the bridge and maintain it, for foot traffic, and will be responsible for its repair, and an agreement will be entered into to this effect, the town solicitor being authorized to prepare such an agreement. The bridge will still be the property of the Power Company. The south end of the bridge will have to be raised as the Company intends putting in more stop logs in the dam and raising the level of the water above the dam.

It is intended to close the bridge to all traffic other than foot traffic, as it is considered dangerous to allow driving over the bridge, not so much on account of the dangerous nature of the bridge itself, as the street at the north end of the structure, where it crosses the railway tracks. The owners of the bridge are quite willing to allow the town to use the bridge provided their rights are not prejudiced.

Do You Own a Buggy or Waggon.

If you do, you will be interested in a very handy and simple device for tightening the tires on wheeled vehicles. This new wrinkle does away with the trouble and expense of removing the tire or heating it, and will save its cost in a very short time. It requires no expert—any intelligent boy can tighten a tire in ten minutes or less. The operation clamps on to the spokes, and by the pressure from an eccentric the trick is done. Mr. Chas. C. Parks, of Vancouver, is the inventor. He is now at the White House, Charlotte street, where a sample machine may be seen. Mr. Parks is disposing of county rights. Mile.

SAILORS BROKE INTO MUTINY

Every Prison on Ships in Rojestvensky's Fleet Was Filled.

Released Just Before the Battle—The Sailors Broke Into Open Revolution.

Special to the Examiner.

St. Petersburg, June 15.—The correspondent of a press association has learned from an authoritative source that an official report made on Admiral Rojestvensky's recent defeat, which has been kept from the public, says that the sailors on his vessels were in a discontented mood throughout the voyage to the Far East. Every prison on the ship was filled with mutineers who were released just before the battle began. The crews were practically without training as they had practised with the guns only three times during the voyage. After Admiral Nebogotoff surrendered the vessels in his squadron the sailors broke out in open revolution and it was not until after the Japanese boarded the vessels that order was restored.

DIVERSION BY A GENERAL TAX

A Proposal to Pay Cost of Diverting Aylmer Street Creek.

G. T. R. System Will be Asked to Help in Paying Cost.

At the meeting of the Board of Works held last night, at which there were present Ald. Adams, in the chair; Mayor Beat, and Ald. Johnston, Hall, Batten and Tovey, the question of the proposed diversion of the Aylmer street creek, as well as the creek in the fifth ward, was discussed, and it was finally decided to do the work this year, and pay for it by general tax, and also to submit a bylaw to the ratepayers at the next election providing for the raising of debentures for the purpose.

The G.T.R. will be asked to assist the town in paying the cost of diverting the Aylmer street creek, as it will be to the decided advantage of that company to have the creek changed, as it is proposed to be diverted. The proposition is to have it turned to the river at Barnardo avenue, which will save the railway company considerable expense in maintaining their tracks.

The Mayor referred to a conversation which he had had with one of the officials of the company who had charge of that class of work, and he believed that it was reasonable to expect that the company would help pay the cost. It was stated that at one time the company had agreed to assist in the matter, but it was not known whether they would be still willing to do so, although they will be asked.

—A writer in the Mail and Empire, speaking of the coming camp at Niagara requests the officers not to bring ladies to the meals more than to "watch the animals feed." While the writer admits that a few of the privates put on extra "frills" for the delectation of the visitors, the majority of them do not relish being regarded somewhat the same as menageries in a side show. If the men, displaying the same amount of ignorance, would behave the same way towards the officers they would be reprimanded, to say the least.

ON TRIAL FOR A MURDER CHARGE

Mrs. William Diamond Accused in Poisoning Case---Story of Harry Diamond---Mother and Daughter-in-Law Frequently Quarreled---Druggist Testifies that Prisoner Bought Strychnine Some Time Ago---Victim When Dying Said There Must Have Been Something In the Salts.

Madoc, June 16.—Sweltering in the heat of an overcrowded Town Hall, packed with humanity back to the doors and out to the very steps, the people of Madoc, Queensboro' and the whole countryside listened yesterday to the story of the tragic death of Mrs. Diamond, the young wife of Harry Diamond, who drank strychnine in a dose of salts on February 20 last at her home near Queensboro'.

The prisoner, Mrs. Susan Diamond, a little old woman with an impassive face, dressed in black, sat beside her counsel, Mr. Stewart Masson of Belleville and Mr. W. J. Moore of Madoc. Crown Attorney Anderson, at whose side was seated Inspector Murray, conducted the prosecution.

At 10 o'clock Magistrate Wood took his seat and the preliminary trial proceeded.

Harry Diamond, husband of the deceased, was examined. On the evening of the 20th of February, his wife prepared a dose of salts for him, but he decided to take another medicine and the salts remained in the pantry over night. In the morning his wife, not feeling very well, said she would take the salts, and did so. In a few minutes she complained of cramps and called for his assistance, went into convulsions, getting worse and worse even after a doctor arrived, and died in great agony in less than six hours. The witness gave no opinion, only the bare facts, but stated that his wife before her death said she was afraid some one had put something in the salts. He testified, however, that his mother had often quarrelled with his wife, and had said that she did not want her in the house.

He asked his mother to go for the doctor about 6.30, but she did not go until called twice or about ten minutes later. She returned in fifteen minutes. Delzea's house, to which she had gone was about a block away, and she left word there to have the doctor come when he came back. His mother was upstairs when the doctor was there, but no remark of sympathy or comfort was passed by the mother after the tragedy, and he did not ask her any questions.

Something Wrong.

"Why not?" asked Crown Attorney Anderson.

"I thought there was something wrong," Diamond replied.

His mother attended the funeral, but only referred to the matter once, the night before the first inquest, when, about bedtime, she asked if he supposed that she had poisoned Minnie. She said she had not, and asked if they were going to raise the corpse. He replied that they would the next day. She was away over night and next day, he asked her where she had been. "I have been out in the fields all night, thinking," she had replied. She had never referred to his wife's death, the cause of it, or had expressed the slightest sympathy with him.

It was his own opinion that his wife was poisoned.

"Have you formed an opinion as to who administered it?" asked the Crown Attorney.

Mr. Masson objected, and Magistrate Wood refused to allow the question.

Under cross-examination by Mr. Masson, he denied that once when his wife went home the quarrel was caused because of the property or his management of the property. His mother was a nervous woman, and not in very good health. Neither the son nor the mother had seen a person in convulsions before, and both were excited. In the excitement his mother might have been getting ready to go for the doctor as fast as she could.

Strychnine Sure.

Dr. Button, coroner of Madoc, also gave evidence, principally relating to the post-mortem examination. He read the report of Prof. Ellis, that enough strychnine had been found to cause death. In answer to the Crown Attorney, Dr. Sutton said that he was at the Diamond home shortly after young Mrs. Diamond's death, and he had no hesitation in saying there that death was caused from strychnine poisoning.

In the afternoon, neighbors gave corroborative evidence as to the attention given the sick woman, and as to Mrs. Diamond staying out over night.

W. J. Atkins, druggist, testified that his register shows that on July 8, 1902, Mrs. William Diamond purchased five cents worth of strychnine.

W. J. Alexander testified that he tested the salts out of which the fatal dose was taken and there was no strychnine in it.

The mother of the victim, Mrs. Affen, said that the young couple agreed well. Her daughter came home at times, and her husband would come and fetch her away.

Crown Attorney Anderson said the case as it now stood did not establish the truth of the charge or the presumption of innocence, and for this reason it should in justice to the prisoner go to the jury. Magistrate Wood committed Mrs. Diamond for trial.

Poisoned by Paris Green.

Waterloo, Ont., June 16.—The inquest on the death of Mrs. H. Hamel, who died suddenly on May 28th, was concluded yesterday. The report of Provincial Analyst Ellis showed a considerable quantity of paris green in the stomach. The jury found that Mrs. Hamel's death was due to paris green poisoning, the poison having been administered either by herself or by some person unknown. Her husband, who was present, was very much agitated. No strong is the suspicion against her husband, Henry Hamel, that a movement is on foot to force the Crown to take criminal proceedings.

For Five Years.

London, June 16.—(C.A.P.)—Albert Edward Pocock, a real estate agent of Reading, arrested at Montreal, has been sentenced to five years' penal servitude for forgery and theft of title deeds.

LOVERS KNEW THEIR MINDS.

Married When Minors, Parted By Law, But United Once More.

Montreal, June 16.—On June 10, 1903, a marriage was solemnized at the St. Henri Methodist Church by Rev. G. G. Huntable, between Miss Eva M. Harris, daughter of the late Samuel Harris of Montreal, and Orrin Wood Dunbar Sutherland, son of Mrs. W. D. Sutherland of Sherbrooke street. This marriage, which was a love match, took place with the consent of the bride's mother, but without that of Mrs. Sutherland, who was away from Montreal at the time. The contracting parties were both minors, and an annullment was granted on the application of Mrs. Sutherland on the ground that her son was a minor when he married without her consent. Before the legal proceedings came to an end a child had been born. Miss Harris went to stay with Mr. and Mrs. Herbert Horsefall of Lachine, and Sutherland went west until he attained his majority a short time ago. On Monday last he and his bride were again married by the Rev. W. H. Barnes.

DIDN'T GET THE MONEY.

Willoughby Middleton Was Unable to Float Bogus Bonds.

New York, June 16.—Willoughby Middleton, whose schemes for the manipulation of White Plains real estate were calculated to produce $1,000,000, died almost penniless.

This fact was developed yesterday when those investigating his affairs learned that he had not yet got his hands on the money he was after. His bonds, so far as could be learned, were never floated. They were worthless paper now.

It is asserted that he had laid all the plans for a gigantic swindle. Worming himself into the Presidency of the New York Realty Company, he used his position to lay an underground scheme, and then, when his plans were repudiated, he told financiers that he would organize other companies.

The Waterways Commission.

Toronto, June 16.—After a two days' session at the King Edward the International Waterways Commission finished with the business in hand yesterday. The diversion of the waters of the Rainy River by the Minnesota Canal and Power Co. will be referred to the committee of jurisdiction to learn if the commission have power to deal with it. On July 11 they will hear the Montreal City Council's protest against the lowering of the waters of the St. Lawrence. They also decided that a dam should be built at the foot of Lake Erie.

H. B. Smith Held for Manslaughter.

Toronto, June 16.—The body of the man killed Wednesday by an automobile at the corner of College and Clinton streets has been identified as that of Lenton Williams of 120 Montrose avenue, a machinist, who was employed in Eaton's printing department. The deceased leaves a widow and two sons. H. B. Smith, the chauffeur who was driving F. B. Robins' auto when it collided with the man, killing him, will have to stay in jail pending the coroner's inquest, as Magistrate Denison yesterday refused to grant bail. The coroner's jury, last night, however, exonerated Smith.

PLACE CHOSEN FOR CONFERENCE

Washington Selected For Meeting of Plenipotentiaries—The Conference in August—Negotiations Likely to Be Successful, as Japan Will Meet Russia More Than Half-Way With Reasonable Demands---Russia Can Have Peace if She Honestly Desires It

Washington, June 16.—Washington has been selected as the place where the peace plenipotentiaries shall meet.

The announcement came in the form of an official statement issued by Secretary Loeb by direction of the President. The statement follows:

"When the two Governments were unable to agree upon either Chefoo or Paris, the President suggested Tycshima, but both Governments have now requested that Washington be chosen as the place of meeting, and the President has accordingly formally notified both Governments that Washington will be so selected."

Meeting Likely in August.

It is expected that within a few days at most Russia and Japan will announce formally the names of their respective plenipotentiaries.

It is deemed likely as coincidentally with the announcement of the plenipotentiaries an agreement will be reached as to the time of holding the conference. It is indicated, however, that the proposed conference is scarcely likely to be convened before the middle of August.

Propose is being brought to bear upon Japan to induce her to fix the sum which she will determine as an indemnity for the pending war at as low a figure in cash as is possible under the circumstances.

Japan's Demands Reasonable.

Vienna, June 16.—The opinion prevailing here is that the peace negotiations between Russia and Japan will eventually prove successful. This is based primarily on the belief that Japan will meet Russia more than half way, making unexpectedly reasonable demands. Certain intimations have been received here that Japan's terms are substantially as follows:—

(1) The recognition of the Japanese protectorate over Corea.

(2) The return of Manchuria to China.

(3) International control of the Eastern Chinese Railroad.

(4) Regarding Port Arthur, the strategical value of this fortress has been overestimated, and it is said that its ultimate disposal will not give rise to any controversy.

(5) It is not thought that Japan will demand the demolition of the fortifications at Vladivostock.

(6) The surrender of the Island of Sakhalin will not be demanded by Japan, principally because Japan has not yet carried the war into Russian territory.

(7) An understanding accepting an indemnity is not impossible, because it is declared Japan will content herself with demanding the cost of the war.

The Japanese Minister here in an interview said that if Russia honestly desired peace she could have it.

Mood in Readjustment.

St Petersburg, June 16.—Grand Duke Alexis, the high admiral, who is an uncle of the Emperor, and Admiral Avelan, head of the Russian Admiralty Department, have resigned.

German Ship Sunk by Russia.

London, June 16.—The German steamer Tetartos was sunk by the Russian auxiliary cruiser Don May 30, according to information received yesterday at Lloyds. The Tetartos was on her way from Otaru (Japan) to Tsingtau with a cargo of wooden sleepers.

Berlin, June 16.—There is no disposition to press Russia for immediate explanation of the sinking of the Tetartos.

THE FIRE ENGINE IS NOW BEYOND REPAIR

Fire, Water and Light Committee Will Recommend That a New Engine be Purchased—A Cost of $500 or $600 to Place Present Engine in Good Repair Again—The Accident Which Rendered the Engine Useless Described by an Eye-Witness—Engineer's Statement—Evidence Given by Representative of Wm. Hamilton Company—Engineer of Steamer City of Peterborough Gives His Opinion—Belief That Engineer Was to Blame—Whole Matter Discussed at Committee Meeting.

Fire Brigade matters received a pretty thorough investigation at the Light Committee last night, and the net result of the meeting was that the chairman of the committee was authorized, subject to sanction by the council at its next meeting, to dismiss the engineer of the brigade, and the Chief will not in future have the authority to grant leave of absence to drivers, or other permanent employees of the department, this matter being left entirely in hands of chairman of committee.

It appears that in the past some trouble has been experienced in this respect, and that drivers have left the hall when they were supposed to be on duty, on the authority of the Chief, who stipulated, however, that they should leave a competent man in their place. It appears that this rule has not always been adhered to, and a case in point was cited last night. It was stated by the chairman that on one occasion he was at the town buildings when an alarm of fire was sent in, and that the only man around the fire-hall was one who was intoxicated, and was unable to put the harness on the horses, or hitch them to the hose reels or hose wagons.

The meeting, which was called primarily for the purpose of discussing the situation in which the town found itself by reason of the fact that the fire engine, which had been repaired last winter, and which since that time had not been called upon to do service at a fire, was incapacitated for use as a result of work which it did a week ago last Tuesday night in connection with the effort made to pump out the hull of the steamer City of Peterborough.

At the meeting of the Committee of the Whole held on Monday night Ald. Johnston referred to the fact that the engine was not in shape for service, and recited the facts in connection with the accident which occurred to the boiler. Last night at the meeting of the Fire, Water and Light Committee the whole matter was discussed.

There were present, in addition to the chairman, Ald. Johnston, Mayor Beat, and Ald. Crowe, McIntyre and Tovey, and, in addition to the members of the committee, Messrs. Jas. Main, foreman of the William Hamilton Manufacturing Company's boiler shop, E. Wainwright, engineer of the Fire Department, and Mr. McEwan, engineer of the steamer City of Peterborough.

The Disabled Engine.

Ald. Johnston, as chairman of the committee, recited the facts in connection with the loosing of the engine, and said that while he was not very favourable to letting it go, he thought that no harm could come to it, and in view of the circumstances of the case, allowed the engine to go out. The regulations of the brigade provide that the engine shall be tested at certain intervals during the year, and he thought that this would be a good opportunity to give it a test.

Mr. Main was asked to give evidence to the committee on the condition in which the engine was when it was returned to the shop after the accident had happened to it. He stated that in his opinion, and, judging by all appearances, the boiler had been burned, the cause being an insufficiency of water. What the cause for the lack of water, was not for him to say; but the fact remained that the boiler was burned, and burned badly. In answer to Ald McIntyre's question, why it did not explode when there were evidences of it having been heated to such an extent, Mr. Main said that it would hardly be possible for an explosion to take place, because, before the boiler could explode, the plugs in the ends of the drop tubes would burn out, and this would allow the water, if there were any, and the steam to escape, but the boiler would not be wrecked. The tubes gave evidence of having been at a white heat, however, and this was, in his opinion, the cause of the damage to the boiler.

As to the quantity of water in the boiler, there might have been something wrong with the injector or pumps supplying the water, but the water gauge and try cocks were for the purpose of ascertaining the state of the water supply, and, if it were found that the proper quantity of water were not being given to the boiler, as sometimes happens, through something going wrong with the injector, it could easily be discovered.

Extent of the Damages.

When the engine was taken to the shop and examined it was found that all the tubes were damaged, and that to make repairs would necessitate putting in a number of new tubes, and taking out the whole inside of the boiler. When questioned Mr. Main said, that while he could not say definitely, he believed that the cost of repairing it would be in the neighbourhood of five or six hundred dollars, this expense being largely necessary by reason of the fact that there were two cracks in the crown sheet, which were of much more serious consequence than the injury to the tubes.

The Mayor reminded Mr. Main that only a few months ago repairs were effected to the boiler and engine which had cost $600, and the latter replied that the trouble which had developed now had nothing to do with that which required the repairs at that time.

At the time of the previous repairs all the tubes had been tested individually with a pressure of 175 pounds to the square inch. Mr. Main advised the council to procure the services of an independent expert to give a report on the condition of the boiler, because, while he had told the council just the facts in the case, and his opinion based upon an experience of about thirty years in the business, he would feel satisfied if an outside practical man were secured, who would make an independent report on the matter. He said that he did not wish anybody to feel that he was trying to do them an injury, but he was just telling the committee the facts as he found them.

Answering Ald. Crowe, Mr. Main said that it would require very little water to fill the boiler, only about six or eight pails full being required. Above the crown sheet there were about 20 inches of space for steam, and if there were to or three inches of water over the sheet there would be no danger of any injury being wrought to the boiler.

The City's Engineer.

Mr. McEwan, the engineer of the steamer, "City of Peterborough," was next asked to tell the committee he knew of the occurrence, and recalled the incidents leading up to the borrowing of the engine, a course which he said was frequently resorted to in Kingston, where he came from to Peterborough.

He was there when the engineer got up steam, and when he found that the engine was working, as he thought satisfactorily, he went home to take tea, and when he came back the engine was stopped and the engineer away. He found that the boiler had been leaking, but could not give any definite information as to the bending which the engine received at the time that the leak developed. He discovered that there were a number of tubes loose, and knew that there must have been some heating some place to have caused this, but that time he did not know that anything more serious was the trouble. He stated that when Mr. Nail told Ald. Johnston that he would be responsible for the engine he understood that he, Mr. McEwan, was to have charge of it. Answering a question from one of the members of the committee, Mr. McEwan said that at the time the engine was started the glass tube indicated three inches of water, which should have been sufficient to start with.

The Engine's Engineer.

Mr. Wainwright, the town's engineer of the fire department, was next called upon to give his version of the affair, and stated that when he started the engine there was plenty of water in the boiler, but after it had been running a short time he found that the pump was not working, and he then tried to start the injector, but found that there was some waste in the valve, preventing it from doing its work. When he discovered that neither the pump nor injector were in a condition to supply the boiler with the water necessary, and having tried the latter when there was a boiler pressure of 40 pounds, he damped his grate and pulled the fire. At that time there was fully half an inch of water in the glass. After it became cool he found that the tubes were leaking, and the engine was taken to be repaired. Mr. Wainwright stated that both Chief Rutherford and Mr. Jones had told him that at the time the street test was made, the water went below the water gauge. It was on the next point that the chief difference of opinion between Mr. Wainwright and Mr. Main existed, the former stating that the crown sheet was broken in the shop in an attempt to expend the flues, while the latter declared that the crown sheet was broken before it came to the shop. Mr. Wainwright gave testimony that one of the workmen at the shop had told him that it would be useless to try to tighten the flues in the crown sheet, because it had been tried at the time that the engine was there for repairs on the former occasion, and had not been successful, while Mr. Main said subsequently that no particular trouble had been experienced with the crown sheet, but the top sheet had given them some trouble. Mr. Main further stated that before the engine had been accepted by the town after the repairs he had tested it to 150 pounds under cold water pressure, and had worked it under a steam pressure of 125 pounds and no leaks had developed.

Mayor Beat reminded the committee that at the time of the repairs previously, the chief of the brigade and engineer had told him that the engine was practically as good as new, so that the trouble could not have existed then.

After these gentlemen had retired, the matter engaged the attention of the council for some time, and Ald. Hall and Ald. Tovey were decided in their opinion that there had been carelessness or incompetence on the part of someone. Ald. Johnston said there was no doubt that the boiler had been burned, and that in view of the fact that there were appliances by which the engineer could have ascertained the state of the water supply before it got so low as to cause the damage it had, he was at fault.

New Steamer Advised.

Ald. Hall moved, seconded by Ald. Tovey, that the committee report to the council that the boiler of the steam fire engine is out of order, and that it cannot recommend that it be repaired. The committee recommends that a new engine of larger capacity and power be purchased by the town. This motion was carried.

Chief Rutherford came into the committee room at this juncture, and his opinion was asked. He stated after having seen the tubes, which were on exhibition, that he had seen tubes in other boilers which looked equally as bad as those, and that it was nothing unusual. They were, he said always like that in the centre of the boiler where the greatest heat was. He said, however, that he had no doubt that there was no water in the boiler when the accident happened.

The question as to what should be done in reference to the engineer was next discussed, and it was decided to recommend to the council that the chairman of the committee be authorized to dismiss the present engineer and that applications for a successor be asked for.

Control of Men.

Ald. Johnston brought up the matter of control of the men employed as drivers on the brigade, and said that he had learned that he had he had learned that they had been leaving the hall without permission. The chief replied that whenever they had been away they had left competent men to fill their places. It was suggested and agreed upon that in future when they wish to leave their work, they ask for the same from the chairman of the committee.

This was all the business transacted at the meeting last night, the other matters being left until to-night to be considered.

ENTERTAINMENT A HUGE SUCCESS

Evening's Concert in Connection With Ennismore Pic-nic.

"Robert Emmett" Was Presented by Local Artists—A Delightful Programme.

The concert given in the T.A.S. Hall, at the close of the Ennismore picnic, proved to be a great success. The hall was filled, and some fifty-or sixty enjoyed the evening's performance from the green banks around. The audience was made up almost entirely of people from a distance, Peterborough, Downeyville, Young's Point, and Lakefield sending large contingents. The success of the local actors in that very excellent Irish comedy "Robert Emmet," had gone abroad and their fame lifted the new hall, with a large and very appreciative audience. In addition to the play the following programme of vocal and instrumental music was rendered between acts:—

Opening chorus by junior choir.
Song, "Good-bye," Little Girl, Goodbye," by Chas. Twomey.
Quartette, "Night of Joy" by Misses Ida Galvin, and Lottie, Nettie and Fanny Scollard.
Song, "In Sweet Killarney" by Miss Gertie Moloney.
Song, "Ora pro nobis" by Miss Teresa Guiry.
Song, "There I'd be Satisfied" by Mr. J. K. Galvin.
Song, "When the Tide Comes In" by Miss Mary Ann Crough.
Song, "I have Sweethearts in Every Port" by Mr. Jas. Guiry.
Song, ... by Miss Galvin
Song, "When I am Big Lake Fe" by Master Frank Moloney.
Character song, "I'm off to Philadelphia in the Morning" by Mr. Wm. Bell.

On the whole the concert was somewhat better than that given St. Patrick's Day, though not so varied or amusing.

The local talent engaged in the production of "Robert Emmet" deserve much praise, for their thorough conception of the piece, as well as for their clever acting. To Miss Lizzie Scollard is due in no small measure the success of the evening's entertainment, as she had full charge of the play both in preparation and staging. The new hall affords ample opportunity for the production of any ordinary play, and the young people are already aware of their many advantages in this respect and highly appreciate them.

The vocal and instrumental portions of the programme were under the directions of Miss Ida Galvin and Miss Teresa Guiry. Mr. and Mrs. John J. Flood had charge of the orchestra, which at suitable intervals, discoursed sweet music.

The following is a list of those who kindly contributed prizes towards the picnic.

Mr. Quinn de Laplante, Mr. A. H. Stratton, Mr. Frank McEwen, Messrs. Lang & Maher, Mimosite Bros., Mr. H. Lefbrun, Messrs. Merrell and Meredith, Mr. Wm. Hawley, Mr. Jas. Dolan, Mr. C. H. Kelly, Mr. Jas. Lynch, Mr. R. M. Roy, Mr. A. W. Crossman, Gratton & Co., Mr. W. J. Taylor, Mr. W. H. Meldrum, Messrs. Ormond and Walsh, Mr. Fred. Clarke, Mr. Peter Connell, Mr. Robert Fair, Mr. McPherson Wilson, The Examiner, and The Review. Mrs. Dan Shanaghan, Miss E. Costello, besides generous contributions from a host of friends.

Rev. Father Fitzpatrick desires to thank all, who in any way contributed towards making the picnic such a success in every respect the best picnic ever held in Tara Grove.

THE ARREST MADE.

Madoc Citizens Secure Counsel For Mrs. Diamond.

Madoc, June 15.—Mrs. Diamond was arrested yesterday afternoon by Detective Murray, and will remain in custody of Constable St. Charles until this morning at 10, when she will appear before Magistrate Wood for preliminary examination.

When arrested she broke down and wept, but speedily recovered her composure.

As the woman is without funds a subscription has been taken up in Madoc for her defence. Lawyer Masson will act for her. Evidence strongly in her favor has been secured.

Auto Kills a Man.

Toronto, June 16.—An unidentified man is in the morgue of the Emergency Hospital. He was struck by an automobile at College and Clinton streets at 7 o'clock yesterday morning and died two hours later in the hospital. The dead man was about 50 years of age, medium height, dark grey hair, partially bald, grey beard and moustache. He wore a grey tweed suit and carried a dinner pail. The driver of the machine was H. D. Smith, employed by F. D. Robins. Mr. Robins at once communicated with Crown Attorney Curry, promising to have Smith present at the inquest to-night.

Defective Brakes Wreck Train.

Fort William, June 15.—The second section of C. P. R. freight No. 92 was wrecked at 9 o'clock yesterday morning eleven miles east of Ignace, derailing eight cars, six of which were thrown into the ditch. No one was killed or seriously injured, and the track was cleared by 6 o'clock. The wreck is thought to have been caused by defective brakes.

Tippoo Tib is Dead.

New York, June 16.—A despatch from Zanzibar announces the death of Tippoo Tib, the noted Arab chief and slave dealer. When traveling through the dark continent in 1876 Henry M. Stanley met Tib and described him as a most remarkable character. He later established the chief as Governor of Stanley Falls Station, on the Upper Congo.

Drowns While Bathing.

Worcester, June 15.—A drowning accident occurred here last night, when George Laing, second son of Mrs. Robert Laing, was drowned while bathing. He is supposed to have taken cramps. The body was recovered in about 20 minutes, but attempts to resuscitate him proved futile.

Notice to Contractors.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Post Office at Vancouver, B.C." will be received at this office until Friday, June 23rd, 1905, inclusively, for the erection of a Post Office building at Vancouver, B. C., according to plans and specification to be seen at the Department of Public Works, Ottawa, Ont., and at the Vancouver Armoury, Vancouver, B. C.

Tenders will not be considered unless made on the printed forms supplied, and signed with the actual signatures of tenderers.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p. c) of the amount of the tender, must accompany each tender. This cheque will be forfeited if the party tendering declines the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.
Department of Public Works,
Ottawa, May 16, 1905.

BAD TROLLEY WRECK.

Canadians Injured While Riding In Car at Niagara Falls, N. Y.

Buffalo, N. Y., June 16.—In a crash between a crowded trolley car and a N. Y. C. train at Niagara Falls, N. Y., yesterday, a score of people were more or less injured. None will die. The Brantford lacrosse team was on the train on their way to New York. One player, F. Archer, was hurt internally, and his condition is looked upon as serious. A number of other Canadians were hurt.

The injured are: Miss Emily Brown, 1907 Pine street, Philadelphia, spine and chest injured; Mrs. Lance Adams, Saginaw, Mich., ankles sprained; Mrs. Virginia P. Brown, 1907 Pine street, right wrist sprained, and knee injured; Mrs. G. M. Elliott, 496 Euclid avenue, Toronto, right foot crushed; Miss Henrietta MacMartin, Thorndale, Ont., severe injury to head; Mrs. W. L. Stillman, Toronto, back injured; Mrs. William Barrett Russell, Toronto, bruised about the hip.

Just how the accident occurred and who is to blame cannot be obtained clearly. The street car was smashed to pieces and the engine pilot demolished.

The injured are either in hospital or at one or other of the hotels.

Toronto, June 16.—The Toronto ladies injured were brought home last night. Their hurts are not serious.

His Last Child Burned.

Toronto, June 16.—The sad message of the death by burning of his little daughter in Detroit reached William Taylor, of the Consolidated Plate Glass Co., yesterday. Over a year ago his little girl, aged about eight years, died of diphtheria, and three months ago the mother succumbed to an attack of typhoid fever, leaving with her husband the little girl in question. Mr. Taylor finding it necessary to give up housekeeping sent her to Detroit to live with her grandmother. Yesterday morning he received the sad news that she had been burned to death, her clothing having caught fire.

Sullivan Couldn't Swim.

Toronto, June 16.—To cool off yesterday evening Tom Sullivan, the 17-year-old son of Michael Sullivan of con. 3, East York, went with a quartet of chums to bathe in the Don near Summer's Corners. The lads peeled off and were enjoying their bath, when Sullivan, who could not swim, got beyond his depth and sank. The other lads went to his assistance and with the help of some of men who are in the railroad camp, got him out of the water and though life was hardly extinct, all efforts at resuitation failed.

UNEASINESS IN PARIS.

Moroccan Conference Difficulties Have Depressing Influence.

Paris, June 16.—Much uneasiness prevails in official quarters here concerning the Franco-German situation growing out of the Moroccan question, and the continued Cabinet crisis resulting from M. Delcasse's retirement from the Foreign Office. Although the conferences between Premier Rouvier and Prince Radolin, the German ambassador, continue, they have not yet brought the satisfactory results that the officials anticipated.

Austria and Italy have notified the Moorish Government that they are prepared to accept the Sultan's invitation to an international conference on Morocco, provided the invitation is accepted by the Powers immediately concerned.

One of Papineau's Spies Dies.

Detroit, June 16.—A Marquette, Mich., despatch says that Joseph Crotaliere, or Crushia, is dead there. He was born near Ottawa, Ont., on July 4, 1793, and was therefore nearly 106 years old. He was for many years a woodsman in Northern Canada. Crushia took part in the rebellion of 1837-38, and for more than a year served as a spy for Papineau. He was active up to the time of his death. He was the father of twenty children, eight of whom still live. His lineal descendants number 192 grandchildren and twenty-seven great-grandchildren.

Earl Grey Visits Synod.

Quebec, June 16.—Yesterday morning at 11 o'clock the Governor-General accompanied by Lady Evelyn Grey, paid an official visit to the Quebec diocesan synod in session at the Cathedral Church hall. The audience stood up and sang the national anthem. When his Excellency was seated the Lord Bishop of Quebec read from an illuminated address words of welcome from the synod, to which his Excellency made a reply.

Stove Company Punished.

Toronto, June 16.—Judge Anglin, yesterday ordered that the Guelph Foundry Co. shall destroy all "Grand Idea" ranges in their possession or under their control, as well as all parts and patterns of them. On May 31, last year, the Buck Stove Co. secured a judgment against the Guelph Foundry Co. for an infringement of their patent "Happy Thought" stove. The plaintiff will accept this as sufficient punishment.

Toronto's First Chinese Baby.

Toronto, June 16.—There is a wee chap on West Queen street who has the distinction of being the first Chinese baby to be born in Canada. He arrived yesterday, and all day his proud daddy, Mark Park of the Ying Chong Tai Co. of 35 West Queen street, received the congratulations from the elant-eyed members of the local colony.

Freed From Physician Husband.

Chicago, Ill., June 16.—In the divorce court yesterday Mrs. Margaret Webb was given a divorce from Dr. James Webb, superintendent of a hospital at Cooper Cliff, Ont. She said her husband was too fond of a young person at Sault Ste. Marie. The wife is a trained nurse.

ONTARIO CROWN LANDS.

Annual Report Shows the Receipts for 1904 Aggregated Over $2,700,000 —Mining and Immigration.

The annual report of the Crown Lands Department for 1904 shows that the total receipts for the year were $2,781,275.66, of which $126,946.63 was derived from sales and leases of lands, $2,550,782.56 from woods and forests, and $4,221.23 from miscellaneous. Disbursements were $284,237.87, made up as follows:—Agents' salaries $25,668.90, forest ranging $32,891, fire-rangers $42,989.42, mining development $18,154.21, surveys $101,299.66, refunds $14,601.89, forest reserves $10,191.66, special services $38,896.91.

There was a considerable falling off in the pulpwood taken out during the year owing to the fact that the Sault pulp mills were closed down.

There were 218 fire-rangers on duty last summer, and no serious fires occurred. More will be required this year owing to the extension of the Temiskaming Railway.

The Temiskaming Region.

"The Temiskaming region," says the report, "has continued to attract the largest proportion of new settlers, the character of the country as a mixed agricultural region being well established. The newly-surveyed townships are reported to be level and well adapted for farming, and many people took up land in them before they were opened up for settlement. The construction of the Temiskaming has opened up the country north of New Liskeard and the immediate extension to the proposed junction of the Grand Trunk Pacific will result in there being a continuous settlement from Montreal River to the junction of the two railways. The free grants districts have continued to attract homeseekers, especially the Rainy River district. There were eight townships surveyed in this district during last summer, the lands in which were all applied for as soon as the survey was complete. The best lands in the older free grant districts have been taken up, and the locations are chiefly to sons and relatives of old settlers. The branch of the C. P. R. from Romford, on the mainland, to Byng Inlet is being rapidly carried on, and as soon as it is completed a considerable area of land in the western part of Parry Sound district will be easily accessible for the first time. The construction of the Canadian Northern, west of the Muskoka chain of lakes will also open up a region hitherto without railway facilities. The settlers are fairly prosperous."

Military Land Grants.

Speaking of military land grants, the report says there were 1,610 certificates issued during the year, making a total of 11,860 to date. Location certificates securing the land to the veteran for ten years from date of location were issued to 2,040 veterans, in 134 townships, the great majority being in the Temiskaming and Rainy River districts. One-half of the number entitled to military grants have not yet selected their locations, owing to a desire to wait for lands in new districts, but in which suitable lands have not yet been surveyed.

Mining Development.

Of the progress in the mining industry, the report says: "The mining industry continues to develop, and as exportation goes on the extent and variety of the mineral resources of the Province become more apparent. The rich discoveries of native silver and cobalt nickel ores noted in last year's report as having been made near Haileybury have excited widespread attention, and additional deposits were brought to light in 1904. Some five or six of the veins have been opened up and a considerable part of the ores extracted. It may be expected that more of the district will be prospected in 1905, and the demand for mining lands will be stimulated. From appearances Ontario will soon supply the greater part of the world's requirements of cobalt as well as nickel."

Under the mining act 3,000 acres were sold and patented during the year, realizing $14,961. In addition, 2,512 acres have been leased at $1 per acre for the first year's rental.

"The increase in the immigration to the Province," says the report, "has been very marked during the year, and it is satisfactory that the emigrants have been a very good class, the great majority of them from the mother country. The total immigration of the Provinces during the year, according to the returns of Dominion immigration agents at the port of entry, was 24,965. Of these, 16,790 were British, 1,177 Scandinavian, 575 Italians, 997 Hebrews, chiefly from Russia."

The Farm Labor Bureau has been of great assistance and distributed 5,000 laborers among the farmers during the year.

The Year's Sales.

The sales during the year were as follows:—Clergy, 296 acres, aggregating $160.25; total collection, these and former sales, $3,764.23; common school lands, 763 acres, at $4.50; total $3,772.73; grammar school lands, 521 acres, for $564.12, total collections being $349.26; university lands, 2,731 acres, for $2,178.61; total collection, $1,641.78.

During the year 72,781 acres of Crown lands have been sold for agricultural purposes, for the sum of $47,044.41; total collections from these and former sales, amounting to $64,517.94. In addition 3,440 acres were sold for mining purposes, for $8,321.99. For conversion of mining leases into patents $9,930.85 were collected. The collection on account of mining leases was $15,109.30. There were leased for mining purposes 11,062 acres, at a rental of $16,782.66. The collection on account of these and former leases was $28,579.46. The total area of lands sold or leased during the year was 102,556 acres, and the total collection on account of Crown lands was $126,258.53.

Victoria's Tame Moose.

The young bull moose in the park at Victoria, B. C., was captured in the north of British Columbia when quite young, while swimming a river in company with its mother, and was halter-broken and brought down to Victoria. It is now just about a year old, and its horns are just appearing.

At first this moose used to browse on different young trees, such as the willow and alder, but at present this diet is rather limited, it having killed off most of the trees in its enclosure, so that it usually sits up on grass. The grass clippings from the lawns are placed in the moose's enclosure, and when it wishes to eat any grass it kneels down on its forelegs and feeds in this position. I do not think the length of the animal's neck would permit it feeding on the ground unless kneeling. This moose, however, does not seem to flourish on this diet, as it is getting rather thin.

ZANZIBAR.

Its Fragrant Clove Forests and Its Malodorous City Streets.

It is difficult to describe in fitting language the clove gardens of Zanzibar. The "spicy breezes" which are said to "blow soft o'er Ceylon's isle" blow with equal softness and perhaps no less spiciness through Zanzibar's beautiful clove forests. The whole island abounds in richest vegetation, but the clove forests are its real beauty spots. And what a grateful change their fragrant shade from the oriental odors and genuinely bad smells of the stuffy streets of the old town itself! For Zanzibar is not like an American city in the width of its streets and the architecture of its buildings. There is scarcely a thoroughfare in the whole place wide enough to permit two vehicles to pass, and the system of sanitation is almost as primitive as that of the garden of Eden; hence some of the smells. Fortunately the clove forests are not far away. Zanzibar had no docks or wharfs. All goods are landed or shipped by means of lighters. The tidal rise is about fourteen feet and the fall necessarily the same. Vast stretches of beach are thus left bare at low water; hence more smells. But, with all its drawbacks, Zanzibar is not particularly unhealthy. It is hot, vigorously, viciously hot, but still the people, the white people, manage to live there in comparative comfort and in spare hours play golf, tennis and sometimes even football.—E. Verne Richardson in American Syren and Shipping.

The Spinning Mule.

Samuel Crompton, a boy of sixteen, copied the best features of the spinning machine invented by Hargreaves, and Arkwright, added to them some of his own and, after three months of anxious and secret experimenting, produced the first spinning mule, so called because it was a kind of hybrid between Hargreaves' jenny and Arkwright's water frame. The new apparatus had was, however, no match to cunning for the cotton lords, who soon found out the secret of his new machine and shamelessly robbed him of the fruits of his ingenuity. Many years afterward, it is true, they used their influence to secure for him a parliament grant of £5,000, but he was then a broken hearted and disappointed man, to whom the money came too late to be of any real service.

THE BIBLE AS A TEXT-BOOK.

The Hamilton Herald suggests a new text book for literature study in our schools. It is the Bible, and there is much sense in this. Apart from its authority as a record of divine revelation, the practical and literary value of the Bible is unsurpassed. As a well of English undefiled, it may easily form a model for our best writers and speakers. If the average preacher would found his pulpit oratory upon the verbal style as well as doctrinal teachings, of the Bible, his sermons would be more heart-reaching, more chaste, and more simply eloquent. In all ages poets have drawn freely from the inexhaustible fountain of splendid imagery represented by the Bible. Some of the most beautiful poems in our language are founded on Biblical subject, or are transcriptions of its stately text. If the Bible were used in the schools as a literary text book, there would be great literary gain, and a moral, if not distinctly religious, benefit would accrue by the pupils' unconscious absorption of beautiful truths. These might not have an immediate effect, but they would stand for good moral seed, sown in ground, in which it might in after years, when conscience and a deeper sense of life's many responsibilities, vegetate and fructify. The Bible, used as a text book for religious instruction in our schools, would meet with many cross-currents of creeds, and might result in doing more harm in one direction, than good in another; but, used as a literary text book, these dangers would be avoided, and, besides, the incidental moral gain would be important. A chance word caught in passing conversing persons on the street, may contain the germ of a noble thought, and lead to new receivers and higher ideals. In like manner the incidental thoughts aroused by even a literary study of the Bible, are certain to have more or less fruitful results. We can all bear witness to the fact that the early knowledge of the Bible, gained by the teaching of early years, though we may have steered wide of the chart of life there laid down, every hour and day projects a silent influence into our lives, and exercises a restraining influence, which the most careless moral habits can not wholly shake off.

A STUDY OF RETURNS.

The newspapers which made such a dead-set at the Government do not find much comfort in the figures from London, but endeavour heroically to extract some comfort from the North Oxford returns. They doubtless find them rather tough and fusionless. They are crow, but if crow must be eaten, the game loser eats it with a great appearance of relish. The dish is made savory by profound reflections on the fact that the late Mr. Sutherland's majority was in the neighbourhood of 1,500, while that of Mr. Smith had dwindled to 349. One voracious journal gravely accounts for it by the statement that at least 500 Liberals voted against their party candidate. A comparison of some official figures will show on what small ground this audacious statement is made. The following is the Liberal and Conservative vote in North Oxford in the years mentioned:—

	Lib.	Con.
Federal election, 1900	2,717	1,115
Federal election, 1901	2,700	1,261
June 12, 1905	2,855	1,506
Provincial election, 1905	2,506	1,855

It will be seen that Mr. Smith yesterday polled more votes than did Mr. Sutherland in 1900 or in 1901. To found on these figures the assertion that "the party of Brown and Mackenzie and Blake and Mowat no longer exists," is to chirk like a hysterical female. The men who voted in Oxford on Tuesday were trained under Sir Oliver Mowat to be suspicious of all appeals in which "the hierarchy" and "foreign potentates" were conspicuous phrases.

One does not care to dogmatize upon the figures, but to say that 600 Liberals voted against their party candidate is a notable example of whistling to keep up one's courage. A far more rational explanation is that the Conservatives, with the possibility of victory in view, polled their full strength. The citing of the names of Mackenzie and Blake but serves as a reminder that the school system in the West, which it is proposed to continue, was established by a bill brought in by the Mackenzie Government, and that Edward Blake was its draughtsman.—Globe.

EDITORIAL NOTES

A Toronto youth shot himself because he owed four dollars, and — presumably — couldn't or wouldn't pay it. If self-shooting becomes common for such a cause, there will be no dread of congestion of population.

The prevalent use of slang words and phrases, is one of the most maleficent influences in corrupting our language—and morals, especially when it comes from the pulpit and the "finishing" school. Yesterday a minister in the Anglican synod, Toronto, used the phrase, "We would be tickled to death," to express his approval of a suggested action. A young lady, just returned from a "finishing" school spoke of a visit she had made as affording her a "whale of a time." The dividing line between loose language and loose ideals of conduct is not very formidable.

The Globe asserts that the decline in the popularity of the bicycle in that city, is due to the "uninviting character of the streets." That may be true in Toronto, but if that were a reason there, there would be mighty few wheels used in this town. The streets are almost impassable as a general thing for bicycle use. Wheelmen consider it a grievance, that, while the City fathers enact bylaws to prevent the use of the walks, the roadways are kept in so impossible a condition that this prohibition amounts to tyranny. That makes little difference; the bylaw against wheeling on the sidewalk is not enforced, and, perhaps, the reason is that the town authorities have a saving sense of shame left, and haven't the "cheek" to fine wheelmen for riding on the walks, which are flanked with such neck-breaking streets as abound in every section of the town.

SCARLET CHAPTER AT MILLBROOK

Orange Order Flourishes in Cavan—To Organize on the 12th.

On Wednesday evening the Royal Scarlet Chapter of the Orange Association was opened at Millbrook, and several candidates were initiated into its mysteries. The meeting was most enthusiastic, and will have a tendency to awaken more interest in the affairs of the noble Order. Bro. A. W. Gray, Grand Organizer of Ontario East, delivered a rousing address, and stated that his visit throughout this grand district had been a most enjoyable one, and that he was very much indebted for the general and hearty assistance given him by the members of the various lodges. He hoped that the good work would continue to go on, and that Cavan District would show up strong on the 12th. Bro. Gray is a great worker for the Order and the many new members that have joined the lodges in this section since he came, is an evidence that the Grand Lodge have made no mistake in its appointment of Organizer Gray.

CROP CONDITIONS ARE EXCELLENT

Western Man Tells of Great Prospects for Wheat.

Grain is Now From Seven to Twelve Inches High—No Complaints Are Made.

"The crop conditions in the west may be summarized in one word, "excellent" said a Manitoba farmer who was on the eastbound train last evening. There is not a district through the whole of the wheat raising district in the west, from which any complaints are made. "How are the weather conditions?" asked an Examiner reporter. "Well", replied the farmer, "the only variation I have heard from the word excellent is very excellent, and I think the yield this year will be the bee tyet. The wheat is now from seven to twelve inches in height, and each field is one thick mat. The showers we are having from time to time make our prospects of the best."

OUR FLOURISHING FISH INDUSTRY

Ontario's Catch Nearly Three Million Pounds Greater.

And its Total Value was Over One Million Seven Hundred Thousand Dollars—Report of Deputy Commissioner.

Mr. S. T. Bastedo, Deputy Commissioner of Fisheries, has issued his report for 1904.

Notwithstanding that the season was late in opening, being from two weeks to one month later than usual, owing to the long and extremely severe winter of 1903-4, it is gratifying Mr. Bastedo says, to report that the fishermen have had a very prosperous year, judging from the returns, which show that the catch was 2,815,765 pounds greater than in 1903. Prices for all kinds of fish have ruled high. The total quantity of fish taken was 24,099,970 pounds, the estimated value of which was $1,793,229. Licenses to fish with 3,490,600 yards of gill net, 514 pound nets, 478 hoop, 120 seines, 75 deep nets and 3 machines, besides several thousand hooks have been issued. Fishing has given employment to 3,125 men and 128 tugs, and 1,477 other boats have been in use. The number of prosecutions were somewhat fewer than during the previous year.

Regarding the depletion of international waters, Mr. Bastedo lays the blame for excessive fishing on the American fishermen and authorities, as the failure to provide protective measures and to regulate the fishing was indefensible and unjustified. From the increasing number of fishermen, and the improved means of handling the nets, he says, it is evident that if something is not done the lakes will be exhausted. No sane people can expect, he adds, that the Canadians will enforce measures to prevent such a calamity which are adopted by the Americans. The Federal Commission, whose work will likely be undertaken in 1905, should attend to this matter as well as that of close seasons.

The same danger has been noted in inland waters, where Canadian and American sportsmen for some time threatened their depletion. For four seasons, however, the Government, aided by the railroads, has been restocking these waters. Last year was most successful, 12,955 bass having been deposited.

WOOD SUPPLY IS ABUNDANT

Mr. Manning Finds Sufficient to Run For Years.

Probability of the "Excelsior" Factory Being Established Here.

Mr. Manning, representing the Manning Wood Fibre Company, who addressed the council in Committee of the Whole on Monday night, in reference to the establishment here of a factory for the manufacture of "excelsior," has returned from a trip through the northern part of the county, where he went to investigate the conditions of the wood supply, before deciding definitely as to whether it would be profitable to engage in the manufacture of the product here.

A representative of Messrs. R. Hicks and Co., went with Mr. Manning to show him around the country, and it is understood that he found that there would be sufficient of the quality to answer his requirements to enable the factory to run for a number of years; and it is probable that if the town is prepared to carry out the agreement suggested at the meeting of the Committee of the Whole, as embodied in the recommendation of that committee to the council, he will establish his concern here.

The matter will probably be decided at the meeting of the council which will be held on Monday night.

MURPHY WANTS HIS SON BACK

Went to Millbrook to Take Boy From Mr. Fair.

Represented That He Had a Constable With Authority to Take Possession of the Boy.

Readers of the Examiner will remember that some weeks ago reference was made to the condition of a man named Murphy, who, with his son, had lived in a coal shed all winter. The pitiable condition, brought about, presumably, by a combination of hard luck, and an indisposition to work on the part of the father, was such that the boy was taken from the father, and was placed in charge of the authorities of the Children's Aid Society, who later sent him to Millbrook to live with a Mr. Fair, one of the most highly respected and influential residents of Cavan. Mr Fair is a farmer living near Millbrook, and the boy was getting along well. liked the place and was quite contented. Mr. Fair was very kind to the boy, and he was being well cared for.

Last night, however, the father thought he would like to have his boy back with him again, and taking another man with him he engaged a horse and buggy from Wolstenholm's livery and drove to Millbrook, for the purpose of getting possession of the boy.

They first went to the residence of a brother of the man with whom the boy was, thinking it was here that his son was living, and although it was about midnight they rang the door bell and aroused the family. Murphy, it appears, represented that he had been instructed to take the boy away, and said that he had a constable with him, who, had the necessary "papers" to secure possession of the boy.

As soon as they found that they were at the wrong place the men took themselves off to Mr. Fair's brother, three-quarters of a mile away, where they repeated the same story.

The man in whose care the boy was, refused to give him up, believing that the story the man had told was an improbable one. He said that if the boy were wanted, he would take him into town himself, but that he could not give him to the men in that manner. Finding that their mission was too prove fruitless the two men left the place.

In the meantime some of the members of the family at the place where the men went first, fearing that some injury might be done to the second Mr. Fair, who, it appears, is partially disabled, hitched up a horse and buggy, and Mr. Fair and his two sons, started to his brother's assistance. On the way they met the two men coming back, and gave them chase, going as far as Bailieboro, where they lost track of them, and returned.

The men who had the boy, thinking perhaps that it would be better to take him to the Shelter, hitched up early this morning, and before the people at the Shelter were up he arrived here with young Murphy and left him in charge of Mr. Henry, where he is now.

Mr. Cochrane and Mr. Dennistoun where communicated with, and the former is on the look out for the two men, Murphy and his companion, who are liable to get into trouble for their action in misrepresenting themselves to the men from whom they tried to get the boy.

NEW SERVICE INTO EFFECT

Some Changes Made in Time of G. T. R. Trains

Fast Express will make Quicker Time in Future—The Lakefield Trains

On Sunday and Monday, the summer time table of the G. T. R. will go into effect, and the regular summer service will be inaugurated, similar to that of last year.

A second train will be put on between Peterborough and Lakefield, and the time of the noon train changed. Instead of leaving here at 12.45 p.m., it will likely go at 11.50 a.m., while the evening train leaving here at 5.40 and returning arriving here at 6.50, will again be placed on the route.

The other trains will be practically unchanged, except that in all probability the fast express from Toronto, which at present leaves Toronto for Peterborough at 7.30 p.m., will leave at 7 o'clock, and will arrive here at 9.55 p.m., thus cutting ten minutes off the running time.

The new time tables have not been received yet, but it is expected that they will be on hand tomorrow.

Do You Own a Buggy or Waggon.

If you do, you will be interested in a very handy and simple device for tightening the tires on wheeled vehicles. This new wrinkle does away with the trouble and expense of removing the tire or heating it, and will save its cost in a very short time. It requires no expert—any intelligent boy can tighten a tire in ten minutes or less. The machine clamps on to the spokes, and by the pressure from an eccentric the trick is done. Mr. Chas. C. Parks, of Vancouver, is the inventor. He is now at the White House, Charlotte street, where a sample machine may be seen. Mr. Parks is disposing of county rights. adv-w

SUDDEN DEATH AT LAKEFIELD

A Well Known Citizen Takes Suddenly Ill and Dies.

Mr. Zach. White, in Good Health in the Morning, Expires at Night.

(Special to the Examiner.)

Lakefield, June 15th. — A case of sudden death, with strong suspicions of suicide, is to be chronicled from this village to-day. Mr. Zach. White, proprietor of a saw mill business, and the steamer Beaver, took suddenly ill yesterday afternoon, and died last night. Dr. J. R. Fraser, was summoned, but medical skill was powerless against the deadly effects of what, from the symptoms, had very much the character of some potent poison, whether, if such be the case, self-administered, or by accident, is not yet known.

Mr. White was in good health yesterday morning, immediately previous to his sudden attack of illness. It is said that he had some difficulties in regard to money matters, but no other cause is known of, as suspected, his death was due to his own act, for taking the course that led to it.

The deceased was about sixty years of age, and has been a resident of Lakefield for about ten years, coming from Harwood, or some point on Rice Lake, where he carried on a similar business to what he followed here. He leaves behind him a wife and eight children. The sons are Zach., Asa, Stanley and Percy. Two daughters are married and living in Cobourg, and two unmarried daughters, Nora and Ella, are at home. The funeral arrangements, have not yet been made.

MENZIES PROPERTY HAS BEEN SOLD

Mr. Wm. Langford Closed Deal For it To-day

$8,000 said to be the Price Paid—Will Sell it for Building Lots.

The announcement was made prematurely some day ago in another paper that Mr. William Langford had purchased the Menzies property. At that time the negotiations were in progress but had not been completed.

To-day, however, the papers were signed, and Mr. Langford is now owner of the property, which includes that at present used for school purposes, and a 60 foot lot on George street, north of the school property.

Mr. Langford's intention is to erect a residence on the lot north of the school, and at the termination of the lease, which the Board of Education holds on the property, in September, 1906, unless some other disposition is made of it, he will divide it up into building lots, and sell it for that purpose.

The price paid for the property, it is understood, was in the neighbourhood of $8,000.

DO PETERBORO' WOMEN GOSSIP?

A Peculiar Letter Which Fell Into the Examiner's Hands.

The Writer Asks For Some Information—A Newsy Epistle.

The following letter was handed to the Examiner this morning, and for sufficient reason, the names of those whom it is liable to implicate, are omitted. Owner may have same by calling and proving property.

Dear W——,—I received your very welcome letter this morning and was glad to hear that you are again coming to yourself again. C—— and W—— were out here driving last evening and they seemed to be all spoons. I sometimes think he does not love her, just a feeling the same as B——had for you.

Do you and W—— still go over to the Lift Lock? Are there many commercial boys in down this summer? Have you seen Mr. ——? I have no news. Be sure and come on Saturday.

Enclosed you will find $1.00. I want you to buy me a couple of 10c magazines at The Fair, and 1 lb. of 40c black tea and 1 lb. of Coffee at Stroud's, same as sample Mr. Stroud gave me on Saturday.

Yours affectionately,

EXCURSION WAS MUCH ENJOYED

Third Annual Outing of St. Paul's Young Men's Guild.

Some Interesting Features of a Delightful Trip Around the Lakes.

The Young Men's Guild of St. Paul's Church can do many things. They can take an active part in the work of the church, play baseball, hold debates, conduct excursions and give their friends an enjoyable time. They always excel in what they attempt and their annual excursion up the lakes yesterday was no exception. It was patronised by 225 persons. This cleared all expenses and still obviated that objectional feature of many excursions — crowding. The train left the G. T. R. station at 8.30 o'clock and stopped at Smith street, where several got on. The run to Lakefield was soon made and then the "Stoney Lake" was boarded. The day was warm on land, but on the water it was quite cool. On the way up the boat sailed in past McCracken's Landing and made a brief call at G. M. Roger's cottage, and the store at Juniper Island. Burleigh Falls was reached shortly before twelve o'clock and a couple of hours were spent at this point.

The excursionists noticed a great improvement at Burleigh, particularly in the erection of the new wharf, and many complimentary references were made to the enterprise and energy of Mr. R. R. Hall, M. P., through whose intercession, the appropriation for its construction was secured.

The steamers can now land at Burleigh without any difficulty, and it is a great convenience to the passengers to be able to step from the steamer's deck to a large wharf without having to run the risk of a ducking by dropping off the narrow board, which before the erection of the new wharf, served the purpose.

Dinner was enjoyed under the shade of the trees, and the falls, dams, locks and other interesting spots were visited. At two o'clock the staunch steamer was again in commission and took the excursionists over to Mount Julian and Viamede where a few minutes were spent. Then the party went up through Beeshink to upper Stoney Lake and along by Mr. R. B. Leady's cottage and Crow's Landing to Juniper Island. Here a call was made and then the vessel threaded its way in and out among the islands until Clear Lake was entered. At Sandy Point, about three miles above Young's Point, the excursionists spent three hours and partook of tea on the grass and under the shade of the trees. Sandy Point is an ideal spot for games and here a couple of baseball matches were played that would put any National League game to shame. Mr. W. S. Davidson was the umpire. The victorious nine were: A. Gillespie, M. Rosenburg, W. Shea, H. Walkey, J. H. Connal, J. Cameron, G. Greer, W. E. Taylor and Rev. Dr. Torrance. The losing nine was composed of G. Ferguson, J. Logan, Dr. Wightman, R. McKee, R. T. Thompson, H. Hall, Rev. W. M. Mackay, W. McIntosh and C. N. Brown. The score was 6 to 3.

At the close of this titanic struggle a two innings game was played between the following "scrub" agregations.

Team No. 1.—C. N. Brown, G. B. Van Blaricom, Rev. Dr. Torrance, J. H. Connal, Dr. Wightman, W. Shea, A. P. McLean, R. F. McWilliams and J. Mein. Score 1.

Team No. 2—G. Ferguson, M. Rosenburg, Bob. Hall, H. Walkey, R. Cameron, J. Logan, W. E. Taylor, A. Gillespie and W. S. Davidson. Score 0.

An effort was made to have the ladies give an exhibition game and the gentlemen offered to do the running around the bases but the invitation was not accepted.

After tea the boat was again boarded and the trip home continued. On the way down a hearty vote of thanks was tendered the officers and members of the St. Paul's Guild for the excellent outing which they had provided for their friends. The resolution was moved by Rev. Dr. Torrance and seconded by Ald. Adam Hall. The excursionists sang for "They are Jolly Good Fellows" and appropriate replies were made by Mr. A. P. McLean, president of the Guild, Mr. R. F. McWilliams, vice-president, Mr. R. T. Thompson, treasurer, and Mr. J. H. Connal, Rev. W. M. Mackay, assistant pastor and others also spoke.

Attractive music was provided all day by Maiorana's orchestra. The playing of the musicians was greatly appreciated and frequently applauded. The boat reached Lakefield about 8.30 o'clock and the special train which was in waiting soon brought the party home. Peterborough was reached before nine o'clock and the party voted the third annual outing under the auspices of St. Paul's Young Men's Guild as the best yet held.

The committee in charge of the arrangements and to whom the credit for the success of the affair must be accorded was composed of Messrs. A. P. McLean, J. H. Connal, R. F. McWilliams, R. T. Thompson, H. Walkey, Alex Gillespie, G. Ferguson, M. Rosenburg, Wm. Lockett, Ed. Dawson, Bob. Hall, John Logan and Rev. W. M. Mackay.

LOCALS WON FROM NEWMARKET "TALAGOOS"

Good Exhibition of the National Game at Riverside Park Yesterday Afternoon—Visitors Played Good Lacrosse But They Were Outclassed—Local Veterans Again in Harness—Attendance Was Not Large.

The local lacrosse team opened the season in town yesterday most auspiciously by vanquishing the visiting "Talagoos," of Newmarket, who accompanied the excursion of the North York Farmers' Institute. The game which was played upon the Riverside Grounds, Fifth Ward, was a pleasing one to witness and was marked throughout by gentlemanly conduct on the part of both teams.

The attendance was unfortunately not large, but the spectators were, however, treated to an excellent exhibition of the National game, and one which held a lively and sustained interest. The play was clean at every stage and at times was particularly fast.

The locals have this year a team which will undoubtedly be one to cheer for. Many of the players who displayed all kinds of speed, were, however, scarcely up to form as regards endurance and staying powers, which will come with regular practice. Their play was at times of a brilliant variety, and left no question as to the superiority to the visitors. The "Talagoos" have a number of speedy players and excellent stick handlers. A noticeable deficiency was, however, in their shooting abilities, many otherwise good efforts being rendered barren of result for this reason. The splendid work of Boyle between the nets for the locals was on numerous occasions a heart-breaking proposition for the visitors. His work was of a stellar variety, and crushed the aspirations of the visitors on many occasions.

The passing of the locals was fast and accurate, and their stick handling excellent. Their checking was on most occasions good, though their offensive operations several times left some openings in the vicinity of centre field, which allowed Doonan to get away on some dangerous dashes. This was however by no means caused by any defect in the players, but rather from a slight lack of system which may be easily remedied. The line-up of the locals underwent a number of changes since their last game, a number of the old players who have in past years delighted the hearts of the spectators in many a local grandstand, were again inside the victorious blue sweater. Morgan was a source of strength to the defence, he and Ford turning aside many shots which threatened disaster. The local defence throughout guarded the nets well, repeatedly breaking up dangerous attacks. Boyle in goal, by his timely work, rendered abortive many vigorous assaults. Meagher, more than sustained his past reputation, and his superb work of yesterday justifies the expectation that he will play better harness this year than ever. Crowley's sprinting abilities were in evidence at every stage of the game, and his checking was all that could be desired. Judd was one of the hardest and most effective workers on the grounds. He appeared to be omnipresent, and always emerged successfully whenever things were mixed, with the goods in his possession. He is a marvel of speed and endurance and appears already in perfect condition. Best, though suffering from an injury received in a previous game, was most effective in his work, and, besides the scores he personally notched, contributed to no small extent to many others by his cool and "heady" work. Ferrell displayed his usual speed and lent accurate assistance in many combination efforts. Matheson, in this, his first game in town, more than "made good." He was very active in checking passes, which he invariably utilized to good advantage. Glover was again seen in the blue uniform, for the first time this season, and demonstrated that he has lost none of his ability as a stick-handler or sprinter. He was always accurate in giving and receiving passes and took prompt and unerring advantage of every opportunity which presented itself to score. It would be impossible to estimate the value of Cavanagh's assistance in the team work. He handled everything with speed, combined with good judgment. His proficiency as a sprinter was also a source of great assistance. Edwards,' who filled Best's position in the concluding quarter, owing to the latter's illness, received an unfortunate injury to his knee a few moments after entering the game, but stuck gamely to his position, his running and stick-handling being superb. A feature of the work of the defence was the assistance which they lent in offensive tactics, not only checking and relieving well but also on numerous occasions carried the sphere well into their opponents' territory.

The visitors played throughout a clean game, and one most interesting from a spectator's point of view. As a whole, they do not compare in sprinting ability with the locals, though a number of them displayed very clever stick handling. Their combination work was at times very effective, though, particularly towards the end, the game somewhat ragged and disorganized. Their team also numbers some veterans, who evidenced an intimate knowledge of the fine points of the game. The personnel also includes several promising young players.

The line up was as follows:

Peterborough.	Newmarket.
	Goal.
Boyle	Nelson
	Point.
Morgan	Manning
	Cover point.
Meagher	Clapper
	1st defence.
Crowley	Kennedy
	2nd defence.
Ford	Palmer
	3rd defence.
Parnell	Adair
	Centre.
Judd	Doonan
	1st home.
Best, Edwards	Doyle
	2nd home.
Matheson	Browning
	Outside home.
Glover	Upper
	Inside home.
Cavanah	W. Upper

Referee, Geo. Lynch.

The Play.

Play opened favorably for the locals, the sphere travelling to their opponents' territory by several well-placed passes. Several efforts to score, which looked good, were made, failing by a narrow margin. The visitors relieved well and transferred the scene of operations. The ball, after travelling to centre again, returned, and was taken possession of by Parnell, who passed to Judd, the latter scoring. Score, 1—0.

This was followed by a determined attack by the visitors, who compelled Boyle to get in the way of a hard one. The locals indulged in a pretty bit of combination, carrying the sphere to the opposite flags, which were found by Best on a pass from Glover from Judd. Score, 2—0.

Doonan got away on a run, with his deliberate space-eating strides, and, after about three minutes interesting play, Browning sent in a pretty shot, which landed in the nets. Score, 2—1.

Browning again made himself obnoxious to the local defence, and Boyle had again to exert himself. After some nice combination work Glover secured the ball, starting on a dangerous one. The ball travelled behind the nets, where Cavanah fastened to it, and, after a clever spell, passed to Best, who again delivered the goods. Score, 3—1.

A pretty run was made by Parnell. Judd also doing some work of a stellar variety. Doonan again got away on a long run, and after some preliminary combination work scored the second for the visitors. Score, 3—2.

After this things were "all to the bad" for the visitors. The next game was scored by Glover by an accurate shot, after a pass from Edwards from Judd. Score, 4—2.

The next score came under exciting circumstances, Judd emerging from a mix-up in front of the Talagoo nets, and passing to Matheson, who scored. Score, 5—2.

The final goal was notched just before the conclusion of the game, of which three quarters were played. The nets were found by Judd after a pass from Matheson from Glover. Score, 6—2.

Summary.

1—Peterborough, Judd, time 6 minutes.
2—Peterborough, Best, time 9 minutes.
3—Newmarket, Browning, time, 3 minutes.
4—Peterborough, Best, time, 4 minutes.
5—Newmarket, Doonan, time, 10 minutes.
6—Peterborough, Glover, time 1 minute.
7—Peterborough, Matheson, time 7 minutes.
8—Peterborough, Judd, time 2 minutes.

FIVE TO TWO FOR METHODISTS

St. John's Put Up a Great Game—Pitchers Excel.

Fitzpatrick Makes Home Run—Roddy and Cavanagh Show Good—Anglicans Good in Field.

The Charlotte Street and St. John's teams played their second game last night on the T. A. S. grounds and gave out a splendid exhibition. The playing of the latter team is improved wonderfully and their fielding is as good as the best. They are rather weak at the bat, but with practice and a few hard games, than which there is no better practice, they will improve in this respect and will make them all hustle. Cavanah pitched good ball last night and struck out Thornton, Roddy and Ryan in the first innings. The initial innings was a very peculiar one in that five runs were scored and yet three men who went out were struck out. Amos McWilliams, Lang, Nelson McWilliams, Squires and Williams all scored in the first innings.

In the last half, Cavanah reached first on a nice hit, but was thrown out on second. Warsam struck out. Green, who always hits the ball got to 1st and stole to third in a clever manner. Fitzpatrick struck out and Green who tried to score, did not succeed.

Amos, McWilliams struck out; Lang also, and Nelson McWilliams hit to first. Thornton was thrown out at 1st and McWilliams who stole to third, was also left on base.

Hudson, Sawers and Weller went out 1, 2, 3, order.

Thornton went out at 2nd, Roddy at 1st and Squires at 1st on very clever fielding of the St. John's.

Dusty, Simons and Cavanah all fanned.

Williams was thrown out at 1st, Crowe was struck out, Ryan's nearly was handled by Cavanah.

Green hit a stinker to right centre and stole to third. Fitzpatrick sailed one away out to right and Ryan made a bad error, allowing a home run on what would have been one or at most two bases.

Hudson struck out and Sawers walked. Weller struck out. Sawers stole 2nd and then 3rd. Dusty struck out and the game was over.

FOUR THOUSAND GIVEN IN PURSES

Over This Amount Will Be Given in Circuit This Year.

Rules Adopted for Guidance of Competitors—Affiliated With Connecticut Association.

At the meeting held in Belleville to arrange a racing circuit, it was decided to join the National Trotting Association of Connecticut. Port Hope, Peterborough, Picton, Belleville, and Kingston will give in purses $4,000.00 for the 1905 races.

The following are the rules — The harness classes will be governed by the National Trotting Rules and the Ontario Jockey Club rules will govern the running races.

The weights will be according to age.

There must be five entries in the harness events, and four to start and four entries in the running races and three to start.

The harness races are to be open to both trotters and pacers.

The harness events to be best three in five.

Four seconds will be allowed for trotters and hobbles may be used.

The harness purses are divided 50, 25, 15 and 10 per cent.

The winners of the running races will be the best two in three, except where otherwise mentioned.

There will be five per cent. additional from the winners.

All the harness horses will be mile heats except the green race at Port Hope. A green horse is one which has never won public money.

The dates of entries to the circuit will be strictly enforced. The rights to reject entries are reserved and the tracks are to be in good condition.

BASEBALL.

Flaherty won a fast game from Knotty Lee's "scrubs" Tuesday by 6-4. The Reformer contained the account of the match by saying "Jim Brassford's last innings, when R. was growing a little dark and Flaherty was commencing to steam up "Tebbie" struck out Elliott, Daly and Pepper, three of the Pros best hitters."

Can Eat Anything Now.

How many Dyspeptics can say that? Or perhaps you are dyspeptic and don't know it.

Have you any of these symptoms?

Variable appetite, a faint gnawing feeling at the pit of the stomach, unsatisfied hunger, a loathing of food, rising and yearing of food, a painful load at the pit of the stomach, constipation, or are you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet; avoid stimulants and narcotics, do not drink at meals, keep regular hours, and regulate the stomach and bowels with

BURDOCK BLOOD BITTERS,

Nature's specific for Dyspepsia.

Miss Laura Chicoine, Belle Anse, Que., says of its wonderful curative powers:—"Last winter I was very thin, and was fast losing flesh owing to the run-down state of my system. I suffered from Dyspepsia, loss of appetite and bad blood. I tried everything I could get, but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effect of the medicine, and am now feeling strong and well again. I can eat anything now without any ill after-effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

Correcting Bad Habits Not Enough.

NATURE NEEDS ASSISTANCE.

To cure a torpid and inactive liver, more is required than the mere correction of bad habits. You change your diet, reform your manners of living, but unless you assist Nature your efforts won't be a success.

When the liver and bowels are acting improperly, something must be done to put them in condition again. There is lack of tone in the liver action as well as in the bowels. You feel depressed and unfitted for work, endurance or responsibility. Smith's Pineapple and Butternut Pills impart tone to a tired liver, give the push-from-behind strength to torpid muscles. They stimulate the circulation, and make the liver active and the bowels regular.

Smith's Pineapple and Butternut Pills cure constipation, biliousness, headache in one night. 25 cents, all dealers.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept this, beggar Rogers' stamp because your dealer tells you it's just as good.

1847 TRADE MARK ROGERS BROS.

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

BUDGET SPEECH NEXT THURSDAY

Prorogation Expected About the Middle of July.

FRENCH FOR NEW PROVINCES

Mr. Monk's Amendment to the Autonomy — Conservatives Say They Will Not Support It—Opposition Criticizes, The Labor Gazette, and Mr. Henderson Wantonly Assails Deputy Minister King.

Ottawa, June 16.—It is expected the budget speech will be delivered next Thursday, and that the House will prorogue about the 10th or 15th of July.

Hon. Mr. Fielding will announce the appointment of a tariff commission to consist probably of Mr. Paterson, Mr Brodeur and himself. Mr. Brodeur will take the place of Sir Richard Cartwright.

The discussion on the Autonomy Bills has been postponed until Monday next.

Attacks Labor Gazette.

Yesterday afternoon Mr. A. Ingram made a violent attack on The Labor Gazette and Labor Department, alleging that The Gazette had been used for partisanship purposes in the London election. It appears that a number of copies had been circulated in London, and Mr. Ingram charged that there had been an abnormal circulation of the last month's issue, but Mr. Emmerson, acting Minister of Labor, stated positively there had only been the ordinary circulation, so far as the Department was concerned, and his challenge to the Opposition to point to one misstatement of facts in The Labor Gazette during the past year was not taken up.

Attacked Defenceless Official.

A regrettable feature of the debate was the attack by Mr. D. Henderson upon the Deputy Minister of Labor, who in the discharge of his duty and in pursuance of Parliamentary custom occupied a seat on the floor of the House for the purpose of giving information to the acting Minister. Government members promptly resented the attack upon a defenceless official.

French for New Provinces.

Just before the adjournment Mr. F. D. Monk gave notice of his intention to move an amendment to the autonomy bill providing for the establishment of the dual language in the new Provinces. The amendment is not, however, regarded seriously, as the Conservative members who supported Mr. R. L. Borden's amendment stated afterwards that they would not support it.

Ontario harbors and rivers was the principal theme of the House at the night session.

The Union Label Bill.

Ottawa, June 16.—The bill to admit to registry the labels of incorporated trades unions was discussed before the Senate committee on banking and commerce yesterday morning. D. J. O'Donoghue, counsel for the "Trades and Labor Congress," was heard on behalf of the bill, and Mr. Stewart, assistant secretary of the Canadian Manufacturers' Association, in opposition thereto. The first clause of the bill was defeated by 5 to 9. The committee rose, however, without concluding consideration of the measure.

For Raising Bills.

Kingston, June 14—The man who been passing raised bills in Eastern Ontario for several months is resting in the police cells. He had on him two Canadian ones raised to tens, and two American ones similarly treated. The work is cleverly executed. He has been in the penitentiary under the names of Smith and Sanford. He is about 60 years of age.

Diamond Inquiry.

Madoc, June 14.—Inspector Murray arrived here last evening in connection with the Diamond poisoning case. The preliminary examination is fixed for Thursday morning in Madoc town hall. Mrs. Diamond will be taken into custody early this morning.

15,000 Tons of Rails For G. T. P.

Montreal, June 14.—The Dominion Iron and Steel Co. have, in addition to the contract to supply 25,000 tons of steel rails to the Intercolonial, received an order from the Grand Trunk Pacific for 15,000 tons for the Fort William section.

DON'T BE HYPNOTISED,

Moodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "booze"—poor whisky, or bad alcohol.

A guarantee of 50 cents is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an unknown substitute for this world-famed medicine. You know what you want. It's only necessary to send 50cent. Write to urge some substitute that's thinking of the larger profit he'll make—out of your welfare.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago, at $1.50 per copy. This year we give away 50,000 worth of these invaluable books this year we shall give away 50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only, for book in paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

If out of health, write to old Dr. Pierce. He will send you good, fatherly, professional advice without charge.

Dyspepsia Cure. These sweet, small little pellets do their work thoroughly, when taken as directed. They don't interfere in the way they act. No griping, no sickness, no disturbance to the system. Dr. Pierce's Pleasant Pellets are the best Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago. They have been much imitated but never equaled.

They come in vials, always fresh and reliable; a convenient vest-pocket remedy.

CATTLE MARKETS.

Cables Steady—Buffalo and Other U. S. Markets Also Steady.

London, June 15.—Cattle are quoted at 10¾c to 11¾c per lb.; refrigerator beef, 8c per lb.; sheep, 12c to 14c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the city market since Tuesday, as reported by the railways, were 75 car loads.

Exporters.

Prices for straight loads of exporters ranged from $5 to $5.35 per cwt., with the bulk selling at $5 to $5.25. Two or three picked lots brought $5.40 and $5.55, only 3 cattle selling at the latter figure. Bulls sold at $3.60 to $4 per cwt.

Butchers.

Prices for butchers' cattle remained about steady, altho some of the dealers claimed they were lower. Picked lots sold at about $5 per cwt.; loads of good at $4.60 to $4.80; medium at $4.20 to $4.40; good cows at $4 to $4.25; common to rough, $3 to $3.75 per cwt.

Feeders and Stockers.

The run of feeders and stockers was light, and more would have sold, as there were some farmers and dealers, both from east and west, who were wanting to get a supply. Short-keep feeders, 1100 to 1200 lbs., sold at $4.75 to $5 per cwt.; feeders, 900 to 1000 lbs. each, sold at $4.25 to $4.50; stockers, at $2.90 for common to $3.25 for medium, and $3.50 to $3.75 for good to choice.

Milch Cows.

About 25 milch cows were offered. Trade was not good. Prices ranged from $26 up to $53, only one cow bringing the latter price. The quality of the bulk might be rated as medium. They were not all sold.

Veal Calves.

Between two and three hundred calves were offered, but few if any could be called choice. Good veals are still a good price. Prices for the bulk ranged from $3 to $4 each or $3 to $5 per cwt. A choice calf would still bring $5.50 per cwt.

Sheep and Lambs.

Prices for sheep were unchanged, but lambs were firmer, owing to a shortage of supplies coming in. Should deliveries of lambs be large it is likely they would again decline in price. Export ewes sold at $4 to $4.25; bucks, at $3 to $3.50 per cwt.; culls, at $3 to $3.50. Lambs sold at $3 to $5.50 each.

Hogs.

Mr. Harris got a liberal supply, about 1300 since Tuesday. Prices were unchanged at $5.65 for selects and $5.40 for lights and fats.

Dealers and drovers are complaining of farmers over-feeding their hogs just before delivery. As a result of this several dead hogs arrived on the market. One dealer stated that some of the dead hogs when dissected were found to have enough feed in them to have fed them for the balance of the week.

EAST BUFFALO CATTLE MARKET.

East Buffalo, June 15.—Cattle—Receipts, 300 head; steady; prices unchanged.

Veals—Receipts, 150 head; active and 15c higher, $4.50 to $7.

Hogs—Receipts, 2000 head; fairly active; pigs steady; others 5c lower; heavy, mixed and Yorkers, $5.55 to $5.60; pigs, $5.60 to $5.65; roughs, $4.75 to $4.90; stags, $3.25 to $3.75; dairies, $5.40 to $5.60.

Sheep and Lambs—Receipts, 600; heavy, active; lambs, $4.50 to $6.60; yearlings, $5.25 to $5.75; wethers, $5.25 to $5.40; ewes, $4.25 to $4.50; sheep, mixed, $2.50 to $5.

NEW YORK LIVE STOCK.

New York, June 15.—Beeves—Receipts, 58, all for slaughterers. Except one car; nothing doing; feeling weak; exports, 40 cattle; to-morrow, 2500 quarters of beef.

Calves—Receipts, 462; slow and prices 25c lower; veals, $5 to $7; tops, $7.25; no buttermilks.

Sheep and Lambs—Receipts, 2245; sheep weak; choice lambs barely steady; others 10c to 25c lower; demand limited and large number unsold; sheep, $3 to $4.50; few yearlings, $6; lambs, $4.75 to $7.75, one car choice, $8.

Hogs—Receipts, 2260; all for slaughterers except a few head; market about steady; good state hogs, $5.55.

CHICAGO LIVE STOCK.

Chicago, June 15.—Cattle — Receipts, 7000; good to prime steers, $5.30 to $6.25; poor to medium, $4 to $5.40; stockers and feeders, $2.75 to $4.60.

Hogs—Receipts, 30,000; mixed and butchers, $5.30 to $5.45; good to choice, heavy, $5.35 to $5.42½; rough heavy, $4.75 to $5.15; light, $5.20 to $5.40½; bulk of sales, $5.35 to $5.40.

Sheep—Receipts 15,000; good to choice wethers, shorn, $4.60 to $5; fair to choice mixed, shorn, $3.70 to $4.40; native lambs, shorn, $4.90 to $6.25.

BRITISH ARMY SCANDAL.

Investigation Committee Censures Officers Who Were Involved.

London, June 15.—A blue book containing the report of the War Office committee, headed by Lieut.-Gen. Sir William Francis Butler, was issued yesterday, showing that the improper disposal of military stores at the conclusion of the South African war had revealed a huge scandal. The report censures a number of officers, who are alleged to have worked in collusion with contractors. The latter bought stores at absurdly low prices, and afterwards resold them to the military authorities at enormous profits. The value of the stores involved in these transactions is between $30,000,000 and $35,000,000. The officers involved all belong to the Army Service Corps and Pay Department.

EGGED A MILLINER.

Who Sues, and Gets Judgment For $60 and Costs.

Brockville, June 15.—A peculiar case was tried here before Judge Reynolds in the County Court. J. Hilliard Warren, a farmer of Lansdowne Village, was sued by Miss M. Schoular for $200 damages, in the way of an assault committed in July two years ago.

She was a resident milliner of the place, but decided to remove to Detroit, Mich. Upon leaving she was pelted with eggs. Warren admitted throwing the eggs, but said they were fresh. He also supplied other persons with eggs for the same purpose.

Miss Schoular's clothing was destroyed and the jury returned a verdict of $60 and costs.

Indigestion and Headache.

Mr. Duncan McPherson, Content, Alberta, writes: "I was for many years troubled with indigestion and headache and derived no relief from the many remedies I used. A friend advised the use of Dr. Chase's Kidney-Liver Pills, and after taking four boxes the result is that I am once more in the full enjoyment of the blessings of good health."

He Introduced Limburger.

Waterloo, June 15.—Adam Steiss of Heidelberg, northwest of Berlin, died early last evening at the age of sixty years. Deceased was a hotelkeeper at Heidelberg for the last forty years and for 27 years its postmaster. It was Mr. Steiss who introduced and manufactured the first Limburger cheese in Canada 37 years ago.

An Unprofitable Escape.

Kingston, June 15.—William Barriball, Elmer Biddle, Matthew Duggan and Percy Jones, convicts, who escaped on November 18 last and after a chase were recaptured, were tried yesterday morning. The judge gave each man two and a half years additional term.

Winnipeg Insurance Losses.

Winnipeg, June 15.—The estimated total value of the stock, furniture, building and contents that been placed at $180,000, the buildings and stock each being valued at $75,000. The insurance amounts to about $40,000 on building and $40,000 on contents.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

EIGHTEEN WERE WOUNDED.

Accident on H. M. S. Magnificent Caused by Defective Breech.

Gibraltar, June 15.—During gun practice on board the British first-class battleship Magnificent, yesterday afternoon, a six-inch shell exploded.

Eighteen persons, including four officers, were wounded, 11 of them seriously.

The officers are among the seriously wounded. The explosion was due to a defect in the breech.

The shell burst inside the gun.

The wounded were landed here last night.

The Hungarian Cabinet.

Vienna, June 14.—The Hungarian Cabinet, according to The Neue Freie Presse, will be composed as follows: Gen. Baron Fejervary, Premier and Minister of Finance; M. Kristoffy, Minister of the Interior; M. Voeroes, Minister of Commerce; M. Andreas Gyergu, Minister of Agriculture; M. Georg Lukacs, Minister of Public Instruction; M. Manyi, Minister of Justice; Maj. Gen. Bihar, Minister of National Defence; M. Kovacsvic, Minister for Croatia, Slavonia and Dalmatia.

Canada Biscuit Co. Assigns.

Toronto, June 14.—Because of dissatisfaction among the shareholders arising out of the nonpayment of dividends by the company the Canada Biscuit Co. has made an assignment to Mr. Osler Wade for the purpose of reorganizing the company. The assets of the company are nearly double its liabilities, the exact figures being assets $172,000, liabilities $98,500.

McAULIFFE CASE WAS ENLARGED

Prisoner Will Appear on Friday Next at Police Court.

Several Cases Disposed of To-day—Mrs. Corrigan Again in a State of Unrest.

Jas. Henlon, of Downeyville, sans boots and socks, was the first to appear before Magistrate Dumble at the police court this morning. Henlon is in a somewhat pitiful condition of poverty, but the court felt that gaol would probably mean a long drawn out bill of expense to the county which should not be compelled to bear the expense. The case was enlarged till to-morrow.

Jas. Arnott was fined $2 and costs for not having purchased the necessary canine jewelry.

William Clancy for using blasphemous language was fined $2, and costs, amounting to $4.55.

Patrick McAuliffe, the prisoner confined in the county jail charged with assaulting the late Frederick Hudson, was remanded for one week. The nature of the indictment at that time will probably depend largely upon the finding of the coroner's jury at the inquest touching the death. Crown Attorney Wood appeared for the prosecution; Mr. E. M. Dennistoun for the defence.

Three boys charged with trespass, were assessed $2 each.

Mrs. Corrigan dropped in this morning to lay a complaint against a boy who pointed a gun at her, causing her a period of perturbation.

HAY CROP WILL BE VERY HEAVY

Excellent Prospects for Clover All Over the Country.

Crops in the Province, as a Whole, Will be Good—Past Winter Favorable.

Meadow lands throughout the county as well as the province as a whole, bid fair to yield enormous crops of hay this season. From all points come glowing reports regarding the outlook. It is not confined to any one particular section of the country, but from the west to the extreme easterly portion of the province a singular unanimity prevails regarding the condition of the meadows. More especially this is the case with the clover lands. So rank is the condition of the clover that it is said to militate against the crop of timothy.

The past winter was singularly favourable to the young clover plants the percentage of loss from winter killing being reduced to a minimum, and the result is seen in the uniform appearance of the fields.

The unprofitable condition of the British markets for cattle has caused a demoralized tone in the Canadian markets. Canadian exporters have found the business disastrous during the last few weeks, and exporters and drovers have lost considerable money. Especially low have been the prices paid for the commoner grades of export cattle. Last week some sold at Liverpool as low as 9c, and few reached higher than 11 1-2c. since this time the trend of prices of cattle sold at London at 11 1-2c and the best steers at 10c. This was the record year for two decades, and since this time the trend of prices has been downward. An improvement in the British markets would be immediately felt here, but as the industrial situation there still continues dull it is not expected that there will be an immediate change. Cattle were difficult of sale at the local markets this week, and it is to be expected that buyers will hold off until the outlook shows improvement. The heavy losses sustained by drovers the last few weeks will make them exceedingly cautious for the present.

HONOUR PASTOR AND ORGANIST

Interesting Scenes at Annual Roll Call of Park Street Church.

Mrs. Robt. Wright Presented With Couch—Address to Pastor.

The annual roll call of the Park Street Baptist Church was held last night and was in every sense a most unqualified success. The representation of membership was more than could be expected only a small portion of whom are living to respond with a portion of scripture. The proceedings were opened by the pastor, Rev. A. H. Brace, with reading and prayer. Miss Clara Foster on the recommendation of the Belleville Church, was given the right hand of fellowship.

The church clerk, Mr. Alex. Haddow, was called up to check the roll, which was a most interesting proceeding. The names were called in alphabetical order and by a strange coincidence the last that were baptised were the first to respond.

When half through the roll the choir sang, in good form, "The New Song". At the conclusion of the roll the hymn which is ever dear to a Baptist congregation "How Firm a Foundation", was sung with much heartiness, at the conclusion of which the whole congregation rose while the Covenant was read and its solemn vows and pledges were more than usually impressive.

At this juncture Deacon Marcle cleared the platform and the pastor called up Mrs. Robt. Wright, organist, and Deacon Gillespie, who read an address to Mrs. Wright.

At the mention of the word "couch" in the address, the folding door at the back of the platform opened and Deacon Kemp and Mr. Jos. Johnston, rolled it in before her. It was a great surprise which she very modestly expressed also the joy it gave her to work with the prompt choir had been engaged in choir work since the age of 13 and never had a better or more agreeable and efficient choir than this.

Mrs. Wright had scarcely taken her seat and the pastor was about taking his when Deacon Gillespie, who did not seem anxious to leave the platform, asked the pastor forward, and to his great surprise read an address signed by each of the six deacons.

The pastor was deeply moved by this address and after expressing his profound pleasure at the unity, devotion and deep spiritual life of the church, the whole company rose and sang,

"Blest be the tie that binds
Our hearts in Christian love;
The fellowship of kindred minds,
Is like to that above."

A table the entire length of the church was filled and little circular groups sat all over the church when refreshments were served and the rest of the evening spent in conversation and general reunion.

EXCURSION LEFT AT ONE O'CLOCK

Medical and Legal Gentlemen Take a Pleasant Outing.

The excursion of the local medical fraternity who are entertaining their legal brethren to a trip down the river, left at one o'clock on the steamer "City of Peterborough."

Healthy and Vigorous.

Mr. John Shelton, the well-known bridge builder, of 191 Sherwood St., Ottawa, states,—"I have used Dr. Chase's Kidney-Liver Pills for kidney and liver derangements brought on by exposure, and find them better than any pill or medicine ever used. They cleansed my system and made me feel healthy and vigorous, and better in every way."

Coloured Pictures.

Just arrived a most beautiful collection of Clarence F. Underwood's and Howard Chandler Christy's sketches. These comprise all those 1904 and 1905 coloured sketches. Daintily framed to dark oak finish for $1.20 and $2.00. A. H. Stratton & Co.

—There will be a meeting of the Primary and Junior Union of Sunday school teachers to-night, as the meetings are being discontinued for the summer months.

—An error was committed yesterday in stating that the employees of Messrs Allen & Fellow were entertained by their employers. The young ladies on the staff were their own entertainers.

—Send your best suits to "My Valet". Don't distrust your work to a laundry. We clean, press and repair the finest fabrics. Seymour & Wesley, over Jas. Long's. 'Phone 575.

—Another lot of these oval frames suitable for Marguerite and other pictures, never before sold for less than $1.50, for 98 cents, at the 'Framery,' Hunter street, two doors west of the post office.

—Come for a sail to-night or a bath. Boats to hire at the new Otonabee boat house, terminus of the street railway. Leave order with caretaker on premises. Moderate charges. H. B. Rye, proprietor.

—Court Peterborough, No. 99, C.O.F., will hold their regular meeting in their hall, Simcoe street, on night of 19th instant. A number of candidates will be initiated. All members of the initiatory team are requested to be present.

—A gang of men are at work on the C. P. R. yards moving the water column at the west of the station about thirty yards farther west. This is required in view of the fact that the 5.10 express which takes water here reaches out over George street under present arrangements and holds cars and pedestrians as well as street cars for five minutes or so. With the water column in its new position this trouble and annoyance will be removed, and the street will always be clear.

Regarding our sports' outfitting at Messrs. Stroud's, Cheapside, mentioned in a recent issue of this paper, we beg to say that the absence of Mr. F. W. Payne and his sister Emma were deeply regretted.

BISLEY TEAM SAILED TO-DAY

The Members Will Wear a Distinctive Uniform.

Will Arrive on the 25th and Practice for Two Weeks Before the Shoot.

The Canadian Bisley team, of which Sergt. Moore, of the 57th Regiment, is a member, sailed from Montreal this morning at daylight by steamer Bavarian for England. The team consists of twenty men and paraded at 8 o'clock yesterday at the Grenade headquarters, Montreal, and embarked on board the Bavarian in the afternoon.

This year before the team was chosen the secretary had to notify the thirty-third man of his being appointed to a place on the team.

The Canadian team will wear a distinctive uniform. They will wear the khaki service uniform with maple leaf emblems and a steel shoulder plate bearing the word "Canada" engraved upon it. They will wear soft felt hats turned up at one side and held in place with a maple leaf.

They will arrive at Bisley on Sunday, June 25, and will have two weeks' practice before the shoot.

"BLUCHER" TOOK THIRD MONEY

In 2:28 Trot and Pace at Delorimier Park, Montreal.

Mr. Martin Connors' "Blucher" captured third money in the 2.28 trot and pace, purse $200, at Wednesday's races at Delorimier Park, Montreal.

Three entries were withdrawn from the race, leaving a field of seven, to contest for the money. Nellie T. was distanced in the second heat which left only six for the final. Major B. C. was too speedy for the rest of the horses and came to the front in all three heats, with Banner Boy in the second position on each occasion. Blucher got third money and Honesty fourth.

The following is the summary of the race:—

GREAT CARNAGE IS NOW PROBABLE

Great Battle Before Peace Negotiations Can Act---Japs Are Moving Forward---Have Russian Commander Linevitch Completely Surrounded and Bewildered By Their Tactics---Gradually Closing In 100-Mile Net---Russians Turn Pirates on British Merchantmen---Resignations.

London, June 17.—The practical certainty now that peace negotiations cannot begin for another month leads to the conviction that another great battle will be fought in the interval.

According to The Daily Telegraph's Tientsin correspondent, a Japanese forward movement has already commenced in spite of the rainy season.

The Daily Telegraph's Tokio correspondent gives an interesting idea of the situation from a correspondent who is said to be in a good position to know the actual facts. This correspondent says that the principal Russian depot is at Gunshu Pass, whence many light railroads are being constructed northward to facilitate retreat.

Lieut.-Gen. Linevitch, bewildered by the strategy of the Japanese, is making repeated reconnaissances and throwing out innumerable scouts. Nevertheless, at the present moment, the correspondent says all his army is completely enveloped. The Japanese army has made a circle a hundred miles in circumference around Linevitch and is gradually closing in.

The Japanese military correspondent of The Morning Post says the Russian evacuation of Omoso shows that Gen. Kawamura's army of the Yalu, despite the difficulties met with over a mountainous country, has arrived in time to synchronise with the movements of the other Japanese armies, and, the correspondent adds, stirring events are imminent.

Drove Japs Back.

St. Petersburg, June 17.—Gen. Linevitch, in a despatch to Emperor Nicholas, dated June 15, reports that a Russian turning movement forced the Japanese to retire from Iulantisi on June 11, after burning their supplies. Another Russian force on June 13 advanced from the valley of the Tsin River to the village of Vantoungow, pushing back the Japanese advance posts. The same day the Russian cavalry occupied Nanshantcheani retired slightly northward.

Russians Turn Pirates.

London, June 17.—The conduct of the Russian cruisers on the high seas is causing great anxiety here. The British Indian Steam Navigation Co.'s steamer Ikhona, from Singapore for Yokohama, has been missing for a week, and it is supposed that she has shared the same fate as the German steamer St. Hilda, which was sunk by the Russian cruiser Dnelper.

Linevitch Not Protesting.

St. Petersburg, June 17.—An official denial has been issued of the reports that Gen. Linevitch and other generals have sent an appeal to the Emperor against concluding peace.

No Successor to Alexis.

It is probable that no successor to Grand Duke Alexis, who resigned his position as high admiral of the navy Thursday, will be appointed, and that affairs of his department will be entrusted to a responsible ministry like that of the War Office.

Admiral Summoned.

Sevastopol, June 17.—Vice-Admiral Chouknin, commanding the Black Sea fleet, has departed for St. Petersburg. His summons to the capital is connected with the report that he will succeed Admiral Avellan as head of the Admiralty Department.

Russ Ship Heads For Home.

Saigon, Cochin-China, June 17.—The Russian auxiliary cruiser Kouban, formerly the Hamburg-American line steamer Augusta Victoria, has arrived off this port and asked to be supplied with coal sufficient to reach the nearest Russian port. Her request is under consideration. The Kouban is fitted with wireless telegraph apparatus and carries fifteen guns of small calibre.

Gives News to Russians.

Tokio, June 17.—As the result of a preliminary inquiry, A. E. Bourgoin, a French citizen, has been remanded for trial on the charge of furnishing information to the Russian Government. M. Strang, an Englishman, and a stepson of M. Bouguoin, was discharged on account of insufficiency of evidence.

WAR STORES DESTROYED.

Great Fire in Moscow Follows Three Explosions.

Moscow, June 17.—Four goods depots belonging to the army commissariat and a mineral water factory were destroyed by fire yesterday. Three consecutive explosions were heard, and the conflagration followed. The cause is unknown. Great quantities of stores intended for the Far East were destroyed. The fire is not yet under control.

Woman Had Access to Vault.

New York, June 17.—Among the papers of Willoughby Middleton there was found yesterday a receipt for box 1,069 in the Knickerbocker safe deposit vaults, dated February 9 last. It shows that Middleton paid $30 for the box for a year and that "Grace Foster" was to have a right to enter the vault in addition to himself. It was learned that Middleton visited the company's vaults sometimes twice a week. Of a few visits he was accompanied by a woman. The same woman also went there alone.

To Locate Boundary.

Seattle, Wash., June 17.—A surveying party of twenty men, in charge of R. H. Leyland, has left here to locate the line of division between the United States and Canadian possessions in the vicinity of Chilcoot Pass and Katalna River.

On a Moment's Notice.

London, June 17.—Col. McDougall, commander of No. 1 Company, R.C.R., has received instructions from Ottawa to hold 40 men in readiness to go to Halifax on a moment's notice.

Warrant Clauses Passed.

Ottawa, June 17.—The Senate yesterday went into Committee of the Whole, on the bill to amend the Companies' Act. Hon. Mr. Scott explained that the object of the bill was to allow companies to issue warrants, if they so pleased, as is the custom in Great Britain and other countries. The warrant clauses finally passed.

WOULD OPPOSE WIDE CHANNEL.

Significant Announcement in the House by Mr. Bergeron.

Ottawa, June 17.—The members developed an industrious turn yesterday, and the rapidity with which business was disposed of was most encouraging for early prorogation. As on the previous day, a large amount of supply was voted. Among the more interesting features of supply were the announcement by Hon. Mr. Brodeur that the Public Works Department has adopted the policy of specifying Canadian cement for use in public works, and the warning conveyed by Mr. Bergeron to the acting Minister of Public Works, that if the Government attempted to make a 21-foot channel in the proposed ship canal from Georgian Bay via French and Ottawa Rivers certain powerful interests would strongly oppose the appropriation. He intimated that the money for a twelve-foot channel might not be objected to. It was understood that it was the railway interest to which Mr. Bergeron referred.

Railway Running Rights.

In the afternoon Mr. Emmerson's bill to amend the Government Railways Act, by providing for running rights over the Canadian Atlantic rails, was verbally amended and passed. It was made clear that the Government may have running rights over the system from Parry Sound to Noyan Junction, Quebec, where connection is had with the American roads.

The House went into Committee of Supply again, taking up the Public Works estimates.

TWO NEW COMMISSIONERS.

P. W. Ellis and Col. Raymond Appointed to Niagara Commission.

Toronto, June 17.—P. W. Ellis, of Toronto and Lieut.-Col. Clarke Raymond of Welland, barrister, have been appointed by the Ontario Government, members of the Queen Victoria Niagara Falls Park Commission, to succeed Messrs. A. W. Campbell, Deputy Commissioner of Public Works, and James Bampfield of Niagara Falls, who have resigned so that they may devote their entire time to other duties. The other members of the Commission are Messrs. J. W. Langmuir, chairman; Robert Jaffray, and George H. Wilkes.

Four Charges Are Laid.

Collingwood, June 17.—The case of Charles McClennan, the young man arrested in Toronto Thursday on a charge of stealing $150 from John McDonald of Red River, was remanded until Thursday. Howard, the porter on the boat, was arraigned as an accomplice in the theft. There are four charges.

Drops Dead in Georgetown.

Georgetown, June 17.—A low set man about 55 years of age, dressed in gray clothes, who registered at hotel by the name of Thomas O'Donnell, Indianapolis, Ind., dropped dead on the street here at 9 o'clock last night.

Four Millions For Charity.

Vienna, June 17.—Baron Nathaniel de Rothschild (brother of the head of the Austrian branch of the firm), who died June 12, left the sum of $4,000,000 to be distributed for various charitable purposes.

SMALL-POX CASE IN LINDSAY HOTEL

Disease Breaks Out in Well Known Hotel.

Dr. Bell Summoned—Servant Girl Contracts the Disease from Her Visiting Sister.

Small-pox has broken out in a well-known hotel in Lindsay, causing a sensation in that town. One person only is so far affected—a servant girl, who is supposed to have contracted the disease from her sister, who came from an infected district in Ontario, and slept with her one night.

Dr. McAlpine the local physician, notified Dr. R. W. Bell, Inspector of the Provincial Board of Health, of the case, and the latter went to Lindsay last night, and will decide whether the hotel should be quarantined or not. In the meantime every precaution has been taken to prevent the spread of the disease. All the employees of the hotel have been vaccinated and those who came in contact with the girl have been placed in isolation tent hospitals. This is Lindsay's second case of small-pox within the last five weeks.—News.

DEATH OCCURRED IN ST. THOMAS

Mr. Henry Munns Had Many Relatives in Peterborough

Mr. Oaway Carver, of North Monaghan, received a telegram yesterday conveying the sad intelligence of the death of Mr. Henry Munns, an engineer on the Wabash Railway, running out of St. Thomas. The deceased was a son of the late Charles J. Munns, formerly of Peterborough and had been suffering from typhoid fever for some time. He leaves to mourn his loss, his mother and one sister, Mrs. Wm. Deres, of St. Thomas. Mr. O. Carver and Mr. S. Kemp, of town, are uncles of the deceased. Universal sympathy is felt for Mrs. Munns, who has sustained the loss of her husband, Mr. C. J. Munns, her youngest son Walter, her only grandchild and now her eldest son, within a year and nine months.

Mr. Carver left this morning for St. Thomas to attend the funeral, which takes place to-morrow afternoon at 3 o'clock.

Nicholls Hospital.

The graduating exercises in connection with the Nicholls Hospital Training School for Nurses, will be held in the Y.M.C.A. Hall on the evening of Monday, June 26th, at 8 o'clock. Those interested in the hospital are kindly invited to be present. 3d

THIS WORRY IS VERY SERIOUS

Whole of Europe Mixed Up In the Moroccan Squabble—Reports Are Exaggerated—Semi-Official Temps Warns the Public Against "Nervous Paroxysms"—Differences Between France and Germany Apparently Irreconcilable—Heavily Garrisoned French and Frontier Causes Apprehension.

Paris, June 17.—The strained relations between France and Germany over Morocco continue to give rise to serious apprehension, but while openly admitting that there are real difficulties involved, the officials protest against this being made the basis of exaggerated reports. Such reports have been circulated for several days past by a small and uninfluential section of the press, notably by The Patrie and The Presse. One report that Germany had submitted an ultimatum brought out a formal denial from the Foreign Office.

Another report in The Patrie, is that Germany has demanded that France and Great Britain complete a guarantee that the Anglo-French entente is not in the nature of an armed alliance against Germany. The Presse asserts that M. Delcasse while Foreign Minister signed a secret offensive, and defensive alliance with Great Britain.

Nervous Paroxysms.

These reports are dismissed in authoritative quarters as fanciful enlargements of the situation, and an editorial in the semi-official Temps last night give warning against what it terms "Nervous paroxysms."

At the same time the diplomatic strain between France and Germany is undeniably serious. The chief cause of this is the inability thus far of either party to propose a remedy acceptable to the other. France is anxious to uphold her predominant position in Morocco without subjecting it to inspection and revision by the International Congress proposed by Germany. On the other hand, Germany does not recognise French predominance in Morocco or the Anglo-French agreement on which this predominance is based. Thus Germany's issue is equally against Great Britain and France, although the latter is more immediately involved.

Takes In All Europe.

All parties are making appeal to the friendly co-operation of other nations, so that indirectly all Europe is participating in the controversy, and this permits a wide range of speculation concerning a rearrangement of political alliances. However, the official maintain that the issue does not involve such far-reaching questions, but is the renewal of long pending struggle over Morocco in aggravated form.

One of the chief causes of the present apprehension is the possibility of some untoward incident along the France-German frontier, which for years has been garrisoned by formidable military forces.

STIRRING UP MOROCCO.

Is Germany Seeking to Provoke Conflict Between Great Powers?

Fez, Morocco, June 17.—Much significance is attached to the mysterious private audiences which Count Von Tattenbach-Askold, head of the Germania mission, has had with the British chargé the arrival here of the British Minister, Gerald A. Lowther. There is reason to believe that the principal subject of discussion has been Germany's willingness to help the Moorish Government in the work of reform, and it is understood that in the event of the ultimate rejection of the proposed international conference on Morocco Germany will make definite proposals to undertake the reorganization of certain Government departments now instead in the French project.

French Cabinet Changes.

Paris, June 17.—Premier Rouvier announced at a meeting of the Council of Ministers yesterday that he had definitely decided to permanently retain the portfolio of Foreign Affairs and relinquish that of Finance. It was also announced that M. Merlon, at present Under Secretary of Finance, would be appointed Minister of Finance.

Later advices show that M. Merlon's appointment as Minister of Finance is regarded as certain, and that Premier Rouvier to-morrow will present the new Minister to President Loubet.

TOWN TO PAY FOR PARK LIGHTS

Committee Recommends That Council Help Street Railway Pay Cost of Light.

Police Protection for Jackson Park Also Considered—Band Stand and Concerts in the Park This Summer.

The Fire, Water and Light Committee exercised another very important part of its functions last night when it decided to recommend to the council a number of changes deemed to be advisable for the better lighting of certain streets or parts of streets. A report was presented from Mr. T. A. S. Hay, town engineer, with regard to a tour of investigation made a few days ago by the Chairman of the committee, Ald. Johnston, the town engineer, and Messrs. Fiske and Fife, of the Peterborough Light and Power Company, for the purpose of ascertaining at what points better service could be given by additions or changes. In some cases the dense foliage of the trees renders the lights ineffective, and this will be remedied where possible by the suspension of the lamps from pole brackets. In other cases incandescents will be used. A number of new arc lamps are recommended. Ald. Hall emphasized the necessity for an annual trimming of shade trees. In some places the boughs were so low as to interfere with head-gear of people, and, further, on quite a number of streets the town did not get value for money spent in lighting, on account of this very thing.

A proposal to assist the Street Railway Company to the extent of $100 in equipping Jackson Park for the installation of forty incandescent lights was also considered, and the committee will recommend instead that police protection be provided for the park in the event of it being properly lighted.

These were present at the meeting:—Ald. Johnston, Chairman; May-East, Aldermen Hicks, Hall, Tovey, McIntyre, Mason and Crowe.

Lighting the Park.

With regard to the lighting of Jackson Park, the chairman informed the committee that the Peterborough Light and Power Company had to furnish the labour whereby to instal the wire and other equipment and the Peterborough Radial Railway would contribute $200 towards paying for those supplies, the total cost being about $310. It was suggested that the town pay the remainder. A plan was submitted, showing the idea of light location. It would require about 12,000 feet of wire to string the 40 incandescent lamps, which will be of 16-candle power each.

The right of the town to contribute money for expenditure in the park was doubted by some Aldermen, and it was explained that the property is vested in trustees of the Nicholls Estate and held for the benefit of the people of Peterborough.

Ald. Hicks said that some provision should be made whereby there would be proper police protection for the town, and Ald. Crowe pointed out that from what he could learn, all kinds of undesirable people made the parks their resort, especially at night, and it was even known that tables and seats had been thrown over the bank.

Depredations Committed.

Ald. Hall—It is not necessary to go any further than Central Park for that. Six seats were taken from there a couple of years ago and nothing has been heard of them since. Jackson Park can either be made a benefit or a curse, according as it is conducted.

The chairman considered that the lighting of the park was a step in the right direction, but in any event ther should be proper police protection.

Since the park, when lighted and made the scene of attractions, and as band concerts, in the evenings, would prove a source of revenue to the Street Railway solely, the general opinion seemed to be that the town could not properly contribute as proposed, but it was moved by Ald. Hicks, seconded by Ald. Hall, that this committee recommends that, provided the Peterborough Radial Railway Company, sufficiently light Jackson Park, the council will provide police protection.—Carried.

A bandstand is to be erected in the park near the south entrance and it is understood that the plan of the Street Railway Company is to have a number of band concerts during the week as well as other attractions such as moving pictures.

More Light.

A petition from residents on Hamberlin and Alford streets and Lafayette Avenue, asking that an arc lamp be placed on Chamberlain street was considered, and it was moved by Ald. Hall, seconded by Ald. McIntyre, that it be granted, and that the decision as to the kind of light to be used be left to the chairman and Ald. Tovey. This was carried.

NO DECISION WAS REACHED

On the Call to Centreville of Rev. J. W. Whitelaw.

Special Meeting of the Peterborough Presbytery—Action Deferred Until July Meeting.

Yesterday afternoon the special meeting of the Presbytery of Peterborough, was held at Millbrook, to consider the call to Centreville, of Rev. J. M. Whitelaw, M. A., B. D., pastor of the Presbyterian church, Omemee.

Rev. Geo. Yule, of Springville, Moderator of the Presbytery, presided. The meeting was attended by a small number of the members. A deputation was present from Omemee, to oppose the call, the deputation consisting of Messrs. F. G. Sandy, John Bennett, G. A. Monorief, T. D. Young, Thos. Young, Harry Lamb, J. H. Best and John Boyd. A deputation from Centreville was present to support the call. On this deputation there were Mr. Isaac Larmer, Mr. Byers, Mr. Deyell and a number of others. Nothing definite was decided on the matter under consideration, the citation not having been received, so that it was impossible to proceed with the matter under consideration.

It was decided to leave the question over until the next regular meeting of the Presbytery which will be held in Port Hope on July 11th, when the deputations from the places interested will again be received.

THE FIRST FISH OF THE SEASON

Two Local Men landed Two Good Bass Yesterday.

The first fish story of the season is to hand. Yesterday two young men from the north end of the town went out below the Auburn dam and in a few minutes fishing with a minnow bait, hooked a bass. After letting him have his play for what was considered a sufficient length of time to tire him out, the line was hauled in, and it was found that instead of one, there were two bass, nice ones too, the narrator says. They were both hauled in, and when weighed the two of them tipped the scales at five pounds and each measured about eighteen inches. The two piscatorial artists were Messrs. Ed. Trollope and W. Kelly.

"POURING OIL ON THE WATERS"

This Time it is the Canoeists Who are Troubled.

Waste Matter From Gas House Causes Unsufferable Nuisance — Much Discussion Among Canoeists.

Considerable discussion has been aroused amongst the canoeists and yachtsmen of the town by the annoyance caused by the large quantities of oil floating upon the surface of the river. There is ample reason that they should be indignant over the matter, not only because of its nauseating odour, but also because of the injury it occasions to crafts of all description, which become coated with the substance.

It appears strange, indeed, if Peterborough, which her residents refer to with pride, as the "home of canoes", should have her splendid natural facilities for boating rendered unpleasant and uninviting by an insufferable nuisance of this kind.

The oil flows into the river through a trench from the gas works, and a glance at the real estate about the mouth of the drain can scarcely fail to convince the beholder of the undesirable and destructive character of the odoriferous liquid.

A prominent yachtsman yesterday remarked upon the nuisance to the Examiner in vigourous terms, and pointed to the cage of his own boat, which had recently been painted, the hull being now discoloured and transformed from the original white, to dark unsightly brown. Widespread dissatisfaction is also expressed amongst canoeists and anglers, the crafts of the former suffering severely from the obnoxious substance. Anglers also claim that its malign influence also extends to the finny tribe, and that it is particularly destructive to small fish.

Residents of the town have always taken a justifiable pride in their surroundings, particularly as regards their facilities in the realm of aquatic pastimes, which possess a distinctively Canadian charm. It is not strange, therefore that they should feel incensed that their natural heritage should be defiled in the manner spoken of. There can be little doubt but that some other disposition can easily be made of the objectionable waste matter. It is to be hoped that early action will be taken to this end.

EARLY SUMMER AT KAWARTHA LAKES

Many Cottagers Have Taken Up Residence for the Season—Steamers Are Busily Engaged—Many Repairs and Alterations—Much Activity in Business—The Summer Resting Season in Full Swing.

The Kawartha Waters are rapidly taking on an appearance of life and activity, and the present outlook justifies the expectation of an unusually enjoyable season. The boats have been extremely busy, both with excursions and the large passenger traffic. The hotels and boarding houses are now all open for the season, many of them securing quite a large number of early arrivals.

Many went up for the opening yesterday of the fishing season, and as an aftermath, the reports of many heavy catches may be made.

Mr. J. S. Knapman, wife and family went up yesterday to open their cottage for the season, and will remain for several days.

Mr. Zaccheus Burnham is also an early arrival at the head of the lake.

Miss Jackson and friend, of town, went up yesterday and will remain with her father, Mr. W. H. Jackson for a short time at their cottage, Kel's Creek, which is now practically completed.

Mr. and Mrs. John Sawers, of town opened their cottage, Eagle Mount, for the season on Thursday, and will remain up the lakes.

Mr. H. P. Lindsay will also take a short holiday at his cottage, Eagle Mount.

Mr. H. Piper and party of Toronto, are at present at Mr. Piper's cottage as he invariably takes advantage of the early opportunities for fishing.

Mr. Sam. Hunter, of the Toronto World, opened his cottage "Pepastonian" McCracken's Landing, on Thursday, and for the coming several months, readers of the World will feel with regret the absence of the customary sanctum. Mr. Hunter annually seeks at Stony Lake the pleasures of a well-earned holiday. His work during the past year has been the most brilliant of a brilliant career, and in exchanging the pencil for bamboo pole, a relief from the strenuousities of newspaperdom will doubtless be found, as well as the inspiration for coming efforts which the Kawartha country alone can afford.

R. B. Rice and party, of Toronto, are present at Grassy Island, which Mr. Rice recently purchased.

Mr. Hopkins and party are at the Syndicate Camp, Bonchink.

The arrivals at the hotels have also been quite numerous.

Mr. Perkins of Cincinnati, accompanied by a fishing party of seven, are domiciled at Burleigh. Mr. C. Chase, the well known Rochester nurseryman, and a number of other American tourists, are also at that place. A number of American guests are also at the Young's Point hotels.

Mr. A. E. Nelson, of Rochester, N. Y., is a guest at the South Beach, Young's Point.

Repairs and alterations are noticeable in every direction. An addition is being made to the cottage of Mr. D. W. Dumble, the popular police magistrate.

The material for a new pavilion at "Viamede," has arrived upon the scene, and a force of eight men have already commenced operations in its construction.

A new boat house is being erected by Mr. W. Thompson, of the Mount Julian Hotel.

The Juniper Island post office and store opened this week. Mr. T. W. Robinson is at present there, and is busily engaged in preparing for the season's business.

A heavy traffic in merchandise of all descriptions is reported by the boats.

The steamer trips have this week been taken by the "Empress." Next week, commencing Monday, June 19th, the morning trips will be taken by the "Stony Lake," which will return, as usual, in the afternoon. The night trips, which commence then, will be taken by the

The dining rooms upon both boats

In addition to the list recently published the "Stony Lake" has booked the following excursions:

Lakefield Presbyterian Sunday School, June 20th, to Buckhorn.

Mount Pleasant Sunday School, from Lakefield to Stony Lake, Thursday, June 20th.

The steamer "Majestic" will take the excursion of St. Aidan's Anglican church, Young's Point, to Little Lake, on Saturday, June 24th.

The "Majestic," is at present engaged in towing for the Rathbun Co. Upon the lakes and river much activity is apparent in lumbering operations. A large drive, the property of the Dickson Co., is now just below Young's Point. A drive of Macdonald's is at Burleigh, upon which many men are engaged.

The dredging operations are progressing rapidly at Young's Point. The dredge is at present directly below the locks, where the channel is being straightened.

WOMEN WHO SUFFER

Listen to What Dr. Hartman Proposes to Do for You Without Charge.

Doubtless hundreds of thousands of women all over the United States have seen Dr. Hartman's offer in the papers—how he had undertaken to treat every woman suffering with any form of female disease who will write to him, free of charge.

To those who have not heard of this it may be said that Dr. Hartman is a physician and surgeon of great renown in medical circles, especially in the treatment of those diseases which women alone have to bear.

He has arranged to answer all letters that are sent to him from women troubled with any form of female weakness, free of charge, giving the benefit of knowledge which has cost him forty years to accumulate.

The medicines he prescribes are within the reach of any woman, and she can get them at any drug store.

All she is required to do is to send her name and address, together with her symptoms, duration of sickness and age.

Address Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Mrs. Senator Roach, of Larimore, N. Dak.; Mrs. Senator Warren, of Cheyenne, Wyo.; Belva Lockwood and Mrs. General Longstreet, of Washington, D. C., are among the prominent ladies who indorse Peruna.

Miss Helen Rolof, Kaukauna, Wis., writes:

"Several times during the past two years or more my system has been greatly in need of a tonic, and at those times Peruna has been of great help in building up the system, restoring my appetite and securing restful sleep."—Helen Rolof.

Miss Muriel Armitage, 38 Greenwood Ave., Detroit, Mich., District Organizer of the Royal Templars of Temperance, writes as follows:

"I suffered for five years with uterine irregularities, which brought on hysteria and made me a physical wreck. I tried doctors from the different schools of medicine, but without any perceptible change in my condition. In my despair I called on an old nurse, who advised me to try Peruna, and promised good results if I would persist and take it regularly. I kept this up for six months, and steadily gained strength and health, and when I had used fifteen bottles I considered myself entirely cured. I am a grateful, happy woman to-day."—Miss Muriel Armitage.

Miss Lucy M. Riley, 28 Davenport St., Cleveland, Ohio, writes:

"I wish to add my indorsement to thousands of other women who have been cured through the use of Peruna. I suffered for five years with severe headache, and when weary or worried in the least I had prolonged headache. I am now in perfect health, enjoy life and have neither an ache or pain, thanks to Peruna."—Lucy M. Riley.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

THE INTEREST DISAPPOINTING

Small Attendance at Annual Farmers' Institute Meeting.

Secretary Presents Report of the Year's Work—The Business of the Meeting.

This afternoon the annual meeting of the Farmers' Institute of West Peterborough, was held in the council Chamber and was attended by a number of members of the Institute.

The president, Mr. R. J. Denell, occupied the chair and, after reviewing in a few words the record of the Institute during the past year. The small attendance at the meetings was referred to by the president, who regretted that there was not a deeper interest taken in the work of the Institute among the farmers.

The energetic secretary of the Institute, Mr. Wm. Collins, then presented the report of the executive committee which was as follows,—

To the members of the West Peterborough Farmers' Institute:

Gentlemen, — On behalf of your executive committee, I beg leave to submit, for your approval, the annual report for the year ending May 31st, 1905.

Since making our last year's report, a great many changes have taken place in all our surroundings but still peace and prosperity prevail within our borders, and we have had much to be thankful for. Good crops and fair prices have prevailed since our last meeting, and we have a good prospect of another bountiful harvest.

Our Institute work was somewhat interfered with by the Dominion elections, causing a postponement for a few weeks, until some of the roads became almost impassable. We succeeded in holding all our meetings, but in some cases our attendance was small. At our regular meetings in November, with Messrs. Kydd and Glendenning, at Lakefield, we had an attendance of forty in the afternoon and about four hundred at night; with Mr. Anderson next day at Peterborough, 25 in the afternoon, and 40 in the evening; at North Monaghan, 7. On the last day Mr. Carlow spoke instead of Mr. Glendenning.

At the Supplementary Meetings, our delegates were Mr. Sherrington and Mr. R. H. Field.

At the fourth line of Smith, the afternoon attendance was 40, and the evening 80; seven addresses. At Ennismore next day the afternoon attendance was 40, and evening 375, eight addresses being given. At Stewart's, O'conabee, meeting, the attendance in the afternoon was 25, evening 85; seven addresses being given.

The delegates in every case were well qualified for the work they had undertaken, and all that we had to desire was a larger attendance, and a very material increase in the membership of the Institute.

We might also make mention of our excursion to Guelph last week, in company with East Peterborough and East Durham institutes. We had nearly 600 with us to the O. A. College, by far the best excursion we have ever had. We are very much obliged to Prof. Creelman and his associates for the very hearty welcome we received; also for the information they were all so able and willing to impart. We think the farmers have every reason to feel justly proud of the Ontario Agricultural College and Experimental Farm. Of course our profits financially do not count in our last year's work, but we had an income from the excursion of 1904, which is counted in, as our financial year closes with the 31st of May in each year.

We find, after all our work, a slight falling off in our membership, and what to do to remedy it is the question for us to decide to-day, and act upon, if we expect to go ahead. We must get out of the old rut. Different propositions have been brought before us — such fairs, farmers' picnics, to hold the annual meeting at some advanced agriculturist's home, and have a demonstration on stock judging, or visit an orchard or something of interest, and have an address or two. Judging classes have also been recommended. Surely we can choose some line that will be of interest to our neighbours, whom we are anxious to have become members in order to help the work along. We want the help of every member, and we are entitled to the assistance of all directors, and with a good determined effort we should have one of the largest and best institutes in Ontario. All of which is respectfully submitted.

William Collins,
Secretary.

The financial statement was presented by the Secretary-Treasurer and showed that at the close of the year, May 31st, 1905, there was a credit balance of $1.89 on hand. The total receipts were $139.64, including the balance on hand of last year, $4.89. The other receipts were:—

Members fees	$44 75
Municipal Grant	25 00
Legislative Grant	25 00
Receipts from public meting	7 00
Receipts from excursion	31 89

The expenditures were made up of:—

Expenses for convention	$27 60
Officers' salaries	30 00
Postage and stationery	5 30
Printing	25 75
Advertising	24 45
Lecturer's expenses	14 75

The report as presented was adopted.

AUDITORS' REPORT.

The auditors' report was presented as follows:—

To the Members of the West Peterborough Farmers' Institute:—

We, the undersigned auditors have this day examined the bank and cash book of the treasurer, comprising accounts, cheques and vouchers and find them all correct with a small balance of $1.89 to the credit of the Institute in the Ontario Bank.

All of which is respectfully submitted.

JOSEPH BARNARD,
JONATHAN SMYTHE,
Auditors.

Peterborough, June 15th, 1905.

The remainder of the report of the meeting will be published on Monday.

LIGHT AND WATER IN JACKSON PARK

Proposed to Instal Forty Incandesent Electric Lights.

Need for a Supply of Pure Water for Use of Pic-nic Parties.

(From yesterday's last edition)

The illumination of Jackson Park is a question which is engaging the attention of the trustees of the Nicholls estate and it is probable that a few electric lights will be installed in the park, although it is not probable that the trustees of the estate will go to this expense, and the council may decide to have the work done.

The proposal is to instal about forty incandescent electric lights, and these, it is believed, will light up the park satisfactorily. The lights will be placed about 100 feet apart over the area of the park.

The cost of the wiring will have to be borne by the town or the trustees and the Light and Power Company will supply the current free. It is understood that the present plan will require about 12,000 feet of wire.

The trustees have authorized the erection of a handsome band stand in the park, and it is now in course of construction, and it is probable that when it is completed, occasional band concerts will be given from the stand.

Another matter which many of the citizens have referred to in connection with Jackson Park in the difficulty of procuring drinking water. A spring towards the north-west corner is the only source of water supply and it is not easy of access, nor in such a shape that water can be procured without difficulty.

With the increasing number of picnic parties which are being held there this summer, by reason of the street cars running to the park, the necessity for a good supply of pure water becomes apparent, and it will be well for the authorities to take the matter into consideration.

SUDDEN DEATH OF [illegible] LENNON-GADOUAS

Was Taken Ill on Thursday and Died at 3 a. m. To-day.

The many friends of Mr. and Mrs. Joseph Gadouas, 121 George street, will be grieved to learn of the death of their nine year old son, Lennon. The little fellow was only taken ill on Thursday and although all possible medical aid was procured, life could not be saved, death coming at 3 o'clock this morning, the cause being inflamatory trouble. He is the second of three sons and was a lad of much promise.

The funeral will take place on Sunday at 3 p.m., from the family residence to St. Peter's Cathedral, and thence to the Roman Catholic cemetery.

FIRST COMMUNION AT CATHEDRAL

About One Hundred Candidates Will be Confirmed To-morrow Morning.

The Sacrament of Confirmation will be administered to about 100 candidates at St. Peter's Cathedral to-morrow by his Lordship Bishop O'Connor.

The children will receive their first Holy Communion at 9.15 o'clock which will be sung by His Lordship the Bishop, after which the Sacramental Rites will be administered.

100,000 People.
There are a lot of people who have realized this year what modern bicycling is. There are also at least 100,000 who think they know, but who really do not know, what bicycling means to-day.
These people rode wheels five or ten years ago, when bicycling

was in its infancy. They stopped because they thought it too hard work, that the bicycle was hard on the arms, or was uncomfortable to ride on uneven roads, or was unreliable. It's a different proposition to-day.
The fact of the matter is that the bicycle is as far ahead of its predecessor of 1895 in point of safety, reliability, comfort and easy riding as a Pullman is over a freight caboose.
THE COASTER BRAKE has cut out one-quarter of the pedalling, and has made even mountain descents perfectly safe.
THE CUSHION FRAME has made all roads smooth by absorbing the vibration. It adds besides luxurious comfort.
THE MILLS HANDLE BAR takes the strain off the arms and absorbs the jarring of the front wheel.

SATURDAY, JUNE 17, 1905.

CANADA ARRIVES AGAIN.

Sir Wilfrid Laurier, speaking in Peterborough last November, said that the Twentieth Century belonged to Canada. That is, that this century would witness Canada's material growth and expansion, as the last century had that of the United States. And events daily occurring show that he was justified in his splendidly patriotic optimism. It would be tedious to enter into detail in the matter, but illustrative reference might be made to a recent straw, showing the direction of the wind of progress. The record trip of the Allan Line turbine steamer Virginian — six days and fourteen hours—gives a boom to the St. Lawrence termination of the transatlantic trip, and shows how Canadian enterprise is reducing the ocean voyage of three thousand miles to the matter of a mere ferry trip. Forgetting for the moment that comparisons are odious, contrast the performance of the Canadian turbiner, and the Canadian transoceanic route, with those of the steamer Celtic of the White Star. The latter had the benefit of a day's start of the Canadian steamer, yet the mails carried by the latter will be delivered in St. Paul's, Minnesota, a day ahead of those carried by the Celtic. Thus the Canadian steamer and route represent a gain of two days, an important period in mail transportation. Then we are just beginning to grow wheat in the Canadian Northwest, but the C. P. R. estimate of this year's crop is 125 million bushels, and we have enough untilled wheat land, if only one half of it is put under cultivation, to raise five hundred million bushels a year. Canada is indeed "the granary of the Empire."

PUSH AND SMILE.

The city of Denver has adopted a great motto. It is:

"Push and smile."

The speech is felicitous. It has in it the making of a sounding slogan. It has also in it a great philosophy.

In the building up of a town push is a great thing. But to push and to smile at one and the same time is a greater thing. The combination is a conquering one.

The city which commands the service of men who push its public enterprises and at the same time keep sweet themselves, is fortunate. For there are those who push all right but who constantly rail at those who do not push. These be knockers, even if they do push.

Push and smile, or smile and push.

It matters not how you put it, so that both terms are included.

He who smiles as he pushes his private business, or pushes his private business as he smiles, is an optimist who will get on.

The spirit of success is in him.

The smile that pushes is the smile that will not come off.

Behind the smile and the push is the man.

"Push and smile."

The gonfalon is one to linger over and to conjure with. It has in it the note of victory.

AN EMBEZZLER'S FATE.

Some good wholesome advice is handed out on the head of the punishment meted out to Frank G. Bigelow, the defaulting president of a Milwaukee bank, who has recently been committed to spend ten years in the Fort Leavenworth prison, and in referring to the fact, the "Soo" News says:

From a foremost place in western banking circles, honoured as a citizen, respected and esteemed by many, to a common convict, with ten years' ignominious seclusion before him, is an awful plunge for any man to take. But the suffering and the sorrow are the price that has to be paid for yielding to temptation. They are the wages of sin.

Bigelow may not be deserving of sympathy. He was not faithful to the trust that was placed in him. He betrayed those who gave him their confidence. The crime he committed was most grave, and called for the severest punishment. But, undeserving as he may be, who is so strong hearted as not to have some regret, some pity, for the man who has done wrong, who was justly proud of his position, and is now in the deepest disgrace?

Bigelow's fate should be a lesson and a warning to all who hold positions of trust and responsibility. Its application is not alone to those whose places are high, but as well to those in minor positions, to bank clerks, and even the errand boys. The only wise and safe course is strict and implicit honesty, and this should be not merely policy, but based on principle. The honest man, the man who is faithful to every trust, regardless whether it is great or small, never has disgrace to face or sorrow to endure. He is clean in his conscience, can look the world in the eyes, and never need fear exposure. The way to be honest is to be honest, to resist the small temptations when they come and to regard as sacred any money that may be entrusted to you.

EDITORIAL NOTES

The local mills of the American Cereal Company are announced to resume again next week. It is impossible to keep a good thing down. The demand for the food which produces the "smile that won't come off," is so great that they simply have to keep the plant in operation.

Recent events in Oriental waters emphasized once more the truth of the popular saying that it is the man behind the gun that does the work. Naval battles are won by the nation which can boast of the best marksmen, granting that the discrepancy in armament and ordnance is not too great; and on land the advantage is invariably with the army which can shoot the straightest, even though the army of inferior marksmen outnumbers its adversary.

"I forecasted not long ago, and I still believe that Winnipeg will, within ten years, be as large as Toronto. I also think that within a quarter of a century the capital of Manitoba will be the largest city in Canada.'—Thomas Greenway, M. P.

It might be advisable for Mr. Greenway if he values his reputation, as a successful prognosticator, to take a run down to Peterborough and see the progress we are making here, before making any more such rash statements.

MORE EFFICIENT LIGHTING SERVICE

Many Changes in the Location of Street Lights Suggested.

A Thorough Investigation of the Service Leads to Many Alterations Being Made.

The chairman of the Fire, Water and Light Committee at the meeting last night submitted the town engineer's list of proposed changes to certain lights, and these were considered by the comittee separately as follows,—

One lamp at the corner of Aylmer and Dublin streets, to be moved from the north-east to the south-east corner and placed on a higher pole.—Approved.

One lamp petitioned for by, W. H. Hill and others at the corner of Bethune and Dublin streets.—Approved.

One lamp on the corner of McDonel and Bethune streets, to be raised eight feet and hung on bracket.—Approved.

Lamp at corner of London and Reid streets, ordered to be moved to the west side of Reid street, now recommended that position be not changed but that the lamp be hung on a bracket.—Approved.

The lamp at the corner of Aylmer and Charlotte streets, having been moved to Bethune street, it is now recommended that two 16 candle power lamps be placed, one at the south-east and one at the north-west to be operated from the corner store.—Approved.

Lamp at the corner of Stewart and Simcoe streets to be moved to the north-east corner.—Approved.

On Euclid avenue, at the corner of Erskine street, it is recommended that an are lamp be placed.—Approved.

At the corner of Benson avenue and Benson street, it is recommended that an are lamp be placed. This is a very dark place although not far from the Smith street light.—Left with the chairman.

Corner of Victoria and Downie streets, new lamp recommended, or as an alternative, at the north-east corner of Smith and Downie.—Alternative approved.

Lamp at corner of Homewood avenue and Babb's lane, to be placed 12 feet higher.—Approved.

Lamp at corner of Rubidge and Dalhousie streets petitioned to be moved to the corner of Wolfe and Rubidge streets. This requires further consideration.—Not moved, but left where it is.

Lamp at the corner of Rubidge and Hunter, to be moved to the west side of Rubidge street opposite the centre of Hunter street, and the lamp to be 25 feet from the ground.—Approved.

Lamp at the corner of Weller and Walton street to be moved to the north side of Weller street, opposite the centre of Walton street.—Approved.

Lamp on Gilmour street, near Babb's lane, to be moved west to higher ground, opposite no. 89, lamp to be hung on bracket, and trees to be trimmed.—Approved.

Lamp on Water street at the Auburn dam, near the bend in the road. It is not recommended to move the lamp south, but to place a new lamp midway between that point and the next lamp.—No action was taken.

Lamp at the corner of Brock and Bethune streets to be moved four feet to the north-west and placed 15 feet higher.—Approved.

Lamp at the corner of Water and Inverlea streets to be moved to the north-east corner and hung on a bracket.—Approved.

Lamp at the corner of Aylmer and King ordered to be moved to the north-west corner; recommended not to change position but to hang the lamp on a bracket.—Approved.

Lamp at the corner of Aylmer and King ordered to be moved to the north-west corner; recommended not to change position but to hang the lamp on a long bracket.—Approved.

The committee will recommend that three or four small lamps be placed on Rogers street, leading up to St. Luke's Church.

It was moved by Ald. Hall, seconded by Ald. Hicks that the lamp at the corner of McDonel and Water streets be hung on a bracket or moved so that it will show up Water street.—This was carried.

Moved by Ald. Hall, seconded by Ald. McIntyre, that the lamp proposed for the lighting of Central Park, be placed on the south side of McDonel street, opposite the pole between Mr. Hay's and Ald. Leary's residences, provided the Peterborough Light and Power Company supply light for the same free of cost.—Carried.

The meeting then adjourned.

WILL CELEBRATE HIS FIRST MASS

Rev. Father Torpey, a Peterborough Boy, to Officiate.

Native of Peterborough County and Graduate of St. Paul's Seminary—To-morrow at St. Peter's.

The last mass to-morrow morning will be sung at eleven o'clock by Rev. Father Torpey, who returned some days ago from St. Paul's, Minn., from the seminary in which place he recently graduated. To-morrow will be the first mass at which he has officiated since his ordination.

Rev. Father Torpey was born in the Parish of Peterborough, and received his early education here, being a graduate of the Collegiate Institute, and of St. Michael's College, Toronto. He is a son of the late Eugene Torpey, his mother, with whom he has been visiting since his return, still residing in Otonabee. One brother, John, also resides in that township, and a sister, Mrs. Andrew Bowie, at Allandale.

At the conclusion of a highly successful course at the local Collegiate Institute, Rev. Father Torpey was engaged for some time in the profession of teaching, and, after graduating from St. Michael's, Toronto, entered upon a theological course, at St. Paul's seminary, Minnesota, from which he graduated a short time ago, his ordination taking place on Saturday last.

Rev. Father Torpey will remain for an extended holiday in Peterborough before his return to Dubuque, Iowa, and is receiving a cordial welcome from his hosts of friends here. The hour of the last mass to-morrow morning will be eleven o'clock instead of 10.30, owing to the confirmation.

"FROM the point of view of the criminal expert," said Mr. Sherlock Holmes, "London has become a singularly uninteresting city since the death of the late lamented Professor Moriarty."

"I can hardly think that you would find many decent citizens to agree with you," I answered.

"Well, well, I must not be selfish," said he, with a smile as he pushed back his chair from the breakfast table. "The community is certainly the gainer and no one the loser save the poor out of work specialist, whose occupation has gone. With that man in the field one's morning paper presented infinite possibilities. Often it was only the smallest trace, Watson, the faintest indication, and yet it was enough to tell me that the great malignant brain was there, as the gentlest tremors of the edges of the web remind one of the foul spider which lurks in the center. Petty thefts, wanton assaults, purposeless outrage—to the man who held the clew all could be worked into one connected whole. To the scientific student of the higher criminal world no capital in Europe offered the advantages which London then possessed. But now"— He shrugged his shoulders in humorous deprecation of the state of things which he had himself done so much to produce.

At the time of which I speak, Holmes had been back for some months, and I at his request had sold my practice and returned to share the old quarters in Baker street. A young doctor named Verner had purchased my small Kensington practice and given with astonishingly little demur the highest price that I ventured to ask—an incident which only explained itself some time later when I found that Verner was a distant relation of Holmes and that it was my friend who had really found the money.

Our months of partnership had not been so uneventful as he had stated, for I find on looking over my notes that this period includes the case of the papers of ex-President Murillo, and also the shocking affair of the Dutch steamship Friesland, which so nearly cost us both our lives. His cold and proud nature was always averse, however, to anything in the shape of public applause, and he bound me in the most stringent terms to say no further word of himself, his methods or his successes—a prohibition which, as I have explained, has only now been removed.

Mr. Sherlock Holmes was leaning back in his chair after his whimsical protest, and was unfolding his morning paper in a leisurely fashion when our attention was arrested by a tremendous ring at the bell, followed immediately by a hollow drumming sound, as if some one were beating on the outer door with his fist. As it opened there came a tumultuous rush into the hall, rapid feet clattered up the stair and an instant later a wild eyed and frantic young man, pale, disheveled and palpitating, burst into the room. He looked from one to the other of us, and under our gaze of inquiry he became conscious that some apology was needed for this unceremonious entry.

"I'm sorry, Mr. Holmes," he cried. "You mustn't blame me. I am nearly mad. Mr. Holmes, I am the unhappy John Hector McFarlane."

He made the announcement as if the name alone would explain both his visit and its manner, but I could see by my companion's unresponsive face that it meant no more to him than to me.

"Have a cigarette, Mr. McFarlane," said he, pushing his case across. "I am sure that with your symptoms my friend Dr. Watson here would prescribe a sedative. The weather has been so very warm these last few days. Now, if you feel a little more composed I should be glad if you would sit down in that chair and tell us very slowly and quietly who you are and what it is that you want. You mentioned your name as if I should recognise it, but I assure you that beyond the obvious facts that you are a bachelor, a solicitor, a Freemason and an asthmatic I know nothing whatever about you."

Familiar as I was with my friend's methods, it was not difficult for me to follow his deductions and to observe the untidiness of attire, the sheaf of legal papers, the watch charm and the breathing which had prompted them. Our client, however, stared in amazement.

"Yes, I am all that, Mr. Holmes, and in addition I am the most unfortunate man at this moment in London. For heaven's sake, don't abandon me, Mr. Holmes! If they come to arrest me before I have finished my story make them give me time so that I may tell you the whole truth. I could go to jail happy if I knew that you were working for me outside."

"Arrest you!" said Holmes. "This is really most grati—most interesting. On what charge do you expect to be arrested?"

"Upon the charge of murdering Mr. Jonas Oldacre of Lower Norwood."

My companion's expressive face showed a sympathy which was not, I am afraid, entirely unmixed with satisfaction.

"Dear me," said he, "it was only this moment at breakfast that I was saying to my friend Dr. Watson that sensational cases had disappeared out of our papers."

Our visitor stretched forward a quivering hand and picked up the Daily Telegraph, which still lay upon Holmes' knee.

"If you had looked at it, sir, you would have seen at a glance what this errand is on which I have come to you this morning. I feel as if my name and my misfortune must be in every man's mouth." He turned it over to expose the central page. "Here it is, and with your permission I will read it to you. Listen to this, Mr. Holmes. The headlines are: 'Mysterious Affair at Lower Norwood. Disappearance of a Well Known Builder. Suspicion of Murder and Arson. A Clew to the Criminal.' That is the clew which they are already following, Mr. Holmes, and I know that it leads infallibly to me. I have been followed from London Bridge station, and I am sure that they are only waiting for the warrant to arrest me. It will break my mother's heart—it will break her heart!" He wrung his hands in an agony of apprehension and swayed backward and forward in his chair.

I looked with interest upon this man who was accused of being the perpetrator of a crime of violence. He was flaxen haired and handsome, in a washed out negative fashion, with frightened blue eyes and a clean shaven face, with a weak, sensitive mouth. His age may have been about twenty-seven, his dress and bearing that of a gentleman. From the pocket of his light summer overcoat protruded the bundle of indorsed papers which proclaimed his profession.

"We must use what time we have," said Holmes. "Watson, would you have the kindness to take the paper and to read the paragraph in question?"

Underneath the vigorous headlines which our client had quoted I read the following suggestive narrative:

Late last night or early this morning an incident occurred at Lower Norwood which points, it is feared, to a serious crime. Mr. Jonas Oldacre is a well known resident of that suburb, where he has carried on his business as a builder for many years. Mr. Oldacre is a bachelor, fifty-two years of age, and lives in Deep Dene House at the Sydenham end of the road of that name. He has had the reputation of being a man of eccentric habits, secretive and retiring. For some years he has practically withdrawn from the business in which he is said to have amassed considerable wealth. A small timber yard still exists, however, at the back of the house, and last night, about 12 o'clock, an alarm was given that one of the stacks was on fire. The engines were soon upon the spot, but the dry wood burned with great fury, and it was impossible to arrest the conflagration until the stack had been entirely consumed. It is to this point the incident here the appearance of an ordinary accident, but fresh indications seem to point to serious crime. Surprise was expressed at the absence of the master of the establishment from the scene of the fire, and an inquiry followed, which showed that he had disappeared from the house. An examination of his room revealed that the bed had not been slept in, that a safe which stood in it was open, that a number of important papers were scattered about the room and finally that there were signs of a murderous struggle, slight traces of blood being found within the room, and an oaken walking stick, which also showed stains of blood upon the handle. It is known that Mr. Jonas Oldacre had received a late visitor in his bedroom upon that night, and the stick found has been identified as the property of this person, who is a young London solicitor named John Hector McFarlane, junior partner of Graham & McFarlane of 426 Gresham buildings, E. C. The police believe that they have evidence in their possession which supplies a very convincing motive for the crime, and altogether it cannot be doubted that sensational developments will follow.

Later.—It is rumored as we go to press that John Hector McFarlane has actually been arrested on the charge of the murder of Jonas Oldacre. It is at least certain that a warrant has been issued. There have been further and sinister developments in the investigation at Norwood. Besides the signs of a struggle in the room of the unfortunate builder it is now known that the French windows of his bedroom (which is on the ground floor) were found to be open, that there were marks as if some bulky object had been dragged across to the wood pile, and finally it is asserted that charred remains have been found among the clear cold ashes of the fire. The police theory is that a most sensational crime has been committed, that the victim was clubbed to death in his own bedroom, his papers rifled and his dead body dragged across to the wood stack, which was then ignited, so as to hide all traces of the crime. The conduct of the criminal investigation has been left in the experienced hands of Inspector Lestrade of Scotland Yard, who is following up the clews with his accustomed energy and sagacity.

Sherlock Holmes listened, with closed eyes and finger tips together, to this remarkable account.

"The case has certainly some points of interest," said he in his languid fashion. "May I ask, in the first place, Mr. McFarlane, how it is that you are still at liberty, since there appears to be enough evidence to justify your arrest?"

"I live at Torrington Lodge, Blackheath, with my parents, Mr. Holmes, but last night, having to do business very late with Mr. Jonas Oldacre, I stayed at a hotel in Norwood and came to my business from there. I knew nothing of this affair until I was in the train, when I read what you have just heard. I at once saw the horrible danger of my position, and I hurried to put the case into your hands. I have no doubt that I should have been arrested either at my city office or at my home. A man followed me from London Bridge station, and I have no doubt— Great heaven! What is that?"

It was a clang of the bell, followed instantly by heavy steps upon the stair. A moment later our old friend Lestrade appeared in the doorway. Over his shoulder I caught a glimpse of one or two uniformed policemen outside.

"Mr. John Hector McFarlane?" said Lestrade.

Our unfortunate client rose, with a ghastly face.

"I arrest you for the willful murder of Mr. Jonas Oldacre of Lower Norwood."

McFarlane turned to us with a gesture of despair and sank into his chair once more like one who is crushed.

"One moment, Lestrade," said Holmes. "Half an hour more or less can make no difference to you, and the gentleman was about to give us an account of this very interesting affair which might aid us in clearing it up."

"None the less, with your permission, I should be much interested to hear his account."

"Well, Mr. Holmes, it is difficult for me to refuse you anything, for you have been of use to the force once or twice in the past, and we owe you a good turn at Scotland Yard," said Lestrade. "At the same time I must remain with my prisoner, and I am bound to warn him that anything he may say will appear in evidence against him."

"I wish nothing better," said our client. "All I ask is that you should hear and recognize the absolute truth."

Lestrade looked at his watch. "I'll give you half an hour," said he.

"I must explain first," said McFarlane, "that I knew nothing of Mr. Jonas Oldacre. His name was familiar to me, for many years ago my parents were acquainted with him, but they drifted apart. I was very much surprised, therefore, when yesterday about 3 o'clock in the afternoon he walked into my office in the city. But I was still more astonished when he told me the object of his visit. He had in his hand several sheets of a notebook, covered with scribbled writing—here they are—and he laid them on my table.

"'Here is my will,' said he. 'I want you, Mr. McFarlane, to cast it into proper legal shape. I will sit here while you do so.'

"I set myself to copy it, and you can imagine my astonishment when I found that, with some reservations, he had left all his property to me. He was a strange little fore-the-knee man, with white eyelashes, and when I looked up at him I found his keen gray eyes fixed upon me with an amused expression. I could hardly believe my own senses as I read the terms of the will, but he explained that he was a bachelor with hardly any living relation, that he had known my parents in his youth and that he had always heard of me as a very deserving young man and was assured that his money would be in worthy hands. Of course I could only stammer out my thanks.

"The will was duly finished, signed and witnessed by my clerk. This is it on the blue paper, and these slips, as I have explained, are the rough draft. Mr. Jonas Oldacre then informed me that there were a number of documents—building leases, title deeds, mortgages, scrip, and so forth—which it was necessary that I should see and understand. He said that his mind would not be easy until the whole thing was settled, and he begged me to come out to his house at Norwood that night, bringing the will with me, and to arrange matters. 'Remember, my boy, not one word to your parents about the affair until everything is settled. We will keep it as a little surprise for them.' He was very insistent upon this point and made me promise it faithfully.

"You can imagine, Mr. Holmes, that I was not in a humor to refuse him anything that he might ask. He was my benefactor, and all my desire was to carry out his wishes in every particular. I sent a telegram home, therefore, to say that I had important business on hand and that it was impossible for me to say how late I might be. Mr. Oldacre had told me that he would like me to have supper with him at 9, as he might not be home before that hour. I had some difficulty in finding his house, however, and it was nearly half past before I reached it. I found him"—

"One moment," said Holmes. "Who opened the door?"

"A middle aged woman, who was, I suppose, his housekeeper."

"And it was she, I presume, who mentioned your name."

"Exactly," said McFarlane.

"Pray proceed."

McFarlane wiped his damp brow and then continued his narrative:

"I was shown by this woman into a sitting room, where a frugal supper was laid out. Afterward Mr. Jonas Oldacre led me into his bedroom, in which there stood a heavy safe. This he opened and took out a mass of documents, which we went over together. It was between 11 and 12 when we finished. He remarked that we must not disturb the housekeeper. He showed me out through his own French window, which had been open all this time."

"Was the blind down?" asked Holmes.

"I will not be sure, but I believe that it was only half down. Yes, I remember how he pulled it up in order to swing open the window. I could not find my stick, and he said, 'Never mind, my boy, I shall see a good deal of you now, I hope, and I will keep your stick until you come back to claim it.' I left him there, the safe open and the papers made up in packets upon the table. It was so late that I could not get back to Blackheath, so I spent the night at the Anerley Arms, and I know nothing more until I read of this horrible affair in the morning."

"Anything more that you would like to ask, Mr. Holmes?" said Lestrade, whose eyebrows had gone up once or twice during this remarkable explanation.

"Not until I have been to Blackheath."

"You mean to Norwood," said Lestrade.

"Oh, yes; no doubt that is what I must have meant," said Holmes, with his enigmatical smile. Lestrade had learned by more experiences than he would care to acknowledge that that razorlike brain could cut through that which was impenetrable to him. I saw him look curiously at my companion.

"I think I should like to have a word with you presently, Mr. Sherlock Holmes," said he. "Now, Mr. McFarlane, two of my constables are at the door, and there is a four wheeler waiting." The wretched young man arose and with a last beseeching glance at us walked from the room. The officers conducted him to the cab, but Lestrade remained.

Holmes had picked up the pages which formed the rough draft of the will and was looking at them with the keenest interest upon his face.

"There are some points about that document, Lestrade, are there not?" said he, pushing them over.

The official looked at them with a puzzled expression.

"I can read the first few lines and those in the middle of the second page and one or two at the end. Those are as clear as print," said he, "but the writing in between is very bad, and there are three places where I cannot read it at all."

"What do you make of that?" said Holmes.

"Well, what do you make of it?"

"That it was written in a train. The good writing represents stations, the bad writing movement, and the very bad writing passing over points. A scientific expert would pronounce at once that this was drawn up on a suburban line, since nowhere save in the immediate vicinity of a great city could there be so quick a succession of points. Granting that his whole journey was occupied in drawing up the will, then the train was an express, only stopping once between Norwood and London bridge."

Lestrade began to laugh.

"You are too many for me when you begin to get on your theories, Mr. Holmes," said he. "How does this bear on the case?"

"Well, it corroborates the young man's story to the extent that the will was drawn up by Jonas Oldacre in his journey yesterday. If so curious, is it not, that a man should draw up so important a document in so haphazard a fashion. It suggests that he did not think it was going to be of much practical importance. If a man drew up a will which he did not intend ever to be effective he might do it so."

"Well, he drew up his own death warrant at the same time," said Lestrade.

"Oh, you think so?"

"Don't you?"

"Well, it is quite possible, but the case is not clear to me yet."

"Not clear? Well, if that isn't clear what could be clear? Here is a young man who learns suddenly that if a certain older man dies he will succeed to a fortune. What does he do? He says nothing to any one, but he arranges that he shall go out on some pretext to see his client that night. He waits until the only other person in the house is in bed, and then in the solitude of the man's room he murders him, burns his body in the wood pile and departs to a neighboring hotel. The blood stains in the room and also on the stick are very slight. It is probable that he imagined his crime to be a bloodless one and hoped that if the body were consumed it would hide all traces of the method of his death, traces which for some reason must have pointed to him. Is not all this obvious?"

"It strikes me, my good Lestrade, as being just a trifle too obvious," said Holmes. "You do not add imagination to your other great qualities, but if you could for one moment put yourself in the place of this young man would you choose the very night after the will had been made to commit your crime? Would it not seem dangerous to you to make so very close a relation between the two incidents? Again, would you choose an occasion when you are known to be in the house, when a servant has let you in? And, finally, would you take the great pains to conceal the body and yet leave your own stick as a sign that you were the criminal? Confess, Lestrade, that all this is very unlikely."

"As to the stick, Mr. Holmes, you know as well as I do that a criminal is often flurried and does such things, which a cool man would avoid. He was very likely afraid to go back to the room. Give me another theory that would fit the facts."

"I could very easily give you half a dozen," said Holmes. "Here, for example, is a very possible and even probable one. I make you a free present of it. The older man is showing documents which are of evident value. A passing tramp sees them through the window, the blind of which is only half down. Exit the solicitor. Enter the tramp. He seizes a stick, which he observes there, kills Oldacre and departs after burning the body."

"Why should the tramp burn the body?"

For the matter of that, why should McFarlane?"

"To hide some evidence."

"Possibly the tramp wanted to hide that any murder at all had been committed."

"And why did the tramp take nothing?"

"Because they were papers that he could not negotiate."

Lestrade shook his head, though it seemed to me that his manner was less absolutely assured than before.

"Well, Mr. Sherlock Holmes, you may look for your tramp, and while you are finding him we will hold on to our man. The future will show which is right. Just notice this point, Mr. Holmes—that so far as we know none of the papers were removed and that the prisoner is the one man in the world who had no reason for removing them, since he was heir at law and would come into them in any case."

My friend seemed struck by this remark.

"I don't mean to deny that the evidence is in some ways very strongly in favor of your theory," said he. "I only wish to point out that there are other theories possible. As you say, the future will decide. Good morning! I dare say that in the course of the day I shall drop in at Norwood and see how you are getting on."

When the detective departed my friend rose and made his preparations for the day's work with the alert air of a man who has a congenial task before him.

"My first movement, Watson," said he as he bustled into his frock coat, "must, as I said, be in the direction of Blackheath."

"And why not Norwood?"

"Because we have in this case one singular incident coming close to the heels of another singular incident. The police are making the mistake of concentrating their attention upon the second because it happens to be the one which is actually criminal. But it is evident to me that the logical way to approach the case is upon the first incident—the curious will, so suddenly made and so unexpected at last. It may do something to simplify what follows. No, my dear fellow, I don't think you can help me. There is no prospect of danger, or I should not dream of stirring out without you. I trust that when I see you in the evening I will be able to report that I have been able to do something for this unfortunate youngster who has thrown himself upon my protection."

It was late when my friend returned, and I could see by a glance at his haggard and anxious face that the high hopes with which he had started had not been fulfilled. For an hour he droned away upon his violin, endeavoring to soothe his own ruffled spirits. At last he flung down the instrument and plunged into a detailed account of his misadventures.

"It's all going wrong, Watson—all as wrong as it can go. I kept a bold face before Lestrade, but, upon my soul, I believe that for once the fellow is on the right track and we are on the wrong. All my instincts are one way, and all the facts are the other, and I much fear that British juries have not yet attained that pitch of intelligence when they will give the preference to my theories over Lestrade's facts."

"Did you go to Blackheath?"

"Yes, Watson, I went there, and I found very quickly that the late lamented Oldacre was a pretty considerable blackguard. The father was away in search of his son. The mother was at home—a little, fluffy, blue eyed person, in a tremor of fear and indignation. Of course she would not admit even the possibility of his guilt. But she would not express either surprise or regret over the fate of Oldacre. On the contrary, she spoke of him with such bitterness that she was unconsciously considerably strengthening the case of the police, for, of course, if her son had heard her speak of the man in this fashion it would predispose him toward hatred and violence. 'He was more like a malignant and cunning ape than a human being,' said she, 'and he always was, ever since he was a young man.'

"'You knew him at that time?' said I.

"'Yes, I knew him well; in fact, he was an old suitor of mine. Thank heaven that I had the sense to turn away from him and to marry a better, if poorer, man. I was engaged to him, Mr. Holmes, when I heard a shocking story of how he had turned a cat loose in an aviary, and I was so horrified at his brutal cruelty that I would have nothing more to do with him.' She rummaged in a bureau, and presently she produced a photograph of the woman shamefully defaced and mutilated with a knife. 'That is my own photograph,' she said. 'He sent it to me in that state, with his curse, upon my wedding morning.'

"'Well,' said I, 'at least he has forgiven you now, since he has left all his property to your son.'

"'Neither my son nor I want anything from Jonas Oldacre, dead or alive!' she cried, with a proper spirit. 'There is a God in heaven, Mr. Holmes, and that same God who has punished that wicked man will show in His own good time that my son's hands are guiltless of his blood.'

"Well, I tried one or two leads, but could get at nothing which would help our hypothesis and several points which would make against it. I gave it up at last, and off I went to Norwood.

"This place, Deep Dene House, is a big modern villa of staring brick standing back in its own grounds, with a laurel clumped lawn in front of it. To the right and some distance back from the road was the timber yard which had been the scene of the fire. Here's a rough plan on a leaf of my notebook. This window on the left is the one which opens into Oldacre's room. You can look into it from the road, you see. That is about the only bit of consolation I have had today. Lestrade was not there, but his head constable was on the lookout for me. They had got all the news of the great treasure trove. They had found the morning rubbish among the ashes of the burned wood pile, and had secured several charred papers. These I examined with care, and there was no doubt that they were trousers buttons. I threw down the last one of them with the name of

The Return of SHERLOCK HOLMES

Hyams, who was Oldacre's tailor. I then worked the lawn very carefully for signs and traces, but this drought has made everything as hard as iron. Nothing was to be seen save that some body or bundle had been dragged through a low privet hedge which is in a line with the wood pile. All that, of course, fits in with the official theory. I crawled about the lawn with an August sun on my back, but I got up at the end of an hour no wiser than before.

"Well, after this fiasco I went into the bedroom and examined that also. The blood stains were very slight, mere smears and discolorations, but undoubtedly fresh. The stick had been removed, but there also the marks were slight. There is no doubt about the stick belonging to our client. He admits it. Footmarks of both men could be made out on the carpet, but none of any third person, which again is a trick for the other side. They were piling up their score all the time, and we were at a standstill.

"Only one little gleam of hope did I get, and yet it amounted to nothing. I examined the contents of the safe, most of which had been taken out and left on the table. The papers had been made up into sealed envelopes, one or two of which had been opened by the police. They were not, so far as I could judge, of any great value, nor did the bank book show that Mr. Oldacre was in such very affluent circumstances. But it seemed to me that all the papers were not there. There were allusions to some deeds—possibly the more valuable—which I could not find. This, of course, if we could definitely prove it, would turn Lestrade's argument against himself, for who would steal a thing if he knew that he would shortly inherit it?

"Finally, having drawn every other cover and picked up no scent, I tried my luck with the housekeeper. Mrs. Lexington is her name—a little, dark, silent person, with suspicious and sidelong eyes. She could tell us something if she would. I am convinced of it. But she was as close as wax. Yes, she had let Mr. McFarlane in at half past 9. She wished her hand had withered before she had done so. She had gone to bed at half past 10. Her room was at the other end of the house and she could hear nothing of what passed. Mr. McFarlane had left his hat and, to the best of her belief, his stick in the hall. She had been awakened by the alarm of fire. Her poor, dear master had certainly been murdered. Had he any enemies? Well, every man had enemies, but Mr. Oldacre kept himself very much to himself and only met people in the way of business. She had seen the buttons and was sure that they belonged to the clothes which he had worn last night. The wood pile was very dry, for it had not rained for a month. It burned like tinder, and by the time she reached the spot nothing could be seen but flames. She and all the firemen smelled the burned flesh from inside it. She knew nothing of the papers nor of Mr. Oldacre's private affairs.

"So, my dear Watson, there's my report of a failure. And yet—and yet"—he clinched his thin hands in a paroxysm of conviction—"I know it's all wrong. I feel it in my bones. There is something that has not come out, and that housekeeper knows it. There was a sort of sulky defiance in her eyes which only goes with guilty knowledge. However, there's no good talking any more about it, Watson. But unless some lucky chance comes our way I fear that the Norwood disappearance case will not figure in that chronicle of our successes which I foresee that a patient public will sooner or later have to endure."

"Surely," said I, "the man's appearance would go far with any jury."

"That is a dangerous argument, my dear Watson. You remember that terrible murderer, Bert Stevens, who wanted us to get him off in '87? Was there ever a more mild mannered, Sunday school young man?"

"It is true."

"Unless we succeed in establishing an alternative theory this man is lost. You can hardly find a flaw in the case which can now be presented against him, and all further investigation has served to strengthen it. By the way, there is one curious little point about those papers which may serve us as the starting point for an inquiry. On looking over the bank book I found that the low state of the balance was principally due to large checks which have been made out during the last year to Mr. Cornelius. I confess that I should be interested to know who this Mr. Cornelius may be with whom a retired builder has such very large transactions. Is it possible that he has had a hand in the affair? Cornelius might be a broker, but we have found no scrip to correspond with these large payments. Failing any other indication, my researches must now take the direction of an inquiry at the bank for the gentleman who has cashed these checks. But I fear, my dear fellow, that our case will end ingloriously by Lestrade hanging our client, which will certainly be a triumph for Scotland Yard."

I do not know how far Sherlock Holmes took any sleep that night, but when I came down to breakfast I found him pale and harassed, his bright eyes the brighter for the dark shadows round them. The carpet round his chair

"She could tell us something if she would."

was littered with cigarette ends and with the early editions of the morning papers. An open telegram lay upon the table.

"What do you think of this, Watson?" he asked, tossing it across.

It was from Norwood and ran as follows:

Important fresh evidence to hand. McFarlane's guilt definitely established. Advise you to abandon case. LESTRADE.

"This sounds serious," said I.

"It is Lestrade's little cock-a-doodle of victory," Holmes answered, with a bitter smile. "And yet it may be premature to abandon the case. After all, important fresh evidence is a two edged thing and may possibly cut in a very different direction from that which Lestrade imagines. Take your breakfast, Watson, and we will go out together and see what we can do. I feel as if I shall need your company and your moral support today."

My friend had no breakfast himself, for it was one of his peculiarities that in his more intense moments he would permit himself no food, and I have known him to presume upon his iron strength until he has fainted from pure inanition. "At present I cannot spare energy and nerve force for digestion," he would say in answer to my medical remonstrances. I was not surprised, therefore, when this morning he left his untouched meal behind him and started with me for Norwood. A crowd of morbid sightseers were still gathered round Deep Dene House, which was just such a suburban villa as I had pictured. Within the gates Lestrade met us, his face flushed with victory, his manner grossly triumphant.

"Well, Mr. Holmes, have you proved us to be wrong yet? Have you found your tramp?" he cried.

"I have formed no conclusion whatever," my companion answered.

"But we formed ours yesterday, and now it proves to be correct, so you must acknowledge that we have been a little in front of you this time, Mr. Holmes."

"You certainly have the air of something unusual having occurred," said Holmes.

Lestrade laughed loudly.

"You don't like being beaten any more than the rest of us do," said he. "A man can't expect always to have it his own way, can he, Dr. Watson? Step this way, if you please, gentlemen, and I think I can convince you once for all that it was John McFarlane who did this crime."

He led us through the passage and out into a dark hall beyond.

"This is where young McFarlane must have come out to get his hat after the crime was done," said he. "Now, look at this." With dramatic suddenness he struck a match and by its light exposed a stain of blood upon the whitewashed wall. As he held the match nearer I saw that it was more than a stain. It was the well marked print of a thumb.

"Look at that with your magnifying glass, Mr. Holmes."

"Yes, I am doing so."

"You are aware that no two thumb marks are alike?"

"I have heard something of the kind."

"Well, then, will you please compare that print with this wax impression of young McFarlane's right thumb taken by my orders this morning?"

As he held the waxen print close to the blood stain it did not take a magnifying glass to see that the two were undoubtedly from the same thumb. It was evident to me that our unfortunate client was lost.

"That is final," said Lestrade.

"Yes, that is final," I involuntarily echoed.

"It is final," said Holmes.

Something in his tone caught my ear, and I turned to look at him. An extraordinary change had come over his face. It was writhing with inward merriment. His two eyes were shining like stars. It seemed to me that he was making desperate efforts to restrain a convulsive attack of laughter.

"Dear me! Dear me!" he said at last. "Well, now, who would have thought it? And how deceptive appearances may be, to be sure! Such a nice young man to look at! It is a lesson to us not to trust our own judgment, is it not, Lestrade?"

"Yes, some of us are a little too much inclined to be cocksure, Mr. Holmes," said Lestrade. The man's insolence was maddening, but we could not resent it.

"What a providential thing that this young man should press his right thumb against the wall in taking his hat from the peg! Such a very natural action, too, if you come to think of it." Holmes was outwardly calm, but his whole body gave a wriggle of suppressed excitement as he spoke. "By the way, Lestrade, who made this remarkable discovery?"

"It was the housekeeper, Mrs. Lexington, who drew the night constable's attention to it."

"Where was the night constable?"

"He remained on guard in the bedroom where the crime was committed so as to see that nothing was touched."

"But why didn't the police see this mark yesterday?"

"Well, we had no particular reason to make a careful examination of the hall. Besides, it's not in a very prominent place, as you see."

"No, no—of course not. I suppose there is no doubt that the mark was there yesterday?"

Lestrade looked at Holmes as if he thought he was going out of his mind. I confess that I was myself surprised both at his hilarious manner and at his rather wild observation.

"I don't know whether you think that McFarlane came out of jail in the dead of night in order to strengthen the evidence against himself," said Lestrade. "I leave it to any expert in the world whether that is not the mark of his thumb."

"It is unquestionably the mark of his thumb."

"There, that's enough," said Lestrade. "I am a practical man, Mr. Holmes, and when I have got my evidence I come to my conclusions. If you have anything to say you will find me writing my report in the sitting room."

Holmes had recovered his equanimity, though I still seemed to detect gleams of amusement in his expression.

"Dear me, this is a very sad development, Watson, is it not?" said he. "And yet there are singular points about it which hold out some hopes for our client."

"I am delighted to hear it," said I heartily. "I was afraid it was all up with him."

"I would hardly go so far as to say that, my dear Watson. The fact is that there is one really serious flaw in this evidence to which our friend attaches so much importance."

"Indeed, Holmes! What is it?"

"Only this, that I know that that mark was not there when I examined the hall yesterday. And now, Watson, let us have a little stroll round in the sunshine."

With a confused brain, but with a heart into which some warmth of hope was returning, I accompanied my friend in a walk round the garden. Holmes took each face of the house in turn and examined it with great interest. He then led the way inside and went over the whole building from basement to attic. Most of the rooms were unfurnished, but none the less Holmes inspected them all minutely. Finally, on the top corridor, which ran outside three untenanted bedrooms, he again was seized with a spasm of merriment.

It had hardly died away when an amazing thing happened. A door suddenly flew open out of what appeared to be solid wall at the end of the corridor and a little wizened man darted out of it like a rabbit out of its burrow.

"Capital!" said Holmes calmly. "Watson, a bucket of water over the straw. That will do! Lestrade, allow me to present you with your principal missing witness, Mr. Jonas Oldacre."

The detective stared at the newcomer with blank amazement. The latter was blinking in the bright light of the corridor and peering at us and at the smoldering fire. It was an odious face—crafty, vicious, malignant, with shifty, light gray eyes and white lashes.

"What's this, then?" said Lestrade at last. "What have you been doing all this time, eh?"

Oldacre gave an uneasy laugh, shrinking back from the furious red face of the angry detective.

"I have done no harm."

"No harm? You have done your best to get an innocent man hanged. If it wasn't for this gentleman here I am not sure that you would not have succeeded."

The wretched creature began to whimper.

"I am sure, sir, it was only my practical joke."

"Oh, a joke, was it? You won't find he laugh on your side, I promise you. Take him down and keep him in the sitting room until I come. Mr. Holmes," he continued when they had gone, "I could not speak before the constables, but I don't mind saying in the presence of Dr. Watson that this is the brightest thing that you have done yet, though it is a mystery to me how you did it. You have saved an innocent man's life, and you have prevented a very grave scandal, which would have ruined my reputation in the force."

Holmes smiled and clapped Lestrade upon the shoulder.

"Instead of being ruined, my good sir, you will find that your reputation has been enormously enhanced. Just make a few alterations in that report which you were writing and they will understand how hard it is to throw dust in the eyes of Inspector Lestrade."

"And you don't want your name to appear?"

"Not at all. The work is its own reward. Perhaps I shall get the credit also at some distant day, when I permit my zealous historian to lay out his foolscap once more—eh, Watson? Well, now, let us see where this rat has been lurking."

A lath and plaster partition had been run across the passage six feet from the end, with a door cunningly concealed in it. It was lit within by slits under the eaves. A few articles of furniture and a supply of food and water were within, together with a number of books and papers.

"There's the advantage of being a builder," said Holmes as we came out. "He was able to fix up his own little hiding place without any confederate, save, of course, that precious housekeeper of his, whom I should lose no time in adding to your bag, Lestrade."

"I'll take your advice. But how did you know of this place, Mr. Holmes?"

"I made up my mind that the fellow was in hiding in the house. When I paced one corridor and found it six feet shorter than the corresponding one below it was pretty clear where he was. I thought he had not the nerve to lie quiet before an alarm of fire. We could, of course, have gone in and taken him, but it amused me to make him reveal himself. Besides, I owed you a little mystification, Lestrade, for your chaff in the morning."

"Well, sir, you certainly got equal with me on that. But how in the world did you know that he was in the house at all?"

"The thumb mark, Lestrade. You said it was final, and so it was in a very different sense. I knew it had not been there the day before. I pay a good deal of attention to matters of detail, as you may have observed, and I had examined the hall and was sure that the wall was clear. Therefore it had been put on during the night."

"But how?"

"Very simply. When those packets were sealed up Jonas Oldacre got McFarlane to secure one of the seals by putting his thumb upon the soft wax. It would be done so quickly and so naturally that I dare say the young man himself has no recollection of it. Very likely it just so happened, and Oldacre had himself no notion of the use he would put it to. Brooding over the case in that den of his, it suddenly struck him what absolutely damning evidence he could make against McFarlane by using that thumb mark. It was the simplest thing in the world for him to take a wax impression from the seal, to moisten it in as much blood as he could get from a pin prick and to put the mark upon the wall during the night either with his own hand or with that of his housekeeper. If you examine among those documents which he took with him into his retreat I will lay you a wager that you find the seal with the thumb mark upon it."

"Wonderful!" said Lestrade. "Wonderful! It's all as clear as crystal as you put it. But what is the object of this deep deception, Mr. Holmes?"

It was amusing to me to see how the detective's overbearing manner had changed suddenly to that of a child asking questions of its teacher.

"Well, I don't think that is very hard to explain. A very deep, malicious, vindictive person is the gentleman who is now waiting us downstairs. You know that he was once refused by McFarlane's mother? You don't? I told you that you should go to Blackheath first and Norwood afterward. Well, this injury, as he would consider it, has rankled in his wicked, scheming brain, and all his life he has longed for vengeance, but never seen his chance. During the last year or two things have gone against him—secret speculation, I think—and he finds himself in a bad way. He determines to swindle his creditors, and for this purpose he pays large checks to a certain Mr. Cornelius, who is, I imagine, himself under another name. I have not traced these checks yet, but I have no doubt that they were banked under that name at some provincial town, where Oldacre from time to time led a double existence. He intended to change his name altogether, draw his money and vanish, starting life again elsewhere."

"Well, that's likely enough."

"It would strike him that in disappearing he might throw all pursuit off his track and at the same time have an ample and crushing revenge upon his old sweetheart if he could give the impression that he had been murdered by her only child. It was a masterpiece of villainy, and he carried it out like a master. The idea of the will, which would give an obvious motive for the crime, the secret visit unknown to his own parents, the retention of the stick, the blood and the animal remains and buttons in the wood pile—all were admirable. It was a net from which it seemed to me, a few hours ago, that there was no possible escape. But he had not that supreme gift of the artist, the knowledge of when to stop. He wished to improve that which was already perfect—to draw the rope tighter yet round the neck of his unfortunate victim—and so he ruined all. Let us descend, Lestrade. There are just one or two questions that I would ask him."

The malignant creature was seated in his own parlor with a policeman upon each side of him.

"It was a joke, my good sir—a practical joke, nothing more," he whined incessantly. "I assure you, sir, that I simply concealed myself in order to see the effect of my disappearance, and I am sure that you would not be so unjust as to imagine that I would have allowed any harm to befall poor young Mr. McFarlane."

"That's for a jury to decide," said Lestrade. "Anyhow, we shall have you on a charge of conspiracy, if not for attempted murder."

"And you'll probably find that your creditors will impound the banking account of Mr. Cornelius," said Holmes.

The little man started and turned his malignant eyes upon my friend.

"I have to thank you for a good deal," said he. "Perhaps I'll pay my debt some day."

Holmes smiled indulgently.

"I fancy that for some few years you will find your time very fully occupied," said he. "By the way, what was it you put into the wood pile besides your old trousers? A dead dog, or rabbits, or what? You won't tell? Dear me, how very unkind of you! Well, well, I dare say that a couple of rabbits would account both for the blood and for the charred ashes. If ever you write an account, Watson, you can make rabbits serve your turn."

CURE SICK HEADACHE.

Pain Across the Kidneys For Three Years.

Suffered Great Agony. Could Not Stoop or Bend.

No disease is so quiet and stealthy in its approach as kidney disease. That is why it is so dangerous. It may become deep-seated before you realize the danger.

It is therefore of great importance to recognize the early warning symptoms, because in its early stage kidney disease is easily curable. Pain or dull ache in the back is one of the first signs. So are bladder pains, bearing-down pains, smarting sensation when urinating, frequent or suppressed urination, and gravel or sediment in the urine, etc. You cannot be well if your kidneys are not performing their functions properly. In all ordinary cases of any derangement of the kidneys, a few doses of

DOAN'S KIDNEY PILLS

will put the patient right; in old or chronic cases, the treatment should be persisted in.

Mr. Michael A. McBride, Woodbine, Marion Bridge, N.S., tells of his experience: "For the last three years I suffered great agony with pain across my kidneys, and was so bad that I could not stoop or bend. I consulted and had several doctors treat me, but I got none the better. On the advice of a friend I procured a box of that valuable life-giving remedy, Doan's Kidney Pills, and to my surprise and benefit I immediately became better. In my opinion Doan's Kidney Pills have no equal as a cure for any form of Kidney disease.

WAR VETERANS.

Survivors of Balaclava and Other Famous Fights Who Live in Canada.

The Governor-General of Canada, Earl Grey, tall and erect himself, grasped the hands one day recently of two score grizzled veterans who live in Toronto.

"This," said John Nunn, "is John McMillan, who was present and participated at Inkerman and Alma."

Grasping the soldier's hand, the Governor-General exclaimed:—

"Well, sir, it was the Inkerman soldiers that won the battle."

"Sergt. Brown, your Excellency, of the 71st Highland Light Infantry."

"What!" exclaimed Earl Grey, as he peered keenly at the man that stood before him, his hand resting in that of the Earl. "That was the regiment my father commanded. How long were you with it?"

"Fourteen years, sir," was the response, and he passed on to make room for the next.

"Sergt. Symonds, who was in the Royal Navy in China," said the spokesman.

"All branches of the service are represented, I see," responded the Earl, as he gave a hearty grip to the extended hand.

"Sergt. J. Fisher, of the Scots Greys."

Sergt. Fisher's hair was white. On his breast was a row of medals received at various fields.

"Judging by your honors, you deserve the Cross," commented the Governor-General.

"Sergt. McMahon, who was with Lord Roberts."

"Ah! I understand Lord Roberts is coming here. We shall be glad to see him," said the Earl, and he smiled, bowed and sent Sergt. McMahon along prouder and stiffer.

Then the star old soldier stepped out.

"Charles Ellingsworth—late of the 93rd Sutherland Highlanders—One of the 'Thin Red Line,' sir — perhaps the only one in the country left," cried John Nunn.

"Indeed" said Earl Grey, as he pressed his hand. "I am proud to meet one with such a record."

Col. Denison, Col. Shaw, whose kilt of Tartan plaid holding up his medal, called forth a memory from the Earl, and a score more, passed in review. Then the flag was exhibited and the Earl and the soldiers chatted together like old chums.

A COUNTERBLAST.

Mr. Bennett Contradicts Mr. Webb's Evidence Before 'Phone Committee.

Ottawa, June 15.—The Bell Telephone Co. produced an expert witness before the Telephone Committee some three weeks ago. He was H. L. Webb of London, England. He was presented to the committee as an English expert.

A letter has been received from England, addressed to Sir William Mulock, dealing with Mr. Webb's record. It is written by A. R. Bennett, member of the Institute of Electrical Engineers, and at the present time the electrical expert of the municipalities in England that own telephone systems. Mr. Bennett says in part:

"In consequence of paragraphs appearing in the London papers that H. L. Webb had given evidence before your committee in a sense damaging to the telephone undertakings of the postoffice and the municipalities in the United Kingdom, and that this evidence had produced a considerable impression on your committee, I took the liberty of cabling you on May 19 to the effect that Mr. Webb is a salaried officer of the National Telephone Co., and that he is also connected with American telephone interests. Mr. Webb is retained specially by the National Telephone Co. to combat the municipalities, and has been in the habit of giving evidence against them at the various local Government board enquiries, with a view of preventing any further loans for telephone purposes being sanctioned. The tenor of Mr. Webb's evidence on these occasions is that the municipalities employ an obsolete plant, that their systems are badly engineered, that their tariffs are on unremunerative scales, and, generally, that the municipal telephone systems are badly conceived and worse executed.

"Notwithstanding Mr. Webb's evidence to this effect, the local Government board have never yet refused a loan to municipalities for telephone purposes, and it is notorious that the evidence runs counter to the experience of the subscribers to the municipal systems, who, generally speaking, express the opinion that the service given by the municipalities is greatly superior to any with which they were acquainted under the National Telephone Co.'s monopoly. Furthermore, every municipality working has secured handsome balances of profit after paying interest and sinking fund on the capital outlay.

"Under these circumstances, it appears to me that the value of Mr. Webb's evidence is very greatly discounted, and should be received by your committee with the greatest caution.

"I would respectfully submit, therefore, that if your committee have any doubt as to the complete success of the British municipal systems you should hear evidence from some witness qualified to speak authoritatively on all aspects of municipal telephony. As I stated before, I trust soon to be in a position to forward you copies of the various municipal accounts for the year ending March 31. These have not yet all been confirmed by the Town Councils, but I trust they will soon be confirmed and printed."

WHEN LOVE PROVED FALSE.

When love proves false and we seem forsaken,
Our spirits shaken
With sorrow sore,
There is one solace Time can't deny us,
Which lingers by us
For evermore.

We dream on our lips a soft mouth presses
The sweet caresses
We used to know;
Our hearts yet revel amid the pleasures
And cherished treasures
Of long ago.

A Long Military Career.

Mr. Allan George Hayne, the veteran who recently died in Toronto, was fifty years of age, and his record was a wonderful one. He was a trooper in the 17th Lancers, serving in the Zulu campaign of a quarter of a century ago under Buller, and present at Ulundi. Obtaining his discharge, he went to Australia, where he joined the Colonial forces, and remained for twelve years.

From Australia he went to Natal, and when the late war broke out he joined Thorneycroft's Horse, serving through the campaign under Gen Buller, his commander of twenty years previously. For this service he wore the medal with seven bars, including the relief of Ladysmith with Lord Dundonald.

Only seven months ago he came to Canada with his mother, with whom and his sister he lived in Toronto. Mr. Payne had been engaged with the Otto Nigel Co. as night-watchman, but was to have left his employment the day after he died, having recently received $600 from Australia, which he had invested in a market garden at Wells Hill.

"Yes, I mean what I say about Dodd's Dyspepsia Tablets," says Henry A. Coles, of St. Mary's River, Guysboro Co., N. S., in a recent interview. "I had stomach trouble for about five years. It got so bad I was taken to my bed and the doctor was called in. He couldn't reach the trouble however and I was suffering very bad, and not knowing what to do when my wife said, "Let us try Dodd's Dyspepsia Tablets."

"Well, we tried them, and the result was that I used seven boxes and the stomach trouble left and has not troubled me since. Do you wonder I recommend Dodd's Dyspepsia Tablets?"

If you can't digest your food don't worry. Get a box or two of Dodd's Dyspepsia Tablets and they will do it for you.

ALL RUN DOWN

Weak---Nervous---Unstrung.

Thousands get run down and become invalids before they realize anything is wrong. By permitting low vitality to develop, the way is paved for fevers, pneumonia and diphtheria. To put off makes it all the harder to get well. The time to repair the system is right now, before the damage gets any worse. The remedy is Ferrozone; it revitalizes, renews, builds up vitality that outlasts old age.

FERROZONE is a genuine invigorator that banishes weakness, and instils surplus force and vigor into every organ of the body. Ferrozone sharpens the appetite, produces rich nutritious blood, and thereby contributes that sense of buoyancy that adds so enormously to one's pleasure and usefulness in life.

For all forms of debility, weakness, lack of blood or nerve tone, sleeplessness, tiredness and exhaustion, there is no medicine so vitalizing and potent as Ferrozone. Even one trial demonstrates its rapidly and certainly of action.

To restore the energy of youth, to get back your vital stamina and reserve force, there is positively no treatment so certain as Ferrozone. You have only to try Ferrozone to know the enormous benefit it invariably brings to all in poor health.

FERROZONE

Miss Dorothy E. Lloyd of Chester, tells the following convincing evidence of Ferrozone's power:—"My work compels me to rise early in the morning and work ten hours daily as a saleslady. Last Spring I was run down, lost my color, and fell off in weight. I seemed to lack ambition and the life was out of me. A friend recommended Ferrozone, and I took one tablet after meals with wonderful results. Ferrozone brought back my complexion, and has given me new strength and abundance of energy and spirits. I would advise all young ladies to use Ferrozone."

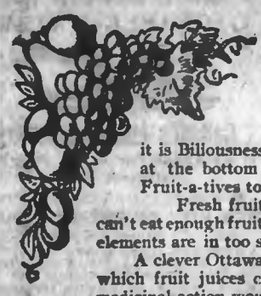
Mrs. H. O. Wilder of Dexter says:—"My daughter was not very well last Winter, and lost her strength completely when the spring came. I gave her Ferrozone, and am glad to say it did wonders. After six boxes were used my daughter was strong, and looked the picture of health."

Gave New Strength

FERROZONE

It makes the weak strong, the sick well, and secures lasting good health.

WARNING Beware of any substitute for Ferrozone; it alone can cure you. Sold by all druggists and dealers in medicine, only in 50c boxes containing 60 chocolate-coated tablets. By mail to any address, price is five boxes for $2.50. Polson & Co., Kingston, Ont., or Hartford, Conn., U.S.A.



Headaches

When the Head aches and the Tongue is Coated

it is Biliousness or Constipation. Torpid Liver is at the bottom of the trouble. And it takes Fruit-a-tives to make that lazy liver work.

Fresh fruit is fine for these troubles, but one can't eat enough fruit to do much good. The medicinal elements are in too small proportion in the ripe fruits.

A clever Ottawa physician discovered a method by which fruit juices could be combined so that their medicinal action would be increased many times.

Fruit-a-tives are these fruit juices in tablet form. They sweeten and tone the stomach and liver, cure Constipation and remove all blood impurities. One Fruit-a-tives tablet has the same curative effect on liver and bowels as dozens of oranges, apples, figs and prunes. And this action is as gentle as the fruit juices themselves.

"I have been suffering with Torpid Liver and Constipation, and find that Fruit-a-tives are just what my system requires to relieve these complaints. I hope many more sufferers will try them."

'DR. LUKE OF LABRADOR'

DR. W. T. GRENFELL AS HE APPEARS AT CLOSE RANGE.

Many-Sided Man of Immense Virility —He Tells the Plain, Picturesque Story of His Fisherfolk Up in the Land of the Icebergs and the Fogs —A Fine Specimen of Pure Manhood.

Dr. Wilfred T. Grenfell, Engelee, Labrador — or if one should choose, "Dr. Luke of Labrador," came out of his room with a quick, percussion tread; a stocky, dark-suited man, slight moustache—but before anything else could be noted, he had the reporter's hand in a bear's grip and had shot himself down in a chair.

By this time the presiding genius of Labrador could be noted more accurately—a broad, fresh face, eyes—color not discernible, but so keen they were probably as blue as the sea they photograph habitually. A strong, close-knit man; not an ounce of him out of commission; muscles like iron and nerves like electric wire; cunning to steer his schooner Strathcona among the ice-packs, daring with his keel on the rocks; preacher, doctor, ship's captain and pilot, saw-mill operator, educator, judge and jury, and community-builder. He is the stout-hearted father of a weird people that go down to the sea in skins and cast out their nets amid the fogs and the storms. What wonder that Dr. Grenfell is a perfect gentleman—when, with such a life, he is so many-sided a man?

"What did you wish to know?" he said, in a light musical voice with a clear English accent. His keen eyes looked hard at the visitor.

"As much about the man Dr. Grenfell as possible; as much as possible about the strange life and work that make such a man—for you must admit, Doctor, that men of your stamp are not common. Confess, first of all, that you are the original of Dr. Luke."

He smiled as he clasped his left knee. "Well, I know Duncan extremely well. He spent three weeks with me in Labrador. I have tried to make him say that Dr. Luke is not me—but as most of the stories are about my work, I'm afraid I must plead guilty. That book helped our mission wonderfully. I have great faith in Duncan. He has a strong, serious aim in literature—not merely the dollar."

The Optimistic Outpooter.

"Does anything grow in your country except codfish?"

"We have a saw-mill at Engelee," he said, quietly. "We don't saw rocks."

"Spruce trees and codfish and rocks—twelve years among those. Then you have no aristocracy as yet, Doctor?"

"Indeed, yes. The Eskimos are the oldest families in the land. Poor beggars, with all their blue blood, they're got to come down to common codfishing now like plain white men, for the seals are scarce and the walrus are almost extinct. God is the Aide of the rich. But as to life in Labrador, why, bless me, it's a hundred times ahead of Iceland. I've been all round Iceland, and all over it—not a stick of timber and nothing to burn but sod-peat; the most desolate country on God's earth, except, perhaps, North Norway. Yet those Northmen are good people."

And it began to be evident that here was a man who, if a deep, conscientious call had not taken him to Labrador for life, might have known as much about the Sandwich Islands as Robert Louis Stevenson, or as much about Siberia as George Kennan. The Doctor is a professional sailor, having taken out his master's papers before he left England in 1893. But the big practical aim of the man is rooted in that far-off bleak work of his; those three storm-beaten fisher villages in a coast-line circuit of 300 miles, with their population of 50,000, from May till November, and 4,000 from Christmas and New Year's. He lives in the fourth village, Engelee.

The Intrepid Navigator.

"We have a grant of 125 square miles at Engelee from the Newfoundland Government," he said. "The saw-mill built our houses, our store, our wharf and our two freight ships. Our main vessel is the Co-operator. Her plan was sketched on a plank by a man that could neither read nor write. We want a bigger one now—say, 125 tons."

"What is your freight route?"

"From Engelee to St. John's, Nfld., with timber, 65,000 feet at a load, for which we get $12 a thousand; back again with salt and goods for the stores; down again with codfish. We built the Co-operator ourselves. She has a crew of twelve."

"But your own time is taken up with the hospital steamer, is it not?"

"Yes, the Strathcona runs six months every year. I am her captain. We carry patients from the fisheries to the hospital, and distribute literature. Our people are learning to read. We have now a circulating library. It began with colored newspapers, which I threw off in handles at the fishing stations a few years ago. The interest taken in these was so remarkable that I wrote to Mr. Carnegie, asking for a gift. I got it. We shall spend it in books."

"Did you also guarantee ten per cent. a year for maintenance?"

"Ah! jolly well not!" was the laughing reply. "You'll never catch me guaranteeing anything when almost any day the Strathcona might go to smithereens on a rock."

The Strenuous Life in Labrador.

"Have you much sickness among your people?"

"Considerable. Our three hospitals are kept pretty busy. I'm taking up two Boston surgeons with me this summer. Blood-poisoning is our chief trouble. There are always accidents, of course, and a large number of our people have consumption, caused by contagion from shack life."

"No appendicitis, I suppose?"

"No, nor any nervous prostration," he said, with a smile. "Our people are not imaginative. It's a good thing they're not. They don't pine for inland civilisation. Do I? Well, I don't give myself time. There's too much practical work. Every day I regret that I never had a good technical education. There's water-power going to waste by tons right back of our village. If I knew how to rig a turbine and dynamo do you think I'd be running the saw-mill by steam? We've had to make everything ourselves in that country. For much the same reason that we have to ship in all our supplies, even our potatoes. Building our saw-mill was a bother. We got the gangway upside down and the logs positively wouldn't go up to the saw. Yes, we've been reduced to eating clams and mussels some winters when we had no other food.

"Still we are always contented. Our greatest need is money to carry on the work. Our people we are teaching as far as possible to help themselves. They are hard-working folk who will not beg. The men have fine physiques. They are simple-mannered people. Seldom do they quarrel. When they do or there is any dispute I am usually the judge and the jury. If the man who is in the wrong doesn't admit it or make reparation, I tell him I'll put the law to him down at St. John's, and if that doesn't bring him to reason I'll probably give him a taste of Labrador jiu-jitsu."

There was nothing indelicate about this wholesome, practical philosophy and not the shadow of a brag, says the Toronto News. The big-shouldered sailor-doctor got up to receive another caller. Almost as abruptly as a pile-driver he took leave of the reporter with another tremendous handgrip—the strange clad figure whose big-hearted, level-headed virility is too modest even to be picturesque.

Every once in a while little Britain in her plantitude of civilisation throws out a man with the aboriginal instinct; a Stevenson, a Rhodes. "Dr. Luke of Labrador" is another of these distinguished exiles. He made money—money for the far-out fisher folk of Labrador, the tellers of the sea.

RELICS OF BOER WAR.

Sold at Auction Bring Intrinsic Not Sentimental Worth.

Behind the old southern ramparts the commons at the Old Fort at Toronto one morning recently an auction sale was held at 11 o'clock. The technical terms used in the bills to denote the things sold is "ordnance stores." More technically still there were saddles, bits, bridles, cinches, valise, harness, curry combs, brushes, stirrups, wallets, saddle blankets, coats, tunics, tables, stoves, pans, pots—in fact, enough transport to equip a small regiment for active service, except horses, guns and ammunition.

These stores had all been condemned, and ordered to be sold, by the Minister of Militia. They came from far and near. Most of them had seen service in South Africa. Most of them looked rather hard in consequence. On many of the bits could be seen the time-honored legend, "Honi soi qui mal y pense."

The saddles were the most conspicuous feature of the purely horse section. Some were comparatively new—saddles and parts of saddles—patterns out of common. Others were decidedly the worse for long wear, racked and ridden in South Africa.

"In fact, gentlemen," declared Mr. Andrews, the auctioneer, "some of these saddles have been through nearly every battle in the war. The blood of the Boers is on them."

Bidding on these relics began rather slowly. The first lot went at 40 cents each. These were of an English pattern with very little superfluous leather. The bidding gradually mounted up, however, until for cowboy saddles was made as much as $2 apiece. Some of these were made in Winnipeg, but most of them in San Francisco, and had been in commission in the Strathcona and Mounted Police. A number of Colonial saddles too, were in the lot—dingy, hard ridden relics left by the Australians in South Africa and brought back to Canada by the contingents. Those of English pattern, distinguished by a knee-roll to keep the rider from taking a header over a bucking broncho. The McClellan saddle, a black leather variety, sold low, although practically new—the pattern being now out of commission.

Let Canada Rule West Indies.

Mr. I. S. Malcolm, M. P. for Stowmarket, Suffolk, speaking of St. Lucia and other of the West India Islands in a debate in the House of Commons upon the West Indian Colonies, said he would like to see the Government enter into negotiations with Canada in order to find out whether some of the Islands could not be better administered by the great Dominion. If they were attached to Canada they would form something like a southern zone for the Dominion. Reorganising and revitalising the West Indies would result in an alteration that would add enormously to our Imperial strength on the strategic highway of the world and in the commercial centre of the new world.

Mr. Malcolm is a Canadian by birth, having been born at Quebec, on September 9, 1868, while his father, Col. Edward Donald Malcolm, C. B., was in command of the Royal Engineers there. He is a son-in-law of Mrs. Lily Langtry, the actress, having married Miss Jeanne Marie Langtry in 1902.

Proud of a Baby.

In a certain home in Hamilton where the stork recently visited there is a six-year-old son of inquiring mind. When he was first taken in to see the new arrival he explained: "Oh, mamma, it hasn't any teeth! Oh, mamma, it hasn't any hair!" Then, clasping his hands in despair, he cried: "Some one has done us! It's an old baby!"

PERT PARAGRAPHS.

Some people seem to think that they are not living up to their opportunities unless they are disagreeable.

If some of us were wingless angels, chances are that we would be bowling for the wings.

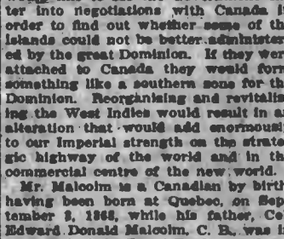
The woman who is obliged to live with a genius in this world deserves the best that is going in the next.

Most self made men taught us to be ashamed of it.

It is easy to preach and fun to watch the other fellow practice.

Some people are so crooked minded that the truth gets terribly deformed by the time that it works through their minds.

Don't be in such a hurry to get ahead that you forget why you want to get ahead.



Sometimes a brave man is going to the altar will falter at the sight of the bannns.

No woman is so old as her rival wishes she were.

When a man arrives with the goods he is seldom asked by what mode he came.

It is because truth is stranger than fiction that a man makes up a little story to tell his wife when he has been out late.

Spoken from Experience.

"What is your idea of a good time?"

"Not to have the headache."

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 ROGERS BROS. TRADE MARK

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

STARS AT CLOSE RANGE.

Canada's New Observatory At the Ottawa Experimental Farm Equipped With a Giant Telescope.

The Government astronomers have been lately translated from dingy offices in Ottawa to a brand new dome-topped building on the Government farm. The intention is that the Experimental Farm is to be the Greenwich of Canada. A new fifteen-inch telescope has been erected with which to help on the good work.

Things happen to the sun; things happen on the earth. The scientist believes that there is a direct relationship between these things, but he has yet to find it. It is the missing link in meteorology. When the astronomer finds out what comes between the monkey and the man in the solar system he will, so he declares, have done the greatest of all great things for the material welfare of mortal man. Canada's new telescope may yet be the means to this end.

This telescope cost a thousand dollars an inch, when you come to consider it as a "15-inch" telescope, which means that the lens—the important part of the instrument—is 15 inches in diameter. The whole cost was a little over $15,000. The telescope is only a baby compared with the big spy-glasses of the Lick and Yerkes observatories, but it is a powerful magnifier all the same. It is as perfect as the age has learned to make it, and is big enough for the work it has to do. A telescope may be too large. Some of the big ones of the scientific world—36 inches and over—cannot be used to their full capacity except for part of the year. The explanation is that they magnify the atmospheric waves, and so make trouble for themselves.

Prof. King's new telescope is 19 feet long. The mechanical part was built in Cleveland, the birthplace of the Lick and Yerkes machines. The glass was ground in Allegheny, Pa.

Down below the foundation of the observatory walls there begins the sub-structure of a huge pier which goes right up into the dome and ends with an iron column. On top of the iron column is the telescope. The whole mechanism of this huge magnifier is of the finest and most delicate kind. You can swing the telescope up or down, or any way at all with one hand and the turn of a little wheel, and is moves without the faintest squeak. A photographic apparatus is attached to it, and the whole thing turns on an axis, which turns on another pointing due north and south. The angle at which any telescope works must be determined according to the exact latitude of the particular locality.

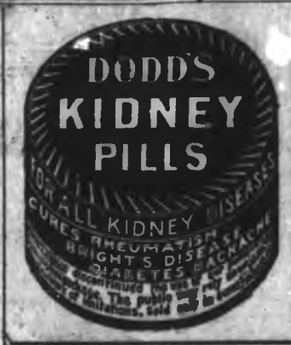
You get to Canada's telescope by climbing a succession of stairways. When you find yourself in the dome the chances are that you will be surprised. You will see the roof suddenly come apart. Or you may discover the whole dome to be moving round. Your suspicions will be set at rest when you see that somebody is pulling a rope, that there are wheels everywhere, and indications of ball bearings. The dome, you will be told, is made on a huge steel frame, which came from Cleveland.

Before very long you will find that there is something else that moves. You ascend a wooden structure like miniature baseball bleachers, preparatory to a look through the telescope. You find that the bleachers are moving. The thing is on wheels. Moreover, the contrivances are such that the astronomer can sit up aloft and move his telescope and his perch around without coming down.

All this is necessary because there are different stars in different places—there are three hundred thousand in the catalogue of the astronomy—and every star moves. Even the so-called fixed stars move, though in circles of their own. The astronomer aims his telescope at a star and settles himself to watch. The telescope follows the star. It is all down to a fine point. There is a clock in the mechanism of the telescope. The clock knows all about the star and keeps the telescope in the right path.

One of the queer things that this big telescope enables you to do is to look around corners. It is done by means of a little brass elbow fitted with reflectors on a principle which has before now been employed in unconventional ways. The elbow is convenient when the telescope is pointing almost straight up in the air and the astronomer can't very well get under it.

The candidate for initiation into the stellar mysteries goes up into the Observatory dome. He sees the roof open. He sees the big spy-glass swing noiselessly into place at the bidding of the astronomer, and he prepares himself for something celestial at close range. The telescope shows him a bright light like a flame around which is a purple haze. The light is due to atmospheric movements. He is told that this light is Alpha Orion, a star of the first magniture, in the constellation of Orion. The star is thirty or forty "light years" away from him. Light travels at the rate of 186,000 miles a second. Figure it out for yourself.



DANGEROUS DIARRHOEA

Prevalent in Summer Months—What a Mother Should Do.

Children are more likely to be attacked by diarrhoea during the summer months than at any other season. It is one of the most dangerous symptoms of illness in a child of any age. But it should be remembered that diarrhoea is a symptom, not a disease. Never try to stop diarrhoea, because it is an effort of nature to cleanse the bowels and get rid of the decayed food stuffs in them. Diarrhoea is bad—but things would be worse for the child if diarrhoea didn't come. While a mother should never try to stop diarrhoea, she should stop the cause. Diarrhoea is a symptom of indigestion having set up decay in the food that is in the bowels and the way to cure it is to cleanse the little tender bowels with Baby's Own Tablets. It would seem strange to treat diarrhoea with a laxative, if we didn't remember the cause of it. Both diarrhoea and constipation are the results of indigestion assuming different forms, and both are cured by Baby's Own Tablets. But the Tablets are more than a mere laxative. They are absolutely a specific for all the minor ills that come to infants and young children, whether a new born babe, or a boy or girl ten or twelve years. Here's a bit of proof: Mrs. George McGregor, Hamilton, Ont., says: "When my baby was teething he had diarrhoea, was very cross and could not sleep well. I gave him Baby's Own Tablets and there was no more trouble. I now always give him the Tablets when he has any little ailment, and he is soon better." At this season no mother should be without Baby's Own Tablets in the house. You can get them from medicine dealers or by mail at 25c. a box, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

That Bubble.

The bright and gaudy auto
That skips along the way
May be a deadly weapon
That should be brought to bay;

It may be built for slaughter
And doubtless fills the bill,
Relentless as Oyama,
More deadly than a pill;
And as a scourge in action
It always makes a hit
When it is on the warpath,
And feeling rather fit.

In cutting down the census
The auto takes a hand,
But it is no toy pistol,
'Twould have you understand.

At Her Ward.

Mamie's heart was all a-flutter. She was entertaining an unexpected caller. It was George DeGuff, whom she had turned down but a few evenings before, gently but emphatically telling him that she could never think of him as a husband, but that she always wanted to be a good friend to him, and a lot more of that cheap line of talk that girls hand to young men because they have not the muscular development to throw them out of the window.

She was puzzled, first, because he came at all after she had handed him his finish, and, second, because he had brought a large bundle which might be a present as a peace offering, and, being a woman, she did not want to turn it down before seeing what was on the inside. Although determined to reject it, she had to admit to herself that she rather liked his nerve.

She was not long kept in suspense. After a few preliminary remarks about the weather George reached for his hat and said that he really must be going, adding pleasantly: "By the way, Mamie, you know you promised to be a sister to me, so I have brought you around a bundle of old clothes that need darning and mending. Take your time about fixing them up, sister, and I will call for them in about a week."

Read the Rod.

The lover saw his title clear,
Not in her eyes so fair,
But, though at first it might seem queer,
He red it in her hair.

Explanations in Order.

"It made him feel so cheap. He mistook the daughter of the house for the hired girl."

"Made her hopping mad, I suppose."

"Oh, no; he kissed her before he found out the difference."

Not So Bad.

"She has only had one new dress since she has been married."

"The stinginess of some men is beyond belief. How long has she been tied up to the brute?"

"Just a month."

A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"I was a victim of sleepless nights and nervous and full hours, tired and worn out generally," writes Miss Mary Smith, of 322 W. Whitehall Street, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy, oppressive feeling after meals had left me, and I found that I was able to enjoy hearty meals. Then I knew that my whole system was gradually restored, almost by magic. The nervousness became a thing of the past and I have many years in splendid health for over nine months."

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

Some people are curious to hear the truth told just to know how it sounds.

It takes two to make a bargain unless it is at the bargain counter; then the head of the department makes scores with one sweep of his pencil.

Man's inhumanity to man makes countless feminine creatures flirt for all that's out with any man that comes along.

A hat doesn't look large enough to carry a man, yet you often hear of a husky 200 pounder going on a bat.

He Knows All About It.

The city guy, turned Farmer John,
To all the tricks is catching on.
He knows a chicken from a cow,
A three horse binder from a plow,
And he can tell you right away
The difference 'twixt corn and hay.

As soon as he has thrashed his wool
And has his pullets fit to pull
And baled his eggs and shelled his hay
And got his pumpkins packed away,
He'll gather all his haystacks in
And whitewash his potato bin.

When he has taught the calf to squeal
And fed the gobbler on oatmeal
And milked the cows three times a day
'Cause butter's high and such things pay,
He'll really feel he knows a lot,
That he can tell you what is what.

He'll wear his whiskers pretty long,
Display his muscles tough and strong,
He'll come to town his roll to blow,
He'll view the sights and see the show,
And some wise guy that's smooth and slick
Will sell to him the same old brick.

Has its Cures Credited to Dodd's Kidney Pills.

John White Could get Nothing to Help his Rheumatism Till He Tried the Great Canadian Kidney Remedy.

Yellow Grass, Assa., N. W. T., June 16, (Special)—No place on the prairies but can furnish some proof of the splendid work Dodd's Kidney Pills are doing in wiping out the kidney ailments of the west. It was near here that little Edith Harris was so wonderfully cured of dropsy by them and now Mr. John White is giving an experience almost as remarkable.

"I think" Mr. White says, "I should let the public know of the benefit I got from Dodd's Kidney Pills. I had rheumatism for years and neither doctors nor medicines did me a bit of good till last spring I tried Dodd's Kidney Pills. They did me a great deal of good. I feel like recommending Dodd's Kidney Pills even stronger than I talk."

Dodd's Kidney Pills cure the Kidneys. Sound kidneys strain all seeds of disease out of the blood. They tone up the body to its highest standard of health and energy.

FOUR BOYS PLAY WITH POWDER

Results in Death to One Boy and Injuries to Three.

LADS WERE MAKING MINES

Exploded One Successfully, But Not Noticing Fire Left In the Hole, the Second Exploded With Terrible Results—Young Mitchell was Killed, and Twining's Chin Was Blown Away.

Halifax, June 17.—A bad accident took place at the Northwest Arm in Halifax last evening when a quantity of powder, in the hands of four boys, aged from 13 to 16, exploded, and resulted in serious injuries to three, one of whom has since died. Those injured are: Eric and Gerald Grant, sons of M. C. Grant, German Consul; Ernest, son of J. Tremaine Twining, colonel commanding the 63rd Regiment, Halifax Rifles, and the dead boy is Andrew Gordon, only son of William S. Mitchell, of the Royal Bank of Canada. Eric Grant escaped with but slight injuries.

Mitchel was burned about the head, arms and body, but his death was caused through inhaling the flames. Twining is in the hospital very badly hurt. His chin blown away, and he has terrible lacerations. Gerald Grant is burned about the head and arms, but will recover.

The boys were making mines on Mr. Grant's grounds. They had exploded one and not noticing a little fire left in the hole had poured powder in for a second charge, when it went off as they were working over it.

Mitchell was picked up alive, but died about two hours later in Mr. Grant's house, where he had been carried.

DROWNING OF SEVEN MINERS.

Canoe Party Wrecked On the Turbulent Stikine River.

Vancouver, June 17.—Seven white victims have just been sacrificed to the turbulent waters of the Stikine River. Details of the most fatal canoe accident in the history of northern British Columbia are reported in a special from Hazelton. The drowned are all mining men. Their names are as follows: C. R. Reynard, miner, Lorne Creek; Charles Stewart, miner, Lorne Creek; John P. Fultz, mining engineer, Louisville, Ky.; Mills, Johnston and Fred Slight, miners, of Bellingham, Wash., and J. Ward, cook for the party, also from Bellingham.

On Sunday night the telegraph operator at Skeena Canyon, thirty miles below Lorne Creek, picked up their wrecked canoe. All hope of their being alive has been abandoned.

Boy Drowns From Canoe.

Chatham, June 17.—Earl Mitchell, the 15-year-old son of Caretaker William Mitchell of the postoffice, was drowned yesterday afternoon. The lad had crossed the river in a canvas canoe, and in attempting to avoid a spile, upset in about 8 feet of water. The body was recovered in about 3 minutes, but three doctors worked for an hour without success.

Two Soldiers Drown.

Kingston, June 17.—Two members of "A" Battery named Jubb and Rostrick, both Englishmen, who recently entered the service at Montreal, were drowned in the harbor last evening. Their boat upset while they were out sailing. A third battery man, McMickle, was saved.

EXPLOSION OF GASOLINE.

Mrs. Manieux of London Terribly Burned and May Die.

London, June 17.—Mrs. Manieux, 35 years old, wife of John Manieux, of 120 William street, was so badly burned at her home yesterday morning that she may not recover. Mrs. Manieux attempted to light a gasoline stove. The stove would not burn properly, and, thinking the gasoline was low, Mrs. Manieux attempted to replenish the supply.

An explosion followed. Mrs. Manieux was knocked down and the burning gasoline fell on her face and breast, setting fire to her clothing.

She screamed and ran for the yard, with three or four of her children following close behind, and then rushed into the residence of Mrs. Richard Johnston, who threw a heavy floor rug round her and extinguished the flames.

Injuries Prove Fatal.

Flesherton, June 17.—John Hardy of Swinton Park, who was injured in a runaway accident on Wednesday morning, died yesterday. He is survived by a widow and two young children. Mr. Hardy was credited with having owned the most valuable farm in Proton Township.

Ear Rubbed Off.

Toronto, June 17.—Crushed beneath the wheels of two wagons that collided, Ernest Argent, of 122 Eastern avenue, suffered injuries that resulted in the loss of an ear yesterday afternoon. He was taken to the General Hospital.

THROUGH SLOW TIMEPIECE.

Two Lives Are Lost In a Freight Train Collision.

Williams, N. H., June 17.—A wreck caused by the collision of two freight trains occurred on the Philadelphia & Erie Railroad near Wilcox yesterday. J. W. Andrews, fireman, was killed, and Conductor Pierce, Fireman Heedy and Engineer Frank Holliday badly scalded.

The wreckage caught fire and three tank cars filled with petroleum, which were on one of the trains, made a frightful fire. The body of an unknown man, with both arms burned off, was found in the debris. The wreck was caused by one of the engineer's watches being slow, in consequence of which his train was on the main track when it should have been on a siding.

Firemen Overcome by Smoke.

Auburn, N. Y., June 17.—Between 30 and 40 firemen and employes were overcome by smoke at a fire in the stock of jute and hemp in the Columbian Rope Co.'s factory. Very little damage to the building resulted.

C. P. R. Recovers $844,000.

Tacoma, Wash., June 17.—Through the assistance of Jake Terry, an ex-convict, the Canadian Pacific Railway has recovered securities worth $844,000, which were stolen from the safe of the Dominion Express Co., when the Canadian Pacific Overland was robbed near Mission Junction last September. The leader of the robbers is supposed to have been Bill Minor, who served a term at San Quentin at the same time that Terry served a 10 years' sentence for counterfeiting. Through the assistance of two women Terry met Minor somewhere on Puget Sound, and negotiated for the return of the securities.

Farmer Gets Verdict.

Barrie, June 17.—The utility of the Lancaster bill, which provides that a railway company shall maintain cattle guards suitable and sufficient to prevent cattle from straying upon a railway, was tested here Thursday for the first time in the county court, and resulted in a victory for the farmer. The action was brought by James Anderson of Oro to recover the value of three cows killed on the G.T.R. near Hawkestone last fall. The case will be appealed, as the company do not wish to have a precedent established under the new act.

Caught Both Thieves.

Port Arthur, June 17.—Chief Connor caught a pair of criminals yesterday. On Tuesday night several business houses were broken into and considerable jewellery, clothing, etc., stolen. A MacKenzie, one man was apprehended. He had a bag with goods in it. The officers came back on a handcar with their prisoner. When near town the prisoner noticed his chum slinking away behind a building and pointed him out. He had several watches on him. He is about 19 years of age, and is said to be an expert lock-picker.

WHEAT CROP IN MANITOBA.

Acreage Has Increased 11 Per Cent. and Yield is Estimated at 20 Bushels to the Acre.

Winnipeg, June 17.—The Manitoba Government issued its first crop report last evening. While this report covers only limited acreage of the Province, its tendency may be taken as an indication of the Northwest wheat prospects generally. It is compiled from detailed reports of 675 correspondents. As regards acreage, wheat shows an increase of 11 per cent., while there is also a substantial increase in oats and barley. All grain crops are considerably more forward than a year ago, and wheat especially is well stooled out. The total area under crop is as follows:

Wheat, 2,643,538; oats, 1,031,269; barley, 432,293; other crops including flax, rye, peas corn and grasses 110,464; total 4,217,569 acres, showing an increase of 453,177 acres.

The Department of Agriculture estimates average 24 bushels of wheat per acre, under present conditions, which would mean over 67,500,000 bushels of wheat for Manitoba alone.

Official estimates have not been made as to number of harvesters required to handle what promises to be a record crop, but rough estimates approximate to 30,000 men, a good many of whom must necessarily be raw foreign labor, as that number can not be secured from Ontario and eastern points.

LABOR DISPUTE SETTLED.

G. T. R. and Their Telegraphers Come To An Agreement.

Montreal, June 17.—The trouble between the G. T. R. and the telegraphers is settled, and F. H. McGuigan, manager of the company, before leaving for Toronto last night, expressed satisfaction in the result. H. B. Perham, representing the men, made the following statement:

"The company has agreed to raise the minimum wage over the entire system, and we have agreed to accept the company's method of paying operators who work on Sundays. The management claimed that they have paid more to men who do Sunday work than to operators who work only on week days. To raise the pay of these men, therefore, would be asking too much, they argued. We compromised by allowing that if the minimum of all the men was raised we would withdraw any demands for higher pay than is now being given to telegraphers who work on Sundays. The company in return agreed to grant our request on this point and the conference closed."

KING OSCAR WILL YIELD.

If Riksdag Agrees, His Majesty Will Appoint Norwegian King.

London, June 17.—The Copenhagen correspondent of The Daily Mail says he learns from a reliable source that if the Swedish Riksdag agrees to the dissolution of the union of Sweden and Norway King Oscar will be perfectly willing to designate a Prince of the Bernadotte house as King of Norway, in accordance with the request of the Norwegian Storthing.

Indigestion and Headache.

Mr. Duncan McPherson, Content, Alberta, writes: "I was for many years troubled with indigestion and headache and derived no relief from the many remedies I used. A friend advised the use of Dr. Chase's Kidney-Liver Pills, and after taking four boxes the result is that I am once more in the full enjoyment of the blessings of good health."

WANTS HER BADLY.

Hamilton Man's Long, Unsuccessful Chase After Runaway Wife.

Cincinnati, O., June 16.—After trailing his wife from Hamilton, Ont., to Hamilton, Ohio, John Verioff, a resident of the former city, arrived in Cincinnati yesterday, but she had escaped him. He appealed to the police to aid him in his search for his better half.

Verioff walked nearly all the way from Canada, starting six weeks ago.

The Police Department promised to assist in the search for the woman, and several detectives were put on the case, but so far no trace of her has been found. Verioff says his wife deserted him a little over six weeks ago and came here with a former sweetheart. He says he will continue his search until he finds the guilty couple. Having no money, Verioff has been forced to tramp his way, doing odd jobs for his support along the way.

TRADE WITH MEXICO.

Canada Will Have Direct Line Touching Havana One Way.

Mexico City, June 16.—The new Canadian-Mexican Steamship Line will begin operations July 30, when the first steamer subsidized by the Canadian and Mexican Government will sail from Montreal to Mexican ports, touching at Havana. The boats may carry cargoes and passengers from Canada to Cuba, cargoes and passengers both ways between Mexico and Canada, but on northbound trips no freight may be taken from Cuba to Canada.

Montreal, June 16.—The Elder-Dempster Line declares that the draft contract for the service between Canada and Mexico has been forwarded to Liverpool. The first steamer will start on the 30th inst., but will not go beyond Cuba until the contract has been executed.

QUARTET DEAD FROM HURTS.

Shell Missed Fire, But Exploded When Breech Was Opened.

Gibraltar, June 16.—The explosion of a six-inch shell on board the British battleship Magnificent Wednesday during gun practice off Tetuan was at first developed, due to the cartridge of the shell missing fire. On opening the breech to ascertain the cause the cartridge suddenly exploded and ignited two other cartridges lying in the case mate. All of the four officers and fourteen men injured were burned.

Decided Not to "Peach."

Windsor, June 17.—James C. Gibbs, the Malden Township man charged with having received furs stolen last fall from the fur factory of Bishop Company, Wyandotte, Mich., and selling them to his neighbors, was remanded a week ago on his promise to go to Wyandotte and destist in the prosecution of the men who stole the furs. Gibbs afterwards refused to do so. He was brought before Magistrate Bartlet here again yesterday and held for trial.

AN AWFUL SKIN DISEASE

Sores Covered Neck and Cheeks—Itched Day and Night—Nothing Did Me Any Good—Was Growing Worse—Immediately Relieved and

SPEEDILY CURED BY CUTICURA REMEDIES

Miss Nellie Vander Wiele, of Lakeside, N. Y., writing under date of April 18, 1904, says: "I do wish you would publish this letter in the newspapers, so that others suffering as I have may see it and be helped. I suffered for many months with an awful skin disease, sores covering my ears, neck, and cheeks. Scabs would form and they would swell, and itch day and night. Then they would break open and blood and matter ran out. I had tried many different remedies, but none of them did me any good. I was growing worse when I tried the Cuticura Remedies. The first application helped me, and when I had used two cakes of Cuticura Soap, three boxes of Cuticura Ointment, and three bottles of Cuticura Resolvent, I was completely cured."

TORTURING, DISFIGURING

Humours, Eczemas, Itchings, and Chafings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter, and salt rheum,—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt by the testimony of the civilized world.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; Potter Drug & Chem. Corp., Boston, U.S.A.

HEAVY JUNE SNOWFALL.

Unusual Experience of Alberta Residents—Stock Will Suffer.

Calgary, N. W. T., June 17.—The worst June snowstorm in Alberta's history prevailed all Thursday night all over this section. Gravel fears are entertained for young lambs and calves. The high wind was accompanied by heavy wet snow between Red Deer on the north, Langdon on the east, High River on the south and Cochrane on the west.

A great deal of damage has been done in Calgary, many houses and stores being flooded. The wind tore down many signs, blowing off roofs and soon fell from six o'clock Thursday night until six o'clock yesterday morning in Calgary. The majority of the business blocks did not prove weatherproof and the damage will run up into big figures. The hotels were also victims.

Bad Fire at Fort Frances.

Fort Frances, Ont., June 17.—A disastrous fire occurred here yesterday morning, causing damage estimated at $200,000, with insurance of about half that amount. The following buildings were destroyed: The Alberton Hotel, Hallock's restaurant, Brecken's bakery, Strain's barber shop, Baker's fish or shop, Scott's jewellery store, the Fort Frances Hotel, Christie's butchery shop, the Koochiching Hotel, Wells' hardware store, the Bank of Commerce, Nelson's clothing store, and Fraleigh's drug store.

REASON No 41

WHY YOU SHOULD USE

Red Rose Tea

Because it is accepted as a standard of quality.

Red Rose Tea can be found in the sample room of nearly every tea firm in Canada. It is used as a standard of quality by which they judge their own teas.

A large London, Eng. Tea firm recently asked their correspondents in Montreal to send them samples of the best brand of tea sold in this country—they sent Red Rose.

This is a very high tribute to Red Rose Tea. If you will try the tea you will feel like endorsing this tribute.

No Ashes

In the

"Bison" Fire Pot

The fire pot in the "Bison" hot water heater is built slightly conical to prevent ashes sticking to it. There is no lodging place in the fire pot for ashes. Flames are thrown up and against the slanting wall of the fire pot—the side draft drags the flame against it—burns all the coal evenly from side to side. That is one reason why the "Bison" heats quickly, effectively, economically—it is one reason out of ten why the "Bison" is the best heater.

Superfluous Hair

Removed by the New Principle,

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze hair roots under the skin. Better than depilatories, because it is not poisonous; there is will not cause blood poisoning, or produce eczema, which is so common with depilatories, but does it break off the hair, thereby increasing its growth.

Depilatories, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. De MIRACLE is not. It is the only method which is indorsed by physicians, surgeons, dermatologists, medical journals and magazines.

De MIRACLE mailed sealed in plain wrapper on receipt of $1.00. Your money back if not entirely satisfied after 30 days' trial. Write for booklet and testimonials. Sold by druggists, or by De Miracle Chemical Co., 61 Queen St. West, Toronto. For sale by

PARCHMENT AND PILLS OR THE LOG OF THE "CITY,"

Being a Veracious Account of the Annual Outing of the Medical Association of Peterborough in Entertainment of Their Professional Half-Brethren of the Law.

A combination of Esculapius and Blackstone—which prey respectively upon our persons and our purses—may seem an incompatible combination, according to pharmaceutical laws, but in a social sense, law and medicine blended as harmoniously as does milk and water on the occasion of the annual excursion of the Medical Association of Peterborough, on Friday, June 16th, the opening of the ball season. On this excursion the limbs of the law were the guests of the medicos in reciprocation of the courtesy of the Law Society which last year, entertained the doctors to a trip down the river. Yesterday about twenty-five of the doctors of the town and a like number of the lawyers, embarked on board the "City of Peterborough", which like a Pheonix risen from the ashes or rather like a porpoise from its dive, appeared resplendent in a coat of new paint and none the worse for the reaction of her encounter with a boom, apparently more ship-shape and fit than ever. The druggists, the natural allies and purveyors for the medical profession were also much in evidence, and the dental profession was represented by a pair of forceps—fiends. To give body to the professional mixture, she had on board as guests, many of the foremost representatives of the commercial and industrial element of the city, and to give moral character to the gathering, she had on board, the members of the press. The outside guests included representatives of the legal profession from Lakefield, Millbrook and Norwood. The company had strong financial backing in the presence of the managers of all the banks of Peterborough.

Down the River,

The steam down the river was uneventful, yet a progressive delight. The steady slipping of the steamer between the beautiful banks of the river, swathed to the water's edge with the rich June green of the varied tints of the trees in the fresh fulness of their leafage, revealed at every furlong of the serpentine stream, new charms of sylvan scenic loveliness.

Following debarkation at Jubilee Point came the sporting vendetta of the reciprocal professional reunion—the return baseball match between the rival professions. Last year the doctors lambasted the lawyers to the tune of 7 to 2 in the matter of scores. This year the tables were turned and the lawyers secured a reversal of the judgment of the preceeding year. At once the party landed the game was begun. The rain was falling in a steady drizzle. The tall tangle of grass was soaked, the chlorophyll crushed out by the boots of the players created a viscid footing, which to any but the stalwarts of the day would have made the brilliant play that was made, impossible. Nothing daunted, however, the teams took position on the field in the following order:—

Pills.—Dr. Brown, c.; Dr. McClelland, p.; Dr. Marshall, 1b.; Dr. Bastwood, 2b.; Dr. Morgan, 3b.; Dr. McNulty, s.s.; Dr. McCullough, r. f.; Dr. McMoloch, l. f.; Dr. Neil, s.s.

Parchments.—O. A. Langley, p.; G. W. Hatton, c.; O. de LePlante, 1b.; S. T. Medd, 2b.; G. J. Sherry, 3b.; G. L. Hay, r. f.; L. M. Hayes, c. f.; W. Davidson, c. f.; R. F. McWilliams, s. s.

Rooters.—E. A. Peck, Judge Weller and R. M. Dennistoun.

Jack at Play.

The conditions as mentioned were not very favourable to expert exhibition of the baseball epidemic. The gentle rain was gently raining and the reactionary chlorophyll hereinbefore mentioned was exuding from the lush grass of the campus. It would be idle to follow the thrilling incidents of the game. A prominent feature of the contest was the appearance of Mr. G. W. Hatton in the catcher's den arrayed by way of a chest protector, in a suit of life preservers from the steamer. Mr. O. A. Langley mutilated the curves for the lawyers with telling effect. Dr. McClelland occupied the medical pill box and shied the sheepskin over the plate in effective style. Dr. Brown received his deliveries, which were "head presentations," in a most heroic manner, as if he were taking one of his own pills — handling the shooting sphere without gloves. For the legal culprits, Mr. Osias de Leplante held down first bag as if he weighed a ton, and for the pill-prescribers Dr. Neil and Dr. McCullough made brilliant catches of most difficult flies. As was to be expected, from "professional" ball tossers, the play was brilliant and the score in favour of the legals of 3—2, looks like the tally of the big league teams. The lawyers obtained a decision, closing the game with the two innings, on, what the doctors say, was a legal technicality.

The Arbiter.

Mr. Peter Campbell of the Bank of Toronto, filled the perilous position of umpire, and, although he narrowly escaped being mobbed at the hands of the respective partizans of the teams, he stood at his post with Rhadamanthine inflexibility, and meted out even handed justice to the respective parties to the suit at issue. The defeated doctors entered an appeal, asserting that the lawyers having collared all the money of the party of the first part, and the second part, too, bribed the umpire, but the County Judge to whom appeal was made, dismissed the motion with costs to the appellants. At any rate it was a glorious victory, and the lawyers are wearing trophies (stolen) from the gardens of the Rice Lake hotel, Harwood.

The doctors, however, were after all, true sports. After the game, and the appeal had gone against them, they accepted the result, not only gracefully, but magnanimously, sided at the buffet in a satisfactory and busy manner.

Thus ended the biennial excursion of the Medical Association of Peterborough, which will long live in the hearts of the participants, and will not need as a caustic K. C. remarked, the assistance of the monument man, who perpetuates in marble the fruits of their professional prowess, to keep its memory green.

DEATH TO-DAY OF FORMER RESIDENT

Mrs. David LeMay Passes Away at Mr. LeBrun's Residence.

Formerly a Well Known and Very Highly Respected Resident of Peterborough.

A former well known and highly respected resident of Peterborough, in the person of Mrs. David Lemay, died at the residence of her son-in-law, Mr. H. LeBrun, last night, at the age of 70 years.

The deceased lady, who was for twenty-five years a resident of Peterborough, where it will be remembered Mr. Lemay conducted a confectionery establishment (on George street, which was disposed of twenty years ago to Mr. Harry Long, when Mr. Lemay and family moved to Watertown, N.Y.. Here they resided till last autumn, when Mr. and Mrs. Lemay came to Peterborough as guests of Mr. and Mrs. LeBrun. Mrs. Lemay, whose maiden name was Louise Joyal, was a native of Montreal where many years ago she was united in marriage to Mr. Lemay. Mrs. Lemay is survived by her husband and eight children: Mrs. H. LeBrun, Mrs. Tillson and Mrs. R. J. Gough, Toronto; Miss Caroline (Sister Ste. Heloise, St. Albans, Vt.,) and Miss Heloise, of Montreal. The sons are Messrs. Albert and Napoleon Lemay, of Rochester, N.Y., and H. A. Lemay, of Syracuse, N.Y.

Funeral from the residence of her son-in-law, Mr. H. LeBrun, corner of Simcoe and Park streets, on Monday, at 9.30 a.m., to St. Peter's cathedral, and thence to St. Peter's cemetery, for interment.

Kawartha Lakes.

In another column will be found the complete summer service timetable of the Trent Valley Navigation Company, which goes into force on June 19th. The Kawartha Lakes have in the past been given exceptionally good service by the commodious steamers of the Trent Valley Navigation Company, and this season the service, as outlined by the time table, makes boat travel on these lakes very pleasant. 2d1w

FATAL ACCIDENT BARELY AVERTED

Two Ladies Met With Mishap This Morning.

Two Vehicles and a Street Car in a Mix-up on Charlotte Street—A Narrow Escape.

An accident in which serious consequences were narrowly averted, occurred this morning at the railway crossing on Charlotte street.

Two ladies and a boy were driving into the town, evidently from Monaghan, and, as they reached the corner mentioned, came up behind a heavy waggon also travelling in the same direction. In passing this, one of the wheels of the lighter vehicle struck that of the other, rendering a stop necessary. A street car was meanwhile approaching from the opposite direction and though its speed was reduced to a minimum, the fender ran beneath a projecting wheel of the buggy, before the latter had become disengaged.

The two feminine occupants were thrown out, the rear wheel passing over the limbs of one. Not the slightest blame attaches to the motorman and it was only by his prompt action in conjunction with the conductor that serious results were averted. The lady, who beyond the nervous shock received, was not seriously injured, was removed to the residence of Mr. Armstrong, and after a short period of rest was able to proceed.

BELT LINE MAY BE ESTABLISHED

Proposed to Run a Line West on Albert and Connecting With Park Line.

Traffic on Street Cars is Exceeding Expectations—Evidences of Jackson Park Popularity.

With the great increase in the street car traffic during the summer months, the question of the extension of the line is revived, and, although no definite decision has been arrived at by the management, it is understood that the matter is under consideration, and an announcement may be looked for in the not distant future.

Mr. Larmonth stated to the members of the Board of Works on Wednesday night that the company had under consideration the proposal to form a belt line, by running down Park street to Albert, and west on the latter street to the boundary road, going up the latter to connect with the Jackson Park line at McDonel street.

This statement was made in response to a suggestion made by Ald. Tovey, that it would prove profitable to extend the Park street line to the corner near Braund's store. He expressed the opinion that if this extension were made it would prove profitable for the railway company.

The traffic during the last few days of warm weather on the street cars has been phenomenal, and the number of passengers carried, it is understood, exceeded the expectations of the management. It is believed that this summer the Jackson Park line will prove very profitable, the traffic giving evidence of this already.

Overhead on the Verandah.

"John," said Mrs. Newlywed, as she thoughtfully replaced the cork in the bottle of Herb's Sovereign Balm, "I told you that your hands and shoulders would be lame if you did so much digging and planting."

"I wish to goodness you wouldn't worry, Angeline. What was to be done? If you hadn't been soaking those seeds in hot water all day I could have let them wait until Uncle Peter came; but I was afraid they'd sprout before I got them in the ground."

"Well, they're all in now; but John—"

"What's the matter now?"

"Nothing, but—"

"Why can't you say it, and be done with it?"

"I have been reading about the St. Andrew's Guild excursion to Stony Lake on Thursday of next week; and Bob E—— kindly said he would assign us two tickets, if we spoke quick. Do; let's go and enjoy the outing. A day off will give your hands and shoulders a chance to get well."

A lawn social will be held on the grounds of St. John's Church, on Wednesday evening, June 21st. Refreshments will be served at the different booths. The 57th Regiment Band will be in attendance and render a choice programme.

CASES IN HIGH COURT OF JUSTICE

Non-Jury Sitting Opens on Tuesday.

Hon. Mr. Justice Meredith will Preside —Only One New Case.

The following case will be heard at the Non-Jury Sitting of the High Court of Justice before Hon. Mr. Justice Meredith on Tuesday next June 20th,—Burnham vs. Michels and Earl.

The plaintiff, Maria M. Burnham, in her statement of claim, alleges that the defendant Thos. Earl entered into possession of certain lands in the Township of Otonabee shortly before the death of the late John Burnham, and claims that the latter had agreed to sell the lands to him, the particulars of which agreement, if any, were made, not being known to the plaintiff. Defendant refuses to give up possession of said lands. Plaintiff pleads in reply to defendants' claim that an agreement was made between himself and the late Mr. Burnham, that it was not in writing, also pleading in reply, the benefit of Statute of Frauds. Plaintiff also claims that if any agreement were entered into it was on the understanding that defendant was to pay the sum of $140, and that such a sum had never been paid. Plaintiff claims possession of the lands, $100, profits, and costs of the action.

The defendant, Thomas W. Earl, in his statement of defence, claims that he was prior to the commencement of the action in lawful possession of the lands, his co-defendant, Lawrence F. Michaels, being his tenant, and sets up the statute of limitations as defence to the action.

Dennistoun, Peck, Kerr and Stevenson, plaintiffs' solicitors; John Green, *solicitor for the defence.*

The case of Darnley vs. Cornell, adjourned from the spring assizes, will also probably receive a hearing.

WERE WEDDED ON WEDNESDAY

Nuptials of Miss Margaret J. McClure and Mr. F. J. Rowe.

A quiet, though pretty wedding was solemnized on Wednesday evening in the George Street Methodist Church, when Miss Margaret J. McClure, *only daughter of Mr. John* McClure, was united in marriage to Mr. Frank Elwin J. Rowe, of town.

The ceremony was performed by Rev. Dr. Crothers, pastor of the George Street Methodist Church. The bride was prettily attired in a gown of white Indian linen trimmed with lace, with a white silk sash, and wore a white chiffon hat. The contracting parties were unattended.

At the conclusion of the ceremony the bridal party returned to the home of the bride's parents, Monaghan, a short distance from town, where a dainty wedding breakfast was served. The many congratulatory favours received, testified to the widespread esteem in which the contracting parties are held by their large circle of friends.

"BE FILLED WITH THE HOLY SPIRIT"

Subject of Address in Bethany Tabernacle Last Night.

Evangelist F. W. Cox Gives Able Address—First of Series of Meetings Last Evening.

The first of a series of evangelistic meetings was held last night in Bethany Tabernacle, the sermon being preached by Mr. F. W. Cox, evangelist, who had charge of the meeting. He took his text from Eph. 5, 18: "and be not drunk with wine wherein is excess, but be filled with the Spirit."

He first compared the Holy Spirit with the alcoholic spirit and briefly alluded to the effect on men. In some men it created a joviat state of mind and made them feel that they owned the town, or, as the speaker remarked "the whole world and part of the United States." With others it was the reverse, the effects

MR. F. W. COX,

Evangelist, Conducting Services in Bethany Tabernacle.

being entirely different and making beasts of men.

The effect of the Holy Spirit on men was to cleanse and purify them and lift them up.

God made no mistakes and it was safe to say the Bible was true. Although of seeming contradictions, upon close and serious study, it bore out every statement and was true in every word.

God says "Be not filled with wine but with the Spirit."

The speaker then emphasized the fact that when a person became filled with the Spirit they would be entirely different from that moment. A change would come over them and they could tell the exact time when the change in their lives took place. Christ would say "at the Jordan," Luther would say "in Germany, in the Fatherland, in a monastic cell, that was where I became filled with the Holy Spirit." "All know where" said Mr. Cox "there is no uncertainty." Gen. Booth of the Salvation Army, could tell where and when his life was changed, and so could everyone.

Mr. Cox concluded with an illustration representing the fact that we should willingly let our hearts be filled with the Spirit, and when we will it, and God wills it, there is nothing should prevent us from neglecting this most important of all matters, our eternal salvation.

An Interesting Skull.

Prof. Montgomery of the Toronto University has recently received a cast of the skull of the animal between man and the apes, remains of which were found by Dubois a few years ago in the Island of Java. The skull shows a greater brain capacity and a higher intellectual conformation than the skull of either—the Chimpanzee or the Gibbon, the highest of the existing apes. A thigh-bone and two molar teeth were also found by Dubois in the same rocks and within a short distance of the spot where the skull was discovered. The thigh-bone indicates that the animal walked in an erect position. The expert scientists who examined the remains at Leyden, where Dr. Dubois had brought them by the authority of the Dutch Government, gave the opinion that they were those of a creature very little lower than man, and a step in advance of the Simian or ape animals. Several of them also expressed an emphatic opinion that the rocks in which the remains were found are of Pliocene age, as proved by the collection of other fossils taken therefrom, they being similar to those occurring in the Pliocene of the Siwalik Hills of India. As to the capacity of the skull, this animal, which has been named Pithecanthropus erectus, was very close to the fossil man known as Spy number one found in Belgium. Prof. Haneuvrier of Paris, Sir William Flower, Haeckel and the late Prof. Marsh were among the eminent scientists who viewed the remains of this creature along with the other collections made by Dubois and exhibited to the congress of zoologists and paleontologists in Leyden.

A Dangerous Town.

Barney Oldfield, the automobilist, was talking about a trip that he had once made through Manitoba.

"The most dangerous town in Manitoba," he said, "is Brandon. Hargrave is near Brandon, and on the outskirts of Hargrave, in front of a little inn, I dismounted.

"I found in the inn the landlord and another man. They sat side by side on a bench. They were both very old.

"'Excuse me, landlord,' I said, 'but can you tell me how far it is to Brandon?'

"The old man jumped up and hobbled behind the bar.

"'Brandy,' he said, in a thin quaver. 'Yes, indeed, sir, and very fine brandy it is.'

"He put a bottle and glass before me.

"'I asked you,' I said more loudly, 'how far it is to Brandon?'

"'The best brandy, of course, sir,' he answered. 'I don't keep nothing but the best.'

"In despair I turned from this deaf veteran to the other old man on the bench.

"'Look here,' I said, 'can you tell me how far it is to Brandon?'

"The other old man, with a grateful look, rose and limped hastily up to the bar.

"'Thanks,' he said, 'I don't care if I do.'"—New Orleans States.

MODERN CASE OF BABES IN WOOD

Two Young Children Found Bound and Gagged Were Left There to Die---Plympton, Nova Scotia, the Scene of This Horror---One of the Children Dead---The Other May Recover---The Mother, Mary Hope Young, Will Figure in the Coming Developments.

Halifax, June 19.—About 3 o'clock Saturday afternoon, Fred O'Neil, a 17-year-old lad of Digby, N. S., found little Tima Young in the scrub woods about a mile back from the settlement of Plympton, and an hour later his brother, Clifford, a boy of 12, came upon the remains of 6-year-old May Ward, about a quarter of a mile farther back. The children had been missing since 5 o'clock the night before. The lads were two of a search party numbering about twenty-five, who had been looking for the children for 20 hours.

When found, the baby, a beautiful child a year and a half old, was lying on its face, trussed hand and foot. Its mouth had been stopped with its own cotton hood, which had been rolled up and bound tightly across its face, covering mouth and nose, and, with a faded orange hair ribbon, its chubby hands had been bound up under its chin. In its struggles to free its hands, the wad of cotton which stopped the mouth and nose had been displaced, and suffocation was prevented.

May Ward, when found, was dead. In her case the hands and feet were not bound, but across the mouth and nose was a large burdock leaf, over this the child's hood had been tightly drawn, and around and around was bound a quantity of rope yarn. Suffocation must have quickly followed.

The parentage of the children is possibly open to some question. The elder, May Ward, is said to be the child of May Ward, formerly of New London, Conn., later of Boston, where she died a couple of years ago, and who was a sister of Mary Hope Young, the woman who is bound to figure in the developments. The baby is the child of this Mary Hope Young, who claims to have been the wife of Fred Young, a Boston lawyer, who died somewhat over a year ago. The man with whom she has been living as housekeeper is Kingsley Melanson, a laborer.

DID LLOYD MURDER WIFE.

The Medical Testimony—Woman Unconscious When Her Clothing Was Ignited—Deceased's Brother.

Belleville, June 19.—The preliminary investigation into the murder charge against Adam Lloyd of Hungerford, was begun here Saturday morning and lasted till 5.40 this p. m., when an adjournment was made till next Saturday.

The charge against Lloyd, who is 73 years of age, is that he caused the death of his wife, and suspicion points to the woman having been killed by blows in the head, her clothing being afterwards set on fire after coal oil had been poured on her.

Thomas Smith, brother of the deceased Hannah Lloyd, testified that after he heard of his sister's death he went to Lloyd, who said "Well, the property's all mine now, and I can do as I like with it." This property, it seems was a small farm owned by the late Mrs. Lloyd, which she had deeded to one Brickman, a son-in-law, she to retain a life lease of it, and, in case of her death, the life lease would revert to her husband. In regard to his wife's death, Lloyd told Smith there was a mystery about it, and he did not think it would ever be found out. The place which Mrs. Lloyd had owned rented for $60 per year.

A Terrible Question.

"And do you think," said Mr. Porter, "that Adam Lloyd killed his wife so that he could have that $60 a year for himself?"

The witness was silent.

"You might as well say it as think it," said Mr. Porter, "out with it."

"Well," said the witness, after a pause, "$60 a year is better for one than two."

Doctor is Positive.

Drs. Yeomans, Boyce and Mather gave medical testimony as at the inquest to the effect that there were signs of the woman having been struck on the head with a blunt instrument, and that the clothes had been then set on fire. Dr. Yeomans, who was severely examined by E. Gus Porter, declined to admit that the burns on the woman's body would as likely have been caused before death as after.

The investigation was adjourned till next Saturday, June 24th.

Woman Dead, Man Arrested.

Montreal, June 19.—A tragedy is reported from St. Louis de Mile End. A woman named Mary Quinn was found dead with terrible wounds in her head and body. A man named John Coping, having blood stains on his hands, has been held on suspicion.

Boy of 15 Confesses Murder.

Winnipeg, June 19.—It has come to light that John Whittaker of Neelby, Assa., who was supposed to have been killed by a kick from a horse on June 1 was the victim of a brutal murder. Suspicion of foul play led to a coroner's inquest, and a post mortem shows death was caused by gun wounds. A young Norwegian, named Peter Nloe, aged 15, was charged with the crime, and he has made a confession.

Ten Years For Bill-Raiser.

Kingston, June 19.—The bill-raiser, John Sanford, was before the police magistrate Saturday morning and pleaded guilty to changing the denomination of bills and passing them. He was sentenced to ten years in the penitentiary. He is an ex-convict.

Killed by a Baseball.

White River, Ont., June 19.—Chauncey Stevens, 9-year-old son of H. P. Stevens, C. P. R. train despatcher, was struck on the head by a base ball during the progress of a game here on Saturday, and died yesterday morning from compression of the brain.

300 Die in Explosion.

Ekaterinoslav, Southern Russia, June 19.—An explosion has occurred in the Ivan colliery at Khartsisk, belonging to the Russian Donets Co. It was reported that three hundred persons perished.

The Charge Withdrawn.

Toronto, June 17.—H. D. Smith, the chauffeur of the automobile which fatally injured Lenton Williams on College street, was released from custody yesterday morning on the application of Crown Attorney Curry. The charge against him was withdrawn.

BAD RAILWAY ACCIDENT.

At Least 18 Lives Lost in a Wreck Near Baltimore.

Baltimore, Md., June 19.—At least 18 people are believed to have been killed and a score or more injured in a wreck on the Western Maryland Railroad Saturday night, near Patapsco. Passenger train No. 5, west-bound, was running at a very high rate of speed when it crashed into a double-header freight running east. All three of the engines were reduced to scrapiron, the express and baggage cars of the passenger train were smashed and a number of freight cars splintered.

The passenger coaches sustained little injury and almost without exception their occupants escaped with nothing worse than a bad shaking up. The crews of all three engines were killed. The bodies are all believed to be under the wreckage of the engines.

PECULIAR GUN ACCIDENT.

Farmer Hung Gun on Wall and It Went Off—May Die.

Barrie, June 19.—Wilson Reynolds, a farmer of Craigvale, about 52 years of age, was accidentally shot in his house about six miles from here on Friday morning.

Reynolds had been hunting ground hogs on the previous evening, and on his return home hung a muzzle-loading shotgun, still cocked, by the trigger guard on the wall in his kitchen, placing his boots below the gun.

The following morning, as he leaned against the wall to put on his boots, he touched the gun and the whole charge lodged in his back.

Three ribs were severed and he is now in a serious condition.

SUNK IN COLLISION.

Steel Freighter Etruria Now At the Bottom of Lake Huron.

Sault Ste. Marie, Mich., June 19.—During a thick fog which has prevailed on the Upper Lakes for a week, the steel freight steamers Etruria and Amasa Stone collided yesterday ten miles off Presque Isle light in Lake Huron.

The Etruria was damaged so that she sank within a few minutes, the crew narrowly escaping with their lives. The Etruria was struck on the starboard side. Many of the crew were asleep in their berths but were awakened by the crash and reached the deck in time to escape.

Collier Runs Aground.

Montreal, June 19.—The Norwegian collier Agnar, 994 tons net register, went aground at 5 o'clock Saturday morning on the channel bank, to the south of the Longue Pointe Shoal. The vessel went into the clay bank at full speed, and is securely stuck. She will be lightered of about 300 tons of her cargo of coal. An investigation will be held.

Sir Charles Tupper Quite Ill.

Halifax, June 19.—Charles T. Hilson of Amherst, N. S., has received a letter from his uncle, Sir Charles Tupper, Bart, who is in England, which contains the news that the aged statesman is in poor health. In fact, he is quite ill, as when the letter was written he was confined to his bed, with three doctors in attendance.

FIERCE FIGHTING STILL GOES ON

No Cessation of Hostilities Between Russ and Jap---Russian Cavalry Routed---Imminence of Peace Conference Does Not Stay the Hand of the Armies in Manchuria---Mistchenkofs Cavalry Thrown Into a Panic by the Japanese and His Losses Are Heavy.

St. Petersburg, June 19.—Although the way has been smoothed for a peace conference, the operations in Manchuria appear to be in full march toward a big engagement, the Japanese having pushed as far as Liaoyang-chunghong (Liaoyangwopeng), west of Liao River, thirty-three miles north of Fanwuan. The Japanese have strong forces here as well as in the rear of Lieut.-Gen. Linevitch's advance detachments near Changtufu, and even threaten the flank of the fortified positions at Sipingai, where Gen. Linevitch intends to offer battle, and from which he pushed far to the southward during months of inactivity on the part of the Japanese army.

A detachment from the headquarters of the Russian army at Godsyaadani describes fighting in the vicinity of Liaoyangwopeng from 2 to 8 o'clock on the morning of June 19. The Russian artillery at first forced the Japanese to retire along the whole line. In the meantime another force of Japanese turned the Russian right flank, compelling the detachment to retire from Liaoyangwopeng. At this moment a strong Japanese infantry column was observed approaching. The Russian losses, the despatch says, were only six wounded.

What Tokio Has Heard.

Tokio, June 19.—Reports from the Manchurian armies say:

In the Kangpiu district, at 1 a. m., June 16, our centre column, after routing the enemy's cavalry outposts at Tienchiawopeng, attacked the enemy's position at the southern end of Liaoyangwopeng, and to the eastward, between 4 and 5.30 o'clock, and at 9 o'clock we completely occupied Liaoyangwopeng.

Enemy in Confusion.

Our right column, after driving the enemy's cavalry before it, occupied Lochuanpou, nine miles east of Liaoyangwopeng. This column shelled the enemy's cavalry, retreating to the southward, inflicting heavy injury. The enemy was finally thrown into great confusion.

The left column poured a fierce fire upon a thousand of the enemy's cavalry, retreating to the northward at Liaoyangwopeng, and inflicted heavy damage.

According to prisoners, 5,000 cavalry, with twenty guns, forming part of the Lieut.-Gen. Mistchenko's army, occupied Liaoyangwopeng. The main force retreated northward, and parts of it to the northeastward and northwestward in disorder. There are evidences that the enemy was panic-stricken.

Our casualties were 20 killed and 138 wounded. The number of the enemy's casualties is not certain. His dead, left in front of the centre column, numbered eighty, and, therefore, the total Russian losses in all directions seems to be great.

THE CAUSE ALLEGED.

Lamsdorff's Defence for the Sinking of the Kilda.

St. Petersburg, June 19.—Sir Claude Hardinge, the British Ambassador, has brought the case of the British steamer Kilda, which was sunk by the Russian auxiliary cruiser Dnieper, June 5, in the China Sea, before Foreign Minister Lamsdorff, asking that reparation be made and that steps be taken to prevent the recurrence of such actions by Russian warships.

Count Lamsdorff replied that Russia's previous assurances still held good, and that this previously was an isolated case due to the present disorganization of the Russian naval forces in far eastern waters.

IMPROVEMENTS TO THE MURRAY STREET CHURCH

Opened Yesterday After Having Been Closed for Three Weeks Undergoing Improvements—Work of the Ladies' Aid of Murray Street Baptist Church—Interior Thoroughly Renovated and Improved—Pastor Scott Preached a Forceful and Eloquent Sermon on "Individuality and Christianity"—People of To-day Are Not Sufficiently Independent in Respect to Their Church Relations.

Yesterday Murray Street Church was opened for service after having been closed some weeks on account of improvements which have been made to the interior, and the church now presents a much improved appearance.

Some months ago, the Ladies' Aid of that church, flushed with the success of their national tea, decided to

REV. F. J. SCOTT.
Pastor of Murray Street Baptist Church

spend some of the money on improvements to the church, and they proceeded with the work.

Under their direction, the whole interior walls of the church proper, have been calcimined and the woodwork painted and grained. The whole church has been thoroughly cleaned and renovated, and the pastor's room to the rear, has been painted and papered, and a new carpet laid on the floor.

The improvements, thus carried out under the supervision of the ladies, are much appreciated by the congregation, and the church presents a much improved appearance.

Stained glass windows will also be placed in the church and the order for these has been placed, the delivery to be made in the near future.

The congregations yesterday, considering the heat, were large, and those present enjoyed worshipping in the newly renovated church structure.

Last night, the pastor, Rev. F. J. Scott, preached a sermon on "Individuality and Christianity," basing his remarks on the text II Cor. 1, 2, "Grace be to you and peace from God our Father and from the Lord Jesus Christ." The speaker referred to the independence of St. Paul, as indicated in those words. In this connection the word grace was given a new meaning. He was an individualist, not hesitating to put a new meaning into old phrases. The salutation given in the text shows independence in thought and action, and the activity, self propelled of his life. The speaker described Paul as a Liberal, but as a Liberal Conservative. His independence was seen in his attitude towards Judaism for while he did not fully forsake the former, he embraced the latter. Christianity, the speaker thought, was a religion of individuality. Before Christ came into the world no recognition was taken of the rights of the individual, and to-day in lands where Christianity is not practiced, the same condition prevails. A strong condemnation was uttered against any form of religion which destroyed the individuality of men, and the speaker declared that anything which stifled this independence of thought and action, should be slain and destroyed. Mr. Scott commended the attitude of the Protestant churches in this particular and he thought that the young people might learn a lesson of independence. Can it be doubted, the speaker asked, that in any community people are members of a church because of family ties, social standing, or because of the popularity of that particular church, instead of, as the result of independent thought and decision.

The position of the Baptist Church, which teaches independence, was commended by the pastor.

POTATOES TAKE A RISE

Selling at 90c and $1.00 on the Market on Saturday

Lots of Smaller Vegetables—Prices Good Up-stairs—Apples Scarce.

There was a good market Saturday morning when the condition of the roads and weather is taken into consideration. Potatoes were plentiful and were sold quickly. Prices had a wide range—from 75c to $1.00 per bag being received. One man selling a large load for 75c per bag and a load close to where he was stationed selling for $1.00 per bag straight a short while after. Apples were very scarce and sold at 25c per peck. There was a large quantity of the smaller vegetables. The only apples on the market being some well preserved Northern Spies. Veal was plentiful and not selling very brisk at 7 and 8c per lb. Pork sold at $1 and $1.25 each for front and hind quarters respectively. On the inside market prices were good, eggs at 16c and butter at 18c and 20c per lb.; chickens sold at from 60c to 90c per pair.

There was little hay on the market, though what was seen was of good quality and sold at $9.00 per ton.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

CEMENT DOCK AT YOUNG'S POINT

Dredging Operations in Progress Below the Locks.

The dredge is now working below the locks at Young's Point, where many improvements are in progress.

The channel has been deepened and widened above the locks, while below the point of land which formerly projected for some distance, has been removed. Immense rocks have been removed in preparation for the construction of the cement dock, which will be commenced in the near future. This will be about 200 feet in length directly below the lock, and will prove a convenience, the necessity for which has been much felt. The efforts of Mr. R. R. Hall, M.P., in securing for his constituents these, together with so many additional public conveniences, is much appreciated.

The steamer "Stony Lake" is now burning coal in her engines. It is found to give much more satisfactory results than wood.

Mr. George Guillett, ex-M.P., of Cobourg, is already occupying his handsome cottage.

LOST CONTROL OF BICYCLE

Mr. Mervin Williamson Injured This Morning.

A distressing accident occurred on Hunter street near corner of Aylmer, when Master Mervin Williamson, of 32 Gilmour street, while riding on his bicycle down the grade at that place, lost control of his wheel which struck a tree hurling the rider with great violence to the ground.

The injured boy was removed to the residence of Dr. Marshall, where upon examination, it was found that a dislocation of the outer end of the clavicle had resulted.

The fracture was reduced by Dr. Marshall, after which the patient was able to walk home.

An early and complete recovery from the shock attending the accident is hoped for by his many friends.

CELEBRATED FIRST MASS

Rev. Father Torpey Sang Solemn High Mass at St. Peter's Yesterday.

Friends and Relatives Assemble at Dinner—Will Visit in Town for a Short Time.

The Rev. Father Torpey, of St. Paul's, Minn., yesterday celebrated his first mass since his ordination, at St. Peter's Cathedral, at eleven o'clock.

He was assisted in the service, which was solemn high mass, by Rev. Father McColl, rector of the cathedral. The deacon of the mass was Rev. Father Vincent Murphy, an old friend and class mate of the celebrant of St. Michael's College, Toronto. The sub-deacon was Rev. Mr. Carr, of St. Michael's College, Toronto.

A large number of relatives and friends of Rev. Father Torpey, some from a great distance, assembled yesterday at the residence of his mother, Otonabee, for dinner. Amongst the visitors present, who numbered over one hundred were Mr. W. McCarthey of St. Bernard's Seminary, Rochester, Mr. and Mrs. W. Torpey, Dubuque, Ia., Mr. and Mrs. D. Torpey, two sons, and daughter-in-law of Caledonia, N. Y. Rev. Father Torpey will visit for some time in town before his return to Dubuque.

PROTECTION FOR JACKSON PARK

Especially For Ladies And Children Who Visit It.

Improper Conduct of Bathing Boys Drives Out Visitors.

Arrangements have been completed for installing an important addition to the summer attractions of Jackson Park, in the form of effective lighting, but there is a still more important need to be supplied. The park is not naturally very much sought at nights, especially by ladies and children, but in the day time it is, especially since the provision of an excellent car service a most popular resort of the ladies and children.

Complaint has, however, been made to the Examiner, of conditions, which if not removed, will deter many persons from using the park at all. On Saturday a couple of ladies and children went out there for an outing, but they were driven out of the park by the presence of boys bathing, many of them well-grown youths, who in addition to indecent exposure of person, added foul and profane language which made the presence in the vicinity of ladies and children, an impossibility. The Examiner is informed that both lakes were used for bathing.

It seems therefore that what is needed is the presence of a park constable, who would not only ensure proper behaviour on the part of boys, but keep down hoodlumism generally and make the park as safe as it is a delightful resort. Among the town authorities, the park trustees and the street railway company, upon all of whom, a moral, if not legal responsibility rests in connection with the administration of the park, a remedy might be devised. If the bathing and conduct of last Saturday afternoon are repeated, the attendance of respectable women at the park will be greatly reduced and its general popularity diminished. The ladies who had so unpleasant an experience last Saturday will not repeat their visit unless under the assurance that the objectionable features they encountered are made impossible.

THROWN HEAVILY FROM BUGGY

Mrs. Dennis Torpey of Caledonia, N.Y. Suffers Unfortunate Injury.

Mrs. Dennis Torpey of Caledonia, N. Y., who with her husband and son are in town on a visit, was the victim of a most unfortunate accident on Saturday evening while driving up George street, in company with her neice, Miss L. Torpey, 5th ward. The carriage of which the two ladies were the occupants, was brought to a quick and unexpected stop by a vehicle driving directly in front. Mrs. Torpey being thrown forward violently, falling heavily upon the ground. She was at once removed to St. Joseph's Hospital, where upon medical examination it was found that, though no bones were broken, severe bruises had been inflicted. These, while very painful, it is expected will not prove dangerous.

The patient is resting as easily this morning, as may be expected, and an early and complete recovery is hoped for by her large circle of friends.

An unfortunate phase of the accident is the fact that Mrs. Torpey, who is an aunt of Rev. Father Torpey, who yesterday celebrated his first mass at the cathedral, was unable to attend the ceremony and the dinner in the latter's honour afterwards.

A WEDDING AND RECEPTION

Mr. Robert J. White, Formerly of Lakefield, Married.

Bride Was Miss Mabie Namnan—Pretty Wedding at Fisherville.

On Wednesday last, at the residence of the bride's parents, Fisherville, Ont., a very pretty wedding took place, when Mabel, the eldest daughter of Mr. and Mrs. John C. Namnan, was married to Mr. Robt. J. White, of Hamilton, formerly of Lakefield. The wedding ceremony was performed on the beautiful lawn under an arch of maple boughs, and was witnessed by a large number of friends of the bride and groom.

The bride, who was attended by her sister, Miss Katie Namnan, was dressed in a gown of white silk, and also wore the conventional wreath of orange blossoms. The bridesmaid wore white organdie. Mr. Gray Oldham, of Hamilton, assisted the groom as best man.

After the ceremony the bridal party and guests partook of a sumptuous wedding dinner, and after spending an hour of social intercourse Mr. and Mrs. White left on the train for Hamilton, Toronto and Peterborough, where they arrived on Thursday. A reception was tendered them at the residence of the groom's parents in Douro. A large number of friends of the groom were invited to meet Mr. and Mrs. White, and a delightful evening was spent, the guests partaking of a dainty supper.

The bride and groom were the recipients of a handsome array of gifts, both at the wedding and at the reception which followed, and these bear testimony to the high esteem in which they are held. After spending a week with friends and relatives here, Mr. and Mrs. White will go to Hamilton where they will reside.

RUN-AWAY ON HUNTER STREET

Team Made Wild Dash from Cereal Mill.

An exciting runaway occurred this afternoon from the American Cereal Company's mill, when a team driven by Mr. John McDonald, and attached to a lumber wagon, made a wild dash up Hunter street, being turned south at the corner of Waterstreet, where their flight was checked by the timely action of a gentlemen spectator. The animals were brought to a stop a short distance down the street.

COMMITTEE WILL SPY OUT THE LAND

And Report With Reference to Moving Fibre Co's Location.

The Manufacturing Committee of the town council met on Saturday night to consider the proposal of the Manning Wood Fibre Co., Limited, to establish its factory here. Those present at the meeting were,— Messrs. Hicks, chairman, Begley, Adams, Tovey, Hall and McIntyre. It was decided that the members of the committee should visit the proposed site of the works this afternoon and decide upon the location which would be given to Mr. Manning's company upon which to erect his works.

The committee has not yet decided to make any recommendation to the council in reference to the matter, but the Committee of the Whole will probably recommend that an agreement be entered into with the company, by which in return for the use of the land for a period of years, the company shall establish a factory here. It is probable that the question of the land to be given will be decided by the Manufacturers' Committee.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scuff by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

SERVICES WHICH DESERVE CREDIT

Mr. Oscar Menzler's Promotion Has Been Rapid.

Popular Baggageman at G.T.R. Station Who is Being Made Station Operator.

To-day Mr. Oscar Menzler, who for past year has filled with much acceptance the position of baggageman at the G.T.R. station, is receiving the congratulations of his numerous friends upon the promotion which he is receiving. Mr. Menzler leaves here to-morrow for Allandale to take his examination for station operator which there is little doubt expressed that he will pass with flying colours.

A year ago Mr. Menzler came here from Lorneville, where he held the position of assistant. His progress during the year that he has spent here has been highly satisfactory, and his work has been such that a promotion has come earlier than usual. It is stated that during the year not one piece of baggag checked by him has gone astray. To-morrow he will go to take his examimations, and his successor will be Mr. Johnston, of Stouville, formerly of Peterborough, from where he went to South Africa with one of the Canadian contingents.

The position of baggage-master at Peterborough is one of the most important on the whole system and it is stated that there is more baggage handled here than at any of the stations except those at Toronto and Montreal.

Afflicted with Erysipelas For Ten Years.

Cured by Four Bottles of Burdock Blood Bitters.

Mrs. N. Peister, of Brighton, Ont., was Cured Two Years Ago and Has Had No Return Of It Since.

Read what she says:—"It is now about two years since I was cured of a terrible attack of Erysipelas, with which I had been afflicted for about ten years. I had tried almost everything, including medicine from several doctors, but could get no relief. I had given my case up as hopeless, but I procured five bottles of Burdock Blood Bitters, and it completely cured me. In fact, the cure has been permanent. It is now two years since I took Burdock Blood Bitters, and I have not had the slightest sign of the disease returning. I fully believe that your wonderful remedy has taken it so completely out of my system that I shall never be bothered again with it. I have the greatest of faith in Burdock Blood Bitters."

NED. HAMMOND GONE TO REST

Heart Failure the Cause—Died in the House of Providence.

The death occurred last night of Edward Hammond at the Home of Providence, the cause being heart failure. He was a man of [illegible] years living in the neighborhood of 65 years of age. He was born in the township of Ostombee and owned a farm there, but for many years he made his home with Mrs. Swanson, Hunter street, 5th ward and has employed his time in laboring around the town. For some time he has been in the House of Providence and death overtook him there. Funeral arrangements are as yet undecided.

He Succeeded.

"Stop!" With a desperate gesture the man forced his way into the room where the two women were engaged in a discussion.

The woman who was speaking kept on as if nothing had occurred.

"Stop!" cried the man again excitedly. "This thing has gone far enough. I forbid you to do this thing you contemplate. My rights shall not be so downtrodden."

His wife regarded him in exasperating silence for a moment, and the maid looked bored.

"I command you to desist," he thundered.

"Well, have it your own way then," remarked she who bore his name, and together the two women left the room.

The man drew a long, quivering sigh and wiped his pallid brow, but victory was his.

He had saved his favorite shirt from becoming a dust rag.

The Ancient Fisherman.

It was an ancient fisherman,
He stopped a bunch of three.
Now, by the beard of the pickerel,
Pray whyfere stopst thou we?

He held us with his glittering eye
And would not let us go
Till he had poured into our ears
His little tale of woe.

"We started on a fishing trip,
A merry gang of eight,
With hampers loaded down and odd
A jug of joyous bait.

"To reach the happy fishing ground
We hired a panting tug,
When one uncouth and clumsy wight
Fell down and broke the jug.

"We landed on a smiling isle
Whose shores were green and pink—
With water, water everywhere,
The only thing to drink.

"We landed just a week ago,
And in those days accursed
Without an effort I acquired
A large and howling thirst.

"Now you have guessed the reason why
I've had my little say—
Have one or two or all of you,
A bottle bid away!"

LADY BOUNTIFUL

A Christmas Story

By Martha McCulloch-Williams

Copyright, 1903, by Martha McCulloch-Williams

Clouds are never so black and threatening as they look to be when rising to shut away sunshine. Lettice knew that very well, being that she was country bred and spiritually as well as actually a daughter of the open. But in this pinch the knowledge did not help her—that is to say, she did not think of the parallel between clouds actual and metaphorical. The sun had shone for her so blithely, with such strength and power, the shutting away left her in a manner numb. Notwithstanding she had one consolation—the Farnham girl did not know. She never should know if Lettice could help it, no matter what the keeping her ignorant might cost Lettice herself.

They had never quarreled—Lettice was too thoroughbred for such a thing and the Farnham girl too politic—but from the beginning they had been intuitively antagonistic, although environment enforced a certain surface cordiality, even friendliness, between them. Both were western, with yet a subtle difference. Fate had, it appeared, an eerie, even malicious, pleasure in throwing them in each other's way. They had been classmates in the same fresh water college three years before they found themselves, wholly by chance, fellow lodgers in Mrs. Vanston Quigley's New York apartment.

Necessity and inclination had brought them there—each to try for a literary career. By help of honest ignorance, stupid innocence, a heart over joyous, an industry that never flagged, Lettice was now a full fledged newspaper woman, with a salary beautifully sufficient if none too large, whereas Faith Farnham, in spite of undeniable cleverness joined to a personality as striking as it was unscrupulous, had still much ado to make ends meet.

That went hard with her in face of the fact that she had an oriental delight in luxury and was withal indolent. In excuse she pleaded "temperament," whatever that may be. Without these keen appetites, susceptible senses, she said, or with them starved and thwarted, she would never be able truly to express the genius burning and writhing within. Lettice had smiled over the excuse until she found it leading its possessor into squandering her money on violets at their costliest and leaving her laundress a month unpaid, although the poor creature fattened out something about hungry children and rent day. Lettice, overhearing by chance, thrust a bill into the woman's hand and mentally set her down to be fairies remembered at the Christmas tree the paper she worked for was even then planning. She said nothing to the Farnham girl—except, that is, what was eloquently spoken by her altered manner. Unluckily Miss Farnham chose to hear in it other things than it was meant to express.

"I fear I shall have to go away; it hurts me so to have anybody jealous of me," she cooed to Fitzjy Arran as Lettice flashed in and out of the parlor, with the barest brief greeting to the two. "Ever since the Century asked me to let it share my work with Scribner's Lettice—I ought really to say Miss Lane—has been as you see her. Of course I make allowances. It must hurt dreadfully when one is ambitious, and she is frightfully so, to find you can do only low and common things. I should starve if I tried newspaper work, and I feel that I would rather starve than try it. Yet I am so glad Lettice is wiser. She really does very well at it. But, only fancy, she isn't the least bit satisfied. Mrs. Quigley says Sundays—you know she never goes to church—she writes things—stories actually—and sends them to the magazines!"

Arran smiled at her behind his hand. Nature made him a critic. Fate gave him money; some ill fairy thrust upon him aspirations for playwriting—aspirations that had flowered into superfluous success. Lettice had written a Sunday special about him and in writing it had so managed to strike the middle line between ridicule and panegyric as to come warmly into the kingdom of his regard. They had been cheery comrades until Edith Farnham had somehow managed to turn the duet into a trio. After that everything went wrong. Slight, sinuous, ethereal, in delicately colored, high waisted, trailing robes, with always a knot of violets at her breast, she easily put Lettice, with her rosy cheeks, her hearty laugh, her walking suit and trim hair, out of court. Arran yielded himself joyously to her fascinations. "She's a reversionary type, and a rare one," he explained to Lettice. "I like to study her, to see how she makes up to herself for all the things her ancestors felt it was religion to do without."

"Take care," Lettice had answered, smiling a smile openly, honestly, uneasily.

"That's your part—you are to take care of me always," Arran had answered, speaking very low and trying to take her hands.

Then the telephone bell had rung, with the result that Lettice found herself whisked out of town for a week. She came back to find Arran apparently a Farnham bond slave. The very first news she heard was that Faith was to make one of the Christmas house party at Arranmore, Philip's country place, where his widowed mother still dispensed a noble hospitality. Lettice was also asked, but with Christmas but three weeks off going was out of the question. She had neither the clothes nor the time. All the money her common sense would let her spend had gone into overflowing Christmas boxes ready for dispatch to the dear folks at home. Above and beyond that the Christmas tree was specially in her charge. She had helpers galore, but those in authority had said to her, "You have never failed in anything set you; now go ahead and make this the biggest success of its kind the city ever saw."

She was doing it. Scoffers at her inexperience, her country ways, were discovering a very shrewd and level head upon her shoulders. The most part of her coworkers had fallen readily in with her enthusiasm. "Let's feel real Christmasy ourselves; then everything will come easy," she had said to them in the beginning, going on to tell artless tales, gathered by the way, of the people the tree was meant for. Before she was done the listeners were at one with her—even the scoffers, silent and ashamed of their scoffing. As a result upon the 23d of December the big trees groaned under bizarre fruitage, and all the ropes stretched above them were so laden they were a joy to the kindly heart, whatever they might have been to an artistic eye. Nothing remained but to flash up the lights, the myriad tiny electric bulbs strung along the green. Lettice turned away with a long, long sigh, too tired to be anything but very happy at this good end to labor.

For three days she had hardly thought of anything but the tree. Ten thousand gifts, good gifts, for mothers and babies otherwise giftless, 20,000 toys for little hands otherwise toyless, had seemed to her enough to crowd her own concerns aside. Back in her cosy room she ran through a sheaf of letters, her face as she read reflecting her mood as water reflects the sky. Home news made her smile softly, but wipe her eyes at the end. Three notes from aspiring strangers puckered her forehead in a reflective frown. Other notes, a handful, sent to Santa Claus and by some magic turned over to her, brought lumps of varying hardness into her throat, lumps that swelled visibly over a line from Arran, a beseeching line, "Lotty, is not for Christmas, can't you come the day after?"

She dropped it and took up the very last of the sheaf, her eyes too blurred to note the imprint in the corner, but after the first line she sat up, breathing hard, a bright red spot in either cheek, and at the end sprang up, waved the letter over her head and said inaudibly, since it was 1 o'clock: "Hurrah, Lettice! Hurrah! Hurrah!

A knock, hesitating, apologetic, made her turn about to see her door open before she could speak, revealing Faith Farnham, who came in, closing it precipitately behind her, and said in her airiest way:

"Oh, Miss Santa Claus, I've come to you like the rest of the poor things! Lend me $50, please. I've spent everything on frocks and frills for this visit, and those wretched magazines are holding up all my checks"—

"How funny! I got mine—my first," Lettice said, holding out a note and fluttering a blue slip so Faith could not choose but see. "As I am $100 better off than I thought to be, you shall have the money," she ran on. Faith covered her face, sobbing hysterically, but held out her hand for the bills Lettice thrust in it, and, clutching them tight, ran away without a word of thanks. Lettice looked after her, wondering at herself. This vengeance ought to be sweet, yet here she was finding it bitter. She was ashamed for womanhood, for humanity, by this clumsy lying. She flung open her window and leaned out of it, as though to let the night breeze sweep away something unsavory, unwholesome. She never understood the impulse that sent her scurrying to Faith's door, there to whisper through the barest open crack of it:

"Don't worry, Faith. I—won't tell—anybody. And I hope you'll have a real merry Christmas."

The next twenty-four hours went by in a whirl. Lettice slept normally, ate hurriedly and worked like a machine. Nothing else kept the Christmas tree enterprise from getting away from everybody, it was so shrewdly, so turbulent, so sloppily full of enthusiasm. The paper had called for volunteer helpers. They came in droves and nearly swamped the distracted regulars. But somehow, some way, the bedlam at last arranged itself in orderly semichaos. The ruler of the chaos, without whom it would at once have become uproarious, was smallish and ruby, with the blackest eyes in the world; not at all the figure of a saint, yet canonized in the heart and on the lips of one decent woman, who stood begging a warm plaid and looking tearfully at her flock of five, brave in new shoes and each with a toy and a fat bag of sweets. What she said to the volunteer who had brought the gifts is not necessary to be written down. He listened intently and afterward went with happy, shining eyes straight up to Lettice, who started violently at sight of him.

"You've overlooked one case of destitution," he said, plucking her sleeve. "I hope you will do something about it, Lady Bountiful."

"If only I can. But we have only gewgaws left—nothing the least useful," Lettice began anxiously. Arran drew closer and said, with his lips almost on her ear: "It's my mother, sweetheart. She's fearfully in need of a daughter—just such as you. Will you come?"

Lettice vows to this day there was a conspiracy. Certainly Mrs. Vanston Quigley must have been in the secret. However else should both her lodgers have been properly dressed at the Arranmore Christmas dinner, where the lady of the manor announced her son's engagement to Miss Lettice Lane?

CONSERVATIVE CAMPAIGN.

The following copy of an election circular, which was distributed, in the Conservative interests, in the North Oxford bye-election campaign, shows that no charge for neglect of every possible expedient to promote success, can be brought against the party managers:

"Vote for Wallace, and help us save our beautiful country from the tear of Catholic tyranny. Remember the reign of Bloody Mary.

"Faithfully yours,
"M. CAMERON."

An apology is due for reproducing a document which might not have been out of place in the days "Bloody Mary," four hundred years from the enlightened twentieth century. But it serves the useful purpose of showing that the Conservatives were not so anxious as to the pretended "coercion" of the Northwest Territories, as to gain a fleeting victory, attacking and antagonizing the minority, and sowing the seeds of domestic discord and religious strife. Though this circular may be the work of local managers, yet Mr. Borden, as leader of the party—unless he is content to accept the title of mere figurehead — is primarily responsible. He knew of the style of race and creed campaign being waged by his party, which, with the firebrand campaign, carried on in his interests by a few fanatics — he negatively endorsed, since he did not repudiate it. It is difficult to hark back four or five centuries, and to infuse the spirit of those intolerant days into the hearts of the electors of the civilized, enlightened and tolerant twentieth century. It's foolish not to take the people for fools—people who read for themselves, think for themselves, and act for themselves.

EDITORIAL NOTES

Russia has good reason for the attack of hydrophobia, which seems to have attacked her naval officers. Grand Duke Alexis, High Admiral of Russia, has resigned. It is probable that other admirals are debating the question, To-go or not To-go.

In spite of the entrance of a Conservative Government into office in Ontario, there are a few evils left. We expected from the strong stand taken in reference to their undying hostility to corporations, that automatically, and by moral effect, the evils of corporation tyranny would be wiped out — without specific enactment. But such is not the case; the corporation is still on top. The Pere Marquette Railway is still able to defy public sentiment in Ontario — to import foreign officials to displace Canadians. On Saturday, Mr. Justice Anglin handed out judgment, deciding that the Pere Marquette Railway officials, Cain and Gilhula, who have been "raising Cain" in legal and labour circles for some time, could not legally be deported the Alien Labour Act being ultra vires, of the Dominion Parliament. His Lordship also says that no appeal lies from his judgment.

Mr. Whitney, Conservative premier, is disappointing, even in his generosity. On entering office, in pursuance of his denunciation of extravagance, he inaugurated a regime of retrenchment, by making an all-round increase of the salaries of the officials employed in the Parliament Buildings. This seemed very sweet on Mr. Whitney's part, but the exceeding bitterness of bitterness comes in a recent order that the officials must continue to work—at least remain in their office — till five o'clock. The officials, it is asserted, regard this latest ukase as a counterpart of Russian tyranny. The raise in salary is no boon, when it involves more work. The conditions were hard enough when the officials had to put in hard work watching for four o'clock to come; now the work is prolonged, and they have to work an hour longer watching for five o'clock to strike.

SEVERE PENALTY WAS IMPOSED

Buck Stove Company Wins in Suit Against Imitators.

Guelph Foundry Company Made Stoves From Happy Thought Designs—A Tribute to Merits of Buck Company's Stoves.

Judgment in a case of considerable local interst was given in Toronto yesterday, when Mr. Justice Anglin in the suit brought by the Buck Stove Company against the Guelph Foundry Company delivered judgment in which he finds that the latter company has been guilty of gross contempt of court, and comments in severe terms on the manner in which it disregarded an injunction of the High Court. A writ of sequestration is ordered to issue to the sheriff under which the offending company's stock may be seized and destroyed.

This judgment is the result of an action brought a year ago for infringement of the Buck Company's Happy Thought range. The Guelph Company were making a range they called the Grand Idea, which was practically a duplicate of the Happy Thought, and by the judgment in that action they were restrained from continuing to make ranges of that pattern, or any similar to, or a colourable imitation of it.

Recently the plaintiffs found that the Guelph Company was committing a breach of the injunction, and moved to punish it for contempt of court.

The Judge declines to accept the defendants' plea that their breach of this injunction had not been wilful. By some sort of casuistry they might have persuaded themselves that the two stoves were not of the same design, but that they were not similar to and the one a colourable imitation of the other would be impossible of belief.

Local interest is given to this case by reason of the fact that a representative of the Grand Idea Stove manufacturer was in town when he succeeded in selling one or two stoves, and even approached the Beat Stove Company the local representatives of the Buck Stove Company, in an effort to sell them the imitation Happy Thought, under the guise of the Grand Idea, which, however, in view of the facts which have developed, did not prove to be such a "good idea" after all. It is a high tribute to the merits of the Happy Thought Stoves that this Company has so persistently sought to copy their stoves, and it is also learned that since the Guelph Foundry Company have been making the imitation stoves, three or four other concerns have followed their example and were making stoves from the pattern of the Happy Thought, but it is pretty safe to say that after the lesson which the Guelph Company has learned they will suspend manufacture of these stoves.

MR. T. M. HUNTER THE PRESIDENT

Was Elected to That Position In the Farmers' Institute.

Meetings to be Held During the Year—The New Officers.

At the annual meeting of the Farmers' Institute held on Saturday, the president, Mr. Dench, gave a short address in which he said that it was most discouraging to make efforts to render things interesting and find that the members are not present to show their appreciation. He thanked those present for the interest they had taken and the help they had given during the year.

It was decided to hold the regular meetings at the same places as last year, namely, the council chamber, town hall, North Monaghan, and the town hall, Lakefield.

The supplementary meetings will also be held at the same places, Orange Hall, 4th line of Smith; T. A. S. Hall, Enniamore; Union Hall, Otonabee and Selwyn.

The following directors were elected:—

North Monaghan—J. A. Brown, G. W. Bennett and T. M. Hunter.

Smith—John McConkey, T. J. Cullen, G. W. Mann, J. Stothart, H. C. Garbutt, F. B. Young, Chas. Moore, Fred McKee and T. T. Milburn.

Lakefield—R. J. Dench, F. E. Kline, and G. K. Galvin.

Peterborough—G. M. Elliot, G. W. Fitzgerald, R. H. Leary, J. E. A. Fitzgerald.

Enniamore—P. Costello, S. O'Reilly, John K. Galvin, John Telford and Daniel Crough.

Otonabee—R. Hanbidge, R. Devell, S. Matchett, Robt. Chambers A. Wilson, Alex Nicholls.

Harvey—H. Stewart, John Purser and Jas. McGuire.

Auditors—John Barnard and Jonathan Smythe.

The meeting expressed themselves in favour of taking no action in asking grant of $25 from county council, for purpose of sending exhibits to the Toronto Horticultural Show.

The meeting then adjourned.

A meeting of the directors then took place at which the following officers were elected:—

President—T. M. Hunter, North Monaghan.

Vice President—John M. Telford, Bridgenorth.

Secretary-treasurer—Wm. Collins, Peterborough.

Nicholls Hospital.

The graduating exercises in connection with the Nicholls Hospital Training School for Nurses, will be held in the Y.M.C.A. Hall on the evening of Monday, June 26th, at 8 o'clock. Those interested in the hospital are kindly invited to be present. 1d

ORDINATION AT KNOX CHURCH

Elders Were Ordained Yesterday Morning.

Rev. George Yule, of Springville, Officiated—Able and Appropriate Sermon.

An important event took place at the conclusion of the morning service at Knox Presbyterian Church, corner of Wolfe and Reid streets, when the ordination of the elders of this now self-sustaining congregation took place. Rev. George Yule, Moderator of Presbytery, Springville, officiated at the service and ordination sermony, the following gentlemen being elevated to the position of elders of the church:—Messrs. J. W. Bennet, J. W. Morrison and Wm. Shea.

Rev. Mr. Yule preached a forceful and impressive sermon, from the text Acts II. 47—"Praising God and having favour with all the people. And the Lord added to the Church daily such as should be saved."

A word predominating in the minds of all true Christians is the word Church. No word carries with it such a variety of meaning and makes such a variety of expression. Some love, while others hate it. The word Church as used in one commonly accepted sense, designates communities of Christians, while in a still broader sense, it includes all the followers of the Lord Jesus Christ,—as we say in the Creed—The Holy Catholic Church.

In his remarks the preacher wished to refer to the church as spoken of in the New Testament, and to speak with regard, more particularly to its claims and responsibilities. In Scripture we read of Christ's love for the Church. To it He committed His interests here on earth. We are Christians because of the influences brought to bear upon us, directly or indirectly through the instrumentality of the Church, and rejoice to-day over our glorious achievements—morally and spiritually. All the priceless benefits to the country to which we belong—political and religious liberty, science, education and all things tending to the cultivation of the human mind, we owe to the efforts and sacrificing self-denials of the Church of Jesus Christ. If this be true and no denial of it can be made, has not, the preacher asked, such a society a claim upon you? While you enjoy the fruits of its labour, are you not in duty bound to assist in its work? There is not one of us who does not rejoice in the fruits of the Church's labour. It never more than now however, required the assistance and faithful effort of every zealous man and woman.

The preacher then turned to the second phase of the subject— the responsibility of the Church. How comparatively few, he remarked, realize their responsibility, this fact being evidenced in the lukewarmness of Church members in assisting on its work. "The Harvest is great, but the labourers are few." The unemployed in our industrial life as a community, have occasioned a serious social problem. Yet, the speaker felt, not so much concerned over the unemployed of the world as the unemployed of the Church. The only organization which can overcome the social difficulties of the present day is the Church. Every one has a duty to perform as a useful member of the Church of the community. The call is a personal one.

In his closing remarks the preacher spoke of the necessity of prayer. Those who work the hardest will pray the most. Let us pray that the Omnipotent blessings of the Gospel may be ours.

At the conclusion of the sermon the ordination ceremony took place the "right hand of fellowship" being extended to the newly created elders by Rev. Mr. Yule and Messrs. Sheriff Hall and Wm. Madill, Elders of St. Paul's Church, with which the new congregation remains in partial affiliation. A few remarks relative to the nature of the duties and of their importance, were addressed to the elders by Rev. Mr. Yule, who also spoke briefly to the congregation upon the duties of loyalty and liberty in Church work. A prelude and offertory were played with splendid effect by Miss Anderson, organist of the Church.

Imperfection Linen Sale

Fine Linens From Belfast, Ireland, because of their imperfections, bought at a sacrifice by Richard Hall & Son, Peterborough.

Wednesday The First Day of Our 2nd Annual Linen Sale

THE Bales of Linens were shipped per steamer "Victoria" and delivered at our store, Friday, and now on view in our windows, and will be in readiness for selling Wednesday morning at 8.30 a. m. This is one opportunity in the history of one year to secure direct from manufacturers' in Ireland the finest Linens of the highest quality, not sold in the average store, but such Linens that everybody delights in.

The defect may be a small hole or a split in the linen, which is done when the linen is passing through the heavy mangles, consequently all such imperfect goods must be sacrificed by the manufacturers.

NINTY-NINE WERE CONFIRMED

Impressive Ceremony Yesterday at St. Peter's Cathedral.

His Lordship Bishop O'Connor Officiated—Assisted by Rev. Father McColl —First Communion Received.

Ninety-nine candidates yesterday received the Sacrament of Confirmation at St. Peter's Cathedral, His Lordship Bishop O'Connor, officiating, assisted by the rector, Rev. Father McColl.

The children were prepared for the communion by Rev. Father McColl, and for three days preceding it, special instructions were given. Each day's deposition were closed by the Benediction of the Blessed Sacrament.

The ceremony took place at 9.15 o'clock, the service being attended by a congregation which greatly over-taxed the seating capacity of the church. The candidates formed in procession at the Convent de Notre Dame, proceeding thence to the church, the children as they passed, robed in their confirmation vestments, with their fresh, happy countenances, beaming with the life of youthful innocence, forming a charming sight, and one which appealed strongly to the beholder. The procession of boys, bearing the banner of the Sacred Heart, was followed by the girls, robed in the customary white confirmation attire.

First communion was received at the Cathedral, His Lordship the Bishop, being the celebrant. This was followed by the impressive confirmation service, the ceremony of laying on of hands," being performed by His Lordship the Bishop, the choir meantime singing with exquisite effect, in shading and expression, the ever-beautiful "Veni Creator." The communicants, in processional order, moved down the outer aisles of the church, uniting in the centre, and re-entering their pews.

A short address was then delivered by His Lordship, who explained to those who had just renewed and taken upon themselves the vows made for them in Baptism, the necessity for preserving the grace and blessing received in confirmation, and of fulfilling the duties the faith required of them. The dangers to which they would be exposed during their period of adolescence were pointed out. In order to overcome these it is necessary, while young, to form good habits and implant in the heart the virtues and graces of humility and love, and to live in the service of God.

The communicants, chanting hymns to the Blessed Sacrament, then moved in procession, in the same order as before, to the Convent.

In the afternoon at four o'clock all the children again came to the church and renewed their baptismal vows, and were consecrated to the Sacred Heart of Jesus and the Blessed Virgin.

MANY RELATIVES AT THE FUNERAL

Remains of Mrs. David Le-May Interred This Morning.

Requiem Mass Sung at St. Peter's Cathedral—Many Relatives From Out of Town Present.

The funeral of the late Mrs. David Lemay took place this morning at 9.30 o'clock, from the residence of her son-in-law, Mr. H. LeBrun, corner of Simcoe and Park street.

The funeral was largely attended, many relatives and friends of the deceased from town and from a distance, being present. The following children of the deceased from out-of-town attended the obsequies:—Mrs. Tillson, and Mrs. R. J. Gough, of Toronto; Miss Caroline, (Sister Ste. Leloise, St. Albans, Vt.), Miss Heloise, of Montreal; Messrs. Albert and Napoleon Lemay, of Rochester, N.Y., and Mrs. H. A. Lemay of Syracuse, N.Y.

Requiem mass was sung at St. Peter's cathedral by Rev. Father Kelly, the cortege, proceeding thence to St. Peter's cemetery, where graveside services were conducted by Rev. Dr. O'Brien.

The pall-bearers were Messrs. B. Morrow, John Moloney, Thomas Kelly, John Corkery, Louis Laplante and Jas. Dolan.

Mrs. Morrow's Recital.

Tuesday, June 27th. Mr. David Ross, English concert baritone; Miss Bryce, of Keene, leading soprano of St. Andrew's choir, will render a solo from Grand Opera; Miss M. Kling, Lakefield's talented young soprano, who has attracted such favourable notice among the choral class in both vocal and instrumental work, will make her first appearance in the opera house; Mrs. Callander, of Norwood, mezzo-soprano, who presented the beautiful cantata "Singing Leaves" so creditably; Miss Bell, of Keene, who, on a recent visit to Strathcona and Edmonton, Alta., is spoken of by the press as the possessor of an exceptionally rich contralto voice, will take part. Two Mason & Risch Concert Grand Pianos selected by Mrs. Morrow, will be shipped direct from the warerooms. These pianos will be used exclusively.

A lawn social will be held on the grounds of St. John's Church, on Wednesday evening, June 21st. Refreshments will be served at the different booths. The 57th Regiment Band will be in attendance and render a choice programme.

A SUGGESTION FROM A LAWYER

The Motion Refused for "Constitutional" Reasons.

At a hotel table to-day where a number of bachelors was dining, it was suggested that the newspaper staffs should furnish the subjects for the bandaging contest contest to-night. The idea is morally impracticable. The liberty of the press is too sacred a concomitant of the freedom conferred by the British constitution to be, in the interests of the healing art, even momentarily curtailed — unless, as the junior members of the staffs stipulate, the bandages to be employed are composed of the flexor and extensor muscles of the upper extremities of the fair bandagers, contracting under the anowy cutaneous tissue, and operating upon that portion of the anatomy of the bandagees lying between the inferior maxillary and the clavicle.

HEART FAILURE CAUSED DEATH

Mr. John McGregor Died at Age of Sixty Years.

John McGregor, suffering from heart failure, died at St. Joseph's Hospital on Saturday, at the age of sixty years. Deceased had been in the hospital for the last six weeks, and in addition to his heart trouble showed evidences of insanity. For the last two weeks he has been in a serious condition, and his death was not unexpected.

The funeral took place yesterday afternoon to St. Peter's Cemetery.

Don't Miss St. Andrew's Guild Excursion on Thursday, to Stony Lake, per G. T. R. and new steamer Stony Lake. Always the best. Go up and have a fish; let you off anywhere. Tickets at J. D. Tully's, H. M. Edmonson's, and The Examiner Office.

TWELVE ERRORS LOST THE GAME

Bowmanville Defeated Peterborough by 14-1 on Saturday.

Midland Baseball League Game Results Disastrously for the Local Team.

Bowmanville, 14; Peterborough, 1. Such was the result of the Midland League game at Bowmanville on Saturday. As far as one can gather, the score does not indicate the play, although the winners certainly played the better ball. Dopey fielding and inability to hit Hickey, when hits were needed, lost the game for Peterborough. The score card gives them twelve large sized errors: however, the bad ground was the cause, no doubt, of a good many of them. Quinlan pitched a good game, but his support was far from being what it should have been. Luck was against the locals. They hit Hickey rather freely, but for the most part their hits went straight at the fielders. The Peterboroughs had men on the bases in almost every innings, but the necessary hit was not forthcoming. Shea's one handed catch was the fielding feature.

At the beginning of the game, with two on bases, and two gone, Rattray lined the ball to the fence, but, thinking it was foul, declined to run, but the result that he was out at first. Thus, at least two runs were lost.

In the seventh, with the bases full, and only one out, E. Pilling and Shea fanned, and another good opportunity to score, was thrown away.

Bowmanville has a strong team, and the locals say that the bunch that gets away from them on their own diamond will have to travel some. They field well, and the majority of them are good stickers. Hickey succeeded in keeping the hits well scattered, but the locals say that he is no mystery. He was inclined to be erratic. Wallace of Toronto, who is a resident of Bowmanville one day a week, did some nice work behind the bat. "Spud" Wilcox, the first baseball player ever invented in Canada, according George Lynch, and certainly one of the veterans of the Midland League, pranced around second like a two year old.

Bowmanville landed two in the first innings, but it was in the third that the grand ascension took place. A combination of hits and errors gave the home team 7 runs, and, not satisfied with that they added another during the remainder of the game. Callaghan got Peterborough's only run in the 8th.

The Peterborough team was as follows:

Peterborough — Burnham p, Rattray c, Connors 1b, Sheridan 2b, Shea ss, Stayne 3b, Callaghan lf, Earlscl, E. Pilling lf.

The following figures picture the disaster more eloquently than mere words could do it.

Score by innings:

										R.	H.	E.
Bowmanville ..	..	..	0	0	3	0	0	1	4x	14	11	4
Peterborough ..	..	..	0	0	0	0	0	0	1	1	8	12

Batteries—

Peterborough, Quinlan and Rattray; Bowmanville, Hickey and Wallace.

Struck out—By Hickey, 9; by Quinlan, 8.

Falls Downstairs and is Killed.

Toronto, June 19.—Mrs. Fannie Moore, aged 62, who lived with her daughter, Mrs. Maines, 32 West Esplanade street, was found dead in the house yesterday morning. It is supposed the old lady got up in the night and fell downstairs. She was found by her little grandson lying in a pool of blood dead. Her head and face were cut.

PERT PARAGRAPHS.

Children must be smarter than their parents; they never go about reminding the cute sayings of the latter.

Some men claim that they love their wives and still insist on picking out their own neckties.

After an interview with a hold-up man one is constrained to wonder if the latter's early education in mathematics has not been neglected.

There is no need to spend a fortune looking for trouble. Marriage licenses may be had in most cases for about $2.50.

When it comes to the matter of spelling there are some people who do a great deal of original work.

The state of matrimony was in the union without being admitted.

GAVE LIFE FOR ANOTHER.

Alex. Osler Loses His Life In Endeavoring to Save His Comrade Harry Hewson From Drowning.

Toronto Junction, June 19.—Little nine-year-old Alex. Osler lost his life in the deepest hole in Black Creek Saturday afternoon, and if ever there was a boy here in real life it was Alec Osler. He lost his own life in trying to save that of a comrade, Harry Hewson, of 418 Symington avenue.

Boy Drowns in Snell's Lake.

Brampton, June 19.—The nine-year-old son of Walker Wilkinson, a blacksmith at Snell grove, near here, was drowned in Snell's Lake Saturday evening. In company with some other boys, he had been out boating. Stepping on to the wharf, a plank gave way and he fell into four feet of water and lost his life.

Drowns at Kingston.

Kingston, June 18.—James McCormack and James Robinson were out rowing near the mouth of the Rideau, when the boat capsized. McCormack went down, but Robinson was rescued by two soldiers. The dead man was 46 years old and married. He lived in Portsmouth.

Drowns From Canoe.

Carleton Place, June 19.—James Cody Blanche, moulder, aged 21, was drowned here about 5 o'clock yesterday afternoon by the upsetting of a canoe in which he and Harvey McDaniels, had just started up the Mississippi River. The deceased and his father came here three months ago from New Brunswick. He was to have been married next Wednesday.

FAMOUS REVOLUTIONISTS DIES.

Fought For Cuban Liberty and, Was Almost Idolized.

Havana, June 19.—Gen. Martine Gomez died Saturday evening. El Caudillo (chieftain), as the leader of the Cuban revolutions was called by his countrymen, expired just as the sun was sinking across the gulf, in the presence not only of his weeping family but also his old-time friend, Estrada Palma, President of the republic. The dying man was unable to recognize anyone. His real illness extended over forty-six days, although his health had been failing for some months prior to that. Gen. Gomez originally suffered from debilitation of the heart and liver. Later an abscess developed in his back, which was operated on after his arrival at Santiago. Gangrene appeared, and he underwent a second operation.

The admiration of the mass of Cubans for Gomez amounted to almost idolatry. His death admittedly is a severe blow to any political interest to which he was allied.

Gen. Gomez leaves a widow, five sons and one daughter. He was born at Bani, Santo Domingo, in 1836, and came of a Spanish family which had settled there.

PERT PARAGRAPHS.

The reason why women don't keep a secret is because they cannot see the good in having a secret if you don't make the most of it.

If the ordinary married man has any, everything with which he had to do would be on one sided as a jug handle.

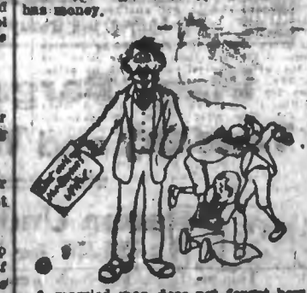
Some people find it easy to make fools of themselves because they have such excellent material to work with.

The reason that you find a thing in the last place you think of looking for it is that when you find it you quit looking.

There are some women who can see why their husbands are keen to play golf all day than they do to mow the lawn, but not many.

It is not always just to judge a woman's cooking by the appetite that her husband takes out to dinner.

The difference between a crank and an eccentric person is that the latter has money.



A married man does not forget how he treated his wife during courtship, for she makes it a point not to let him.

Hollyhocks may not be as pretty as roses, but they are a heap more industrious.

If you want to make a hit with your new story tell it to some fellow who has an ax to grind.

Not Encouraging.

"What is he going to educate his son for?"

"He can't make up his mind."

"Does the boy seem to take to anything?"

"Only cigarettes."

Higher and Higher.

The hired man has conquered pain
And care and toil and strife.
The reason, too, is very plain—
He leads a hire life.

For Some Men.

"Pa, what is the race question?"

"The race question? Oh, that must be the dope as to which of the horses is going to win out."

The Usual Reason.

"She has learned to love another?"

"Struck a fellow with a little chalky dough, I presume."

THE BUNGLER.

According to my point of view,
I think that little Cupid,
Instead of being smart and bright,
Is often rather stupid.
His work at times is very coarse—
A thing of shreds and patches,
Not workmanlike, just fudging from
Some samples of his matches.

Sometimes he takes a man and maid
And ties them with his tether
Who make a most fit mated team
And do not pull together,
But there they are hitched up for life
And destined to fret and fester
And make what should be happiness
A most distressing tangle.

He takes a little artless girl,
Of knights and heroes dreaming,
And ties her to some chilly chap
Designed for pious and scheming,
Whereas, had she but turned him down
And wed the other fellow,
Her life had been one long, sweet dream
Of sunshine soft and mellow.

While Cupid sometimes hits it off
In dealing love and kisses,
'Tis frightful when you think about
The many times he misses.
I think that he should abdicate
At least one trial season
And turn his business over to
Some person blessed with reason.

Know the Place.

"Ho, waiter!" called the traveling man after he had given his order. "Come back a minute. I forgot to tell you to have the germs fried. The last time I was here they were boiled, and I like the flavor better the other way."

"Ain't no germs on de bill, suh," replied the waiter.

"Perhaps you don't see them, but I can read between the lines."

Quite an Inducement.

"Miss Gaily appears to be very popular with the young men."

"Yes; she runs to fads, and one of her latest is a belief that ice cream is very unhealthy."

Signs That Failed.

"Does he believe in signs?"

"No, but he did before he got a job clerking in a store where they advertised to sell things below cost."

The Difference.

We count to work
In morning gray,
But with what speed
We run away!

Fitting Name.

"In heaven they neither marry nor are given in marriage."

"Now I know why they call it heaven."

No Demand.

"I want a job as snake editor."

"You have struck the wrong place. This is not a prohibition city."

One Letter Anyway.

"Is her husband a man of letters?"

"Well, he keeps a T store."

Real Cause.

They say it is the pace that kills
Or makes the pacer lame,
When often nearly all his ills
May be charged up to booze.

Felt Weak and Nervous.

Had Faint and Dizzy Spells.

These symptoms arise from a weak condition of the heart and nerves. Wherever there are sickly people with weak hearts and deranged nerves,

MILBURN'S HEART AND NERVE PILLS

will be found an effectual remedy.

Through the medium of the nervous system, they impart a strengthening and restorative influence to every organ and tissue of the body.

They restore enfeebled, enervated, exhausted, devitalized, or overwrought men and women to perfect constitutional power.

Miss Maggie L. Cleveland, Bayswater, N.S., tells how she was cured in the following words:—

"I was sick for the past year, and became thoroughly run down. I had faint and dizzy spells, and felt weak and nervous all the time. I tried numerous remedies, but could get no help. I then read in the paper about Milburn's Heart and Nerve Pills, and got a box of them. Before I had used one-half the box I began to get better, so got another one, and by the time the two were finished I was as well as ever."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25. All dealers, or THE T. MILBURN CO., LIMITED, Toronto, Ont.

BILIOUSNESS.

Biliousness means that your liver is sick and out of order, and you are cross and cranky, can't eat, have a bad, pasty tasting mouth, and are sick all over. To neglect biliousness will result in congestion, loss of appetite, torpidity and bad feelings. Restore the liver to health by using Smith's Pineapple and Butternut Pills, which cure biliousness in one night, give your liver healthy action, assist digestion, clean up your furred and coated tongue, and give new life and energy to tired nerves. These little pills will accomplish more in a few days toward making you feel better than a bushel of nerve pills. They restore the liver and stomach to normal activity, and they positively cure constipation, biliousness, headache in one night. Price 25 cents at dealers.

Labor Act in Their Behalf is Ultra Vires.

CANADA CANNOT DEPORT

The Dominion Government Has Exceeded Its Powers—Discharge of Pere Marquette Officials Ordered by Judge—Colony Cannot Pass a Law to Be Enforced Outside of That Colony.

Toronto, June 19.—The Dominion alien labor act is ultra vires. It is beyond the power of the Dominion Government to enforce it and therefore is inoperative. That is the far reaching decision of Mr. Justice Anglin on Saturday in the now celebrated Pere Marquette deportation cases. The principal ground on which this decision is reached is that no colony has a right to pass an act which has to be enforced outside that colony. Mr. Justice Anglin therefore ordered the discharge of James R. Gilhula and Everative E. Cain, the two Pere Marquette officials, who are under arrest.

The text of the judgment is as follows:

Text of the Judgment.

Because no appeal lies from the order which I find myself obliged to pronounce, I regret that counsel were unable to accede to my suggestion, made upon the application for the writs of habeas corpus, that these writs should be returnable before a divisional court.—R.S.O., Chap. 51, Sec. 67.

Numerous grounds were urged in support of the motion, but in the view which I take of the matter it becomes unnecessary to deal with any ground other than that upon which I am about to dispose of it.

As amended by 1 Edward VII, chap. 13, Sec. 3, the sixth section of the 60-61 Vic., Chap. 11 (d), reads as follows:

"The Attorney-General of Canada, in case he shall be satisfied that an immigrant has been allowed to land in Canada contrary to the prohibition of this act, may cause such immigrant, within the period of one year after landing or entry, to be taken into custody and returned to the country whence he came, at the expense of the owner of the importing vessel, or, if he entered from an adjoining country, at the expense of the person, partnership or company violating Sec. 1 of this act."

This statutory provision contain the sole authority for the issue and enforcement of the warrants above set out. Its validity is impugned by the applicants upon the ground, inter alia, that inasmuch as it purports to authorize the Attorney-General, or his delegate, to deprive persons against whom it is to be enforced of their liberty without the territorial limits of Canada, it transcends the powers of the Dominion Government.

Territorial Restriction.

By the 91st section of the British North America Act the Parliament of Canada in relation to all matters not for the peace order and good Government Canada is empowered to make laws ment coming within the classes of subjects assigned exclusively to the Legislatures of the Province; and it is by sub-section 25 given "exclusive legislative authority" in regard to "aliens and naturalization." In many judgments the Privy Council has declared that our Parliament "has and was intended to have powers of Legislation all large and of the same nature as the Imperial Parliament itself," the language of the British North America Act being "apt to authorize the utmost discretion of enactment for the attainment of the objects pointed to." But that the area within which the powers so conferred may be exercised is restricted to the territorial limits of the colony to whose Legislature they are granted, is equally well established. However general the language in which its jurisdiction is conferred, without an explicate bestowal of extra-territorial powers by the Sovereign Parliament no colonial Legislature may enact legislation to be actively enforced beyond the boundaries of the colony.

This is but one of the several restrictions necessarily flowing from the inherent conditions of a dependency. Counsel for the Attorney-General was, therefore, well advised conceding at bar that if the return of the immigrant to the country whence he came, prescribed by the sixth section of the statute, would necessarily involve his detention or subject him to constraint by the agent of the Attorney-General without the territorial limits of Canada that provision is ultra vires of the Dominion Parliament, giving full effect to the argument of the learned counsel that, if at all possible, the statute should receive a construction consistent with jurisdiction, not desiring "to attribute to the Colonial Legislature an effort to enlarge their jurisdiction to such an extent as would be inconsistent with the powers committed to a colony." I have striven to discover some means for the performance of that which the warrants to the commissioner require him to do, viz., to take into custody the applicants and return them to the United States of America, whence they came—that would not involve an assumption of extra-territorial jurisdiction. In this I have failed.

Disagrees With Shepley.

Mr. Shepley argued that the requirements of the statute must be deemed satisfied if the "immigrant" to be deported is "put in the course of return" to the country from which he came I cannot so read the words "return to." If the constraining force of the officer acting under the Attorney-General's warrant ceases before the subject of it is within the territorial limits of the foreign country, I cannot understand how he can be said to be returned to that country by virtue of the warrant. If such force continues until the subject is upon foreign territory, its extra-territorial exercise cannot be denied.

Law Stops At Line.

In effecting the return of an "immigrant to the United States, it is suggested that the officer charged with that duty may take his subject in custody to the imaginary line forming the boundary, and then, remaining himself on Canadian territory, may push his prisoner across the line and into the United States. But were it possible for the officer to eject a resisting alien without risk of projecting any part of his own person upon United States soil, in my opinion, the application of the propelling force operating upon the person of the alien while wholly or partly within the foreign territory is an extra-territorial constraint of such alien by the Canadian officer, and as such cannot be authorized by the Dominion Parliament.

Again, counsel suggests that the officer may select such a point as Windsor for the deportation and may discharge his duty by placing his alien prisoner upon a ferry boat crossing the river to Detroit. Here the alien is upon Canadian territory until the middle of the stream is reached. If the custody ceases when the alien is placed upon the ferry boat, it cannot be said that he is returned to the United States by the officer charged with the execution of the warrant. If the custody continues until the ferry boat reaches midstream, apart from the difficulty of determining the precise moment at which the boat crosses the imaginary line, beyond which any constraint by Canadian authority is admittedly unwarrantable, and the danger of an involuntarily violation of United States territory, it is impossible to say that the deported subject is not under actual constraint imposed by Canadian authority until the boat reaches the Detroit docks. He is upon the ferry boat, not of his own volition, but because Canadian power has placed and kept him there. In theory his imprisonment may cease at the instant his body is carried over the border; in fact, he is not carried to the border, but to the City of Detroit, in United States territory, by compulsion of Canadian law.

Involves Extra-Territorial Constraint.

The difficulties of returning "immigrants" to countries separated from Canada by the high seas without exercising extra-territorial constraint are even greater. The statute extends to all foreign countries which have enacted and retain in force laws or ordinances applying to Canada of a similar character.

"In so far as they possess legislative jurisdiction, the discretion committed to the Parliaments, whether of the Dominion or of the Provinces, is unfettered. It is the proper function of a court of law to determine what are the limits of the jurisdiction committed to them." Discharging that function I have reached the conclusion that the provision of the Dominion statute, 60 and 61 Vict., chap. 11, for the return of certain "immigrants" to the country whence they came is ultra vires.

Deportation and Detention Wrong.

Neither may that statute be invoked to justify the custody in which the applicants are held within Canada. This custody is merely a means to an end, that end being deportation. The applicants are not in custody for any other purpose. Their apprehension is authorized by the Legislature only as something subsidiary to their return to the United States. It follows that if the return itself cannot be legally effected the detention for that illegal purpose is unwarranted.

The applicants are, therefore, in my judgment, entitled to an order for their immediate discharge, and that order I accordingly pronounce.

Dates of Election Trials.

Toronto, June 19.—Judges MacLellan, Street, Teetzel and Magee have fixed the dates for the hearing of the petitions against the election of Mr. Kennedy for Port Arthur and Rainy River, and Mr. Smith for Sault Ste. Marie. The Port Arthur trial will commence on September 11 and the Sault Ste. Marie trial on September 18. The dates of the other election trials will be fixed later.

That's the personal question a woman asks herself when she reads of the cure of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. G. Wagner, of 138 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

These are the Original Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce. They've been tempting tastebud but never equaled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Purely vegetable, acting by their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence lasts.

GOLDEN ECHO OF WEDDING BELLS

Mr. and Mrs. Mark Curtis To-day Celebrate the Fiftieth Anniversary of Their Wedding Day---Half a Century Has Been Spent in Peterborough County---Some Reminiscences of the Early Days---Seventy Days' Journey From Wiltshire, England, to Peterborough---Only Two Persons Beside the Bride and Groom Who Were Present at the Wedding Living To-day---The Founadtiou of a Large and Successful Business---Head of the Firm of Curtis Bros.---A Family Re-Union To-day at Home of Mr. and Mrs. Mark Curtis.

This evening, at the residence of Mr. and Mrs. Mark Curtis, Douro, about two miles from Peterborough, an event of decided interest to the members of that family is taking place. Just fifty years ago to-day a wedding took place in the County of Peterborough, and the principals in that interesting ceremony were Mr. Mark Curtis and Miss Sarah Dunning, and to-day this event is being celebrated in an appropriate manner. Mr. and Mrs. Curtis, who are still active, and who have promise of many years yet in which to enjoy life, are receiving the congratulations of their friends upon having completed half a century of married life.

Of all those who were at the wedding ceremony performed in Dummer on the June day, fifty years ago, and there were a large number, for Mr. Curtis, who had already spent a year in that township, with his uncle, before he was married, was a popular young man, only two, except the bride and groom, are living, and these two persons are Mr. Stephen Payne, a gardener, living now in Peterborough, and Mr. Edwin Curtis, brother of the groom.

The story which Mr. Curtis tells of his life is decidedly interesting. His has been a life of honourable industry, the rewards of which have come, and he is now enjoying them. Fifty years ago to-day he and his young wife started out in life to make a home together, and that they have been so successful in obtaining a competence, and so happy in their family relations, are matters upon which they now look back with pleasure and genuine satisfaction. They have had to undergo the trials and some of the hardships, incidental to pioneer life, and the conditions of living in 1856 and 1905, in Peterborough county, are vastly different.

In 1854, on the 29th of May, Mr. Curtis, then a young man, 21 years of age, left his native home, in Wiltshire, England, and started for Canada, that land over the seas, about which so much was being heard in the old land even then, and concerning which there was then, as now, much said which investigation did not warrant.

Mr. Curtis had decided to strike out for the new land, and a determination to do so in those days involved considerably more than it does to-day, for it necessitated spending at least a month on the water, for those were the days of sailing vessels, the idea of crossing the ocean in a steamer not being as familiar as to-day. On May 29th, Mr. Curtis set sail for Canada, and on August 16th, he arrived in Peterborough, having spent the intervening 78 days on the trip, though, as a matter of fact, he was not travelling all that time, for the ship upon which he was travelling was detained at quarantine for a number of days before they were allowed to land at Quebec.

The memory of that voyage is not a very pleasing one to Mr. Curtis, for, on account of having to spend so much more time on the water than had been contemplated; the supply of provisions became low, and the passengers sometimes had to go with a pretty slim meal.

The ancient city of Quebec, however, was reached at last, and then another stage of the journey ensued, that from Quebec to Cobourg, which was also made by boat, and occupied from Monday to Friday. On that last named day the boat arrived at Cobourg, and from that point to Rice Lake the journey was made by rail, the only railway trip after Mr. Curtis left England. At Harwood, the then terminus of the Peterborough and Cobourg Railway, another boat was boarded and the journey to Peterborough continued, the vehicle used being the boat known as "Captain May's Boat," and on Saturday, August 16th, 1854, Mr. Curtis landed in the town of Peterborough, then a mere hamlet, only a fraction of its present size.

But even when Peterborough was reached the journey was not ended, for Mr. Curtis' destination was the home of his uncle, who lived in Dummer township, and the last stage of the already tiresome journey was made over roads which were very different from those, who have occasion to drive through the townships of Douro and Dummer to-day find.

The greater part of the country was still unsettled, and was still covered with the forests of ages, except in odd patches, which had been cleared, and upon which settlers were living. Farming in the very early days was not the life that it is to-day, and Mr. Curtis recounts having heard his aunt tell of having to carry on her back fifty pounds of flour from Peterborough to her home in Dummer, about fifteen miles of the road being so bad at that time that driving a horse was practically impossible. The flour was the gift of the Government, but the recipient had to carry it home from Peterborough, which, as might well be imagined, in the case mentioned, when it had to be carried, enhanced its value to a considerable degree.

For the first year after he came to Canada, Mr. Curtis worked at farming with his uncle and also with the Choate family, and as an evidence of the great increase which has taken place in the wages paid for farm help in recent years, it may be mentioned that Mr. Curtis received for the first three months work, the sum of $40 wages, which to-day would be considered about right for one month for the same class of work.

In 1855, or one year after Mr. Curtis came to Canada, his parents followed, influenced in their decision to immigrate here, doubtless by the glowing accounts which their son sent them. With them, came the present Mrs. Curtis, then Miss Sarah Dunning, a daughter of James Dunning, who served at the Battle of Trafalgar, as a member of the marine service, which was commanded by Nelson, and saw the now famous signal sent from the masthead of the flagship "Victory," on the day upon which Nelson received his death-wound.

Before Mr. Curtis left England, he became engaged to Miss Dunning, who was also a native of Wiltshire, where she was born in 1831, and it was arranged that she should accompany his parents to Canada, and there they would be married, which was carried out as planned, and that event is being celebrated to-day, in an appropriate manner.

After their marriage, Mr. and Mrs. Curtis went to Millbrook to live, and resided there for a few years, when they removed to Douro, near the place where they now live, and it was there that the foundation of the business, now known as Curtis Bros.' brick yards, was laid, the elder Mr. Curtis, father of Mr. Mark Curtis, establishing it, and upon his death it came into the possession of his son. The business was first carried on on the farm just north of that upon which Mr. Curtis lives now, and the output at first was about 200,000 bricks per year. Thirty years ago, Mr. Curtis purchased from Mr. John King the property upon which he now lives, and created the house which is now his home. In connection with the manufacture of bricks, they conducted farming operations, and at the present time, Messrs. Curtis Bros. have a farm of about 150 acres which they work.

Mr. and Mrs. Mark Curtis, Who To-day Celebrate Their Golden Wedding.

Mr. Curtis conducted the business until nine years ago, when he retired, handing it over to his sons, three of whom own the business, and all are engaged in the works, which have grown until now the output is 4,000,000 per year, and 40,000 brick bricks per day during the season are being manufactured.

Mr. and Mrs. Curtis have five sons and one daughter, all being within a stone throw of the old home. Their names are Charles, Albert, George, Edwin and David, and the daughter, Ada, who lives at home. One son, James, died a few years ago. These with one brother of Mr. Curtis, Edwin, of Cavan, are all the near relations they have in this country at present.

This evening, a distinctly family gathering, consisting of the five sons and one daughter, 4 daughters-in-law, eighteen grandchildren and the rector of the church of which Mr. and Mrs. Curtis are consistent and active members, Rev. E. A. Langfeldt, is being held at the comfortable home of the bride and groom of fifty years, and a happy re-union and the first wedding celebration which they have had since the event itself, fifty years ago, is taking place, under most pleasing circumstances.

With the many friends of Mr. and Mrs. Curtis, the Examiner joins in congratulating them upon having completed a half century of happy married life and also joins in wishing them many happy returns of the 19th of June.

RECTOR'S TRIBUTE TO PARISHONERS

Rev. E. A. Langfeldt Refers to Golden Wedding of Mr. And Mrs. Mark Curtis

Preached Yesterday Morning on "Reverence"—Condemning Street Corner Meetings.

Rev. E. A. Langfeldt preached yesterday morning on the mystery of the Blessed Trinity, from the text, Isaiah viii, 13-14, "Testify the Lord of hosts Himself, and let Him be your fear, and let Him be your dread, and He shall be for a sanctuary."

In the course of his remarks Mr. Langfeldt referred to the prevailing spirit of irreverance in dealing with religious subjects. Familiarity with great divine truths has led many to speak in the most common way, and think and argue on the profoundest truths of our faith. One cannot help noticing the irreverent and vulgar phrases used, on the street corners, by otherwise earnest and sincere people when preaching to the passers-by. The great lesson which our age has to learn is "Reverence." There is a style of street preaching which is repulsive to pious people, and which ridicules as well as belittles the Christian faith. The sermon dealt with the attributes of God and with man's approach to his Creator.

Preceding the sermon, Mr. Langfeldt referred to an event which two members of St. Luke's church, are celebrating to-day, the Golden Wedding of Mr. and Mrs. Mark Curtis. He expressed to them his own as well as the congregation's hearty congratulations, joining with it heartfelt prayer that Almighty God Who had blessed them so evidently, in their children and children's children, who continue to bless them, and so, above all give them that peace which the world cannot give, and that they may enjoy for the rest of their lives the continual favour of God's abiding presence.

ENDURED YEARS OF SUFFERING

Late Mrs. Angus Williams Was Ill For a Number of Years.

After a long illness, during which time she suffered from muscular rheumatism, the death occurred of Mrs. Margaret Williams, wife of Mr. Angus Williams, at the age of 82 years, on Saturday night, at the family residence, 71 Crescent street. For years the deceased has been confined to her bed, and has suffered considerably.

The late Mrs. Williams was a daughter of the late Ewen McDonnell of Scotland, and was born in Perth, in 1823. Fifty-three years ago she was married to her now sorrowing husband, who is now 84 years of age. Mr. and Mrs. Williams have lived in Peterborough for many years, and have been among the most highly respected residents of the town.

Mrs. Williams leaves to mourn her loss, her husband, three sons and two daughters: Edward John, of Toronto; Eugene of Sudbury; and Angus R., of Utica, N. Y., Mrs. Flora McDonnell of town, and Mrs. David Crough, of Eunismore.

The deceased has been a great sufferer for years, and for the last year and a half has had to be watched night and day, as it was thought that she might pass away away at any time.

The funeral will take place on Tuesday, June 20th, from the family residence, 71 Crescent street, at nine o'clock, to St. Peter's cathedral and the Roman Catholic cemetery.

FIRST MOONLIGHT OF THE SEASON

Enjoyable Trip in Prospect for Members of C. D. A. Club.

One of the most enjoyable trips of the season promises to be the moonlight excursion, on Wednesday night of this week, under the auspices of the C. D. A., one of Peterborough's popular young bachelors' clubs. The C. D. A. is noted for having gotten up many successful social events and the moonlight on Wednesday evening promises to quite equal in point of attractiveness anything heretofore given by the club.

The steamer "City of Peterborough" will leave Wolfe street wharf at 7.15 sharp and proceed over the lift lock to Dam No. 5, where refreshments will be served. At No. 5 Dam there is a beautiful grove which will be handsomely illuminated with electric lights. Returning the steamer will arrive at the golf grounds at 10.30. A short walk over the golf grounds, will find a number of street cars in waiting to convey the guests of the C. D. A. to town.

The band of the 57th Regiment will be present. The attendance is of course strictly by invitation.

HOPE FOR A UNITED RUSSIA

Czar Hears At Last the Voice of the People---Brighter Day is Dawning---Zemstvos Press to Foot of Throne, and Emperor Promises to Convene Popular Assembly---His Imperial Majesty Received Prominent Radicals, Who Apparently Awakened No Resentment In Czar's Breast.

St. Petersburg, June 20.—Emperor *Nicholas* received the *Zemstvo* deputation yesterday morning. The reception occurred at noon in the Alexander Palace at Peterhoff.

Prince Troubetskoy, president of the Zemstvo congress of Moscow Government, in behalf of Moscow delegation addressed the Emperor in a lengthy speech, in which he described the serious condition existing in Russia, which have caused the Zemstvos to approach His Majesty directly. Prince Troubetskoy spoke for half an hour, and the Emperor was evidently much impressed. M. Pedoroff, representing the St. Petersburg delegation, also spoke. His Majesty replied, expressing deep regret at the great sacrifices consequent on the war, and above everything at the disaster to the Russian navy. In conclusion the Emperor said:

Czar Returns Thanks.

"I thank you gentlemen for the sentiments expressed, and I join in your desire to bring up a new order of things. My personal wish and my will as Emperor to summon a national assembly is unshakable. I await with anxiety the carrying out of this, my will. You can announce this to the inhabitants of the towns and villages throughout Russia, and from to-day you will assist me in this new work. The national assembly will establish as formerly a united Russia, and the Emperor will be the supreme support of the condition of grants based on the principle of Russian nationalism."

Shook Hands of "Anarchist Prince."

Upon completing his remarks the Emperor graciously greeted the individual members of the delegation, shaking hands with them and having a few cordial words for each, even such radicals as M. Petrunkevitch (president of the Moscow Agricultural Society), who has spent many years in exile as the result of his liberal views, and M. Rodicheff and Prince Shakofskoy, known as the "Anarchist Prince," being greeted without the slightest evidence of Imperial displeasure.

The fact that the Emperor not only received the bold, outspoken address without so much as an indication of disapprobation, but expressed full sympathy with the efforts to ameliorate the deplorable state of affairs depicted therein, and in the most direct and explicit fashion renewed his promise to summon the representatives of the people, made the deepest impression on the delegation.

Delighted With Reception.

Prince Troubelskoy, Ivoff and Delgerukoff, whom the correspondent of the Associated Press say, not only showed by their manner their delight at the result of the audience, but expressed themselves as fully satisfied with the Imperial assurances. So far as they are concerned they indicated that they are now ready to await the fulfilment of the Emperor's promise, which, it is believed, will not be long delayed.

The delegation is now preparing an account of the audience, which will be presented to the St. Petersburg douma to-day, and in accordance with their instructions as well as the Imperial wish will be communicated to all the Zemstvos and Mayors of Russia.

Cossacks Kill Socialists.

Warsaw, June 20.—Two persons were killed and thirty-six were wounded in a conflict between troops and Socialists at Lodz Sunday.

A procession of 2,000 Socialists, carrying red flags, was stopped by the Cossacks. The Socialists thereupon fired, and the Cossacks replied and then charged with drawn swords into the thick of the procession.

The disturbances were renewed yesterday morning at a factory in the suburb of Baluty, which the troops have cut off from communication with Lodz.

TO HEM RUSSIANS IN.

Jap Reinforcements of 50,000 of All Arms of Service.

Lidiapudzy, Manchuria, June 20.—The Japanese are advancing from the centre and westward and are driving in the Russian screens south of Pailitun. Farther west they turned the Russian extreme right at Liaoyangchungpeng Saturday night (Liaoyangwopeng), flanking the Russians out of position after a night-long fight.

The Japanese force consisted of an infantry division, four batteries of artillery and 10 squadrons of cavalry. Gen. Mistchenko's cavalry subsequently retrieved some of the lost ground. During Mistchenko's operations, Prince Frederick Leopold of Prussia (representing Emperor William with the Russian army) received his baptism of fire.

According to information received at headquarters, the Japanese are moving northwest from Corea in three columns, which include 50,000 infantry and corresponding forces of cavalry and field and mountain artillery. These two columns are heading for Chuttsami, Kemsan and Kenshan, to complete the line of Oyama's army, stretching from the Mongolian frontier to the Sea of Japan.

Town Retaken by Russians.

Headquarters of the Russian Army, Godzyadani, Manchuria, June 20.—The Russian cavalry have retaken the Town of Liaoyangwopeng. The Japanese occupied the Village of Sumiencheng on the main road to Changtufu and Mamakai in the morning of June 16, but they did not succeed in crossing the river. At 3 in the afternoon, the Russians recaptured Sumiencheng, three squadrons of Japanese retiring in a southwesterly direction.

Linievitch Reports.

St. Petersburg, June 20.—Gen. Linevitch, under date of June 17, telegraphed to the Emperor as follows:

From 2 a. m. to 8 a. m. on June 6, our force engaged in the neighborhood of Liaoyangwopeng a Japanese force consisting of infantry and two batteries of artillery, which approached from the south to about five miles of Liaoyangwopeng. Our detachment southward checked the offensive movement and the Japanese retired.

At about 8 a. m. a turning movement on the left flank executed by a battalion of infantry and three squadrons of cavalry was also reported. Our right flank was turned by a regiment of infantry, several squadrons of cavalry and some artillery.

PRESENTATION AND ADDRESS

To Mr. J. S. Ferguson from St. Andrew's Young People's Society.

A very pleasing and interesting event took place last evening in St. Andrew's church, after the regular meeting of the Young People's Society, the occasion being the presentation of an address, together with a handsome forty-four piece silver tea set, to Mr. J. S. Ferguson.

The address was read by Miss M. Menzies, as follows:

Dear Miss Menzies:—

On the eve of your departure from the town we desire to express our sincere appreciation of your consistent and very practical interest in the welfare of the people of St. Andrew's. Being identified with so many of the departments of the church it was exceedingly fortunate that this society did not drop from your loyal concern, and that you were able to give it so much thought and help is to us a cause of deep satisfaction. We have also found in Mrs. Ferguson a very warm friend and devoted helper, and as you go to your new home we wish you both to carry with you the very best wishes of St. Andrew's.

We trust that the accompanying gift may in its constant use remind you of the pleasant associations of Peterborough, and ever remain a "small token" of the esteem in which you have been held.

Signed on behalf of the society,
Libby Curry,
President.

Mr. Ferguson was a president of the society for 12 months and has always been closely identified with church and Sunday school work. He leaves to-night on the 5.30 train for Aurora, where he will in future make this home, having accepted a position as district manager of a prominent insurance company.

He made an appropriate reply, thanking all the members for their kindness, and on behalf of Mrs. Ferguson and himself for kindnesses in the past, the pleasant memories of which will be gratefully cherished.

Mr. and Mrs. Ferguson depart with the best wishes of all for their future [illegible].

PRETTY WEDDING AT LAKEFIELD

[illegible] Rowe and Mr. [illegible], of Warsaw.

On the evening of Wednesday, June 7th, the home of Mr. and Mrs. Wm. Rowe, Lakefield, was the scene of a very pretty wedding when their eldest daughter, Bertha, was united in marriage to Mr. Jas. A. Sumner, of Dummer. The nuptial knot was tied by the Rev. Mr. McQuade, pastor of the Methodist Church, Warsaw.

The bride was nicely attired in white organdie, trimmed with lace insertion and chiffon, carrying a bouquet of lily of the valley and was attended by Miss Luella Spencer, sister of the groom, who wore cream crepe de chine, trimmed with lace and chiffon and carried a bouquet of lily of the valley.

The groom was assisted by Mr. Oscar Lynn, of Warsaw.

Precisely as the hour hand pointed to eight the bridal party entered the waiting room, the bride leaning on her father's arm. Meanwhile the organ pealed forth the strains of wedding march played by Miss Gertie, sister of the bride.

The ceremony being completed and congratulations exchanged the guests numbering about fifty adjourned to the dining-room to a sumptuous dejeuner the tables being decorated with bridal wreath and white lilacs. The remainder of the evening was spent in music and social intercourse. The esteem in which the young couple are held was evidenced by the large number of beautiful and costly presents.

Next evening the happy couple drove to Riverview farm their home in 3rd concession of Dummer.

FOUR LIVES LOST ON BURNING BOAT

Steamer City of Collingwood Burned to the Water's Edge---Northern Navigation Co. and the Grand Trunk Railway Co. Jointly Lose $125,000---Grand Trunk Freight Sheds and Five Cars Were Burned, Although Little Freight Was Lost.

Collingwood, June 20.—A disastrous fire broke out on the steamer City of Collingwood at 2 o'clock yesterday morning, which burned the vessel to the water's edge, cost the lives of four of the crew, and wiped out the Grand Trunk freight sheds before it was subdued. Several other members of the crew had a narrow escape, and had to jump into the water, so rapidly did the flames spread. Those who were burned to death were: James Meade, Prescott, fireman; Lyman Peters, Owen Sound, deck hand; A. McLellan, East Tawash, Mich., deck hand, and one deck hand who has not yet been identified.

Capt. Wright, who had just left the boat a short time, was at his home. He made desperate attempts to save his crew, and succeeded in awakening J. D. Montgomery, the second mate, and the wheelman, but all had to jump into the water to avoid the flames. Two members of the steward's department also saved their lives by taking to the water. Further efforts to save the doomed sailors were futile. The steamer was a mass of flames from stem to stern.

The City of Collingwood was the flagship of the Georgian Bay division of the Northern Navigation Co., and was valued at $125,000. She was built by John Simpson in Owen Sound in 1892. She was a wooden vessel, 213 feet long and 34 feet wide, and was fully insured at Lloyds.

There was little freight lost, as the Minnie M. and the Germanic had made a clean-up on Saturday, but the Grand Trunk freight sheds were wiped out and are a complete loss. They were valued at $25,000. The captain is at a loss to account for the fire. The City of Collingwood arrived at 10.30 Sunday evening with the Britannic in tow, which she had released from Campbell's Rock. The fire attacked the Britannic, but was quickly put out after she had been towed out by a tug.

The Grand Trunk's total loss is estimated at $30,000. The sheds were completely burned with five cars. The steamer was insured in the British Lloyds for $80,000. The total loss is $125,000.

VICTOR CROMPTON DROWNS.

Lad Dived From Canoe But Could Not Get Back To It.

Huntsville, June 20.—On Sunday morning about 10 o'clock Victor Crompton, 14 years old, whilst bathing with a cousin in Waterhouse Lake, dived into the water from a canoe and when he came up he could not reach the canoe. His cousin was on the canoe a short distance away, but had no means of helping him, and not being able to swim could give no assistance and went home and told the father. The body was found about 4 p. m.

Took Cramps.

Brantford, June 20.—Wm. Humble, aged 19 years, an Englishman, was yesterday morning drowned in the woolen mills flume, while bathing. He took cramps.

The body of a man supposed to be Huron Nelles of Brantford, who, it was believed, was drowned, has been found in the Black River, New Ontario.

Drowned in Bay of Quinte.

Belleville, June 20.—A drowning accident occurred yesterday morning at 8 o'clock, in the Bay of Quinte. A party of boys arose early and went down to the bay. Welde Grouig of Clarkson undressed and jumped off the docks, striking on his chest and stomach, taking away his breath. He came to the surface apparently in great agony but sank again. He was 12 years of age.

Ignored Warnings.

Galt, June 20.—Willie Hubert, aged 12, was drowned in the Grand River last night while bathing. The boy did not know how to swim and despite the warnings of his uncle and some young men, went in about 12 feet of water a short distance from the shore, and his body was not recovered for about three-quarters of an hour. The lad's father died about two weeks ago and the family was partly dependent upon the lad's earnings.

Ex-Mayor Drowns.

Ottawa, June 20.—General sorrow prevails in Ottawa at the tragic death of ex-Mayor Samuel Bingham, who was drowned in the Gatineau River, one mile south of Wakefield, Saturday afternoon. He fell asleep in his buggy and the horse walked into the river, going into a deep hole.

Killed Between Cars.

London, June 20.—Pietro Cusmapoli, an Italian laborer, employed on the Grand Trunk double-tracking operations, was instantly killed near the Strathroy depot yesterday morning. He was standing on the end of a flat car which was being shunted when a sudden jerk threw him head foremost between the cars and across the tracks. The car and the front trucks of the next car passed over him, mangling him terribly.

One of Vigilant's Victims.

Amherstburg, June 20.—The body of a man was washed ashore in east side, Pelee Island, on Sunday. It was dressed in oilskin coat and rubber boots and is supposed to be that of [illegible] of the fishermen from the American [illegible] Grace M., sunk while poaching [illegible] Pelee Island by the Dominion steamer Vigilant.

An Electrician Shocked.

Toronto, June 20.—Gilbert McDougall, assistant electrician of the Fire Department, had a close call yesterday morning. He had ascended a trolley pole. In some way he got a current from the trolley wire. Electrician Simpson, who was with him, was stricken to see McDougall's body below drop limp to his body and then to [illegible] He fell some 20 feet to the [illegible] alighting on his forehead [illegible] and was taken to the Emergency hospital with [illegible] His left arm [illegible] his left arm [illegible]

THE DIVERSION WAS DEFERRED

Creeks in Fifth Ward and Aylmer Street Will Not Be Changed Yet.

Board of Works Report was Adopted Except That Clause.

The question of the diverting of the Aylmer street drain, and the creek in the fifth ward, was discussed at the meeting of the council last night, on the presentation of the report of the Board of Works.

A number of different opinions were expressed as to the manner in which the work should be paid for, by a general or a special tax.

The matter was finally allowed to stand until the report of the official referee, to whom the report of the engineer on the special assessment of the Fifth Ward sewer has been referred, has been received.

The report of the Board of Works as submitted by the chairman, Ald. Adams, was as follows:

1. That the executors of the Armour estate having been communicated with in regard to a proposed extension of Hunter street to the Lift Lock, they asked for information as to the grade and course of the proposed street. The town engineer prepared a plan showing the course the extension would follow, and we also authorized him to strike the grade of the proposed extension.

2. We recommend that the proposed diversion of the stream known as Muson's creek, or the Aylmer street drain be paid for by general rates and that the proposed diversion of the stream in Ward No. Five be paid for in the same way; that the work be undertaken and completed this year, and that a bylaw be submitted to the electors at the time of the January elections to authorize the issue of debentures to pay for the works; also that the Grand Trunk Railway be asked to pay part of the cost of the Aylmer street drain, and that the superintendent of the railway be asked to confer with the Mayor and the chairman of this Board in regard to it.

3. We recommend that Rubidge street from Charlotte street to Simcoe street be graded and gravelled, and that the town engineer be authorized to make the best arrangement he can for gravel.

4. We recommend that the town engineer advertise for tenders for breaking stone and delivering the broken stone on the streets, and that the chairman of the Board and the engineer select the streets upon which the stone is to be delivered.

5. We recommend that the Peterborough Radial Railway Company be permitted to lay a siding into the hill at the north end of their track, on Water street, for the purpose of drawing gravel to fill in streets, and that if the railway company will do the work of filling up Park and McDonel streets, they be permitted to take gravel from the town pit to put their lines inside the town in good condition.

6. We recommend that the town engineer be instructed to raise the decks of the, bridges on Park and McDonel streets to the level of the street railway rails.

7. We recommend that the town solicitor be instructed to prepare an agreement between the Peterborough Hydraulic Power Company, and the town by which the town will be permitted to use and maintain the bridge over the old Dickson dam without prejudicing the rights of the company in the property, and permitting the town to raise the south end of the bridge when the water is raised in the river.

8. We recommend that the town engineer be instructed to request the company owning guy poles at the corner of Rubidge and Townsend streets to move them out of the way of walks to be laid to buildings there.

9. We recommend that the Peterborough Light and Power Company be permitted to place nine poles on the west side of Stewart street, south of Townsend street, and three on the south side of Perry street east of Stewart street, the poles to be placed under the supervision of the town engineer.

10. We received a letter from Mr. D. W. Dumble regarding the proposed extension of Cambridge street saying he would accept an eight inch coat of gravel well rolled, instead of macadam, the work to be done inside of four weeks. We recommend that the offer be accepted, and that the town engineer be instructed to do the work within one month after Mr. Dumble has given the town a deed of the land, or an agreement to give a deed.

The report with the exception of clause 2 was adopted.

Mr. H. Frey, Norwood, Ont.

Describes the Cure of Himself and Daughter of Eczema by the Use of Dr. Chase's Ointment.

Mr. Hiram Frey, Norwood, Ont., states: "I was troubled for ten years with eczema on one leg. The itching was terrible and when scratched the blood would come. The doctors could not cure me. Fortunately I heard of Dr. Chase's Ointment and its persistent use has completely cured me. There is now no trace of the disease left.

"My little girl two years old has also been cured of eczema by Dr. Chase's Ointment. Her face was a mass of sores and we had to bandage her hands to keep her from scratching it. To-day her face is clear of even the scars which the ugly sores made, and she is thoroughly cured. I am glad of an opportunity to let the people know what a blessing Dr. Chase's Ointment has proved to us."

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. T. E. Gillis

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. T. E. Gillis, Windsor, N. S., describes her illness and cures, in the following letter:

Dear Mrs. Pinkham:—

"When I commenced to take Lydia E. Pinkham's Vegetable Compound I was suffering with weakness and womb trouble, headaches, backaches, and that worn-out, tired feeling. I have only taken the Vegetable Compound a few short weeks, and it has made me well, strong and robust. I believe that Lydia E. Pinkham's Vegetable Compound is without equal for female troubles."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Surely you cannot wish to remain sick, weak and discouraged, when you might so easily be cured. The medicine which has made so many other women well will cure you also.

REFERRED TO WHOLE COUNCIL

Who in Committee Will Consider Question of Fire Engineer.

The Disposition of Present Fire Engine Will also be Dealt with—The Fire, Water and Light Committee's Report.

The matter in connection with the town's fire engineer will be dealt with by the committee of the whole council to whom it was referred last night, along with the disposal of the present engineer. Ald. Johnston submitted the report to the committee and with the exception of the first two clauses, it was adopted. The report follows:—

1—That the boiler of the steam fire engine is out of order and that we cannot recommend that it be repaired as we believe it would be better to purchase a new steam fire engine of sufficient size and capacity for the requirements of the town.

2.—We recommend that the chairman of this committee be instructed dismiss S. F. Wainwright and to advertise for a qualified engineer.

3.—We received a verbal offer from the Peterborough Light and Power Co. to light Jackson Park provided the town contributed $100 towards the cost of the material. We recommend that provided the Peterborough Light and Power Co. properly lights the park, the council provide police protection for it.

4.—We recommend that the petition for an arc light or incandescent lights on Chamberlen street be granted, and that the chairman of this committee and Ald. Tovey be authorized to decide which lights to use.

5.—We recommend that the Peterborough Light and Power Co. be instructed to carry out the recommendations regarding street lights as already reported in the Examiner.

6.—A lamp was ordered at the corner of Victoria and Downie streets and we recommend as an alternative the north-east corner of Smith and Downie streets.

Ald. Johnston moved the adoption of the report, with the exception of clause 2, while Ald. Tovey moved, seconded by Ald. Hall, that the clause be adopted as read. A motion made by Ald. Adams and seconded by Ald. Hall, that the report with the exception of clauses 1 and 2, be adopted, which shall be referred to the committee of the whole council with power to act, which was carried.

I. O. O. F. INITIATION AT LAKEFIELD

Six Members of Peterborough Lodge Assisted in Conferring Degrees There Last Night.

Six members of Peterborough Lodge No. 111, I. O. O. F. drove to Lakefield last night to assist in conferring the initiatory degree upon four new members. This is the first initiation since the organization of Lakefield Lodge No. 358.

The visiting delegates were:—R. F. Morrow, P. G.; W. Hill, P. G.; A. A. Fowler, P. G.; Frank Collitt, N. G.; Dr. McKercher, and W. Frost.

Rev. F. W. Leggott was elected delegate of the Lakefield Lodge to the Grand Lodge meeting in Brockville in August. The Lodge is in a flourishing condition and present prospects presage a prosperous future.

NEW INDUSTRY MAY LOCATE

A Representative of "Climax Road Machine" Company in Town.

Is Favourably Impressed with Advantages Offered Here—Heads of Company Will Pay Later Visit.

Mr. John Robinson, representing the Climax Road Machine Company, of New York, has been in town during the past several days in the interests of his company, which has decided in the near future to locate in Canada.

The purpose of Mr. Robinson's visit has been to make a preliminary investigation of the sites available for the establishment of the industry. The company has at present a temporary branch in Hamilton, their manufacturing there however being entirely confined to contract work.

Mr. Robinson, who is a Canadian by birth, having resided for 32 years in Norfolk county, and is therefore not unfamiliar with the manufacturing conditions in this country, states that he has been very favourably impressed with Peterborough as a location offering great advantages. With the exception of Hamilton, it is the only place which he has yet visited for the purpose, of looking over the conditions.

The leading officials of the concern will visit here at a later date, probably in September, when a more thorough investigation will be made.

The manufactures of the company, the headquarters of which are in New York, include structural bridge work, road graders, and concrete piping.

In the event of the company deciding to locate in Peterborough, suitable buildings will be erected. A staff of at least twenty-five hands will be employed at first, this number being increased later. Mr. Robinson left on the noon train for Toronto. There can be little doubt of the ultimate location of the company in Peterborough, if it finds the conditions as favorable to the location of the site as it desires.

CONSTERNATION AT THE LOCKS

Turtle of Enormous Proportions Makes an Early Appearance.

An enormous water animal caused great alarm and consternation by its appearance below the Locks a few mornings ago. The first intimation of its presence was when a half-witted Russian sailor, who had run away to escape naval service in the present war, fell in a swoon upon the deck of the mud scow, imagining, as he afterwards stated, that he was being pursued by a Jap torpedo boat. Several bystanders in their confusion sought refuge behind the walls of the Sugar Factory, but one man actually had the audacity to get after the monster with a pike-pole. He was however disappointed as the animal majestically sought security in the protective depths of the Otonabee. Great indignation was caused by the lockmaster remarking that it was one of the largest snapping turtles he had seen for a week. Another gentleman was also of the opinion that it was an abnormally colossal snapper, but ventured to say that it was the largest he had ever seen outside of the Carribean Sea, and probably eight times as large as any ever seen in the Otonabee River. Judging from the remarks of some present the reptile assumed absurdly abnormal proportions but the writer is of the confirmed opinion that it was no larger than the average porpoise.

POPULAR YOUNG PEOPLE MARRIED

Miss Lettie C. Foster to Mr. George Mein—Interesting Social Event on Wednesday.

The marriage of Lettie C. Foster, second daughter of Mr. and Mrs. Thos. Foster, Hunter street, to Mr. George Mein, son of Mr. and Mrs. Wm. Mein, 24 St. Louis street, was solemnized on Wednesday evening at 7 o'clock at the home of the bride, Rev. Dr. Torrance officiating. Mendelssohn's wedding march was played by Mrs. Henry McGee cousin of the bride who was given away by her father. She was married in her travelling costume of cheek blue silk and carried a bouquet of white carnations. Her sister, Miss Ollie Foter was bridesmaid and looked very pretty in a black and white silk dress, with a bouquet of pink carnations. The groom was accompanied by Mr. W. J. Williston as best man.

After the ceremony the guests to the number of about forty sat down to a dainty wedding breakfast, which was served in the large dinning-room. The house was charmingly decorated for the occasion, the dining room looking especially pretty.

Many out of town guests were present, among whom were the following: Mr. and Mrs. James Young, Toronto; Mr. and Mrs. Henry McGee; Mr. John Harry and George Young, all of Toronto; Mr. and Mrs. Wm. Young, Quebec; Mr. and Mrs. and Master Alrich, Rochester; Mr. and Mrs. Richard Young, Toronto; Mr. and Mrs. George Stevens, Barrie; Mr. and Mrs. Cornthwaite and Miss Gladys Cornthwaite, Port Hope; Mrs. R. Pidgeon and Miss A. Pidgeon, Port Hope, Mr. and Mrs. R. Young, Toronto; Mr. and Mrs. Saunders, Cobourg; Miss E. Johnston, Buffalo; Miss Lettie Robinson, Hespeler; Mr. A. Graham, Lakefield; Mr. and Mrs. D. McIntosh and Mrs. Jas. Calder, Warsaw.

The happy couple took the 9.05 train to Port Hope. From there they will go to Eastern Ontario and also to New York to visit friends. They will be away for some time. After they return they will live with the bride's parents, Hunter street.

Mr. and Mrs. Mein received a handsome lot of presents, of which the following are a few:—dining table, Peterborough Lacrosse Club; Morris chair, Messrs. Parker and employees; plush couch, Mr. and Mrs. Wm. Mein, parlour table; Mr. and Mrs. R. M. Beach, parlour table, the bride's grandmother and aunts; iron bedstead boarders of the Temperance House; willow rocker, Mr. and Mrs. Holman and family; china tea set, Mrs. Bake and Mrs. Gray; and many other useful articles in addition.

A TRAGEDY OF GOSSIP.

Sad Story of British Columbia Druggist, Who Was Suspected Unjustly.

A few months ago Mrs. T. H. Atkinson of Ymir, British Columbia, committed suicide, after having been socially ostracised; her husband had just stepped from the dock at the Assize Court at Nelson a free man, pronounced by the jurge to be without a stain on his character. Mrs. Atkinson died because of ill-natured gossip; to Atkinson irrevocable ruin and misery have come from the same cause.

Atkinson's drug store at Ymir was burned down some months ago, and he was arrested on a charge of arson, an accusation which was shewn to have had not the shadow of foundation. But it caused one of the most painful tragedies in the history of British Columbia. Some evil-minded persons whispered that the druggist had fired his place for the sake of the insurance, and the police arrested him. At once Mrs. Atkinson was made to suffer also. At the time she most needed comfort she was deserted by her own sex in the mining town, the women of Ymir practically sending her to Coventry. This social indignity, added to her other troubles, served to throw her mind off its balance, and, she drowned herself in the reservoir.

The tragedy of his wife's death, added to the baseless charge preferred against him, made life almost unendurable to the unhappy druggist. However, Atkinson kept up the courage of despair and was arraigned at the Assizes at Nelson. The Crown presented its witnesses, but the evidence was so shallow that the case gave signs of breaking down at a very early stage. When the Crown's meagre evidence was all in, counsel for the prisoner said he would place his client in the box. But there was no need for that action. Peremptorily stopping the proceedings, the foreman of the jury told the judge that if the evidence before them was all the prosecution could bring, the jurymen felt that the accused had no need to put in any defence; they were certain of his innocence. In order that the last lingering doubt might be removed from everybody's mind, Atkinson was, however, allowed to go into the box and tell his own story, showing that he had no knowledge of how the fire broke out. This done, his counsel declined to address the jury, and the latter, without leaving the box, brought in a verdict of acquittal. Without a stain on his character, Atkinson left the dock. A little motherless girl, his daughter, dressed in black, welcomed him back to liberty. Slowly and sadly the couple left the Court House, and the spectators, as they gazed, knew that they saw the wronged victims of a tragedy of gossip.

TORONTO'S SET OF "THE TIMES."

One of the Most Complete Newspaper Files in America.

For one hundred and fifteen years The London Times has been the leading newspaper of the world. Its correspondents are the best, its reports the most reliable, and its inflexible determination to tell the "truth, the whole truth, and nothing but the truth," has at once won for it recognition throughout the civilized world, and made it the most valuable, complete and accurate depository of current history.

With these facts in view it is interesting to know that of the three practically complete sets on this continent, Toronto contains the second best. The other two are both in the United States, one being in the Congressional Library at Washington, and the other in the Boston Library.

The Washington set is the best. It starts in 1791, runs for six months, and then there is an hiatus of five years and the set is complete from January 1, 1796. In Boston the files are complete from 1809.

The Toronto set is in the Library at Osgoode Hall, and is complete from the year 1806 to the present day. The credit for this is largely due to the present librarian, Mr. Geo. W. Eakins, who, on assuming the office in 1892, found 23 volumes missing. All these he has secured in addition to the volumes current since.

The first issue of these files makes interesting reading, and it is remarkable how little the style of the paper has changed from that day to this. We find in it evidence that the patent medicine man made as generous claims in 1805 as he does in 1905.

In marked contrast to the slowness of battleship construction to-day is a note of the launching of the frigate Hebe, of 36 guns, four months after she was laid down, and another item which is notable during the present discussion of the Government's relation to gambling is an announcement of a drawing of the official lottery.

The price of The Times in 1805 was sixpence, an almost prohibitive figure.

Fruit From Australia.

Mr. A. McNeill, chief of the Fruit Division of the Dominion Department of Agriculture, has just received from Mr. J. J. Philp, fruit inspector at Winnipeg, the report of the arrival in the Manitoba capital of four boxes of fruit from Australia, two boxes of apples and two of pears. The apples and one box of pears were packed in boxes with 50 cardboard compartments like egg cases. The other box of pears was of a smaller variety and came in a 75-compartment box. The apples, which resembled Seek-no-Further, were in good condition when they reached Winnipeg on April 26, but the pears were somewhat soft after their long voyage across the Equator. The apples would find a ready sale in Winnipeg at this season if they could be laid down at a reasonable rate, but the charged on the boxes were $2 each, and this appeared to be only the express charges from Vancouver. The lesson, however, in this trial shipment is that apples can be landed in good condition and pears in fair shape after the long voyage half way round the world, so that Ontario fruit men should be able to get even their most perishable fruits into the Manitoba and Northwest market in first-class condition. It is also interesting as showing that people are coming across an ocean and a continent in the effort to get into a market which Canadian fruit producers have at their doors.

BABY BONUS OF QUEBEC

PROVINCIAL LEGISLATURE HAS WIPED IT OFF STATUTES.

It Was Designed to Promote Population in the Sister Province, But Did Not Succeed as Hoped For — The Idea Was Not Original, But Borrowed For the Colonizing Plans of Old France.

The session of the Legislature of Quebec just prorogued is destined to become famous owing to the fact that it repealed the statutory enactment under which the Government has been giving bonuses for babies. The law did not grant a subsidy for each baby; but it waited until there were twelve babies in any one family, and then the happy father was entitled to receive a land grant of 100 acres, with which he could do whatever he pleased. Why was this strange subsidy system proposed, and who was its author?

The designer of the baby bonus idea was Mr. Honore Mercier, at one time Premier of the Province. A series of circumstances bearing upon the condition and prospects of the French-Canadian race produced the legislation. In the first place, a great deal was being said about the exodus of the French-Canadians. Vast numbers were slipping off to the factory towns of the United States and were remaining there. The same process is going on to-day, but it was the subject of far more discussion a few years ago than it receives at the present moment. It was to make up for this loss of population that the bonuses for babies were devised.

Not An Original Idea.

It must be said, however, that the idea was not at all original. The truth is it was copied from the policy of Louis XIV., and of Colbert, his famous Colonial Minister. When New France was in process of formation the French Government came to the reasonable conclusion that the colony could not be a success without people. In order to establish it, young men were sent over to take up lands, and regiments which had served in Canada were either disbanded or were induced by money offers to remain in the country. A very celebrated regiment, that of Carignan-Salieres, practically passed from military to civil life in Canada, each soldier receiving a grant of land and a cash bonus for so doing. The men were easy enough to get; but then there were no women. To meet this situation, shiploads of your girls were brought over, and were promptly married. The arrival of a shipload of the fair sex was a great event in the life of Old Quebec. Then would assemble the eligible bachelors from various parts of the colony to make selections. Within a few hours the entire consignment would be disposed of, and the marriages concluded, each couple would receive from the Government an ox, a cow, a pair of swine, a pair of fowls, two barrels of salted meat, and eleven crowns in money.

A Form of Coercion.

In all probability the matrimonial market was made the more active owing to the fact that single blessedness was liable to be punished. Thus a man who refused to marry were excluded from all honors in the colony, and were not allowed to trade with freedom. While there were penalties for failure to marry, there were prizes for the possession of large families. The father with ten children received a pension of three hundred livres a year—about $60—while the father with twelve was awarded four hundred livres, or $80. Over and above this system of rewards there was the fact that under the feudal system the lands were granted according to the size of the families. A tenant with eighty or ninety acres could get another like allotment for each son. The larger the family, therefore, the greater the estate. The idea of subsidising families of considerable proportions was not, as has been pointed out, at all an original scheme with Mr. Mercier. It had been tried before in the early days. But it was more successful three centuries and a half ago than it has been under the Quebec Government of to-day.

Failure of the Scheme.

The fact is the bonus affair has been a great boon to wealthy lumbermen, and no concession worthy of the name to the farmer. To the average man settled in the old districts of Quebec a hundred acres of land in the far north is really of no use, except for the sum it will bring if sold. The farmer does not want to leave his own farm to occupy the twelve-in-a-family grant. In fact, the larger his family the more necessary is it that he remain on the old farm and provide for it. What, then, can he do with his hundred acres up in the Lake St. John region, or on the border of Labrador, which he cannot even afford to visit or inspect? His only resource is the sale of the grant, and the only possible purchaser is the lumberman who will take the land for the sake of the timber. The price paid by the lumbermen has averaged $50 for each grant of a hundred acres. Thus the Province which sells timber land at a far higher rate has been practically giving away such limits, the only obligation resting upon the lumbermen being that they shall pay $50 per hundred acres, or $320 per square mile, for them. The idea was evidently launched without any consideration as to the manner in which it would operate. It was supposed that the farmers would take the land and settle upon it. But this was impossible. The only use that could be made of the land was such as was profitable to the wealthy lumbering corporations.

No More Baby Bonuses.

The discontinuance of the scheme is a good thing, and it is certain that Quebec will not suffer for population in consequence. If the families of the Provinces should be slightly smaller the strength of Quebec will not be impaired, for the infant mortality is very great. The care and attention required for children in these days forbid the successful raising by poor people of families of the Old Quebec proportions.

Return of the Hoop Skirt.

Leaders of fashion delving into the musty past have dug up the hoop skirts and are delighted with the find. In their haughty and arbitrary way they have decreed that lovely women shall don the bird cage, as of yore, and go sailing down the street demanding two-thirds of the sidewalk for her promenade.

We shall see whether the new and improved woman, with all of the modern attachments, will submit as gracefully as did her sister of thirty years ago, or whether she will rise up and tell the fashion leaders that it is too late in the history of the world for man to put a barb wire fence around her.

Meanwhile the expectant goat will stand around in the back lot and await the decision, for it is a long time since he has had anything as delectable as the hoop skirt inuch, and the humble humorist will dig into the files and resurrect the stock joke of the last generation and make it do one more stunt.

Going Him One Better.

"Say, do you know who I am? I eat a bad man for dessert every once in awhile."

"Huh! I eat an injunction for breakfast every morning."

Sure Sign.

But when men shed their winter beards
We know that spring has come.

The Only Reason.

"Working as a baker must be very hot and disagreeable work."

"It is. He only kneads the dough because he needs the dough."

Case of Necessity.

"No man can serve two masters."

"But he has to if he is married and is working for wages."

Should Be Exterminated.

Sometimes when we are troubled
We feel we would give thanks
Were there an open season
For all long winded cranks.

COUNCIL MEETING ROUTINE BUSINESS

J. A. Manning Wrote Making Offer to Establish Factory Here.

Number of Applications for Sewers and Street Improvements—The Communications.

Those present at the meeting of the council last night were Mayor Best, Ald. Johnston, Degley, Hicks, Mason, Crowe, Leary, Hall, Tovey, McIntyre, Batten, Scott and Adams.

The following communications were received and dealt with as indicated:

J. A. Manning wrote to the council stating that he had ascertained that there was considerable number of the class required by his company for manufacturing "excelsior," adjacent to Peterborough and the Kawartha Lakes, and that he had looked over the property of the Water Works Department. He had found the most desirable part of the requirements to lie between the river and the G. T. R. If this meets with the approval of the council he would like to be given the use of the property mentioned for a term of ten years with the privilege of purchasing it at any time within that period at a price to be agreed upon now.

He would require a right of way through the property lying east of the railway to the roadway with a privilege of grading, and the town could reserve access to the east end of the Water Works dam. The factory would employ from 6 to 12 hands at the start, but this number would be increased as the business grew.

Owners of property asked for a sewer to be constructed between King and Rink streets on Park and Sherbrooke streets. — Board o. Works.

Six property owners petitioned against the construction of a sewer on Aylmer street from Rink to Lake streets. — Board of Works.

Mr. Peter Hamilton and others petitioned against the construction of proposed sidewalk on the south side of King street, from Aylmer to George streets. — Board of Works.

Mr. E. G. Patterson wrote, asking that some definite action be taken by the council that will definitely decide the situation here on Saturday, July 1st. He stated that he was in possession of letters from the largest manufacturers and employers of labour in town, and in every case, except one, they prefer the Saturday holiday to that of Monday. He suggested that the council decide to declare that Saturday should be considered the holiday, and have a notice to this effect, signed by the Mayor and clerk, inserted in the local papers, and in his opinion this would serve the purposes of the Retail Merchants' Association.

Ald. Hall moved, seconded by Ald. Scott, that the request be granted, which was carried.

Ratepayers petitioned for a granolithic sidewalk on the east side of Downie street from Charlotte to Simcoe street. — Board of Works.

A number of property owners asked that a pipe sewer be constructed on the lane running between King street and Charlotte street, west of Park street, half way between Boswell and Pearl avenues.

Another petition was presented from property owners asking for a sewer on another lane on the same property, that of the Miss Burnham estate, and one for a sewer on King street to serve the same property. — Board of Works.

A number of property owners petitioned against the construction of the proposed granolithic walk on the east side of Aylmer street from McDonel to half way between London and Dublin streets. — Board of Works.

A petition was received asking for a granolithic walk on the west side of Stewart street from Dublin to Edinburgh.—Board of Works.

A number of ratepayers petitioned for a sewer on Simcoe street between Bethune and Stewart streets. —Board of Works.

F. Bartlett wrote applying for the position of inspector for the Ashburnham sewer.—Board of Works.

A number of reports of committees were presented and adopted.

MEDICAL TESTIMONY; ADJOURNED INQUEST

Inquest Touching Death of Frederick Hudson Was Continued Last Night at the Police Court.

Dr. Amyot, Provincial Bacteriologist, Testified Regarding Examination.

Coroner Grey Presided—Inquest Will be Concluded on Wednesday Evening.

The adjourned inquest touching the death of Frederick Hudson, who died at St. Joseph's Hospital, on Sunday, June 11th, was continued last night at the Police Station.

Considerable evidnce was taken, principally of a medical character. The report of the post-mortem examination was received. The testimony of Dr. T. N. Greer, J. M. McCulloch, who assisted in the autopsy, and Dr. J. A. Amyot, Provincial Bacteriologist, was also heard.

Coroner Grey presided. The witnesses were examined by Crown Attorney Wood. Mr. R. M. Dennistoun appearing in behalf of his client, the prisoner McAuliffe.

James Flynn, in his testimony, stated that he was a partner in the firm of Hudson & Flynn, and was home on the evening of June 1st. He had seen McAuliffe upon that evening. Witness was out doors in the alley on the east side of the bar room and did not see the row between Shanahan and Hudson. The first he knew of the trouble with McAuliffe was when he entered and while standing just inside the south door of the bar, talking to two Havelock men, saw Hudson talk and shake hands with Cole. He knew nothing of what took place between Hudson and McAuliffe. Cole was standing between witness and Hudson. He did not see McAuliffe make any motion to strike though he saw Hudson fall. Witness did not know that there was any trouble between them. McAuliffe was standing four or five feet from the door, about half way between the screen door and the refrigerator box. Masterson and witness picked Hudson up, the latter lying flat upon his back about two feet from counter. Hudson could not have struck upon a spittoon. He was unconscious. Hudson partially recovered consciousness and went to the wash-room. Witness seized McAuliffe, but the latter was drawn away from him out of the back door. Witness then went into wash-room where Hudson was and helped him upstairs, Dr. McNulty arriving a minute or so later. This occurred on Thursday evening, Hudson being removed to the hospital upon the following Tuesday or Wednesday, where he visited him later. Witness had not seen anything which could be used as a weapon in McAuliffe's hands while talking with him. Witness could not say whether the screen doors were on before Census Day or not and did not know whether the front door was open at the time or not. Witness did not make and search for any weapon which might have been used.

To the Foreman—Hudson did not stand up to the counter of the bar after he fell. He went straight to the wash-room.

Dr. J. Malcolm McCulloch deposed that he had attended th inquest touching the death of the late Frederick Hudson, and had assisted in the the autopsy, conducted by Drs. McNulty, Greer, Young and Halliday for the purpose of taking notes. Witness then read and presented the report of the post-mortem examinations, which had been of a thorough and searching character. The condition of the different organs was described. The finding of th report was that the immediate cause of death had been "septic inflammation of the brain and its membranes."

To Mr. Wood, witness stated that in his opinion death had resulted from the injury to the skull which he had found there.

To Mr. Donnistoun, witness said, that he had found the liver markedly enlarged. This usually indicates disease. The valves of the heart and the kidneys also were not in a perfectly normal condition. He could not say that there was disorder in the stomach. Witness could not state the extent of the operation upon the head.

Dr. T. N. Greer, sworn, testified that he had first attended Hudson at St. Joseph's Hospital, on the evening of June 9th, when he was called into consultation with Dr. McNulty. He had found Hudson in a rational condition, though his mind was clouded and his temperature abnormally high. He did not see him again until Monday, when the first operation was performed at eleven o'clock. At the time of consultation they found the necessity of an operation, owing to the depression of the outer plate of the skull. Hudson's mind was growing more clouded. His general condition showed meningitis. The injury was upon the frontal bone, in the hair. The wound on Tuesday, presented a swollen appearance, the whole face being swollen. The outer wound was an irregular laceration of the scalp, about 1 1-2 or 2 inches in length and zig-zag in shape. It had been stitched. He did not think the wound could be produced by the bare hand. It was, in his opinion, caused by a blunt instrument. It was about 3-4 of an inch in diameter and oval in shape. Witness had concluded at the time of the operation, that the wound must have been caused by blunt instrument, convex upon the external surface. The outer plate of the skull, to the size of the fracture was removed. An incision in the cuticle was made and the scalp turned back, thus enlarging the wound in size.

On Saturday afternoon, witness and Dr. McNulty again operated. The patient, in the meantime, had developed paralysis, showing that there had been pressure upon the brain. An opening about 3-4 of an inch in diameter was made this time, showing that the inner plate of the skull had been fractured. A small fragment which had lacerated the membrane of the brain was removed. The paralysis, witness thought, was due to the condition of the brain. Witness had assisted at the post-mortem examination. In his opinion, the immediate cause of the septic inflammation, spoken of in the report as having been the immediate cause of death, was due to the wound.

Dr. J. A. Aymot, Provincial Bacteriologist, sworn, stated that he had made an examination of a specimen of the blood of the deceased. On bacteriological examination, witness had found "obsepticoeci" or pus—forming bacteria. Specimens of the internal organs had also been examined. A change had taken place in the blood, due to the bacteria which was present. Its condition was not what would have been found in a normal condition of health. A microscopic examination of the heart revealed atrophy of the muscle cells, also pigmentation in the muscular tissue, and granular degeneration. The atrophy probably took place before, and the degeneration of the muscular fibre, probably, after the injury. The liver was in a state of fatty degeneration. This could scarcely have developed since the wound was received. The kidney showed chronic fibrosis of some standing, evidently caused by the state of the blood. From the specimens witness had examined, he formed the conclusion that the death of the patient was due to general septicaemia or blood poisoning.

Philip Mahoney, re-called, stated that he had heard one of the witnesses state previously that the screen doors were on upon the night of June 1st. This was not so. They were put on in the afternoon of the next day by James Hanrahan. He had not told anyone that he had kicked the stove under the refrigerator. He had not seen McAuliffe strike Hudson.

To Mr. Dennistoun, witness stated that Hudson took his liquor quite regularly. He took some "right along" up to the time he was hurt.

In the absence of Dr. McNulty, whose testimony will complete the evidence to be submitted, the inquest then adjourned to meet on Wednesday evening at 8.30 o'clock.

A WARNING TO MILK VENDORS

They Must Abstain From the Bottle Under Severe Penalty.

Mr. R. W. Errett, inspector of Weights and Measures, has received peremptory instructions from the Department of Inland Revenue, urging him to prevent the sale of milk in bottles — to seize all bottles, and prosecute the owners, who deliver milk in this way, contrary to law.

The law does not permit milk vendors to deliver milk in bottles — which cannot be stamped. Milk must be measured to the purchaser by means of duly stamped measures. This will not prevent a house holder from having the milk measured to him or her into a bottle. Milkmen should take warning, as the orders of Mr. Errett are peremptory — a few days ago 700 bottles belonging to several vendors in the city of Belleville, were seized and confiscated as a warning—prosecution and fine to follow a repetition of the offence.

RAILWAY FOR ASHBURNHAM

Petition Asking for Street Railway Being Circulated.

People of Fifth Ward Anxious to Be Served With the Railway.

The residents of Ashburnham are anxious to secure a street railway service for that part of the town, and with this in view, petitions are being circulated through the fifth ward for signatures, to be presented when signed to the manager of the Peterborough Railway Co. It has been suggested that a belt line, embracing the Smith and Hunter street Bridges, might be constructed. At any rate, the people there, feel that they deserve some such service, and the following petition is being very largely signed.

Peterborough, June 19th.

J. H. Larmonth, Esq., Manager Peterborough Radial Railway Co.

Dear Sir,—The undersigned residents of the Fifth Ward, respectfully beg to point out to you the fact that, in their opinion, they are not being given the street railway service which the importance of that part of the town deserves. The population in this ward is increasing rapidly, and it is the opinion of your petitioners that a service embracing that part of the town would be most profitable to the company.

The question as to how that service is to be given and other details, are matters of which no doubt, satisfactory solution could be found by you. We are strongly of the opinion however, that some service should be inaugurated, and respectfully ask that the matter should be given your serious consideration.

A lawn social will be held on the grounds of St. John's Church, on Wednesday evening, June 21st. Refreshments will be served at the different booths. The 57th Regiment Band will be in attendance and render a choice programme.

CARETAKER WANTED.

Somebody Needed to Care for Park Place, Corner Park and Charlotte Streets.

Mr. J. L. Hughes left this morning for a long absence in the west, and the pretty little triangular park, corner of Park and Charlotte streets is left desolate. For years, Mr. Hughes has fostered this park with the greatest care and solicitude. In spite of the lethargy, amounting to passive antagonism of the town authorities, he has planted trees, got them nicely growing and the grass growing also. It is now the nucleus of a beauty spot, and with a little longer care, till the trees become stronger, will make a place most restful to the eye, as well as to the tired citizen who wishes to repose under the shade of its trees.

Mr. Hughes has cared for this place for years without fee or reward except the gratitude of the neighbouring public, and the gratification of seeing a waste of deformity transformed into a very pretty park spot. Now that he is absent, the town should at once provide for having the grass cut and a little care given to the park. It is understood that Mr. Hughes has secured a neighbour to water the trees, but the grass if not cut occasionally, will grow into a swamp.

The indifference of the council authorities is astonishing—not astonishing perhaps, but astounding. While the park has been kept mown within the enclosure, the outside, the boulevard is an untidy littor of rubbish, stones, sticks, wire from linemen's operations, old street railway ties, which have been left there for several months. If these were cleaned up, the boulevard could be cut and made to look presentable. At the corner, it is estimated that during the day and evening, at least a hundred street cars stop while making connections, and the passengers are treated to a view of the park, green and trim within, where private enterprise and public spirit have charge, and the rank and rubbishy outside, under the indifferent charge of the council. We can't have a beautiful town without the assistance of the authorities. Public spirited citizens will keep their lawns and the abutt-boulevards in shape, but when the council comes along and rips up the boulevard by changing the grade of a walk and refuse to restore the earth taken out or supply it when needed, we can't expect citizens to pay taxes and also pay for drawing earth to improve the streets of the town. Never since the confusion of tongues at the Tower of Babel, has there been so conspicuous a lack of system as exhibited by our aldermen in the case of administration of the streets.

MRS. MORROW'S CHORAL SOCIETY

Met in T. A. S. Hall Last Night—66 Members Present.

Mrs. Morrow's choral class met in the T. A. S. Hall last evening and proved a great success, about sixty-five members being present, and the rendering of the choruses was exceptionally good. Mr. W. H. Denham, A. Elliott and H. Morphet sang by request. Mr. Denham sang a beautiful ballad by Roblin. He possesses a deep basso of rich quality and had to respond to an encore, as well as Mr. Elliott and Mr. Morphet, who were warmly received. Mrs. Morrow has secured Mr. Scriver, a tenor robusto of Toronto, an exponent of the North method of singing, pupil of Mr. Richardson, for her recital. Mr. Scriver contributed two solos and responded to encores. His singing was marked by the ease with which his songs were rendered.

Don't forget St. Andrew's Young Men's Guild 7th Annual Excursion to Stony Lake, per new steamer "Stony Lake," on Thursday, June 22nd. Train leaves G. T. R. Station at 8:30. Tickets 75c. The popular excursion of the season. Orchestra on board.

Dr. R. W. Bell, Inspector of the Provincial Board of Health, has returned from Lindsay, where he advised the authorities in regard to a smallpox case found in an hotel in the town. The patients has been isolated, a number of people who are employed at or who stayed at the hotel have been vaccinated and the hotel, which was closed for a few days, has been reopened for business.

The Havelock Standard says:—Rev. H. Gaplin of St. John's church has received a letter from Mrs. Tandy expressing her gratitude for the prayers of the church people in Havelock for the recovery of Rev. W. R. Tandy, who is improving slowly. Mr. Tandy had to give up the work of his Master for the present. His friends here, of whom he has hundreds of all denominations will be pleased to hear of his improving condition of health and will hope for his speedy recovery.

Mr. J. L. Hughes of Park Place, left this morning for a lengthened visit to the west of Canada, and the United States. He will go by way of the "Soo," St. Paul and Seattle to the Coast, and from there strike north into British Columbia, returning by the C. P. R. to Winnipeg and home. Mr. Hughes is combining business with pleasure, and will be absent three months, unless in the meantime a longing for civilization, and Peterborough, cut short his programme of travel. The house in Park Place will be closed, and Mrs. Hughes will, for a time, be the guest of Mrs. Jas. Best, Smith street, by Jackson Park.

LAWN SOCIAL AT ST. ANDREW'S

Ladies' Aid Society Scored Great Success.

A Most Delightful Evening was Spent—Band Concert was Much Enjoyed.

The lawn social and band concert given under the auspices of the Ladies Aid of St. Andrew's church last evening, on the church grounds, proved to be, as was anticipated, a most successful and enjoyable event. On the lawn were prettily arranged tables and booths, at which were dispensed ice cream and confectionery. The grounds were well lighed with numerous incandescent lights. The many, and tastefully arranged tables, the handsome gowns of the ladies, with the many lights, made a very bright and pretty scene, and one not soon forgotten by the beholder.

The 57th Regiment Band was present and rendered a select programme of delightful music, and contributed in a delightful manner to the pleasure of the evening.

Great credit is due the president of the Ladies' Aid, Mrs. T. C. Elliott, and her able assistants, Mrs. Frank Packenham, secretary; and Mrs. J. D. Kelly, treasurer.

Those who had charge of the tables were as follows:

Flower table — Mrs. Stanger and Mrs. Elliott.

Candy table — Miss Hall and Miss Wells.

Banana table — Mrs. Chas. McClelland and Mrs. Kerr.

The department of icecream and strawberries was ably looked after by Mrs. Moore and Mrs. Stanger.

About two hundred people took advantage of the perfect weather, and thoroughly enjoyed the evening. Many original and resourceful devices were noticed in the way of articles for sale. One that a lot of men seemed to "connect" with, was that of several young ladies going round, with pretty bouquets, which they pinned on the lapels of gentlemen.

The programme of the band concert was concluded by the popular "Uncle Sammy," by Holtzman, after which the audience dispersed.

Don't Miss St. Andrew's Guild Excursion on Thursday, to Stony Lake, per G. T. R. and new steamer Stony Lake. Always the best. Go up and have a fish; let you off anywhere. Tickets at J. D. Tully's, H. H. Stinson's, and The Examiner Office.

No more flannel trousers —homespun takes the lead

The day of flannel trousers is past. Homespun trousers will take their place.

There is good sense in such a change. Homespun wears better, keeps its appearance better, and gives a greater range of patterns and colorings.

We have produced a special line of homespun trousers this year. They are made in the latest style, of our own guaranteed-quality homespuns—Kilalo and Blunoz.

Made with belt straps and inside buttons for suspenders.

We would like to show you this line, as we are particularly proud of them. Won't you call in?

CHARLOTTE STREET WON THE ROUND

But Had a Close Shave—St. John's Show Reversal of Form.

The second half of the game, being the last three innings of the St. John-Charlotte street game, was played last night on the T. A. S. grounds, and resulted in a score of 7—6 for the former. The previous contest ended 5—2 for Charlotte street, making the round 11—9 in their favour.

Chris. Graham did the receiving for the Anglicans, and the team, being somewhat re-arranged, played much better ball. Sawers, who caught before, took the field, and Metcalfe replaced Dusty at 3rd.

The Methodist team was the same as before, and put up a good game, though at some stages the team was a little off-colour. Roddy has 14 strike-outs to his credit, and certainly did his share. Cavanah, who again did the slab work for St John's, was in good shape, and had 'em guessing at all stages. Both teams are strong in the field, and some pretty work was the result.

Following is the line up:

St. John's — Cavanah p, Warsam 2b, Greene ss, Fitzpatrick cf, Hodgson 1b, Sawers lf, Weller rf, Metcalfe 3b, Graham c.

Charlotte street — Ames M.Williams cf, Lang c, Nelson M.Williams ss, Thornton 1b, Roddy p, Squires 2b, Williams 3b, Crowe lf, Ryan rf.

THE SOUTH ENDERS WON FAST GAME

Defeated North Enders on Saturday by 14-13.

The following report of a game last night was handed to the Examiner:—

A fast game of football was played last night on the exhibition grounds, when the Business College team scored another victory by defeating the Old Country Wanderers by the score of 14 to 13. Soffler team had its full line up and extras were picked up from the crowd, the Business College being "Tom" Black and the Englishmen "Art" Noble. Play was fast and rough from start to finish and there were several plays on both sides that attracted much attention, especially the playing of "Artie" Noble who more than once thought he was playing rugby instead of association, and made unusual a good opportunity to catch his man and was the cause of one goal going in for the Wanderers by one of his bear-like hugs out the goal-tender. "Artie" apparently thought that the College boys had never played the game or else they had never played by the rule of association.

For the College Junction on the forward line did some pretty work, once dribbling the ball from centre through the English battle line and banging it through the goal. McIlmoyle and Shaw also put up a good game, and several times made whirlwind rushes down the line, but the charge failed to work. Kennedy and Graham the forwards in good style, while "Tommie" Donaldson on the backs "Tomm'y" Donaldson on the backs played the game of his life. Sales in goal made several pretty stops in the first half that seemed to be affected by the moon in the second. The play ended in a victory for the College by the score of 14—13.

The P. B. C.'s line-up was as follows:

Goal, Sayles; backs, Donaldson, Black; halves, Kennedy, Weir, Graham; forwards, Sullivan, McIlmoyle, Hueston, Shaw, Todd.

Mr. S. Jackson officiated as referee.

TOWN PROPERTY MAY BE LOANED

If the Consent of the Committee Has Been Secured.

Telephone Matters Referred to the Manufacturers Committee.

At last night's meeting of the Council the following report of the committee of the whole was presented by Alderman Hicks and adopted.—

We received a letter from Sir Wm. Mulock, Postmaster-General and chairman of the special telephone committee, asking for information and the Council's opinion on certain telephone matters and referred it to the Manufactures Committee with authority to answer the questions.

We considered some changes asked for by the Collector of Taxes in the by-laws appointing him, and agreed to some changes will be embodied in the by-law appointing the collector for this year. We also recommend that the collector be required to give an approved bond from the United States Fidelity and Guarantee Company, approved by the Town Solicitor, for $13,000, and that he be not required to give other bonds.

We recommend that no property of the town be lent to any person without the consent of the committee having charge of it.

The report was adopted.

HANDSOME COTTAGE WAS DESTROYED

Mr. Joseph Yelland's Summer Home Razed to the Ground.

Mr. Joseph Yelland's summer cottage situated near Burleigh Falls, was on Saturday morning destroyed by fire. The cottage was at the time unoccupied and no trace of the origin of the fire has been discovered. Nothing was known of it until daylight when nothing remained but the smoking ruins.

The loss will approximate $1,500 to $1,500 partially covered by insurance in the Royal Insurance Company. The cottage was insured for $600 and the contents for $150.

RICE LAKE FISHING GOOD THIS SEASON

Fine Catch of a Quartette of Peterborough Boys.

An "enthusiastic" party of fishermen, consisting of Messrs. Latimer, Gilbert, Howarth and Lake, were down to Rice Lake on Saturday to try their luck in the piscatorial line. They succeeded in capturing seven speckled denizens of the finny tribe—all told—and one basket—the limit in which weighed twenty pounds. This number of the deep was landed by any one of the party after a long and strenuous contest after which the party put up during their sojourn in that vicinity. The boys say they lost two that would have, one weighing (in the water) about thirty pounds. They had their photograph taken on the boat which is evidence of the great disappointment of not the sheepishness of the fishermen, but the fact that they had the evidence to support the veracity of his statement regarding the "one that got away." The fishermen say the fishing is perfect at present, and they intend to make "straight" for the vicinity of the same as soon as their duties at home will permit. Judging from their luck the "rest" results must have been very gratifying.

A DISCLAIMER.

France Is Assured by German Prince Which Gives Details of Proposed Moroccan Conference.

Paris, June 19.—The improvement in the Franco-German situation took a more definite turn yesterday as the semi-official version of Saturday's conference between Premier Rouvier and Prince Von Radolin, the German Ambassador became known. This version shows that the Ambassador asked France to accept in principle the plan of an international conference, leaving the details to be adjusted later. Premier Rouvier answered that he desired at first to be advised upon Germany's object in securing the conference, and the questions it would be called upon the consider.

As the result of instructions from Berlin, Prince Von Radolin responded to these inquiries and gave definite information regarding the German Government's ideas upon the conference. Here particularly was he able to relieve the conference plan from any appearance of being a menace to France, or of being a preliminary step to override French prestige in Morocco.

With these explanations pour parlers will continue with a good prospect of a definite agreement.

Great Britain's Position.

Premier Rouvier also conferred at considerable length with Paul Cambon, the French Ambassador to Great Britain, following the latter's conversations with Lord Lansdowne, the British Foreign Minister. These conversations showed that the British declination to participate in the conference had been entirely free from the belligerent tone ascribed to it. Great Britain intends to loyally assist France in settling Morocco affairs. Therefore, if the conference takes place Great Britain will participate therein with the proviso that the scope of the conference must be clearly defined.

Teamsters Go Back to Work.

Chicago, June 20.—A pronounced break in the ranks of the strikers occurred yesterday.

For the first time since the strike began many weeks ago there were numerous instances where striking teamsters applied individually for former positions without waiting for the strike to be formally declared off. This was especially true at the lumber yards.

The announcement was made from a source high in the councils of the union, that the strikers will be allowed to decide for themselves whether the strike shall be called off without conditions or be allowed to continue.

Ate Matches and Died.

Winnipeg, June 20.—Mrs. Roadhouse, who lives seven miles north of Gilbert Plain, poisoned herself by eating matches. She was of unsound mind.

CONFERENCE IS THE RESULT.

Germany Pacified and France Assured on Moroccan Question.

Paris, June 20.—An international conference for the consideration of affairs of Morocco is now practically assured as the result of the conversations between Premier Rouvier and Prince Radolin, the German Ambassador, and attention is now directed to defining the scope of the conference. Details are rapidly being arranged, and the officials expect to announce the plans for the conference in four or five days.

This result, after the severe strain which tested the diplomatic resources of both Governments, has the effect of relieving the tension of the officials of the foreign office and the diplomats of the German Embassy agreeing that an amicable adjustment is near at hand.

All that remains for the conference is to adjust the equality of commercial rights, as Germany desires this assurance from an international conference instead of through the operations of Anglo-French agreement. Therefore, the conference is not likely to consider changes in the political status of Morocco, but rather internal reforms and commercial privileges.

Hudson Bay Report.

London, June 19.—The Hudson Bay Co.'s report shows profits for the year ending May 31 to be £162,949, as compared with £92,334 in the previous year. The total sales in the land department amounted to £170,819, as compared with £250,814. Together with the balance on the land account and the sum brought forward from last year the amount available for dividend is £364,044. The board recommended a further dividend, making a total of £2 5s., and carrying forward £94,044.

Warmbad Likely Is Safe.

Berlin, June 19.—The Colonial Office has no information tending to confirm the Cape Town report that Warmbad, German Southwest Africa, was recently captured by Hottentots.

Cape Town, June 19.—The German Consul-General has no official advices of the capture of Warmbad, and doubts whether it was even temporarily occupied by the Hottentots. He says Warmbad was safe June 15, a thousand men and guns being concentrated there.

TOOK A SEVERE COLD.

It Settled In The Kidneys.

Pain In The Back The Result.

Catching cold and having it settle in the back is often the cause of Backache—the primary cause of kidney trouble. When the back aches it is a warning that the kidneys are liable to become affected.

Heed the warning: check the Backache, and dispose of any chance of further trouble.

If you don't, serious complications are very apt to arise. Mrs. H. Williams, Hamilton, Ont., caught cold, and it settled in her kidneys. She used

DOAN'S KIDNEY PILLS,

and is thankful for the immediate relief they gave her. She writes us as follows:

"It is with pleasure that I add my testimony in favor of Doan's Kidney Pills. Some time ago I took a severe cold, which settled in my kidneys. The soreness and pain in the small of my back bothered me greatly. After suffering for some months, and finding numerous remedies fail, I procured a box of Doan's Kidney Pills, and received immediate relief from my sufferings.

Doan's Kidney Pills may be procured at all dealers, or will be sent direct by mail on receipt of price—

50 cents per box, or 3 for $1.25.

HALF-BREEDS' SCRIP DISCUSSED

Mr. Foster Makes Some Serious Allegations in the House.

REPLY OF THE GOVERNMENT

The Premier Urges Him to Put Them In Proper Form, As He Cannot Grant Commission on An Insinuation—An Investigation Ordered—Americanizing the G. N. W. Telegraph—Banking Amendment.

Ottawa, June 20.—Mr. Foster returned yesterday to the question of half-breed scrip, and, with more information at his command than on the previous occasion, charged that the policy that half-breeds should locate their land on the scrip given them had been nullified by a letter from the Department of the Interior which allowed one Macdonald to corral all the scrip for 25,000 acres, which he obtained for 30 cents per acre, and under which he located lands worth $8 to $10 per acre. He also charged that the Premier had invited his camp-followers to loot the half-breeds, for whom years ago he had shed tears of sympathy, and in whose behalf he had deified a rebellion.

Mr. Oliver's Reply.

Hon. Mr. Oliver in reply pointed out that the Department of the Interior had adhered to the policy not to sanction assignment of claims of half-breeds, and that in every instance location was made by or in the name of the half-breed, the purchaser having to obtain the transfer from the half-breed of the land.

Sir Wilfrid Laurier pointed out that Mr. Foster had now shifted his ground, and instead of making direct charges had offered insinuations which were unworthy of a man occupying the position he holds in the House. The Government, Sir Wilfrid said, could not, as Mr. Foster knew, grant an investigation upon insinuation.

An Investigation Ordered.

Perhaps Mr. Foster had been premature, and if he should as time went on get evidence to justify him in taking the responsibility of making a charge an investigation would be granted. Merely repeating the rumor that ex-employes of the Department had made away with the documents which might compromise them was too grave a charge to be made in the House unless Mr. Foster was prepared to substantiate it. Sir Wilfrid also announced that the Government had already decided to request County Judge Myers of Winnipeg to investigate the matter.

Americanizing the G. N. W.

The Americanizing of the G. N. W. Telegraph Co. by the discharge of Canadians from positions of responsibility and their replacement by United States citizens was brought up by Mr. Monk, who charged that there had been a violation of the Alien Labor Act, and that the Board of Directors of the company had not been consulted in the changes. "We will look into the matter," was the reply of the Premier, who expressed the hope that in spite of Judge Anglin's decision Canada still had an alien labor act. An intimation was given by Sir Wilfrid Laurier that legislation regarding trading stamps would be introduced at this session.

Banking Act Amendment.

Hon. Mr. Fielding introduced a bill to amend the Banking Act, which, he explained, removed the limit of ten directors which any bank could have on its board. The step was taken to make general a concession asked by one of the banks in a bill in the Senate, and the increase was deemed desirable owing to the increase of capital and the extension of business. Some of the banks in England had very numerous Boards of Directors.

The Grand Trunk Pacific bill, dealing with the mortgages necessary under the agreement with the Government, was passed through committee and stands for a third reading.

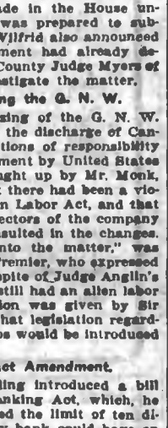
The Yukon appropriations were debated at some length, and the House adjourned.

Bishop Mills on Separate Schools.

Kingston, June 20.—At the opening of the Anglican Synod here yesterday Bishop Mills made a strong deliverance on the separate school question and on the part it played in the two political parties.

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work, and the body is losing the nourishment on which its strength depends.



Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"I have had so much benefit from your medicines am glad to pay a few words about what you may use for publication," writes Miss J. R. Bowyer, Crystal Lake, Conn. "For some time I was troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were backache, frequent pains through my kidneys, and under right shoulder blade. My hands and feet were cold nearly all the time, and I had such chilliness before shoulders. Some days cared but little for what I must do; felt so tired and miserable I could scarcely do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of 'Golden Medical Discovery' and other medicines as I thought best, but discovered in the end it was Dr. Pierce's I must take. Appetite soon improved and gradually the disorders disappeared until now I am well."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing only and he will send you a free copy of his 1000-page Common Sense Medical Adviser, paper-covered. Cloth-covered 50 stamps.

Hops in London (Pacific coast), steady, £6 to £8 10s. The imports of wheat into Liverpool last week were 28,000 quarters from Atlantic ports, and 52,000 from other ports.

NEW YORK DAIRY MARKET.

New York, June 19.—Butter—Unsettled; receipts, 11,018; street prices extra creamery, 20½c to 20¾c; official prices creamery, common to extra, 17c to 20½c; state dairy, common to extra, 15½c to 20c; renovated, common to extra, 13½c to 17c; western factory, common to extra, 13½c to 16c; western imitation, creamery, common to extra, 16c to 19c.

Cheese—Firm; receipts, 615; new state full cream, small colored and white, fine, 9½c, do., fair to choice, 8¾c to 9¼c; do., large colored and white, fine, 9½c; skims, full to light, 1c to 7½c.

Eggs—Weak; receipts, 14,576; state, Pennsylvania and nearby fancy selected white, 20c to 21c; do., choice, 19c to 19½c; do., mixed extra, 19c; western, 15½c to 17½c; southern, 14c to 14½c.

CATTLE MARKETS.

Cables Unchanged—Cattle Decline at Buffalo and Chicago.

London, June 19.—Cattle are quoted at 11¼c to 12¾c per lb.; refrigerator beef, 9¼c to 9¾c per lb.; sheep, 12c to 14c per pound.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards were 76 car loads, composed of 1550 cattle, 3 sheep and 37 calves.

Exporters.

Prices ranged all the way from $5 to $5.50 per cwt., but there were few at the latter price, the bulk selling at about $5.25 to $5.35 per cwt. Export bulls sold from $3.50 to $4, with an extra choice one or two at $4.12½ per cwt.

Butchers.

There were not too many butchers' cattle, all being sold. Picked lots sold at $5 to $5.25, with very few at the latter figure; loads of good at $4.80 to $5 per cwt.; medium at $4.40 to $4.75; common at $4 to $4.50 per cwt. Cows, at $3.75 to $4.25 per cwt.

Veal Calves.

All veal calves, 37 in number, were bought by W. B. Levack, at $5 per cwt.

Hogs.

There were none offered, but H. P. Kennedy quotes prices at $6.60, fed and watered, and $6.75 off cars.

Lambs.

W. B. Levack bought 9 spring lambs, at $6.50 each.

MONTREAL LIVE STOCK.

Montreal, June 19.—(Special.)—Cables came firm and unchanged. Sales of American cattle in London were made at 12¾c, and Canadians at 12¼c, while in Liverpool States sold at 11¾c to 12¼c, and Canadians at 12c. The exports for the past week were 4158 cattle and 46 sheep. The demand for ocean cattle freight was better, and all the space for the balance of this month and the first week in July has been engaged at 30s to Liverpool, with agents now asking 35s. London has been let at 35s to 37s 6d; now 37s asked. The receipts were 600 cattle, 600 sheep and lambs, 600 calves and 300 hogs. The supply of all lines of live stock were comparatively small, and in consequence trade was rather quiet, but the demand was fairly good and prices generally steady. The run of hogs was very small, but, as packers seemed to be well supplied the demand for them was not so keen as it has been of late. Therefore, there was no actual change in prices, and sales of selected lots were made at $7 to $7.12½, and culled lots at $6.50 to $6.75 per 100 lbs., weighed off cars. Our own cables on Saturday from Liverpool and London on Canadian bacon reported the markets unchanged from a week ago, and quoted prices in the former market at 58 to 59 and in the latter at 56 to 60 per cent., but, according to private cables, the above markets are weaker than they were, and prices in London to some of them range from 52 to 55. The demand for cattle was fairly good, which was probably due to the fact that the weather was much cooler than it has been of late. Sales of prime heavys were made at 5½c to 5¾c; choice at 5c to 5¼c; good at 4¾c to 4¾c; fair, 4¾c to 4¼c; common, 3¾c to 4¼c per lb. A fair trade was done in sheep and lambs, and prices show no change. Sheep sold at 3½c to 4c per lb., and lambs at $3 to $5 each. Calves were quiet at prices ranging from $3 to $10 each.

EAST BUFFALO CATTLE MARKET.

East Buffalo, June 19.—Cattle—Receipts, 6700 head; slow; 15c to 25c lower; prime steers, $5.25 to $5.75; shipping steers, $4.75 to $5.25; butchers', $4.25 to $5; heifers, $3.50 to $4.65; cows, $2.75 to $4; bulls, $3.75 to $4.10; stockers and feeders, $3 to $4.30; stock heifers, $2.50 to $3.25; fresh cows and springers, common, steady; others, $2 to $3 lower; good to choice, $45 to $65; medium to good, $35 to $40; common, $20 to $30.

Hogs—Receipts, 12,000 head; strong and 5c higher; heavy and medium, $5.65 to $5.70; yorkers and pigs, $5.70 to $5.75; roughs, $4.50 to $5; stags, $3.25 to $3.75; dairies, $5.50 to $5.70.

Sheep and Lambs—Receipts, 4200 head; active and steady; spring lambs, $5.50 to $7.75; yearlings, $6.60 to $6.65; wethers, $5.15 to $5.25; ewes, $4 to $4.25; sheep, mixed, $3.50 to $4.75.

NEW YORK LIVE STOCK.

New York, June 19.—Beeves—Receipts, 4292; market, badly demoralized, 10c to 35c off. Steers, $4.35 to $5.80; one car fancy, $6.10; bulls, $3 to $4.25; cows, $1.75 to $3.85; exports to-morrow, 810 cattle and 3500 quarters of beef.

Calves—Receipts, 2200 head; veals, active and strong; buttermilks, 25c lower; veals, $5 to $7.25; selected and extra, $7.35 to $7.50; culls, $4 to $4.50; buttermilks, $3.75 to $4.25.

Sheep and Lambs—Receipts, 16,498; sheep, firm to 10c higher; choice lambs, steady; common, slow; fair to good, 25c; sheep, $3 to $4.50; choice, $4.75; culls, $2 to $2.50; lambs, $6 to $7.75; two cars choice, $7.85; culls, $5.50; general sale, $7 to $7.50.

Hogs—Receipts, 12,637; market, firm; state hogs, $5.80 to $5.90; light hogs, $6.

DIGBY CHILD MURDER.

May Hope Young and Kingsley Melanson Arrested For the Crime.

Halifax, June 20.—The coroner's jury at Digby concluded the taking of evidence in the enquiry into the cause and manner of death of Mary Ward, at 6 o'clock last evening, and by 6.30 a verdict had been reached, that the girl came to her death by suffocation at the hands of May Hope Young, and "while the evidence is strong against Kingsley Melanson, as being a party to the death, yet we do not feel justified in rendering a verdict that she came to her death at his hands. We do recommend that a thorough investigation be made by the proper authorities, to ascertain whether Melanson assisted in any way in causing the death."

After the rendering of the verdict, Samuel J. Milberry, retired mariner of Plympton and a member of the coroner's jury, laid an information against both May Hope Young and Kingsley Melanson, charging them with the murder of the child and High Sheriff Smith took the parties to the jail in Digby. As Melanson was handcuffed, Mrs. Young held up her hands to the sheriff, remarking: "Put them on," but the suggestion was not acceded to.

The autopsy shows no signs of food in the stomach of the dead child, going far to disprove the evidence of Mrs. Young, who claimed to have left the children at 5 o'clock Friday evening, each with a piece of bread and cornecake, the latter of which she claimed to have been eaten, the bread being found with a small piece bitten out.

The child weighed only 21 pounds 4 ounces, or but about half what a healthy 6-year-old should weigh. There was no evidence of the child having been the victim of wasting sickness, and the alternative would be insufficient food. The state of decomposition further indicates that May Ward must have been dead at least 36 hours when found, which would prove the impossibility of the two children having been alive at the time Mrs. Young says she left them playing in the yard.

When entering the jail last night the woman broke down and wept.

To Answer For Child Murder.

Toronto, June 20.—Emma Harvey, the young woman whose infant was found dead in her room at 30 Walton street a few weeks ago, will appear in the Police Court this morning to answer to the charge of child murder. She has been in the hospital. William Furniss, who was arrested as an accomplice, may be charged jointly with her. Furniss has been in custody since the death of the baby.

Say It is Murder Now.

Hamilton, June 20.—The police now believe that Fred Fieldhouse, the young Englishman found dying in the woodshed at the rear at 157 Princess street Saturday morning, was murdered in a drunken brawl. They have arrested James Neelon, 254 North Bay street; Mike Connors and Stanley Davis, 32 Tiffany street. The only charge that has been laid against the prisoners yet is disorderly conduct, but they were remanded by the police magistrate yesterday morning and bail was refused. An inquest will be held Tuesday evening. Fieldhouse's skull was battered in with a club.

PERE MARQUETTE LIABLE.

Even If Men Are Safe Under Alien Labor Law.

Ottawa, June 20.—The Deputy Minister of Labor, W. L. M. King, states that while the decision of Justice Anglin prevents the deportation of aliens brought in under extra-territorial contracts he does not think the decision covers the provision in the act imposing a penalty for bringing in aliens under contract. That provision of the law declares it an offence punishable by a fine of $50 to $1,000 to bring in labor under contract.

In the opinion of Mr. King, the Pere Marquette is still liable to this fine, though the men it brought in cannot be deported.

Rapid Circulation in the "Bison" Heater

The expansion of hot water in the heater causes circulation.

If the water heats at the bottom first, it cannot circulate till the water in the upper sections is also heated. Most heaters heat the bottom water first.

The "Bison" heats the water at the top first.

That is why it gets almost instantaneous circulation of hot water into the radiators—it is one of ten reasons why the "Bison" is the best heater.

Jackson Park Lights.

Mr. J. H. Larmonth addressed the council in reference to the lighting of Jackson Park and said that the company proposed to bring the wire from Bonacord street to the park from Bonacord street to the park and by a transformer, and that the town should pay the cost of wiring the park which would be about $105. The company intended to have a band at the park once a week for the season.

Band Grant.

Adjt. Jennings addressed the meeting in reference to a larger grant for the S. A. Band, in view of the great growth of the band, twenty-two had been added during the last two years and at present two new instruments are needed. He asked that the town give $100 to meet part of the cost of which would be $ 180. The Mayor promised that the matter would be dealt with by the Finance Committee and that the council would deal as liberally as possible with the band.

By-laws.

Ald. Adams moved the first reading of a by-law authorizing the execution of an agreement with the Peterborough Hydraulic Power Company for the use of the bridge on the Dickson dam for foot traffic. The by-law was passed.

Exposure of Fruits.

Ald. Hall moved the second reading of the by-law in reference to the exposure of food stuffs on the streets of the town. The terms of the by-law are those already published in the Examiner. Ald. Hall also moved the first reading of a by-law to amend by-law No. 895. This by-law is supplemental to that already passed and provides that boxes may be left on the sidewalks until 12 o'clock for the purpose of opening goods.

A by-law introduced by Ald. Mason provided for the appointment of a tax collector for the year 1905. The by-law provides that Mr. W. J. Green be appointed collector at a yearly salary of $850.

Ald. Hall called the attention of the council to the fact that P. C. Stewart was ill and that a special, T. Miller, had been appointed. He moved that the wages of the special police be paid on the order of the chairman and the Chief which was carried.

Ald. Mason moved that an account from The Times Printing Company for $156.44 be paid. The motion was carried.

The appreciation of W. D. Campbell for a sewer connection with the George street sewer was considered, and the clerk was instructed to write Mr. Campbell referring him to the Board of Health.

Ald. Hall asked what position the Plumbing Inspector would be in with refrence to work contracted for before the passing of the by-law and moved that the solicitor be requested to advise the council on the matter which was carried.

Ald. Mason called the attention of the council to the fact that the Oddfellows were desirous of endeavouring to secure the next annual meeting of the Order in Peterborough. He asked on this behalf that the Mayor and Clerk write a letter inviting the Grand Lodge to hold its next meeting here, which was carried.

Ald. Tovey moved that the park at the corner of Reid and Park street be referred to the Board of Works with instructions to have it trimmed and attended to.

Ald. Crowe asked that some police protection be provided for Jackson Park. Ald. Adams thought that there were other parts of the town which needed attention, and said that baseball was played on Sunday on the streets and other places, and it was suggested that the matter of the conduct of the frequenters of the park be referred to the Nicholls trustees.

Ald. Adams moved that $250 be appropriated for the purpose of trimming the trees on the streets.

POPULAR YOUNG MAN LOSES HIS LIFE

Eugene McNicholl Drowned at Mud Lake, Temiscamingue District, While Trying to Save a Companion From a Watery Grave—Deceased Was Well Known and Popular—News of His Death Came as Great Shock to Friends in Peterborough.

The sad information which was received at a late hour last night of the death by drowning at Mud Lake, Temiscamingue District, of Eugene McNicholl, came as a shock to his large circle of friends, and awakened a feeling of sorrow in town which was widespread and general.

The deceased was one of the most popular and well-known young men in Peterborough, and by his genial and kindly disposition, had made for himself a host of friends, to whom his loss will be irreparable. He was prominently identified in many leading branches of sport, especially lacrosse, and was amongst his comrades a general favourite. Probably to no one however, except to the members of the bereaved family, for whom widespread sympathy is expressed, did the knowledge of the misfortune come with such a painful shock as to his associates of the T. A. S., of which society he was one of the most valued members.

The full particulars of the lamentable occurrence have not yet been received, but from the information so far as obtained, it appears that the late Mr. McNicholl lost his life while trying to save a companion from a watery grave—both losing their lives. The deceased had been in the District of Nipissing in which his death occurred, for a short time only. He was engaged as a brakeman upon the Temiscamingue Railway, having left town only two weeks ago to enter upon these duties.

The remains arrived in town upon noon train to-day.

A large family survive to mourn his death, consisting of his mother, four sisters and three brothers: Mary, in St. Louis, Mo.; Maggie, in Rochester, N.Y.; Daniel, Portland, John, Julia, Katie, and James, all at home.

The funeral will take place from the family residence, 111 Stewart street, at 9.30 o'clock, to-morrow morning to St. Peter's cathedral, thence to the Roman Catholic cemetery.

JUNE SESSION COUNTY COUNCIL

Opened at the Court House This Afternoon.

Address of the Warden—Members in Attendance.

The June Session of the County Council opened this afternoon at 2 o'clock, at the Court House, the following members being in attendance: W. T. Buck, warden, Norwood; T. J. Johnston, John Carey, Otonabee; Jas. Andrews, Asphodel; Samuel Stinson, H. C. Garbutt, Smith; Robert Shaw, Harvey; John Monoghan, Chandos; Dennis Moloney, Douro; Thos. Webster, Dummer.

MR. WARDEN BUCK.

Warden Buck gave the following address:—

To the Members of the County Council, of the County of Peterborough.

Gentlemen,—Following the example of my predecessors in office at our June sessions, I beg to address to you some remarks relating to the matters affecting the interests of the county.

Since our last meeting there has passed away one of our number, a man much respected and beloved by all those who knew him, and his death caused much sorrow to many. The late Mr. Deyell has served the citizens of his county for many years as Councillor and Reeve of Otonabee, and as County Councillor, and both in his public and private life always evinced a sincere desire to promote the welfare and happiness of others. To his bereaved family I offer my deepest sympathy.

The vacancy in the council caused by his death has been filled by the election of Mr. John Carey, until recently a member of the Otonabee Council and whom I have much pleasure in welcoming to our deliberations.

I am very pleased to learn that the application to the Dominion Government regarding the swing bridges over the Trent Canal system made by this council in conjunction with that of Northumberland and Durham, has been so favourably regarded by the Government. The Clerk has been formerly notified that the Government intends hereafter to assume all the expense of the caretaking and maintaining of the swings of the County bridges crossing waters forming part of or tributary to the Trent Canal System including the swings on the Gannons, Chemong Locks, Wallis' Point and Benafort Bridges. The result of this action of the Government will be a saving to this county in salaries alone of several hundred dollars a year, apart from the expense of repairs, etc.

I desire to express my appreciation of the energetic efforts put forth by the members in the Dominion House from this county in bringing about this desired object.

In accordance with the resolution of this council, I recently executed a conveyance to the Dominion Government of the interest of the county in lot three south of Mitchell street and west of George street in the town of Peterborough and expect that at an early date the Drill Hall which is to be constructed by the Dominion Government, will be proceeded with.

The Committee appointed by the Roads and Bridges Committee at the January session, examined the Indian River Bridge, and decided it was necessary to erect a new structure, and the contract for the construction of the abutments has been awarded by them.

I am pleased to see that our sister municipality, the Town of Peterborough is about to be incorporated as a city. The town and county are so placed that the progress of the one municipality tends to advance the progress of the other, and we will all be glad to see the new city of Peterborough making continued advances in wealth and prosperity. The relations of the town and county will only be affected by the town's corporation as a city in some minor respects.

It is a great pleasure to see that the prospects of a good harvest are excellent, and that the county is enjoying a continuance of the material prosperity it has had in the past few years.

Referred to the Committee of the Whole.

A resolution of the Peterborough Law Association will appear to-morrow.

The following resolution was moved by Thos. J. Johnston, seconded by Thomas Webster, that this council desire to place on record its deep sense of loss it has sustained by the death of Mr. John Deyell, the respected [illegible] representing the Township of [illegible]. Though only a member for one session, this council had opportunity of judging the value of his services which justified the anticipation of a term of great usefulness as a representative, and this added to the high esteem he enjoyed as a citizen, makes his death a matter of popular regret.

That the council desire to extend an expression of its deepest sympathy and condolence with the widow and family of the late Mr. Deyell in their great bereavement, and that the clerk be instructed to forward a copy of the resolution to Mrs. Deyell.

WAS PRESENTED WITH ADDRESS

W. Master George Redding Goes to Hamilton.

Good Meeting of Orangemen Held Last Night—Attend St. John's Church on Sunday, July 9th.

The regular meeting of Diamond L. O. L. No. 80, took place last night in the lodge room. There was a large attendance of members and a very interesting and successful meeting was held.

It was decided that the lodge would attend St. John's church on Sunday, July 9th.

Mr. George Redding, who goes on Thursday next to Hamilton, and who has served the interests of the local lodge so faithfully as master, was was presented with an address.

MAKING THE FLAKES FLY OVER CANADA

In Spite of the Hot Weather There is a Prospect of a General Snow Fall.

The Peterborough Cereal Company has with characteristic enterprise, arranged to liberally advertise their product under the name of "Flakes," which is now under full manufacture.

They have had prepared a magnificent poster in colours, 42 x 56 inches, advertising their product "Flakes made in Canada," by the Peterborough Cereal Company from Manitoba wheat—"just a little better than the best." The poster is a very striking advertisement and at the same time demonstrates the enterprise of the Cereal Company to spread abroad the name of "Flakes." Ten thousand of these are to be posted in Canada and Mr. Walter Stocker has the contract for posting 100 in Peterborough. Watch for their appearance.

Nervous Dyspepsia.

Mr. George Bolan, Spry, Bruce Co., writes: "I was troubled with nervous dyspepsia for some years, and paid after using nine boxes of Dr. Chase's Nerve Food I felt better than I had done for years. Dr. Chase's Nerve Food is certainly the best medicine that I ever used, and I say it where it is due."

Use "MAPLE LEAF" Canned Salmon. The Best Packed.

Kawartha Lakes.

In another column will be found the complete summer service time-table of the Trent Valley Navigation Company, which goes into force on June 19th. The Kawartha Lakes have in the past been given exceptionally good service by the commodious steamers of the Trent Valley Navigation Company, and this season the service, as outlined by the time table, makes boat travel on these lakes very pleasant. 24lw

A FATAL HEAD-ON COLLISION

Two Winnipeg Men Killed in Wreck at Kalmar ---Heavy Loss for the C. P. R.---Injuries Received by Other Trainmen---Accident Appears to Have Been Due to Mistaken Orders---Six Cars of Horses and Five of Cattle Were Derailed and Piled Up---Horses Remounts for British Army.

Winnipeg, June 21.—Two men were killed, another perhaps fatally injured, many passengers were badly shaken up, and 11 cars of valuable stock were derailed in a head-on collision that occurred at 5.15 yesterday afternoon on the C. P. R. at Kalmar, 300 miles west of Rat Portage, between the Imperial Limited, westward bound, No. 27, and a freight train which left here at 11 a. m. yesterday. The dead are:

Engineer John Ferry of Imperial Limited, aged 45, of Winnipeg, and Express Messenger M. F. Stacey, also of Winnipeg. Fireman Bertram Watt of Imperial Limited of Rat Portage, Ont., was severely injured, and may die. Byron A. Parsen, mail clerk, is slightly injured, and Engineer Sam Birt of the stock train was slightly injured, apparently saving his life by jumping, as did also his fireman. Conductor Fogg of Winnipeg, in charge of the stock train, also escaped. The passengers on the Imperial Limited got nothing worse than a severe shaking up.

The two trains crashed into one another as they were rounding a sharp corner which skirts a rock just east of Kalmar Station, and which is only 200 yards long. The Imperial Limited was the usual heavy train, while the freight was made up of engine, six cars of horses, 21 cars cattle and 12 cars dead freight. Both engines were demolished, and mail, express and baggage cars of express were shattered, while six cars of horses and five of cattle were derailed and piled on top of one another. The horses and cattle were shipped by J. T. Gordon, Winnipeg, for the British market, former as remounts and latter as store cattle. The solidly-built vestibuled cars withstood the shock well.

The accident appears to have been due to mistaken orders, for which either the despatcher or operator at Rennie, Man., was responsible. Orders received by the freight at that point gave it clear right of way, and were not accompanied by the usual footnote, "Except over passenger trains." The "Imperial Limited" ran out of a short tunnel right on to the freight without warning of any kind.

The injured were taken back to Rat Portage. The Imperial Limited is billed to arrive here at 9 a. m., nine hours late, but it is doubtful whether the line can be cleared in time.

Another Bad Train Wreck.

Newington, Conn., June 21.—A light engine running west collided with a heavy east bound freight train early yesterday, at Newington, blockading the tracks with wreckage and causing the instant death of three men, probably fatal injuries to another and serious injuries to the fifth member of the train crews. The light engine rebounded about 75 rods but kept the rails. The engineer was thrown through the cab window and one leg and one arm were severed from the body.

Beheaded by Train.

Portage la Prairie, June 21.—The body of an unknown man was found beside the C. N. R. track near Ridgeway, early yesterday morning. The head had been completely severed from the body and the arms and legs badly mutilated. The body was brought here, when it was discovered that the dead man had been working for a farmer near Ridgeway and had been drinking heavily.

THOMAS HECKADOR'S DEATH.

Submarine Charge Exploded at Port Colborne Breakwater.

Port Colborne, June 21.—While men were at work last evening drilling near the breakwater on Mr. Hogan's submarine drift, a premature explosion of dynamite occurred, which caused the death of Thomas Heckador of Humberstone, and seriously injured David Ireland, foreman of the drift, and Fred Haney. It is supposed the accident occurred while the men were charging a hole, and in some manner the leading wire to the charge was pulled too soon, causing the dynamite to come to the surface and explode.

Woman Seriously Burned.

Hamilton, June 21.—Mrs. James H. Brydges, 445 East Barton street, was probably fatally burned last night shortly after 9 o'clock, and her husband, who tried to put out the flames, had his hands painfully burned. A hanging lamp in the home of her next-door neighbor exploded and she tried to carry the lamp out on the street, as all the Stoddard family were out at the time. Her dress caught fire, and before her husband could put out the flames, she was horribly burned about the body and limbs.

Boy Drowned at Ottawa.

Ottawa, June 21.—Harold Chicks, aged 11 years, only son of A. E. Chicks, of the Interior Department, was drowned yesterday while in bathing in the Ottawa River at Deschenes Park, a suburban resort. The body was recovered in eight feet of water.

Fell While Cleaning Windows.

London, June 21.—Fireman Davis of the central station fell from a window on the second story yesterday afternoon. He was cleaning windows and lost his hold on the sash. He was removed to Victoria Hospital. He is seriously injured.

Hamilton Man Drowned.

Hamilton, June 21.—Stanley Wilcock, 238 North Emerald street, a young man about 26 years of age, was drowned while bathing near Wagner's beach yesterday afternoon. He had been employed by the Canada Colored Cotton Co.

Golden Thieves Sentenced.

St. Catharines, June 21.—The two soldiers, Edward Wheeler and Samuel Kelly of the 44th (Welland) Regiment, who were accused of stealing at Niagara-on-the-Lake, had their trial here yesterday afternoon before Judge Carpmael. Kelly pleaded guilty to stealing shoes and other articles from comrades, and was given two weeks in jail. Wheeler was convicted of stealing $30 from Capt. Coulson's tent, while the officer was asleep, and was sentenced to eleven months in the Central Prison.

REGIMENT HAD A GOOD MARCH-OUT

Men of 57th Are Rapidly Improving in Form.

A Street Parade Last Night—Making Preparations for Ottawa Trip.

The 57th Regiment, Peterborough Rangers, had a splendid turn out last night, from 275 to 300 men being in line. The regiment paraded at the armouries at 8 o'clock, and marched out with both bands, Lt.-Col. J. W. Miller commanding.

The marching of the men last night was excellent, a vast improvement being noticed in the last few weeks. On the return to the drill hall the Colonel expressed himself as much pleased with the fine turn out and good showing made.

No orders were given out last evening but next week will be published the orders for the trip to Ottawa, concerning entraining and detraining, pickets, guards, etc.

CHEMONG

THE SITUATION IN NORWAY-SWEDEN

All Danger of An Appeal to Arms is Passing Away—Norway's Address to King—Conciliatory in Tone But Indicates Firm Belief That Its Course Has Been Right—Riksdag Meets and Swedish Council of State Proposes That Negotiations Be Opened With Storthing.

Stockholm, Sweden, June 21.—Sessions of both chambers of the Riksdag were opened yesterday. There was no undue excitement in either chambers or in the precincts, but the large crowds gathered in front of the Parliament buildings, showed the keen public interest taken in the outcome of the session.

During the proceedings in the lower House, President Swartzling made a speech, in which he said that the hope of Sweden in regard to the union had vanished, and Norway's negation of the union had been accomplished in such a manner that it would be very difficult to make any attempts to reopen the negotiations. He hoped that as a result of the proceedings the present Riksdag would record the honest desires of Sweden.

The Council of State adopted a proposition which will be presented to the Riksdag at its opening this morning. According to the best information, the main points are that Sweden refuses to recognise the one-sided dissolution of the union by the Storthing, but the Government asks the Riksdag for authority to enter into negotiations with Norway in order to establish the basis for a dissolution on which both countries can mutually agree, and the amicable relations of the two countries be maintained.

ADDRESS TO KING OSCAR,

And Through Him to Sweden's Riksdag and Sweden's People by the Storthing of Norway.

Christiania, Norway, June 21.—The address to King Oscar, the Riksdag and the Swedish people generally adopted by the Storthing Monday in reply to the long letter which the King sent, June 13, to the President of the Storthing, H. Berner, is of a conciliatory character. But at the same time it indicates the unalterable determination of the Storthing to adhere to the action taken in dissolving the union with Sweden. The text is as follows:

"Your Majesty: Norway's Storthing respectfully begs to address Your Majesty, and through Your Majesty Sweden's Riksdag and Sweden's people, as follows:

"What has been happening recently in Norway is the inevitable result of a combination of late political events and cannot be altered, and as it is certain that neither of the two peoples is desirous of returning to the former condition of union, the Storthing is of the opinion that it ought not to reconsider the various questions of the constitutional public law that have been brought up in Your Majesty's note to the Storthing's President in connection with the resolutions adopted, and on which the Storthing and the Government have already expressed themselves in detail. The Storthing recognizes fully Your Majesty's difficult position and never for a moment has doubted that Your Majesty's decisions are in accordance with what Your Majesty has regarded as the rights and duties of the Crown.

Sweden's Honor Not Assailed.

"At the same time the Storthing is desirous of expressing an appeal to Your Majesty, the Riksdag and the people of Sweden with the object of contributing to the peaceful carrying through of the dissolution of the union and the safeguarding of the friendship and concord of the two peoples of the peninsula. The Storthing has seen from expressions of opinion in Sweden that the resolution which the Storthing felt it to be its duty to the fatherland to adopt, declaring that the union of the two kingdoms be dissolved, has in form and action be considered as marrying to Sweden. That has never been its intention. What has happened, and had to happen in Norway was merely the inevitable maintenance of Norway's constitutional rights. The Norwegian people never intended to assail Sweden's honor. As Your Majesty, in council, May 26, declared you were unable to sanction the Storthing's unanimous resolution for the establishment of a separate Norwegian Consular service, and as no Norwegian Government could be obtained by Your Majesty, the constitutional state of Norway was so far disjointed that the union could no longer be maintained. Upon Norway's finding was therefore imposed the necessity of procuring, without delay, a Government for the country. Every other course was closed—all the more so, as Your Majesty's Government at present had on April 25 already unanimously declined to enter into new negotiations, while the dispatch of the same day was alternative in the event that it was found impossible to arrive at an agreement as regards to a new basis of union.

Full of Friendship and Sympathy.

"The Storthing has already stated that the Norwegian people do not feel any bitterness or animosity against Your Majesty or the Swedish people. The statements by the contrary which possibly were entered on conditions have wholly and solely been grounded on dissatisfaction at Norway's position in the union, and as that source of bitterness and animosity would disappear with the dissolution of the union, its effects also would vanish. Norway means of co-operation in material and intellectual labors have awakened in the Norwegian people feelings of almost friendship and sympathy for the Swedish people. These feelings still exist. Norway no longer entertains a position offensive to her neighbor's honor. Hence, once more have means to assure the existence of friendly understanding between the kingdom.

MR. JAS. McLEAN CONGRATULATED

Esteemed Mount Pleasant Resident Celebrates 79th Birthday.

Rev. Mr. Mounteer Will Preach Farewell Sermon—Drainage Case Awaiting Decision.

From Our Own Correspondent.

Mount Pleasant, June 20. — The home of Mr. H. J. McLean was favoured with a visit from Mr. W. G. Marsh, of Richmond Hill. His business was urgent and required his immediate attention, so that he was deprived of enjoying the healthful and refreshing air that is found in abundance here.

The celebrated Cavan swamp case is now awaiting the judge's decision. Those interested are anxious that it should be completed, as soon as possible.

The following congratulations were received by James McLean, Esq., on attaining his 79th Birthday:—

Toronto, June 17.

James McLean, Esq., Mount Pleasant,—

Congratulations on your 79th birthday, from 152 Huron street, Toronto. W. J. McLean.

Mount Pleasant, June 17, 1905.

To Father:—

Many hearty congratulations from our families and us. May you enjoy many more happy birthdays. H. J. and W. T. McLean.

James McLean, Esq., Mount Pleasant,—

The second congratulation was accompanied by valuable presents, which will be held in loving memory of his dear children, who are not unmindful of his passing years. Mr. McLean has been a resident of Mt. Pleasant for over 57 years. He enjoys good health and can now read and write without using glasses.

The foundation of an excellent sermon delivered by Rev. Mr. Mounteer, the pastor, of the Methodist church, was the words, "What do ye more than others?" At the conclusion of this discourse he intimated that next Sunday he would deliver his last sermon here. The Cavan Circuit sustains a great loss in the removal of Rev. Mr. Mounteer. He was not of those referred to by the late Principal Grant, who said, "Ministers do not study in the way they should; they were content to accept aids and work out nothing themselves."

The pastor of the Presbyterian church based his discourse upon the text, "Is this Naome?" There will be communion next Sunday at 3 p.m.

WALLACE'S WHALE DE PROFUNDIS;

Hauled From the Depths of the Picturesque Indian River.

Mr. Wallace Wood of the Toronto Loan and Savings Company, is at present at Keene, making an investment in sunburn, freckles and vitality, and surprised the inhabitants by producing before their envious gaze the biggest lunge of the season, which on the scales, and with the scales on, weighed 23 pounds, but had the appearance of weighing 50 pounds. Wallace caught it, and is likely to catch something else, for the natives think that if he operates there much longer there won't be many fish left for others. "Very like a whale."

HENRY GREIFF AN ENGLISHMAN

Steals a Large Sum of Money From Manvers Farmer.

The only case at the Police Court this morning was that of a young Englishman named Henry Grieff charged with stealing a sum of money amounting to $50.00, from David McMullen a farmer, living four miles north of Pontypool.

It seems that while driving together on a cart, Grieff saw, Mr. McMullen take the money from his trouser pocket and put it in his waistcoat pocket.

When they arrived home, it being a very warm day, Mr McMullen took off his waistcoat and hung it up in the driving shed and then put his horse in the stable. He then went into the house leaving young Grieff in the stable. When he came out again the Englishman was gone and likewise the money. He was traced to town and locked up over night. The case was enlarged till to-morrow morning.

BETTER POSTAL FACILITIES

Havelock Office Not in Keeping with Importance of That Village.

Or With the Needs of the Citizens—Other News of the Railway Town.

(From Our Own Correspondent)

Havelock, June 19th. — A very sad event took place last week, when Mr. William Cooper, passed away after an illness of about five weeks. Some time ago Mr. Cooper hurt his back, and, after being laid up with this for about six weeks, he resumed work, but was never the same man. About a month ago he took a serious turn for the worse. He leaves a wife and a family of three sons to mourn his loss, and they have the deepest sympathy of the community in their sad bereavement. Mr. Cooper has been a resident of Havelock for the past fifteen years, and he was known all over the C. P. R. from Detroit to Montreal, as he has been an employee of the company ever since he landed in this country about 22 years ago. He was a prominent member of the Workmen, who turned out in a body and walked alongside their dead comrade to his last resting place. The flag pole that was erected in Agent Burnett's time, at the station, had never come down until his death, when, for the first time, it had to be lowered to put the flag up at half-mast.

The post office, which is now under new management, has shown a wonderful improvement, by the simple means of soap and water. For the first time in at least five years the floors were scrubbed, and the boxes cleaned, and it is now possible to see whether there is any mail in one's box or not. Although numerous improvements might be made in the inside, yet if the outside were painted or inlaid in gold, it would not greatly improve the appearance of the building. What is wanted, and what we are going to have, is a new office. Just to think that a little measley hole about 15 x 20 feet is all we can boast of as a post office! The majority of the people are ashamed to point it out as the post office for a town of this size and for the mail that passes through here. A more fitting place could easily be secured by borrowing some persons back wood shed or stable, and it would probably make a far better showing. If the people cannot by agitating get a more suitable place, then why cannot the Government put the office out by tender to the man who will furnish a suitable building. This post office matter is not a recent agitation that has come into the minds of the people, but an old sore, and the sooner something is done about it the better.

Mr. Jesse Cooper of Killarney, Man., arrived in town this morning. Owing to the distance being so great he was unable to arrive in time for his father's funeral.

The Standard print shop has just received a new supply of news and job type.

Miss E. Ludwig of Montreal, is the guest of her sister, Mrs. J. Boyd.

Owing to the severe thunder storm in this vicinity on Sunday the Bell Telephone service was crippled by about a dozen of the phones being burnt out.

Two cases of diphtheria are reported in town: Mr. Thos. Jackson's child and Mr. Brenton's oldest boy, of the Armstrong House, which necessitated both places being closed for some time.

Miss Myrtle Carey, of Toronto, is the guest of her father and brother, Mr. A. and J. Carey, of town.

Mr. and Mrs. McKenna, daughter and son, of Michigan, are the guests of his sister, Mrs. A. McGuire, of town.

Miss A. Hutchinson, of Marmora, spent Sunday in town.

Miss Louise Smith, of Norwood, spent Monday in town.

Mrs. K. Roe, of Niagara-on-the-Lake, is the guest of her sister, Mrs. Dr. Holderoft.

An exciting game is expected when the Marmora Lacrosse Club comes to town on Wednesday to meet the locals in a friendly match.

The boys go to Millbrook on Friday to play the stick handlers of that place.

The junior baseball nine will play a friendly game here on Thursday evening.

What might have been the finest and closest game of baseball this season, but was stopped in the seventh innings, was played here on Friday last when the Roseneath nine ran an excursion down the river to help cheer the boys along. Although it had rained all afternoon, the game was decided to be played, and after the 4th innings it began to clear up. The game started out nicely with the visitors in the first innings scoring two runs, which the locals could not reach until the 5th, when they ran in two, and in the sixth, two more, before the umpire decided that to win the game for the visitors, he must, at any cost. Although his decisions before this, were anything but satisfactory to the locals and to any right-minded persons, they were only murmured at; but enough is enough, and as the last straw will break the camel's back, such was the case this time. The locals had a man on third, a man on second, and two men out, and if the batter was to reach first, well Mr. Umpire knew that it was all off. Therefore when the local man at the bat, made a nice two bagger out towards centre field, our friend, the umpire, called foul ball and with no persuasion could he be made go and see just where the ball was, and if the ball was inside an inch, it was thirty feet, as nice and safe a hit as could be made. Anyway a smart wrangle took place when the players tried to convince him that the ball was fair, but for the visitors to win, he could not see it that way and walked off the field saying he would not umpire such a game of ball, and called the game in the crowd 2-1 in favour of Roseneath, which is an impossibility, as if our friend, the umpire, will take a rule book and look it up, he will find that in this case to call a ball game off, he must walk out in the box, call for to play ball and the crowd leave the field. If this is not done in fifteen minutes, he can give the game to whom he sees fit. We are sorry to say however that his judgment was away to the bad, and we claim the game, with still 1,000 per cent of Havelock.

The line-up was as follows:—

Dr. Hugo's Health Tablets for Women

They are the prescription of a specialist.

This is an age of specialists,—men who give all their time, study, and practice to some particular branch of medicine. There are specialists of the eye, specialists in diseases of the lungs, specialists in diseases of women. It costs something to get a prescription from a specialist, but it is worth all it costs, when you get it.

Dr. Hugo's Health Tablets for Women are the prescription of Dr. Hugo, of Paris, a specialist of forty years' experience in diseases of women.

It embraces the latest medical discoveries of the other skilled physicians in the world. It might be called a compound prescription of the world's best specialists.

No ordinary physician can prescribe such a remedy. The better the physician, the nearer will be his prescription to that of Dr. Hugo.

Thousands of women in Europe have paid $50 for a consultation with Dr. Hugo and got the same remedy. Considering the benefit they received from it, it was worth $50, but it costs women now only 50c. for six doses, tablets—enough for an extended treatment.

It is a compound remedy containing all the tonics and alteratives that any woman can need, no matter what her condition. For women suffering from a run-down condition, or any weakness peculiar to her sex, it is now acknowledged to be beyond doubt or question the best remedy available to-day. It makes healthy women.

FISH STORY FROM KEENE

Mr. Wallace Wood Hooks a 15-Pound 'Lunge.

Dredge "Trent" Operating at Devil's Elbow—Personal Happenings.

Special to the Examiner.

Keene, June 17

Mr. and Mrs. James Andrews of Toronto, are the guests of Mr. Mark Plunkett.

The Village Improvement Society ran an excursion to Jubilee, Thursday afternoon. A good crowd attended and a very enjoyable time was spent.

The steamer "King Edward" called at Keene Wednesday with a supply of coal for the dredge.

Mr. Fred Burnham and Mr. John McLachlan, who have spent the winter with Mr. McLachlan's son in Columbus, Ohio, returned Tuesday.

Mrs. J. Sucese, of Peterborough, was in the village on Friday.

We are pleased to announce that Mr. Wm. Anderson, M. P. P., who has been suffering from a severe attack of pneumonia, is much better.

A granolithic sidewalk is being built by voluntary subscriptions and labour on Church street.

Mrs. Harry McLachlan and family of Columbus, Ohio, have rented Mrs. J. Sucese's house and are moving in this week. Mr. McLachlan intends coming here soon, having secured employment on the Grand Trunk.

The dredge "Trent" finished cutting a channel thirty feet wide, through the Marsh at the "Devil's Elbow," on Friday. It is intended to go through the same channel again and cut out another thirty feet, making a channel sixty feet wide and nine feet deep.

Rev. D. D. McDonald was in Kingston the beginning of the week attending the Presbytery meeting.

A number of Keene young people attended the lawn social at Mr. Wm. Armstrong's by the Bethel C. E. Society, Thursday evening.

Mr. C. Gordon, of the Trent Valley Canal staff was in the village on Friday.

Mr. Wallie Wood, of Peterborough who is spending his vacation in Keene, had the good fortune to land a fifteen pound 'lunge last Wednesday.

The young ladies of the village have organized a basket-ball team.

HOUSE STRUCK BY LIGHTNING

Created Consternation in South Monaghan Home.

On Sunday last, during the electric storm, lightning struck the house of Mr. William Emberson, of South Monaghan, creating great consternation among the members of the family, who were all unconscious for a short time after the shock. No conflagration, however, occurred, but several portions of the household furniture were shaken up considerably and necessitated a great number of repairs. Stove-pipes were scattered in all directions, and the electricity travelling along the walls burned the picture wires and dropped the pictures to the floor, a number of which were completely destroyed.

On an adjoining farm, a cow belonging to Mr. Emberson's brother, John, was struck and killed during the same storm.

TRAIN KILLED ELEVEN CATTLE

A Serious Loss to Ashpodel Farmers Last Week.

Out of Twenty Cattle on the Track Eleven Were Killed by C. P. R.

On Tuesday night or Wednesday morning of last week eleven head of cattle were killed by the C.P.R. in Asphodel township. It appears that twenty cattle that were pasturing in a field about seven miles from the C.P.R. track got out of the field in which they were enclosed and wandered to the track. After reaching this they went about forty rods along the track when they were struck by a train, said to have been going west. Of the whole number, eleven were killed, all but two being badly mangled. The loss to the various farmers interested will be between $300 and $400, and it is supposed that the injury was done by a heavy freight train, since if a passenger train had run against that number of cattle in a bunch, the shock would have been such that the passengers would have noticed it, and something would have been heard of it before this time. The only thing which prevented a serious accident to the train is supposed to have been the fact that most of the cattle were young and consequently light.

LATEST OCCURRENCES FROM ONEMEE

Retiring Pastor—Demonstration on the Twelfth July.

Special to the Examiner.

Onemee, June 19. — Vegetation is luxurious.

Several accidents from lightning, but of no serious nature.

Rev. Mr. Locke, Methodist minister, preached his farewell sermon to large and appreciative congregations. Mrs. Locke and Miss Locke have made themselves very useful members of society here and Mr. Locke is a powerful preacher, kind and sympathetic pastor. Leaving for Harriston is their gain and our loss.

The preparations for the 12th July demonstration promise fine. There will be any amount of refreshments handed out by the Salvation army and churches and extensive preparations by the hotels.

There are six Orange brass bands expected and a number of fife and drum bands. We hope to be musically entertained by the appearance by the aforesaid of the 45th Regiment.

The fashions of the factory
They meet within the hall,
Before a bylaw plain enough
To suit for one and all.

Upon the waggon, from day to day,
The secretary wrote,
"You must not draw an ounce of whey,
We've put it to a vote."

"So now, howard, we hope you'll see
The folly of your whey,
And bide by laws, which we agree
Attention you must pay."

Alas! the act was passed in vain,
The outcome's hard to tell,
But we shall wait with patience great,
And hope 'twill all be well.

OUR CATTLE INTERESTS.

British Embargo To Be Proceeded Earnestly Against—Hon. Mr. Fisher To Go to England.

Ottawa, June 21.—At a meeting of the agricultural committee yesterday the following resolution, recommended by the sub-committee which had the matter under consideration, was unanimously adopted:

That, in the opinion of this committee, the embargo on Canadian cattle entering the United Kingdom is most unfair and unjust, as it is a publication to the world at large that the board of agriculture considers it unsafe to permit the Canadian cattle to come into contact with the herds in the United Kingdom, whereas it is a well-known fact that in no country other than Canada can herds be found so free from disease.

That the scheduling of Canada by the Imperial Government is considered from a financial point of view as a serious leak to the Canadian cattle trade, the farmers and the stock raisers of the Dominion.

That action of the Imperial Government is not justified by the facts of the case, it having been clearly proved that the disease of pleuro-pneumonia has never existed in Canadian herds.

That in view of such conditions the removal of Canada from the schedule would be but an act of justice, and should be strenuously pressed.

That as the Dominion is a stock-raising country, and capable of producing a large and constant supply of beef cattle, it is considered important to the Empire that no obstructions nor disquisites should be placed in the way of Canadian cattle breeders which would tend to decrease the food supply within the Empire.

Have an English Conference.

On motion of Mr. Armstrong of Lambton, the Government was also asked to send the Minister of Agriculture to England and to invite also the Provincial Ministers of Agriculture to join in a meeting with the President of the board of agriculture to endeavor to present the Canadian view.

Some of the members doubted if this resolution would do any good, and suggested that more vigorous measures should be taken. Mr. Caldwell, Lanark, took the same ground as he had expressed at previous meetings—that the Dominion should repeal the British customs preferences unless the motherland met us squarely in the matter.

Hon. Sydney Fisher said the communication on the subject from the Canadian Government was to protest against the statement by the President of the board of agriculture, that the Canadian people were satisfied with the existing conditions. The President had accepted the denial, but since then he had most emphatically stated, without equivocation or reserve, that he would not advocate the abolition of the embargo, although he admitted that there was no disease in Canadian herds. His objection might be summed up in the possible risk of contagion, but everyone knew that that was merely an excuse.

Show Our Earnestness.

The question had been agitated, discussed and ventilated in the old country, and that progress was being made in their way. The ignorance which had prevailed upon the subject among the masses was being gradually removed. A hopeful feature was that the people were commencing to take sides on the question. His own view was that the proposed resolution, when adopted by the House of Commons, would be an official announcement that would be useful in convincing the British people that the Canadians were in earnest.

Could Not Walk Ten Yards Without Resting.

Mrs. D. Harkimer, Hall's Bridge, Ont., was Troubled with Weak Heart and Sleeplessness.

How many women are troubled with a weak heart? How many lie, night after night, trying to sleep, and can't? Perhaps you are one of them? If so, read what Mrs. Harkimer says. It may save you years of suffering if you take her advice:—

"I am now enjoying the best of health after having used Milburn's Heart and Nerve Pills. I was troubled with a weak heart, and was afraid to draw a long breath, for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills; they are the greatest pill I have ever used, and can recommend them to all sufferers."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for $1.25. For sale by all dealers, or mailed direct on receipt of price.

MR. GEO. A. HUGHES SAYS:
"I FEEL AS GOOD AS I DID AT 20."

Mr. Geo. A. Hughes.

Many Suffer With Catarrh and Don't Know It.

The Phase of Catarrh Most Prevalent in Summer is a Run Down, Worn Out Condition Known as Systemic Catarrh.

"Peruna is the Medicine for the Poor Man."

Mr. Geo. A. Hughes, 925 Massachusetts Ave., Indianapolis, Ind., writes:

"Peruna has done me more good than anything I have ever taken. I am forty-five years old now, and feel as good as I did at 20. I was very thin and run down, but Peruna acted just right in my case. I am a carpenter and some times need a tonic. Peruna is the medicine for a poor man."—Geo. A. Hughes.

A Congressman Uses Peruna in His Family.

Hon. Thos. J. Henderson, Member of Congress from Illinois, and Lieutenant in the Union Army for eight years, writes from the Lemon building, Washington, D. C., as follows:

"Peruna has been used in my family with the very best results and I take pleasure in recommending your valuable remedy to my friends as a tonic and an effective cure for catarrh."—Thos. J. Henderson.

Catarrh assumes different phases in different seasons of the year. In the early summer systemic catarrh is most prevalent. That tired, all worn out feeling in nine cases out of ten is due to a catarrhal condition of the mucous membranes. Peruna cleanses the mucous membranes and cures the catarrh wherever located.

There are no remedies for catarrh just as good as Peruna. Accept no substitutes.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

LARGE SALE OF LOCAL CHEESE

5585 Boxes Were Boarded This Morning.

9 9-16c Paid for Three Factories, Price Dropped to 9 1-4c—Ex-President at the Meeting.

At the regular fortnightly meeting of the Peterborough cheese board here this morning, 5,585 boxes were boarded and sold, the highest price paid being 9 9-16 cents, at which price Mr. Fitzgerald took three factories. The sale to-day was one of the largest in the history of the board. The buyers present were: Messrs. Squires, Kerr, Fitzgerald, Cook, Whitton, Rollins, Wrighton, Morton, Gillespie, Craighead. A pleasing feature of the meeting was the presence of Mr. Drummond, the late president of the Board, who addressed a few members to the members, thanking them for the resolution passed at the first meeting of the Board for the season.

The following factories boarded the number of cheese set opposite:

Keene	350
Warminster	170
Shearer	325
Central Smith	350
North Smith	220
Villiers	150
Warsaw	145
Westwood	200

Bensfort	100
Cedardale	85
Stony Lake	57
Mount Pleasant	100
Norwood	125
Brickley	110
Shamrock	120
Fleetwood	250
Dartford	150
Buckhorn	140
South Burleigh	45

Mr. Kerr started the bidding and offered 9c., and Mr. Rollins raised to 9 1-8c. Mr. Fitzgerald bid 9 2-8c, Mr. Brentnell 9 1-2c, and Mr. Fitzgerald raised to 9 9-16c, which ended the bidding. He called Myrtle, Westwood and Ballyduff, all accepting.

For second selection Mr. Brentnell at 9 1-2 cents took Keene, Shearer and Central Smith, all of which accepting, at 9 7-16. Mr. Kerr took Warminster and Warsaw, North Smith being called, but refused.

At 9 2-8c Mr. Kerr called Maple Leaf, Lakefield, Pine Grove, Indian River, Trewern, all accepting. Mr. Whitton for further selections, bid 9 2-8c, and called Dartford, Shamrock, Brickley, Norwood, and Ormonde, all accepting. At the same price Mr. Morton called East Emily, Mount Pleasant, Fleetwood, all accepting.

Mr. Cook bid 9 5-16 for further selections and bought Oakdale, Otonabee Union, Missing Link, Peterborough and Fraserville.

At 9 5-16 Mr. Fitzgerald bought Bensfort, Buckhorn, Cedardale and Villiers. At 9 1-4 he called North Dummer and Young's Point, neither accepting. At 9 1-4 cents Mr. Rollins called North Smith, Young's Point, North Dummer, Stony Lake, N. Smith, Burleigh, Daisy D, all accepting. At 9 3-16c Mr. Fitzgerald bought Lang, which cleared the board.

A JUNE VISIT TO THE SILENT CITY

Present Beautiful Appearance of the Little Lake Cemetery—Improvements, Past, Present and Prospective.

The ancient Greeks had a beautiful definition of an elysium beyond the grave, where the souls of the good departed roamed in bliss the asphodel meadows of the fields elysian. This belief had in it something prophetic, for Christianity has revealed a Paradise as the resting place for the souls of the dead preceding the judgment day. And when we have a last earthly resting place for the bodies of the dead in waiting for the final summing up, it is, apart from the sentiment of respect for the earthly tenements of our loved ones, natural that such a resting place should be made beautiful, and an earthly counterpart, so far as one's ideas can picture, and the conditions permit, of the heavenly Paradise. When one regards Little Lake Cemetery, even many times, every visit demonstrates how beautiful a spot it is, and in comparison with other cemeteries, one is tempted to quote the words of the poet, Moore:

"And, O, if there be an elysium on earth,
It is this, it is this."

Figuratively, this is not an extravagant way of speaking, for it is unquestionable that the Little Lake cemetery, is one of the most beautiful places of its kind in the country. Nature has provided a peculiarly suitable site and years of labour, time and taste have made it an ideal spot of its kind. Its situation, a peninsula, embraced by the encircling waters of the Little Lake, and its undulating surface, studded with splendid trees, combined with the results of the beautifying hand of art, have had charming results. In 1851 the land was secured by a joint stock company; prominent amongst the promoters was W. S. Conger, M. P., and one time mayor of the town, whose body rests here. In 1855 six acres were added. Samuel Allan was the first tenant of the cemetery, among the six thousand which now compose its silent population. He was not only the first citizen to be interred there, but the first member of the Oddfellow Order. The last Oddfellow to be laid at rest here was the late David Breeze.

A visit to the cemetery now is well worth while. At the present, in the greenest and most joyous month of the year, everything is blooming, and throughout the cemetery are the trim evidences of scrupulous taste, care and industry, given under the skilled direction of Mr. Frank Wise, who, during his three and a half years as superintendent, has done excellent work, not only in improving present appearances, but providing improvements which will continuously grow in attractiveness as time passes. A more detailed reference to results of the plans of improvements recently applied will not be uninteresting:—

Among the improvements noticeable as one enters the cemetery, is a bed of cannas, situated upon the right of the gate. Upon the opposite side is a foliage bed, which was originally intended as a "Society" bed, with appropriate floral emblems. It was, however, transformed into a circular bed; with an anchor, wreath, heart and crescent. It presents a very pretty appearance.

Situated quite close to this in an exposed position, is a white fringe tree, which, from its rarity and natural beauty attracts much attention. Among the principal shade and foliage trees in the cemetery, are the Norway maple, Catalpa, Colorado Blue Spruce, Canada and Red River maple, cut leaf maple, ash, butternut, elm and oak.

A large number of new and imposing monuments have been erected during the past year. Amongst these is one in white Barre granite, of sarcophagus design, to the memory of the late William Lech, and wife. Another of similar design and material is to the memory of the late William Hamilton and his daughter, Annie M. One of new Quincy granite, which was erected about three years ago, to the memory of Mr. T. G. Haslitt, is beautiful in design and workmanship. At the grave of the late W. A. Sanderson there has been erected a rustic cross of granite, and is beautiful in its simplicity of design. A spiral column of new Quincey design, erected upon the grave of the late Dickson Walsh, is also a beautiful tribute to the memory of the departed. A vase maintained by the members of Lansdowne Lodge, S. O. E., evidences in a charming manner, their kindly remembrance of their departed brethren.

Among the improvements in contemplation at present, that to Section B., situated at the south-west corner, will probably be the most striking in its effects. This section will be divided into lots, levelled and the necessary alterations for this purpose made. In the near future all fences and railings within the cemetery will be removed, this alteration having been deemed advisable by the Board of Directors. "Windmill Point," one which projects into the Lake at the south-eastern corner, and one of the most beautiful sections of the cemetery, will also be improved. Rose bushes, clumps and beds of foliage will be added in the near future. The single grave section situated near near the point also presents a neat and trim appearance. Mr. Wise states that little difficulty is experienced with flower thieves.

The plots range in price, according to size and location, from $10 to $200 for family plots, and $5.00 for single grave plots. Single lots are maintained for the sum of $2.50 per year. This includes watering, fertilizing and other care. The planting of flowers or cutting of sod by others than those in the employ of the Directors is strictly forbidden in order to preserve the uniformity and system aimed at.

A number of quaint inscriptions are to be seen in different parts of the cemetery. One which is well-known, particularly to residents of the town, is upon the gravestone erected to the memory of the late Daniel McDonald, a locally noted strong man. It is as follows:—

FAREWELL.

In Memory of Daniel McDonald,
Died
Oct. 27, 1871,
Aged 33 years.

Ye weak beware! Here lies the strong,
A victim to his strength;
He lifted sixteen hundred pounds,
And here he lies at length.

Another is as follows:—

Sacred to the Memory of Robert Miller Forbes,
Commander in the Royal Navy,
Who departed this life
January 28, 1842,
Aged 66 Years.

Tho' Boreas blast and blustering wind
Have toss't me to and fro
Yet, spite of all by God's decree,
I harbour here below.

Full fifty years I've often braved
The battle and the breeze,
But now, on Terra Firma moored,
Till Doomsday I'm at ease.

Where calmly I at anchor lay,
Till God my soul shall greet,
And call me to His Heavenly Throne
Our Saviour Christ to meet.

The new residence recently built just outside the entrance and occupied by the Superintendent, presents a handsome and attractive appearance. It is a thoroughly modern and handsome structure, and is very beautiful in position and surroundings. The green house, in which is cultured the shrubbery and plants is 20 by 30 feet in size.

A RESOLUTION WAS PRESENTED

To the County Council Yesterday by the Peterborough Law Association.

The following resolution from the Peterborough Law Association, was presented at yesterday's meeting of the County Council, and was referred to the Committee of the Whole:

Moved by Mr. Hayes, seconded by Mr. Bennett that the Peterborough Law Association wish to place on record the debt of gratitude they owe the Municipal Council of the County of Peterborough for the generous way in which they have carried out improvements in the library under the supervision of their late fellow member, Mr. John Deyell, who contributed liberally of his time to make results that would be satisfactory, to the profession.

The members of the Bar will not only enjoy its comforts themselves but will take some degree of pride in showing their valuable library to strangers.

The association also notes with with pleasure the improvements in the Registry Office, which will expediate the work of solicitors while engaged there.—Carried.

The communication from the Department of Railways and Canals, recently published, referring to the Government's consent to take over the control of certain swing bridges, was received.

Mr. J. Coyle Brown, County School Inspector, presented his report, which was referred to the Committee on Schools.

MR. HALL'S ACTION WAS COMMENDED

County Council Expresses Appreciation of His Efforts

In Procuring Transfer of Swings—Mr. Finlay Also—Reply to Address of Warden Buck.

At this afternoon's session of the County Council the only business transacted before the council went into committee was the reception of the report of the committee on the the Warden's address, which was as follows:—

The Committee on the Warden's address begs leave to report as follows:—

1.—That Mr. Moloney be Chairman of this Committee.

2.—This council fully endorses the sentiments expressed by the Warden regarding our late brother Councillor, Mr. John Devell, and joins him in his expressions of sympathy to the sorrowing family.

3.—This council welcomes Mr. John Carey, the newly elected councillor, on his taking his seat in this council for the first time.

4.—We agree that the action of the Government in assuming the caretaking and maintenance of the swings over streams forming part of the Trent Canal System in this County will be a very material saving in the expenditure of this County, and this County joins the Warden in expressing its acknowledgment of the energetic action shown by the Members from this County, Mr. Finlay and Mr. Hall in supporting this Council's Application.

5.—The Council trusts that the matter of the site being now settled the erection of the proposed new Drill Shed will be forthwith proceeded with by the Government.

6.—This committee recommends that the matters set forth in paragraph 6 be referred to the Road Road and Bridge Committee.

7.—We are glad to concur with the Warden in his expression of good wishes for the continued progress of the new City of Peterborough, and also to join with him in grateful acknowledgment of the present promise of a good harvest and advanced prosperity for the County in general.

All of which is respectfully submitted.

JOHN MOLONEY,
Chairman.

County Council Chamber, Peterborough, June 21st, 1905.

The report was adopted on motion of Mr. Moloney, when the council adjourned to go into committee work.

MANY TRIBUTES TO DECEASED

Funeral of the Late Eugene McNicholl Was Largely Attended.

Many Beautiful Floral Offerings—Additional Details of the Death.

Additional details concerning the death by drowning of the late Eugene McNicholl have been received by the relatives of the deceased. These confirm the sad story of the tragic death of the young man, while making an heroic effort to save another from a watery grave. The accident occurred at the end of his "run" upon the Temiscamingue Ry., upon the staff of which he was engaged as a brakeman.

An Italian labourer who was bathing in sight of the late Mr. McNicholls, was noticed to be in a perilous condition, having got beyond his depth. The young man at once heroically plunged in to the rescue, and in a gallant but fruitless attempt to save him, both lives were lost.

The funeral, which took place from the family residence, 111 Stewart street, at nine o'clock this morning, was largely attended, many of the young man's associates, both from town and from a distance, being present to pay a last tribute of esteem.

High mass was sung at St. Peter's cathedral at 9.30 o'clock, by Rev. Father Kelly after which the cortege moved to St. Peter's cemetery, where interment took place.

The floral offerings were beautiful and numerous, and spoke of the esteem in which the deceased was held by a host of friends. Among these was a beautiful tribute from his fellow-members of the T. A. S. and Peterborough Lacrosse Clubs. This was of appropriate design, being a broken lacrosse stick filled with roses, carnations, and pansies. Other offerings were:—Mr. and Mrs. Jos. Tremaine, basket of flowers; employees of Grand Trunk, crown; Mrs. D. O'Brien, bouquet; Mr. Frank Pope, wreath; Mr. Fred McGrath, wreath; saleladies of Richard Hall & Co., basket of flowers; Examiner Printing Co., star; Misses Kennealey, basket of flowers; Miss E. Foster, bouquet.

The pall-bearers were,— Messrs. Fred McGrath, Frank Pope, George Lynch, Fred Dercocher, James O'Brien and Geo. Morris.

Many friends were present from out of town, among whom were,— Mr. and Mrs. P. McNicholl, Havelock; Mr. and Mrs. N. McNicholl, Havelock; Mr. and Mrs. and Charles McNicholl, Campbellford; Mr. and Mrs. M. McGuire, Campbellford; Mr. and Mrs. and Miss White, Campbellford; Mr. and Mrs. R. H. and Charles McLaughlin, Norwood; Mr. and Mrs. John McLaughlin, Norwood; Mrs. P. Carroll, Norwood; Mr. John White, Orillia; Mr. Joe Kelehr, Campbellford; Mr. A. B. Spellman, Hastings; Mrs. John Carey and Master Jack Carey, Hastings; Mr. J. Coughlin, Hastings.

A MAGNIFICENT MAUSOLEUM

Senator Cox Setting Up One of the Finest on the Continent.

One of the finest mausoleums on the continent of America is being erected by Senator Cox in Mount Pleasant cemetery. It was commenced a few weeks ago, and is in the southern part of the new part of the cemetery and has a most picturesque location, the background being on the crest of the hill. The Mackintosh-Gullett Company, who are doing the work, say it will probably be finished in the autumn. The mausoleum will be built of the finest white granite obtainable and the interior will be of marble. It will be 37 feet long, 26 feet wide, and 22 feet high. For the top seven stones 20 tons weight will be required.

Woodmen's Excursion.

All the principal stores in town are advertising in their windows, the W. O. W.'s big excursion over the lift lock and up to Stony Lake, on Wednesday June 28th. The new, fast sailing steamer "Stony Lake," has been chartered for the trip and will leave the Wolfe street wharf at 7.30 a. m. Tickets 75c. Meals may be had on board the steamer, but a committee will take charge of all provision baskets, etc. The W. O. W. are sure to give their friends a good time.

FELL BENEATH FREIGHT TRAIN

Alex. Archambault Loses Right Foot While Stealing a Ride.

Wounded Man Removed to Nicholls Hospital—Will Recover, it is Expected.

A man named Alex Archambault, it appears was trying to get a free ride from Montreal to Chicago upon the C. P. R., met with an accident last evening about 6.45 p. m., which resulted in the loss of his right foot. He was upon a west-bound freight train and was about to change his position when he slipped and fell between the box cars. His right foot was completely severed from the leg just above the ankle and his leg badly crushed. The accident occurred about three hundred yards west of the C. P. R. station, near the "Diamond." Mr. A. Comstock's ambulance was on the ground within four minutes after the accident took place and immediately took the injured man to the Nicholls Hospital. Dr. Grey was at once summoned and he dressed the wound there.

Unless blood poisoning ensues, early recovery is anticipated.

He was dressed in a blue suit, with light fedora hat, and in his pockets were found one English shilling, a bunch of keys and an express receipt for his trunk which he had shipped from Ottawa to Chicago.

There were, it appears, two others in company with Archambault, of whose present whereabouts nothing is known.

Jolliffe, pastor of the church, and president of the Bay of Quinte Conference, assisted by Rev. Dr. Crothers, who will preach the ordination sermons and Rev. J. G. Lewis.

WERE WEDDED THIS MORNING

Nuptials of Miss Violet Hicks and Mr Clifford Chapman This Morning.

A pretty wedding took place this morning at the Park Street Baptist parsonage, when Violet, fourth daughter of Mr. Lorne Guy Hicks, was united in marriage to Mr. Clifford Chapman. The ceremony was performed by Rev. A. H. Brace.

The bride looked charming in a gown of blue cord de chine, trimmed with blue and white silk board, with hat of white shirred chiffon, and carried bouquet of myosotis. The bridesmaid was Miss Bertha Chapman, sister of the groom, who was also beautifully attired. Mr. William Graham acted as groomsman.

At the conclusion of the ceremony the bridal party drove to the home of the bride, where a dainty wedding breakfast was served. The numerous and beautiful presents received testify to the popularity of the contracting parties amongst their large circle of friends. The happy couple will reside in Peterborough.

PASSED AWAY AT UNTIMELY AGE

Bessie Stewart Died This Morning at Nicholls Hospital.

At the untimely age of eighteen years, the death occurred at the Nicholls Hospital at about 7 o'clock this morning, of Bessie Stewart, the youngest daughter of Mr. Wm. Stewart, township councillor, Otonabee.

The deceased young lady has been ill for several weeks from appendicitis, which grew critical within the last few days, and in the hope of saving her life, she was yesterday removed to the Nicholls Hospital, where an operation was performed. This, however, proved unavailing, and despite the most careful attention, her vitality gradually ebbed away, dissolution occuring this morning.

The late Miss Stewart won by her genial disposition and kindly, affectionate nature, a host of friends, and was a general favourite.

Besides her father, the surviving members of the family are two sisters, Miss Bertha and Miss Maude. Her mother pre-deceased her by several years. The deceased young lady was a member of St. Paul's Church.

The funeral will take place on Friday afternoon from the family residence at two o'clock to the Little Lake Cemetery.

Voca and Instrumental Recital.

Judging by the number of tickets sold in advance for Mrs. Morrow's Recital there will be a large audience and those who are fortunate enough to attend will receive quite a treat. Mr. David Ross, English Concert Baritone, W. W. Denham, A. Elliott, H. Morphet and J. Legge, male quartette, will render two numbers. The Misses Dawson, Bryce, Bell, Hallahan, Maloney, Wilson, King and Mrs. Callander, vocal soloists; Misses Kline, LeVasseur and Mrs. Morrow, pianists; Mrs. Morrow, accompanist. Mr. V. Morphet, J. Hall and J. King, vocal soloists. Mr. H. Morphet and Mr. A. Elliott contribute two beautiful duets. The choral class of about fifty voices in grand choruses. Mr. Scriver, of Toronto, tenor-roboutic, appears here for the first time. This will be most assuredly the finest programme presented here for some time. Plan of hall opens Thursday at Ormond & Walsh's.

Don't Miss St. Andrew's Guild Excursion on Thursday, to Stony Lake, per G. T. R. and new steamer Stony Lake. Always the best. Go up and have a fish; let you off anywhere. Tickets at J. D. Tully's, H. H. Edminson's, and The Examiner Office.

It is Back to Bicycles....

It should be back to Bicycles with everyone who ever rode a wheel — for these particular wheels this year are so far ahead of their predecessors that it would be realizing new pleasures and new and luxurious comforts in the joy of living to ride any of them.

Hon. J. T. Doyle, L.L.M., Secretary of the U. S. Civil Service, Washington, puts the matter in a nutshell regarding bicycles generally, when he says: "Of the things that help to make life more good and agreeable and extend the range of its activities, the Bicycle is among the foremost. It quadruples the area that one may move in and makes it quick and pleasant to 'get there.'"

The Hon. J. T. Doyle could speak particularly of the new wheel—the wheel that is equipped with the Hygienic Cushion Frame, the new Morrow Coaster Brake and the Sills Handle Bar—improvements that makes wheeling an entirely different proposition from that of four years ago.

No breakdowns—every road a smooth road—more speed and less work—no jarring or vibration—better material—better workmanship.

"Massey-Harris"

This is the exclusive wheel that has the big modern improvements,—Cushion Frame, Coaster Brake, Sills Handle Bars. Above all, are made right and of the right material—and don't cost any more than the other kind.

By riding one of these wheels you save money in car fare—save time—get the best exercise on the catalogue—and get all the joy and all the comfort there is in modern wheeling.

PETERBOROUGH TEAM ARE GOOD LOSERS

A Congratulatory Letter From the Bowmanville Club.

The secretary of the Peterborough Baseball Club has received the following communication from the secretary of the Bowmanville club:—

Bowmanville, June 17th.

Secretary Baseball Team,
Peterborough, Ont.

Dear Sir,—Not being able to attend the game to-day as I was away, but when I got home of course, I was was not long ere I learned the result. Of course I was well pleased that our boys won, and there was another thing I learned, too, which pleased me just as well, and that was your team's conduct while on the field, also on the street before you left for Barkton. I suppose you had heard of the disgraceful conduct of the Oshawa lacrosse team, that played here last Wednesday—three were arrested and fined $20.00 and costs for two of them and the other $20.00. They are bad losers. You fellows were lovers as it happened, but just the opposite—"good losers". I must therefore congratulate your team for the gentlemanly manner in which they conducted themselves while here on the 17th of June, 1905 and I hope that when our team visits you they will so conduct themselves that they will not be a disgrace to the town from whence they came.

I remain,

Yours truly,
GEO. E. MAYNARD,
Secretary.

It will be a pleasure to all lovers of sport in town to learn that the local team has so conducted itself as to win the approbation of the citizens of the town in which they played. If they continue along the same line during the remainder of the season they will doubtless bring still further credit to the town.

BASEBALL.

Flaherty lost a fast game to the Guelph Maple Leafs on Saturday by 6—3.

Mr. Fred Whitcroft, of Peterborough, who ranks with the star hockey and baseball players of the East, and is "quite a few" on the lacrosse field, is breaking cattle with Mr. James Wright. Mr. Whitcroft played with the Peterborough team when it held the championship on two different occasions.

George street and St. Andrew's will play this evening on Benson street grounds. The St. Andrew's team will be picked from the following players:

Not Just as Good

When you go to your druggist to buy "Ozone" ask and demand "Solution of Ozone, the coupon kind". This will give you a twenty-five cent package of "Celery King". It will give you the best preparation of "Ozone" in the world and it gives you about twice as much for your money as other brands, sixteen ounces for fifty cents, over twice that much for a dollar and a package of the well known remedy "Celery King" free.

We put "Celery King" coupons in our "Ozone" because the people know "Celery King", because it gives better results with "Celery King" and because no other firm can give "Celery King" with "Ozone". It cures, that's the reason we give you a package free and that's the reason you should never buy any other kind.

Ask for "Solution of Ozone, the coupon kind". Fifty cents and one dollar at your drug store and don't take any other kind, because if you do you won't get a package of "Celery King".

Sold by W. B. WARNE.

McKnight, Butcher, Stanley, Patterson, Dunsford, Dobson, Dormer, McFarlane, Thornton and Gardiner.

Game starts at 7 o'clock.

The Nationals defeated the Y. M. C. A. team in a game on the T. A. S. grounds yesterday by a score of 4—1.

The line-up of the teams was as follows:—

Nationals—c, L. Giroux; p, O. Giroux; 1st b, K. Portland; 2nd b, H. Jobbitt; 3rd b, C. Wareham; s s, C. Giroux; l f, E. Coughlan; r f, V. Cookery.

Y. M. C. A.—P. H. McGuire; c, H. Jefferies; 1st b, E. Mann; 2nd b, M. Oblin; 3rd b, A. Dawe; s s, White; l f, Mehrens; r f, H. Reid.

Umpire—R. McKnight.

A game will be played at Riverside Park to-night between the Peterborough's and the Charlotte street Guild team.

In one of the most exciting finishes that ever happened the South Enders defeated the North Enders on the T. A. S. grounds Saturday afternoon. The game was full of brilliant playing intermingled with beautiful errors and at the end of the 12th innings the score stood 14 to 13 in favour of the Southerners. The teams lined up as follows:

South Enders—Adamson, p; Williams, c; Helmer, 1-b; O'Connor, 1 f; Hillard 2-b; Hopkins, 2-b; Oswald, c; Armstrong, r f.

North Enders—Pedlar, p; Dous, 1-b; Grose, 2-b; Curtis, c; McElwain, s s; O'Brien, 3 b; Graham, c f; Miller, 2-b; Shambo, 3-b.

Summary—3-b hit, Shambo; 2-b hit, Prest 2, Oswald, Shambo; double plays, Miller to Curtis; struck out by Adamson 10, by Pedlar 13. Umpire, Trainer. Time, 2 hours, 45 minutes. Attendance 200.

Shambo's batting was a feature. A triple, double and two singles out of five times up is going some.

Manager Harley is after Will King and the boys feel proud of the ex-circus never-sweat.

Holmes' playing at first base was quite a treat. He had twenty-five without an error; that's playing some.

Manager McEwen, of the Peterborough's ought to watch both Shambo and Holmes. They are comers.

Hopkins is a basket ball player from away back. That accounts for the five E's.

FOOTBALL.

The following will represent the Business College in their return game with Lakefield on Monday night.

Goal—Gaytes.
Backs—Donaldson and Main.
Halves—Shantly, Morrow, Weir.
Forwards—Graham, McElmoyle, Huston, Shaw and Todd.

LACROSSE.

Secretary W. H. Hall of the C. L. A. has issued 985 lacrosse certificates up to date.

The Newmarket team to play Richmond Hill to-day will be chosen from the following:—Baker, Nelson, Manning, Clapper, Kennedy, T. Doyle, J. Doyle, Addair, Palmer, Fink, Hunter, O'Hallegan, E. Doyle, Browing, Doonan and Stewart.

LEAVING FOR NORTH WEST

A Number of Beaufort Residents Departed on Tuesday.

Esteemed Resident Seriously Ill—Crops in Good Condition.

Special to the Examiner

Beaufort, June 20.—Mrs. J. Embarson, Mrs. Hicks and Mrs. J. L. Kerr left on Tuesday 13th for the far West. The former will spend their time visiting friends and others and Mrs. Kerr intends prospecting with the intention of selling land and moving out to the West.

The Sons of Annual excursion is on time by steamer Stella to Bobcaygeon and return. Posters are up giving the particulars.

Mr. and Mrs. Thompson Higgins from near Lindsay spent about a week here recently of pleasant renewing of acquaintances and visiting.

Mr. and Mrs. Wm. McAllister are spending a week amongst acquaintances and relatives, in their drive they intend taking in Peterborough, Pontypool, Lindsay and Fenelon Falls.

The recent favorable showers have given the crops in general a fine appearance. Owing to cool April weather some of the hay will not be quite as expected, but the rest and other crops are looking their best.

Mr. D. Hargrave is said to have been in low condition for some time recently, not unexpected however as he has been ailing from paralysis for some years.

—Great indignation and annoyance is caused by the actions of children of both sexes in the fifth ward, in stealing and destroying flowers. This practice is going on all the time and should have an effectual stop put to it.

Was Not Able To Walk For Three Months.

Was Given Up to Die. The Doctor Said So.,

Burdock Blood Bitters Saved Her Life.

Read what Mrs. Wm. Gauthier, Newport, Quebec, has to say about Burdock Blood Bitters:—"Last December I fell very sick after confinement. I was not able to walk for three months, and was given up to die by the doctor. My husband read of the many wonderful cures made by Burdock Blood Bitters so procured me two bottles. After using it for about ten days, I was able to get around, and could mind my baby without help from anyone, and now I am well, and able to do my own work. A kind hearted friend of mine who was troubled in the same way, used it with equal success. I cannot too highly recommend your medicine, for I know just how good it is, and hope and wish that anyone suffering as I did will give it a trial."

SUNLIGHT SOAP

With ordinary soap a woman has to work so hard and so long on wash day that she has no time for preparing any of the family meals. Wash day is a trial, and the good wife faces each with a sigh of despair.

Sunlight Soap makes all the difference in the world. No toiling—no rubbing—no boiling—less than half the labor with much better results. Most women are all through their wash by twelve o'clock when they wash with Sunlight Soap the Sunlight way. It makes child's play of work.

GREW THIS HAIR

VICTORIA SUTHERLAND

This lady is but one among the thousands whose hair was grown by the use of the 7 Sutherland Sisters' Hair Grower; but the fact that she is one of the 7 Sutherland Sisters, and well known, her appearance, and the manner in which she recommends the valuable preparation to the public, cannot fail to invite the attention of all who are interested in the culture and preservation of the hair.

The 7 Sutherland Sisters have devoted many years to that important subject—the structure of the hair; the cause of its decay, and means by which it may be preserved or renewed in all its original elegance. The 7 Sutherland Sisters can be seen and consulted without charge, and the magnificence of their own hair is the first and unquestionable proof of the merits of the preparations they manufacture and use, the 7 Sutherland Sisters Hair Grower and Scalp Cleaner. For sale by 7 Sutherland Sisters and all Druggists. Price of HAIR GROWER, 50c and $1 per bottle. SCALP CLEANER, the only Dandruff cure. It kills the Dandruff germ. For shampooing it has no equal. THE RIDINGS IN ALBERTA

Sir Wilfrid Laurier Explains Constituencies Scheme.

MR. M. S. McCARTHY'S MOTION

Claims That Southern Alberta Is Not Fairly Treated—Wants Commission of Judges to Make Distribution—Constituencies Proposed With the Votes Polled and Average Number of Votes Registered.

Ottawa, June 21.—The House again returned to consideration of the autonomy bill yesterday, taking up the schedule which divides the new Province into 25 constituencies, which will elect the first Legislature in Alberta. Sir Wilfrid Laurier explained that endeavor had been made to observe existing boundaries, and at the same time to recognize the principle of equalizing as far as possible population in the different constituencies, at the same time having regard to geographical conditions and means of communication.

Mr. M. S. McCarthy, Calgary, moved an amendment that the distribution be delegated to three Justices of the Supreme Court of the Northwest Territories, and argued for a division which would give fifteen members to the southern part of the Province and ten to the northern part, the evident intention being to secure a majority of the Legislature in favor of fixing the capital at Calgary.

Constituencies of Alberta.

Immediately after routine the House yesterday plunged into consideration in Committee of the schedule to the Alberta autonomy bill, which defines the limits of 25 new constituencies into which the new Province is to be divided, and representatives of which will constitute the first Legislature.

Sir Wilfrid Laurier, in moving the adoption of the schedule, referred to a question by the leader of the Opposition whether preparation of the schedule should not be left to the Judges, and said that in his opinion the present schedule was eminently satisfactory. He did not say but what perhaps an amendment might not be made here and there, but he did not think they were of such character that they could not be made in the Commons. The division of constituencies had been gone into very carefully, both from a geographical standpoint and with regard to population, and he suggested the divisions be taken up one by one.

The Constituencies Proposed.

Sir Wilfrid gave the following information regarding the constituencies as proposed in the schedule:—

Place.	Votes Polled.	Regis'd.	Census 1901.
Cardston	645	933	3203
Lethbridge	836	1691	2038
MacLeod	743	1075	3403
Pincher	1108	1673	1900
Gleichen	735	1296	2101
Calgary City	1990	2650	4865
Rosebud	732	1187	1036
High River	1021	1746	2477
Banff	772	922	2434
Innisfail	828	1211	3379
Red Deer	843	1192	2009
Vermillion	788	1105	1795
Lacombe	831	1174	2563
Ponoka	764	1127	2776
Wetaskiwin	887	1199	3729
Leduc	697	1078	7420
Strathcona	956	1278	4243
Stony Plain	529	786	2398
Edmonton City	1342	1721	2626
Saskatchewan	1168	1382	6544
Sturgeon	792	1068	3372
St. Albert	754	965	2905
Medicine Hat	1159	1634	3144
Total	20,963	29,950	69,141

In further explanation and in reply to questions, Sir Wilfrid said that the average number of votes polled at the last Dominion election in the constituencies as defined by the schedule was 969; the average number of registered voters was 1,760.

The debate was continued till 11.30 when the House adjourned.

Investigating Scrip Charges.

Winnipeg, June 21.—The commission to inquire into scrip charges preferred by Hon. Mr. Foster in the Parliament will sit in Killarney, Man. Judge Myers will preside and the first session will be held on July 26. It is expected that the commission will sit for at least a week.

"Shut your eyes, open your mouth and see what luck will bring you."

Many a woman is weak and sick, nervous and discouraged. She suffers from headache, backache and other ills. She wants to be well, but all she does is to shut her eyes and open her mouth for medicine and trust to luck for results. She "doctors" month after month, often year after year, in this same blind, hap-hazard fashion, and receives no permanent benefit.

Women take Dr. Pierce's Favorite Prescription with their eyes open to the fact that it cures womanly ills. It cures irregularity. It dries debilitating drains. It heals inflammation and ulceration and cures female weakness. There is no trusting to luck by those who use "Favorite Prescription."

"In the year 1898 my health was poor," writes Mrs. J. Mack, of 362 Broadway, Buffalo, N. Y. "I suffered from falling of womb, a disagreeable discharge, painful monthly periods, headache, backache and pains in the limbs. Every month was confined to bed for two or three days. Was weak, nervous and hysterical; life was a burden to myself and I made every one in the family unhappy because I was so irritable. My husband got me four bottles of Dr. Pierce's Favorite Prescription, and before I had taken the first bottle I was feeling some relief. The medicine made me well and strong, free from nervousness, aches and pain, and I felt like a new woman. Before I used the 'Favorite Prescription' I had been taking another physician's medicine for nearly three months but had received no benefit. Your medicine is certainly the best in the world."

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. Don't let a selfish seller over-persuade you to accept a substitute for these Original Little Liver Pills, first put up by old Dr. R. V. Pierce over 30 years ago. Much imitated but never equaled.

London, June 20.—Cattle are quoted at 11¼c to 12¼c per lb.; refrigerator beef, 9¼c to 9⅝c per lb.; sheep, 13c to 14c per pound.

TORONTO LIVE STOCK.

Receipts of live stock at the city cattle market since last Friday, as reported by the railways, were 85 carloads, composed of 1120 cattle, 951 hogs, 658 sheep and lambs, with 123 calves.

Exporters.

The best price reported on the Toronto market to-day was $5.25 per cwt. The range of prices would be $4.75 to $5.25, with the bulk going at about $5 per cwt. Bulls were reported at $3.50 to $4 per cwt.

Butchers.

The market for butchers' cattle, while slow, was not as dull as for shipping cattle. Picked lots of butchers' were quoted at $5 to $5.15 per cwt., but there were few sold at that; loads of good sold at $4.75 to $5; medium at $4.50 to $4.75; common at $4 to $4.25; prime butcher cows at $3.75 to $4; good butcher cows at $3.40 to $3.60, and common at $3.25; canners at $2.75 to $3 per cwt.

Feeders and Stockers.

There was not much doing in feeders and stockers, and what was done was at prices sympathetic with the fat cattle. One load was sold by C. Zeagman & Sons, which weighed from 900 to 1100 lbs. each, at $3.75 to $4.00 per cwt.; and Harry Murby sold 40 stockers and feeders, 700 to 1000 lbs. each, at $3.60 to $4.75 per cwt.

Milch Cows.

About 25 milch cows and springers sold at $30 to $55 each, with one reported sold at $60.

Veal Calves.

Receipts were light for the present season, and prices were firmer. Calves sold at $2 to $10 each and $3.50 to $5.00 per cwt., with something choice at $5.75.

Sheep and Lambs.

Receipts were fairly large and prices were easier. Export ewes selling at $3.75 to $4 per cwt.; bucks at $3 to $3.50; spring lambs sold at $3.50 to $5.25 each.

Hogs.

Prices unchanged at $6.65 for selects and $6.40 for lights and fats. Sows at $4 to $4.50 and stags at $2.50 to $3 per cwt.

Sheep and lambs—Receipts, 800 head; active and steady; unchanged.

NEW YORK LIVE STOCK.

New York, June 20.—Beeves—Receipts, 1140; all consigned direct except three cars; nothing doing; feeling weak; cables slow; exports to-day, 576 cattle, 80 sheep and 2500 quarters of beef; to-morrow, 400 cattle and 2200 quarters of beef.

Calves—Receipts, 82; very little trade; feeling weak; good veals sold at $6.70; buttermilks, nominal.

Sheep and lambs—Receipts, 3030; good sheep, steady; others weak; prime and choice lambs, steady; others easier; medium and common, 15c and 25c off; sheep, $3 to $4; lambs, $6.25 to $7.75.

Hogs—Receipts, 2361; all for slaughterers; nominally weak; state hogs quotable at $6.80 to $6.90.

CHICAGO LIVE STOCK.

Chicago, June 20.—Cattle—Receipts, 6000, including 600 Texans; good to prime, $5.80 to $6; poor to medium, $2.75 to $5.25; stockers and feeders, $2.75 to $4.70.

Hogs—Receipts, 20,000; mixed and butchers', $5.20 to $5.42½; good to choice, heavy, $5.35 to $5.42½; rough, heavy, $4.75 to $5.10; light, $5.20 to $5.40; bulk of sales, $5.32½ to $5.37½.

CIVILIZATION IN CHICAGO.

Strike Sympathizers Break Man's Fingers and Tear Nails Off.

Chicago, June 21.—Edward Bickett, a non-union teamster employed by the National Express Co., was subjected to barbarous torture early yesterday by four men alleged to be strike sympathizers.

Bickett was attacked in front of the Teamsters' Union quarters. After being knocked down by the men, three fingers of his right hand were broken and two of his finger nails were torn off. The victim appealed to the men to have mercy, but his cries were in vain.

When the assailants left he was unconscious in the street, where he was found later by a policeman.

Strike Will Soon Be Over.

Chicago, June 21.—Sheriff Barrett got in close touch yesterday with labor leaders and gave out the following significant statement:

"This strike will be over within 24 hours. I expect to make speedy arrangements for decreasing the force of deputy sheriffs."

THE BRIDE READY, BUT —

Edward Hohner of Berlin Fails to Present Himself For Marriage.

Berlin, June 21.—At 8 o'clock yesterday morning, Miss Mary Ueberschlag of Berlin was to have become the bride of Edward Hohner, a Waterloo young man, but there was no wedding, for the bridegroom failed to put in an appearance, and an all-day search failed to locate him.

The bride and bridesmaid were ready at the appointed time.

Hohner's tailor, however, reports that he called for his wedding suit at 8.30 yesterday morning.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Found Lying Beneath Tree Near Brockville—Comes From Chicago.

Brockville, June 21.—Yesterday afternoon a man was found lying under a tree near the Grand Trunk tracks at the west end yards here. He appeared to be very sick, and the medical health officer was sent for. He pronounced it a bad case of smallpox.

The sick man says his name is John McDermott, his home Rutland, Vt., and his occupation a railroad man. He left Chicago a week ago, and says he was sick when leaving there.

He appears to have beaten his way on freight trains.

Permanent Cure for Bronchitis.

"My second daughter was troubled with bronchitis from the age of three weeks. Oftentimes I thought she would choke to death. Dr. Chase's Syrup of Linseed and Turpentine brought relief and further treatment made a thorough cure. This trouble used to come back from time to time, but the cure is now permanent." — Mrs. Richmond Withrow, Shubenacadie, Hants Co., N. S.

Fieldhouse Inquest.

Hamilton, June 21.—The inquest on the death of Fred Fieldhouse, who was fatally injured in a street row last Friday night, was continued last night before Coroner McNichol. A great number of witnesses were called, but the enquiry was adjourned till this evening. The evidence last evening showed that the three prisoners—Mike Connors, James Neelon and Stanley Davis—were present during the row, but there was no conclusive evidence to show that any one of them had wielded the club on Fieldhouse.

C. P. R. Still Fighting.

Ottawa, June 21.—Another stage of the long fight over the Victoria, Vancouver and Eastern Navigation Co. bill, which has been strenuously opposed by Canadian Pacific Railway interests, ended in the Railway Committee yesterday morning, when an amendment to clause 1, proposed by Hon. Charles Fitzpatrick, was defeated by 58 to 52, and the original clause was carried. The committee rose without reporting the bill.

BABY'S AWFUL ITCHING ECZEMA

Sores and Scales All Over Face and Body—Could Not Tell What She Looked Like—Unable to Sleep—Grew Worse Under Doctors.

CURED BY CUTICURA IN ONE MONTH

A grateful mother, in the following letter, tells of another of those marvellous cures by Cuticura: "When my baby was four months old her skin broke out with a humour. I took her to a doctor, who treated her for eczema, but she kept getting worse. Her little face and body were so covered with sores and large scales you could not tell what she looked like. No child ever had a worse case. Her face was being eaten away, and even her finger nails fell off. It itched so she could not sleep, and for many weary nights we could get no rest. At last we got Cuticura Soap and Ointment, first bathing her in warm water with the Soap, and then spreading on the Ointment with soft cloths. I saw a change in a week. The sores began to heal, and she could sleep at night, and in one month she had not one sore on her face or body. Any mother having children with eczema or humours will find a friend in Cuticura Soap and Ointment. (signed) Mrs. Mary Sanders, 709 Spring Street, Camden, N. J., Aug. 14, 1904."

INSTANT RELIEF

For Baby and Rest for Tired, and Fretted Mothers

The foregoing statement justifies the oft-repeated assertion that Cuticura Soap and Ointment afford instant relief, and permit sleep for baby and rest for tired mothers, and point to speedy, permanent, and economical cure in the most torturing, disfiguring, itching, bleeding, scaly, and crusted skin and scalp humours of infancy and age, when all else fails.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, U.S.A. Free, on request, "How to Cure Baby Humours."

NEW INDUSTRY TO EMPLOY 100

Carriage Factory with Capital of $100,000.

New Manufacturing Concern of Importance—Local Men Provisional Directors.

A new industry is about to be established in Peterborough and that it is one which gives promise of being a most important addition to the already extensive list of industrial establishments is evidenced by the fact that the capital will be $100,000 and that 100 skilled mechanics will be employed during the whole year. The company is to be known as the Peterborough Carriage Company, Limited, and the provisional directors are:—Wm. Irwin, R. H. Leary, Alex. Elliott, R. J. Munro, B. McKee, and C. B. Coughlin, M. D. The secretary-treasurer is P. J. Campbell, and the bankers, the Bank of Toronto. The capital stock of the company will be $100,000 divided into 1,000 shares of $100 each. The prospectus of the company recently issued states that the company is to incorporated for the purpose of manufacturing Buggies, Road Carts, Carriages, Trucks, Omnibusses, Farm and Delivery Waggons, Cutters, Sleighs, etc.

The Business.

It is proposed to take over the now established business of Messrs. Fitzgerald & Co., who are at present doing a large local trade, the increasing demand being far greater than the proprietors can supply. The steady growth of the great Northwest, which is along the line of agriculture principally, gives a market for the sale of vehicles, which is increasing with great rapidity.

Much money and labour can be saved in a large establishment, where each workman is engaged on one particular line of work, and is not being continually shifted from one branch to another, as is the case in small factories. Each workman manufactures certain parts only, and thus saves a great deal of time which would be lost in changing to other branches of the work.

The Operation.

The company would employ in the neighbourhood of 100 skilled mechanics receiving good wages, and as the factory would run continuously summer and winter, the seasons making no difference in the extent of the output, it may be easily seen what a material benefit it would be to our now prosperous and progressive city. The company will confine itself to the manufacture of the light and less expensive vehicles at first, but as the business and demand expand, will enter into the making of drays, busses, hacks, etc., etc.

The industry is in a particularly favourable condition as regards protection from outside competition, the duty being 35 per cent., which with the Dumping Clause, practically shuts out foreign goods.

The Profits and Output.

From an estimated output of the other factories in Canada, and which the Trade Journals show to be all in a most prosperous condition, it is estimated that the annual output of such a factory as proposed, would be about 2,000 rigs at first.

The profits on the rigs after deducting clerical expenses, costs of management and placing of goods on the market is estimated at $10.00 per rig, which would allow a dividend of 10 per cent., carrying to Reserve Account, a good surplus, thus ensuring to the investing public a safe and paying investment.

Stockholders will be privileged to purchase the company's manufactured products for their own use at wholesale prices, which would be a saving of about 20 per cent. upon the price ordinarily paid for such goods.

Railway and Shipping Facilities.

The company have in view a suitable site which is being offered at a low price close to the railroad, where a switch could be put in at a trifling cost. The city being itself situated on the line of the Trent Valley Canal, as well as being on the Canadian Pacific and Grand Trunk Railways, affords excellent shipping facilities and ensures the company the benefit of competitive freight rates.

Local Advantages.

The plant being located in Peterborough has the advantage of being in a timber district, where raw material can be obtained at a trifling cost of carriage. Electric and steam power will be used, the former costing for manufacturing purposes $20 per H. P. per year and steam power can be cheaply generated by the use of refuse and trimmings cast aside in the course of manufacture.

THE absolute purity of the ROYAL BAKING POWDER makes it pre-eminently the most useful and wholesome leavening agent known. It contains no lime, alum, phosphate or ammonia, leaves no acid or alkaline residuum in the food, and its use always insures pure, light and sweet bread, biscuit and cake which are perfectly digestible and wholesome, whether hot or cold, fresh or stale.

Royal Baking Powder has been analyzed by the Chief Health Officers of Great Britain, Canada and the United States who recommend it for its wholesome and economic qualities.

MR. MURPHY IN THE LIMELIGHT

Seeks to Vindicate His Position With The Examiner.

Quotes Letters Said to be Written by W. H. Bennett, M. P.—Says More Will be Heard of the Matter.

Mr. Joe Murphy is of the opinion that the Examiner has done him an injustice in reporting the events of a night last week when he visited the home of Mr. Fair, near Millbrook in an effort to get his son, and has written a letter to the Examiner which is given below in exactly the same form that it was handed to this office. The letter follows:—

Peterborough,
June 19, 1905.

To the Evening Examiner:—

Correction in regard to report appearing in issue dated 16th June, 1905, creating wrong impression of himself in his 13 year old son, J. J. W. H. Murphy, known by his play mates and at school as Willie Murphy, where you state as as living in coal shed, if it is the coal office formerly occupied by the McClellan Coal and Wood Co., 252 Charlotte street, and now owned by Mr. M. Carton, wholesale grocer, 295 Simcoe street.

Now I saw my boy one day when Mr. Fair and family were to church picnic on Rice Lake. Now when I saw boy, he was dirty, his clothes dirty, and his boots he could hardly tie on his feet. Your report would leave the public to believe him well cared for. If this is good care, he has had his share. He has never been a day to school since the Society took possession of him.

The time given as midnight was actually between ten and eleven o'clock. He will be prepared to prove that I never left the buggy from the time we left Dr. E. Fisher's yard until we returned about eleven o'clock, where we put up for all night. Richard Henderson, home or boarding house 14 Kirk street, north of St. Andrew's church, Peterborough. I, Joe Murphy, did not represent to R. Henderson that I wanted him to find on constable never gave him any authority to act on this or any former case. He not know that he ever acted. Have no means of knowing whether he ever acted or ever was appointed nor by whom. I, Joe Murphy, did not hear Mr. Fair say that if the boy was wanted that he would take him to proper authority, as I never left the rig till farrier in Dr. Fisher's yard, Bellleboro.

As regards being met by Mr. Fair's relatives or friends don't remember having met or passed by anyone. Perhaps Mr. Henderson will, as he drove all the way there and back, unless when he was lighting his pipe I held the reins. You stated that the authorities wanted to see me, and I might state for their information, I am still in the same place, 252 Charlotte street, Mr. Rich Henderson's address is 14 Kirk street Also in regard to letter shown to you from my solicitor, Mr. W. H. Bennett, M. P., for East Simcoe, and for whom, by the way, Mr. Murphy says he helped to fight five hard contests in Midland district and won out hands down, is his solicitor, and he is doing nothing only as I will do nothing without his authority.

The letter, which Mr. Murphy claims was written by Mr. Bennett, is given below. The letter is written on plain paper, without the usual parliament buildings' arms, and the only authority offered for saying that the letter was written by Mr. Bennett, is Mr. Murphy's statement. The letter is as follows:

Parliament Buildings, Ottawa, June 9th, 1905.

Dear Friend Joe,—Sorry to hear your friends is in trouble. Re your first question, "Did the magistrate do right in refusing an enlargement of the case for counsel and witness?" No. When asked for an appeal he could not refuse it, it is your rights. Regarding evidence, hearsay and supposition when sworn to the detriment of others, perjury in the second degree, punishable by fine or imprisonment at the discretion of the trial judge. When given as an expert, as in this case without exam-

ination and qualified to do so which he is not in this case, punishable by imprisonment or heavy fines or both. Dr. says an oath taken, disagree to the contrary, qualifies all cases by looking into it, so can't be often. Will send you a man capable of finding out the whole case, and, if, as you have stated, it is all right, you have the straightest case on record.

Now have patience, don't on any account do anything till you see this man. He will wire you to Orient[illegible] hotel. You asked about my fee. How much have I ever charged you? It's almost all a little talking for an old friend that has done so much for me, I am not worthy of the name. If [illegible] the costs will come off them if they are worth it, if not, the county or town. Will see man and have him wire you last of next week. Will be passing Peterborough in the course of ten days. Will wire you where to meet me. Remember, have patience.

From your friend,
W. H. BENNETT,
Parliament Buildings,
Ottawa

Mr. Cochrane informs the Examiner that the boy is to be taken back to Mr. Fair's at his request. He stated that Mr. Fair had treated him well and that he would like to return to him.

Save The Checks You Get At The Store Of

The Best Stove Co.

THEY ARE VALUABLE

The above is the motto of a new system of business which is in operation here for the benefit of cash buyers at the store. Every cash customer gets, with each purchase, a check similar to this:

SAMPLE OF CHECK.

It means that on June 19 you bought and paid for goods to the amount of $1.90 under our contract that whenever such purchases added together amount to $25 the return of the checks will entitle you to 50 cents' worth of goods FREE.

In other words, we will pay a dividend of 2% on every $25 you spend in cash at our store, making you a partner in our business to that extent.

The check is printed and the transaction recorded and the dividend made possible by our new National Cash Register. It is a beautiful piece of mechanism and the perfection of system and accuracy in business transactions between clerks and customers.

You would pick up a dollar if you found it on the street and think you were in luck. You can pick up dollars here by our dividend system.

But it is not luck; it is business—good business.

We are bringing all our resources to bear to make it pay you to be a regular customer at our store.

Yours very truly,

THE JAPS MAIN ADVANCE BEGUN

Has, According to Both Sides, Been Started in Manchuria---Oyama's Noose Tightening---Linevitch Forced to Retire Advanced Posts to First Entrenchments, Which He Did Without Serious Resistance ---Roosevelt's Latest Move---Attempting to Prevent Carnage by an Armistice.

St. Petersburg, June 22,—The public believes that a great battle in Manchuria is now beginning, and official despatches from both sides bear out the idea that the Japanese have commenced their main advance.

The Japanese are pushing forward in force. Their front now stretches from Singlunchuan to Yaoma Pass, on the Mandarin road.

The Russians retired their advance posts without serious resistance and are evidently retiring to their first line of entrenchments, which is believed to cross the railroad at Sipingkai, 15 miles further north.

Lieut.-Gen. Linevitch evidently has imposed an embargo on press messages, indicating that hostilities have entered on a serious phase.

Roosevelt's Latest Move.

St. Petersburg, June 22.—President Roosevelt has evidently taken a new important step in the negotiations between the belligerents. While there are collateral reasons for believing that it relates to an armistice, which will prevent the impending battle in Manchuria, this cannot be positively affirmed. All that can be stated definitely is that Ambassador Meyer went suddenly to the foreign office late Tuesday night and had an interview with Foreign Minister Lamsdorff, at which it is believed the Ambassador communicated an important message from President Roosevelt. But at neither the foreign office nor the American Embassy is the slightest light thrown on what transpired.

Surrender Justifiable.

London, June 22.—A despatch to the Exchange Telegraph Company from St. Petersburg says the commission appointed to investigate the capitulation of Port Arthur finds that the surrender of the fortress was justifiable.

Neligoff One of Them.

St. Petersburg, June 22.—M. Nelidoff, the Russian Ambassador to Paris, has been definitely appointed one of the Russian peace plenipotentiaries.

For An Armistice.

Washington, June 22.—It is intimated in official circles that negotiations are proceeding looking to an armistice between Japan and Russia.

WHEREABOUTS OF MIDDLETON.

Living In Cheap Lodging House in New York City.

New York, June 22.—Mysterious Mr. Middleton, president of the New York Realty Corporation, is still in this city. Although he disappeared abruptly, having a host of creditors and a dozen love lorn women to mourn him, his wanderings seem to have terminated in the Continental Hotel, in Newark, N. J. He is now in New York living in a cheap lodging house in the neighborhood of Eighth avenue and Twenty-third street. He walks around the city freely, despite the fact that two warrants charging grand larceny hang over his head. Influence of some sort apparently is being exerted to prevent an earnest effort to prosecute Middleton.

Canadian Absconder Arrested.

Winnipeg, June 22.—Early last October, Cecil L. H. Branson, a trusted employe of the local branch of the Union Bank and hailing from the Eastern Townships, disappeared suddenly with $5,000 of the bank's money. The local authorities have received word of his arrest in Mexico. Solicitors of the bank are now considering the advisability of instituting extradition proceedings, but it is doubtful whether the existing treaty between Britain and Mexico is effective.

Supplies Liquor to Indians.

Orillia, June 22.—Samuel Snake, a Rama Indian, came to town Saturday and got drunk enough to lose control of his personal effects. He was robbed of $30 worth of new clothes. Since sobering up he has yielded to the solicitations of Chief Goodman, and now Hugh Lee, who has lived in Orillia for many years, is in custody for a serious violation of the Indian Act.

Placed Tie on Rails.

Ottawa, June 22.—Joseph Parisien, a 15-year-old youth, pleaded guilty before Magistrate Robinson at Navan, to placing a tie on the rails of the C. P. R. on Sunday night, with the intention of seeing the Imperial Limited jump. The boy was remanded.

ORELL'S DESPERATE CREW.

Russians Gave Japanese Prize Crew a Very Lively Time.

Victoria, B. C., June 22.—The steamer Empress of China has brought an account of the experience of the Japanese prize crew on board the captured Russian battleship Orel, in taking the captured ship from the scene of battle to Japan. Officers and men of the battleship Ashai and the cruiser Kasuga, although they had fought for two days and two nights without sleep, were placed on the shot-riddled battleship with a Russian crew endeavoring continually to obstruct navigation of the prize and if possible to destroy it.

Part of the Russian crew was transferred to the Ashai and the Kasuga, but the remainder outnumbered the Japanese placed on board. Lieut. Nakagawa, in charge, at once ordered the Japanese marines with loaded rifles to stand over the Russian sailors, herded forward, and bluejackets were placed at other points to guard the ship.

When night came a Russian seaman dropped an anchor pin into the electric dynamo, wrecking it, and causing all the lights to be extinguished. Great excitement followed, in which the Russians opened the sea valves, causing the ship to list to port. Several men tried to jump into the sea, thinking the Orel was about to capsize.

Under cover of the darkness a party of Russians tried to rush the guards, who fired several times into the thick, onrushing crowd, and then used bayonets and clubbed rifles. The Russians were finally beaten down, and at daylight the Ashai and the cruiser Asama came to act as escorts. These escorts cowed the mutineers.

HORSE WAS BADLY STABBED

Mr. Patrick Torpey's Driver Cut at Lakefield.

A Gash Fourteen Inches Long Cut—Supposedly by a Lakefield Man.

A dastardly deed is reported from Lakefield. It appears that Mr. Patrick Torpey of Peterborough was in Lakefield, yesterday, and left his horse, a valuable animal, in Mr. Leahy's stable, at the Midland House. While there some one came into the stable, where the horse was standing, and taking a knife, he deliberately gashed a cut on the hind leg of the horse, fourteen inches long and two inches deep.

The animal was in great pain from the slash, and Dr. Blanchard of Peterborough, was called to dress the wound, which required a number of stitches.

A man named Alfred, whose home is in Lakefield, was arrested on a charge of having committed the deed and will be arraigned on the formal charge.

WAS REMANDED FOR A WEEK

Patrick McAuliffe Case Enlarged Until Thursday, June 29th.

Henry Grieff Remanded Until To-morrow—McMullen Did Not Put in an Appearance.

The first case at the police court this morning was that of Henry Greiff, the young Englishman charged with stealing money from Mr. David McMillan, the Manvers farmer. The case was enlarged till to-morrow morning, McMillan failing to put in an appearance.

The case of Mrs. Geo. Crouter and Geo. Crouter, enlarged from a week ago, was before Magistrate Dambie this morning. Several witnesses were present to prove the charge, that of creating a disturbance, and the Magistrate gave them a severe talking, in which he said that they and their family were considered a nuisance to the community in which they lived. Mrs. Crouter was discharged, but Mr. Crouter was fined $5.00. He paid the fine.

J. R. Butcher, who was also remanded from last week, was in attendance this morning and pleaded guilty to a charge of creating a disturbance. He was fined $2.00 and $2.60 costs.

Henry Castle, who was charged with committing an assault, was remanded for another week.

The McAuliffe case was enlarged for another week and will be heard on June 29th.

A man named Hurley was up this morning for taking too freely of the cup of good fellowship, and afterwards acting in a manner not in accordance with the ideas a gentleman would entertain on the subject of proper behaviour. He was discharged with a severe warning.

This is the Best.

PRETTY WEDDING LAST EVENING

Miss Margaret O'Neil United in Marriage to Mr. Charles Hill.

Many Guests Present—Received Many Beautiful Presents—Will Reside in Town.

A charming June wedding was solemnized last night, when Miss Margaret O'Neil was united in marriage to Mr. Charles Hill. The marriage took place at the residence of Miss O'Neil's sister, Mrs. John Stiner, 122 Chamberlon street, at 7.30 o'clock, Rev. W. J. Jolliffe, pastor of Charlotte Street Methodist Church, officiating.

The bride was given away by her brother, Mr. Wilbert O'Neil, and looked charming in a gown of cream silk, trimmed with lace, and carrying a bouquet of cream roses. Her sister, Miss Zella O'Neil, who acted as bridesmaid, was also beautifully attired in white organdie. She carcarried pink carnations. Mr. Percy White was best man.

A large number of the friends and relations of the contracting parties were present and after the ceremony sat down to a dainty repast.

Mr. and Mrs. Hill received a large number of beautiful and valuable presents testifying to the esteem in which they are held by their large circle of friends. Mrs. Hill received a four piece silver service from the employees of the Examiner and Mr. Hill a very handsome combined dinner and tea set from the employees of the Canadian General Electric Co.

The groom's present to the bridesmaid was a pretty pearl crescent and to the groomsman, a pearl stick pin.

Mr. and Mrs. Hill will reside on Bethune street.

WRECK OF THE 20TH CENTURY LIMITED

Runs Into Open Switch and Kills Ten Persons---Twelve or Fifteen Badly Injured---Train Was Eastbound on Lake Shore and Smashed to Pieces at Mentor, Ohio---Five Bodies, Horribly Burned, Taken From the Wreck ---Rescue of Many Pinioned in the Burning Cars.

Mentor, Ohio, June 22.—Running at the rate of 50 or 60 miles an hour, the 20th Century Limited, on the Lake Shore Railroad, dashed into an open switch at the passenger station here shortly before 10 o'clock last night. Ten persons were killed and 12 or 15 badly injured. The combination baggage and smoker and the coach behind it caught fire and were destroyed.

The train was eastbound, having left Cleveland about 9 o'clock, and as it does not stop here it was running at great speed. The engineer did not notice the open switch until the train struck it. The engine left the rails and plowed into the ground, tearing up the track for yards. The two coaches following it jammed into it with great force and were crushed, the fire from the engine setting them ablaze. Fortunately most of the occupants of these two coaches were rescued before the fire reached them.

The scenes following the collision were pitiful. The moans of the dying mingled with the cries and screams of hysterical women. Those in the rear coaches were not injured and they set about at once to rescue those pinioned in the burning cars. The fire spread with great rapidity and it was only with much difficulty that the passengers in the two coaches behind the engine were pulled from the debris.

It is believed the switch was left open by a freight crew whose train had occupied the siding a short time before.

The dead: John R. Bennett, patent attorney, New York City, burned to death; Thomas R. Morgan of the Wellman, Seaver, Morgan Co., Cleveland, burned to death. Allen Tyler, engineer, Collingwood, Ohio, crushed under engine; Newton Walters, baggagemaster, Hamburg, N. Y.; Fireman Graham, Collingwood.

Among the injured are Charles H. Wellman of the Wellman, Seaver, Morgan Co. of Cleveland, scalded and burned, will die; C. Cordua, Brooklyn, N.Y.; S. E. Beckwith, New York.

Five bodies, horribly burned, were taken from the wreck. It was impossible to identify them at the scene of the wreck.

LAWN SOCIAL AT ST. JOHN'S

Under the Auspices of Girl's Guild.

Large Attendance — Grounds Beautifully Decorated—Band Renders Select Programme.

One of the most pleasant and enjoyable events of the season was that given last evening by the Girl's Guild of St. John's Church. The entertainment took the form of a lawn social and band concert and was thoroughly enjoyed by the large number of persons present.

The grounds were very beautifully and tastefully decorated for the occasion, numerous tents and marquees being erected and the whole place being well lighted with many incandescent lights. A very pretty and striking effect was created by several lights being placed on the tower of the church building and showing out between the leaves of the ivy with which it is covered. Flags were also much in evidence and and when, the pretty location and condition of the grounds is taken into consideration, nothing was needed to make it perfect.

About fifteen members of the 57th Regiment band were present and furnished an excellent programme of music.

Great praise and congratiulations are due the young ladies for carrying the affair to such a successful issue and the extensive and elaborate manner in which everything was gotten up must have required a great amount of thought and labour. Miss Roberts, the President of the Guild and her energetic assistant, Miss Dawson, secretary and treasurer, is due much praise for the way things were carried out. The following ladies had charge of their respective departments :—

Candy table—Mrs. Canniff.
Flower table—Miss Ida Wesley.
Strawberry table—Miss Roberts and Miss Whitcroft.

The ice cream booth was in charge of Misses Read, Pratt and Layfield.

The ladies of the Guild desire to express their sincere gratitude to Messrs. Macpherson for so beautifully and elaborately lighting the grounds all at no expense whatever to the Guild; to Messrs. Comstock for providing the tables, etc., and to the Macfarlane Wilson Co., for providing dishes, etc.

A large number of townspeople took advantage of the perfect weather and thoroughly enjoyed the evening which was brought to a close by "God Save the King."

POPULAR BUSINESS MAN TO DEPART

ENGINEER STILL HOLDS THE JOB

No Action Will Be Taken At Present in the Matter.

Fire Engine Matter was Discussed Last Night—An Expert to Report on Old Engine.

The question as to the disposition of the fire engine, and what was to be done in connection with the engineer, occupied the greater part of the time of the Committee of the Whole Council at its meeting last night, and the upshot of the whole matter was a resolution moved by Ald. Mason and seconded by Ald. Adams, to the effect that no action be taken in reference to the engineer at present, and that the clerk communicate with manufacturers of fire engines at Seneca Falls, N. Y., Brantford and London, Ont., and ascertain what it would cost to bring an expert here to report on the present condition of the engine, and estimate the cost of repairing it.

There was a disposition on the part of some of the aldermen to reopen the investigation on the cause of the injury to the engine, and there was a proposal made to have the evidence that was given at the meeting of the Fire, Water and Light Committee, given again at a meeting of the Committee of the Whole, the idea being to establish the extent to which the engineer was responsible for the accident. This however did not meet with general approval, though there was in the council a strong inclination on the part of three or four of the aldermen to delay the dismissal of the gineer, or to give him another trial, their contention being that up to this time he had given perfect satisfaction, and although he had undoubtedly made a mistake in this case, they believed that he had been taught a lesson which would not be lost on him, and which would prevent a similar accident happening at any time in the future.

Ald. Mason introduced the question of the fire engine and the engineer and asked what course of action the committee intended to pursue, in view of the fact that it had been referred to the committee to deal with. He suggested that since Ald. Johnston was familiar with all the details in connection with the accident to the engine, he should enlighten the committee on the matter.

Ald. Johnston replied that while in his own mind there was no doubt that the fault was with the engineer — the latter having practically admitted the fact to him — he did not feel like dismissing him summarily, because he believed that such a course would be dealing harshly with him, and would make it very difficult, if not impossible, for him to procure a similar position elsewhere. The town engineer and the street commissioner had both told him that they had never had a man in charge of the road roller who got as much work out of it, as Mr. Wainwright had, and he stated that the statements that the roller had been at the foundry a number of times for repairs, since he had been running it, were not supported by facts, as he had found out that while it had been repaired once, the trouble then was with the journal and was not through the fault of the engineer at all. He believed that if he was willing to take an examination, and if he passed satisfactorily he should be given another chance. He understood that the engineer had said that he was willing to take such an examination. The chairman of the Fire, Water and Light Committee said he did not want to screen the engineer, but he looked to the position it would place him in if he was discharged as the committee proposed.

Ald. Tovey submitted that if the whole question was to be re-opened, the council should have another investigation and have the two men who gave evidence before the Fire, Water and Light Committee, present, with the exhibits, in order that all the members of the council might be possessed of the information that the members of that committee were, because he believed that unless that were done, they would not be in a position to judge intelligently on the merits of the case. He was of the opinion, that both Mr. Main and Mr. McEwan, who gave evidence at that meeting were trying to screen the engineer, because while they stated that the engine had been burned, neither of them would say that the fault was with the engineer.

He had nothing against Mr. Wainwright in the world, but believed that since the council was supposed to be acting in the interests of the town, they should do business as business men, and not act from sentiment. He was satisfied that there was not a single business man or company in town with which this matter would have been dealt with as the council proposed to deal with it. It was only a short time ago that $512 had been paid out by the town, and now there was a prospect that an equal if not greater sum would have to be expended.

He was of the opinion that Mr. McEwan could have told more at the investigation than he did tell.

Ald. Hall remarked that the town should not consider itself a nursery, nor should they conduct the town's business for the sake of charity.

Ald. Mason finally moved, seconded by Ald. Adams, that no steps be taken at present in reference to the engineer, and that the clerk write companies manufacturing fire engines at Seneca Falls, N. Y., Brantford and London, and ascertain the probable cost of an expert to report to the council on the condition of the engine and to estimate the cost of repairing it, which was carried.

The Kiltie's Band.

The biggest amusement event of the season, will be the concerts to be given by the Kilties' Band of Canada, at the Opera House, on Saturday, June 24th. The Kilties are playing to phenomenal business everywhere and their services are in great demand throughout the country. The organization numbers fifty men, and aside from the splendid concerts to be given, a rare novelty will be introduced in the famous vocal choir, which accompany the band, as well as in the real Scotch dancing and bagpiping.

THE FAIRS WANT MORE MONEY

D. Hughes Charles Asks the County Council for $200.

East Peterborough Fair Wants the Same—This Morning's Session and Its Work.

At this morning's session of the County Council some deputations were received, asking for grants.

The first heard was that representing the East Peterborough Agricultural Society, and the speakers were Mr. F. Birdsall and Mr. Chas. O'Reilly. They asked that the grant of last year, $100, be doubled, and that the council grant them $200 this year. It was pointed out that the expenses were increasing, and to maintain the quality of the fair at the standard desired, a larger grant would be required.

The Finance Committee will deal with the matter.

Mr. D. Hughes Charles, the president of the West Peterborough Industrial Fair, addressed the council asking that a grant be given to the society. The speaker pointed out the desirability of giving a grant in view of the fact that the directors were endeavouring to make it a county fair, which would be a credit to the county. He stated that the prize list was being increased, and in order to place the Fair on a good financial standing it would be necessary to secure more money. He asked that a grant of $200 be given to the society this year. The matter was referred to the Finance Committee.

Mr. Chas. O'Reilly addressed the council on behalf of the Fruit, Flower and Honey Show, to be held at Toronto. He quoted from a circular received from the head of that department, which stated that this year it was proposed to offer prizes for each county's productions, and the county was asked to assist in providing money for these prizes. A straight grant was not asked, but the county was asked to give a guarantee that if the prizes are taken by persons exhibiting from this county, the prizes, amounting to $25, will be paid by the county.

Mr. T. M. Hunter, president of the West Peterborough Institute, addressed a few words in supplementing the address of Mr. O'Reilly, pointed out that the apple and honey industries were important, and should be encouraged in his opinion. He asked that this grant be made this year as a test, and give the fruit growers of this county an encouragement.

Mr. Birdsall, president of the Farmers' Institute of East Peterborough also addressed the council along the same line, and said that he believed it would serve to bring the fruit-growing industry of this county to the attention of the buyers, which would result in securing higher prices in the future for their production. This matter was also referred to the Committee on Finances.

Mr. Shaw moved that the name of John Carey be substituted for that of the late John Dysell on the Standing Committee of the Council, which was carried, and the council then went into committee work.

A deputation from Ennismore waited on the council to ask for a grant for a road from the Gannon's Narrows bridge. The matter will be dealt with by the committee on roads and bridges.

WEDNESDAY AFTERNOON.

At the Wednesday afternoon session of the County Council two deputations were heard, the first from the township of Smith, composed of the reeve, Mr. R. N. Scott, and Messrs. Garbutt, and Graham, and they asked the council to make a grant towards building a bridge through the swamp on the road at the back of the Communication lots. The members of the deputation addressing the council gave reasons why the grant asked for should be made. The matter was referred to the Committee on Roads and Bridges to report on.

Another deputation from the Lakefield, Smith and Ennismore Agricultural Society, waited on the council and asked that a grant be made to the society to help it in the purchase of some ground which it was proposed to buy for the extension of the society's property in Lakefield. This matter was referred to the Finance Committee.

BAPTISTS ARE IN SESSION

Annual Meeting of Association at Indian River.

Many Peterborough Delegates Attend —Interesting Addresses.

The annual meeting of the Peterborough Baptist Association opened at Indian River Tuesday afternoon, with a fair representation of delegates. Among those who registered were: Rev. W. J. Scott, B. A., B. Th., Peterborough; Rev. J. E. Scott, Port Hope; Rev. J. P. McLennan, Mr. Duncan, Miss Sinclair and Miss Hubble, Campbellford; Rev. A. H. Brace, Peterborough; Rev. W. H. Quarrington, Lakefield; Rev. W. E. Wilson, Supt. Home Missions, Toronto; Mr. A. Richardson, Belleville; Miss L. Shearer, Indian River; Miss Bella Kidd, Warsaw; Rev. J. S. Lockie, Brighton; Rev. Dixon, Norwood; Rev. A. McKinnon, Gilmour Memorial, Peterborough.

The afternoon session was occupied by the Mission Circles and Bands.

The meeting opened with a service of song and prayer by Mrs. Ellis of Peterborough.

The president, Mrs. Dr. Scott of Peterborough occupied the chair.

The reports from the different circles and bands were then read and revealed the fact that $581.36 was raised by this means.

A very interesting and helpful discussion was held on Band in which they interest themselves in the work.

Rev. A. H. Brace, pastor of Park street church, Peterborough, gave an exceeding interesting blackboard exercise on the Circle charter. In his inimitable manner he gave a comprehensive talk on the object of Circle work.

Mrs. Duncombe of Peterborough gave an excellent paper on "mothers and missions".

Rev. W. H. Norton, superintendent of Home Missions, gave a helpful address to the ladies as to the needs of the work, led by Mrs. G. K. Martin of Peterborough. Their discussion was participated in by Rev. W. H Norton, superintendent of Home Missions, Rev. J. S. Lockie of Brighton and several others. Many valuable suggestions were given, which will no doubt bring forth much fruit in this work.

A very interesting paper on "Circle Work" was given by Mrs. Roberts of Selwyn, who gave a very practical talk on the benefits which membership derive therefrom. She emphasized the point that individuals only benefit to to the extent of their services.

The nominating committee reported as follows:

President—Mrs. Dr. Scott, Peterborough.

Vice-President—Mrs. Shaw, Colborne.

Directress——Miss A. Walton, Peterborough.

Committee — Mrs. Shaw and Miss Squires, Cobourg.

The meeting closed with the singing of a hymn and prayer by Rev. McKinnon of Gilmour Memorial church.

A large and appreciative audience greeted the speakers last evening. At the initial general meeting of the above association hands of welcome were extended to the delegates by the pastor, Rev. J. S. Steedman, the moderator and very felicitously replied to by Rev. L. McKennon.

Miss Walton read her annual statement as directress of Circles and Bands, an encouraging feature being the increase in membership of the Mission Bands and large contributions given by both Circles and Bands to the various Missions.

Rev. A. H. Brace preached the annual sermon on the very important theme "The Holy Spirit" in relation to personal holiness. Basing his thought on thought upon 1 Cor. 3-16-17. The message was exceedingly helpful and impressive, showing God's thought concerning the christain was that he should be holy. "Be ye Holy as I am Holy". Holiness he explained was not a life of sinless perfection or a life that made one holy in mind from the possibility of temptation of sin, but a cleansed life in harmony with a divine will. Then in closing showed clearly the agency effecting this change, namely the holy spirit.

Then the meeting was brought to a close by an eloquent address on Home Missions by Rev. W. H. Norton, showing the kind of work that was being undertaken and accomplished by Home Missions church and also the very vital relation sustained by this work to all other denominational enterprise.

—The street railway did a great business this afternoon, and more people to ride to the cemetry than could be seated.

STRUCK BY A SHUNTING TRAIN

Mr. Ozias DeLaplante Has Narrow Escape From Death.

On Tuesday evening as Mr. Ozias de Laplante was wheeling across the King street crossing of the G. T. R. tracks, he was struck by a shunting passenger train, and escaped instant death by the narrowest possible margin.

The popular barrister was approaching the tracks from the west, by reason of the blockade upon the tracks was compelled to wait for a time. A passenger and a freight train were shunting at the time, and as he passed behind the freight upon the nearest track, was struck by the other and hurled violently from the bicycle, but managed to escape from his perilous situation by throwing himself without a moment's delay out of the range of the approaching car, wheels.

The bicycle was irreparably smashed, passing beneath the entire train, there being no time to remove it. In a situation of so perilous a character this is however, a very minor consideration, and Mr. Laplante was fortunate indeed, in escaping without personal only by this prompt action and presence of mind.

The dangerous spot has recently been the scene of several accidents, in which fatalities have been averted by the merest chance, and prompt action of some kind should be taken to safeguard the public who use the thoroughfare.

No furnace drudgery in the Bison

The most exasperating mystery a man can have is a cranky furnace. The dirt and soot, the ash sifting and draft worry of many heaters, make life a burden. With the new "Bison" hot water heater, there are no worries. Its drafts are so simple a child can understand them, the shaking down apparatus is operated with the slightest effort, shaking down and sifting in one operation. It is a clean, simple, economical heater, perfectly safe, as it burns its own gas no matter how the drafts are set. Write to H. R. Ives Co., Limited, Montreal, for an interesting booklet which fully describes it.

The Ministerial Association for East Peterborough, met at 10 o'clock on Monday afternoon in the Methodist Church parlour, with Rev. Geo. McLennan, president, in the chair.

After the routine of business was gone through with a very helpful address on Ministerial Associations their objects, and methods was given by the Rev. Mr. Parker, followed by a discussion in which Revs. Foley, Becom, Pickford, and Camp took part.

The following resolutions were agreed to unanimously.—That this this Association desires to tender to the brethren going away, their best wishes for their prosperity and prays God that they may each in their own place be blessed and a blessing and that their labours may be crowned with success in furthering the work of Christ.

The secretary was instructed to bring the Associations and its objects before the Christian ministers who are about to assume charge of fields in East Peterborough.

NICE HAIR FOR ALL

Once Destroy the Dandruff Germ, and Hair Grows Luxuriantly.

Any one can have nice hair if he or she has not dandruff, which causes brittle, dry hair, falling hair and baldness. To cure dandruff it is necessary to kill the germ that causes it, and that is what Newbro's Herpicide does. Cornelius Grew, Colfax, Wash., says:—

One bottle of Newbro's Herpicide completely cured me of dandruff, which was very bad; and it has stopped my hair from falling out. It makes hair soft and glossy as silk; delightful odor, and refreshing hair dressing. It penetrates the hair to grow abundantly, and kills the dandruff germ. Sold by leading druggists. Send 10 cents in stamps to The Herpicide Co. Detroit, Mich. Ormond & Walsh, Special Agents.

VENTS GRIEVANCES.

Auditor-General Regards His Present Emolument As a Degradation—Mr. Courtney Caused Contention.

Ottawa, June 22.—The Auditor-General, J. Lorne Macdougall, before the public accounts committee yesterday, advocated the desirability of a smaller committee to review his report and to investigate any instance wherein his remarks had been overruled.

"If you are to get the right kind of a man," said Mr. Macdougall, "to be Auditor-General, he will be anxious to know that he is in a position to defend the financial interests of the people against all the attacks which may be made on them. He will see that, if others should have some room to innocently accept pickings from the Government which may appoint him or one of a different political stripe, he cannot do so.

"He will see that the Auditor-General gets a smaller salary than those officials who were in the same scale as himself until quite recently. He will probably examine the circumstances under which the degradation of the Auditor-General on a point of emolument was brought about. The degradation in this respect was determined upon because the present holder of the position was detected in bringing about the largest legitimate saving ever made in the public funds of Canada without his being able to point out that any other person ought to bear part of the punishment for so great a crime. These matters might be considered and settled by the sub-committee before the new man takes office."

Referring to letters of credit, Mr. Macdougall said that the present overdraft of one million will be attended with much trouble in adjustment. Dealing with Mr. Foster's reference that there was difficulty in getting himself and Mr. Courtney to agree, Mr. Macdougall said that the interruption of the agreeable intercourse with Mr. Courtney arose from his strong objection to the Deputy Minister of Finance getting $10 a day expenses while crossing the Atlantic.

Mr. Macdougall said that he refused to take such payments for himself, although he could have saved $500 by his so doing.

Mr. Fielding pointed out that this was an established practice under both Governments, and Mr. Macdougall replied that he thought he had a right in regarding such payments until Parliament had taken some action. He did not think that the Treasury Board or the law officers of the Crown ought to deter him bringing this matter before Parliament. Once Parliament acted, that settled the matter as far as he was concerned.

LORD DUNDONALD AGAIN.

Not Long Here Before He Lost Confidence in Sir Frederick Borden and Then He Lost His Job.

London, June 22.—At a banquet at the Ironmongers' Hall Tuesday evening Lord Dundonald, replying to the toast to the military forces, stated that shortly after his arrival in Canada, in answer to the pressing enquiries of his adjutant, one of the permanent officers of the Canadian service, told him that effective means were taken to overlook the claims of officers to promotion who were not persons made with the political head of the department.

Lord Dundonald added that he had not been long in Canada before he entirely lost confidence in Sir Frederick Borden, who was charged with the responsibility of administering militia affairs. He said that while Canadian affairs were presumably administered by the council of officers, with the Minister of Militia as chairman of the council, in point of fact the Minister controlled the actions of the council, and that his experiences with Sir Frederick Borden as Minister of Militia was not such as to lead to the conclusion that efficiency should be the reason for promotion in the Canadian militia.

He instanced as an evidence of the alleged disrepute in which he said the Canadian militia stood in the estimation of Canada, that thirty graduates were annually turned out of the Canadian Military College, not one of whom would accept a position in the Dominion militia service.

Ottawa's View of It.

Ottawa, June 22.—Sir Frederick Borden will not make any response to Lord Dundonald's criticism at the banquet in the Ironmongers' Hall, London, but he characterizes it as a mean personal attack. People here, however, think that Lord Dundonald's voluntary admissions confirm the charge freely made against his lordship on this side, that he was plotting against the Minister of Militia from the very first.

Facial Paralysis.

Mrs. W. J. Brennan, Western Hill, St. Catharines, Ont., "My face was all twisted out of shape with facial paralysis, and five doctors failed to cure or even relieve. By the persistent use of Dr. Chase's Nerve Food I have been entirely cured, and have returned to work strong and well, have gained in weight and feel that I have a new lease of life."

A FIGHTING CHALLENGE.

Two of the Men Identified Who Answered Fieldhouse's Call.

Hamilton, June 22.—Damaging evidence against the three prisoners, James Nealon, Mike Connors and Stanley Davis, was given at the Fieldhouse inquest last night. Witnesses swore that Fieldhouse went down the street in front of Nealon's house, issuing a challenge to fight. J. H. McCarthy and two other friends were with him. Three men left Nealon's house, and one of them struck both McCarthy and Fieldhouse over the head with a board. Victor Theort identified the prisoners, Nealon and Connors, as two of the men who answered Fieldhouse's challenge. P. C. Meyers said that he called at Nealon's home sometime after the row and found Nealon and Connors in an outbuilding. The hands of both men were covered with blood. No evidence was given to show how Fieldhouse got to his boarding-house, but Drs. Parry and Davis, who conducted the post-mortem examination, said that it was possible that he may have walked home. The inquest was adjourned till next Wednesday to give the police a chance to get some witnesses, who, they think, have left the city to avoid telling what they know.

SUMMER DROWNINGS.

The harvest of drownings is being reaped already. In one day—Tuesday—there was a record of seven or eight drownings, and it is probable that that is only a part of the actual fatalities. It may be no use, but it is nevertheless a duty, to recommend the utmost carefulness, since the great majority of drowning accidents are the result of carelessness. The canoeing season is now on, and we may expect the canoe, in the hands of inexperienced paddlers, to contribute a big share of the drownings yet to come. It is a truism, that no person unable to swim well should enter a canoe. Though the canoe may be in charge of an expert at the paddle, who is also an expert swimmer, if his companion, especially if it be a lady, is not a swimmer, there is danger of accident, with a fatal ending. The canoe slide at the Locks is a source of both danger and annoyance. Yesterday a canoeist had a hole smashed in his craft from the points of sunken rocks, and another party of two had to have assistance in negotiating the slide. It is conceded that this is a dangerous spot. So is Niagara Falls; yet nobody is under compulsion to go canoeing in or near the rapids, with the danger of being engulfed and swept over the cataract. If canoeists may find Little Lake too pent up an Utica for their canoeing powers, they might better make a start from the street car terminus, easy of access, and provided with canoes and boating facilities. This may be a little more trouble, but not half as much trouble as a funeral, which may ensue from canoeing in dangerous waters. Persons who go canoeing take their lives in their hands, if they are unable to swim, for there is always the possibility of an accident, which may involve no more than a severe wetting, but possibly a death by drowning. Bathing and swimming are delightful pastimes, and with reasonable care and only such precautions as common sense suggests, can be indulged in freely, without paying the fearful penalty which is imposed by carelessness, rashness or foolhardiness.

EDITORIAL NOTES.

Russia seems to be a good deal like the Irish gentleman, who, getting the worst of a "scrap" with a chum, could not think of the word he wanted to say — "enough!"

Is president Roosevelt working so hard in the interests of peace, or merely to keep his name in the papers? The unhappy Czar at one time ran a promising peace propaganda, and look where he is now!

Ministers tell us that a "skin" game cannot be permanently prosperous. The Hudson Bay Company has been doing a big skin business for about four hundred years, and last year declared a profit of $500,000.

Lord Dundonald is at it again — talking like a politician, instead of keeping silent, like a soldier. Speaking in London, recently, he said that he had no confidence in Sir Frederick Borden, Minister of Militia. That does not hurt Sir Frederick much. He has the confidence of the people. Since Lord Dundonald mutinied, and was cashiered, the people of Canada have pronounced upon the issue he raised, and expressed themselves as overwhelmingly in favor of the Government of which the Minister of Militia is a member. Lord Dundonald may think that because the Conservative party sought political profit from resurrecting a dead race and creed cry he will be able to clothe with flesh the Dundonald issue, which was slaughtered at the battle of the ballot box. In a five country and in a five age there is no space for dead political issues.

WAR TO THE STOP-LOG-BOARD OF TRADE ACTS

Declares War Against Cottagers—Assault on Peterborough Industries—Hum of Wheels of Industry Must Not Be Interfered With—Material Interests of the Town Overrides Convenience of Pleasure Seekers—Business First, Recreation Afterwards.

Peterborough is aroused over on the attempt of Stony Lake cottagers, or at least some of them, to most mischievously interfere with the control of the Trent waters.

The Board of Trade, in the material interest of the town, in the interest of a great cluster of industries, and public utilities, have declared war, and an emergency meeting has been called to-night to consider means of counteracting the communications forwarded to the Department of Railways and Canals, by, or on behalf of, some Stony Lake cottagers, who, forsooth, are slightly incommoded as to their wharves adn landing places, by, what is claimed, is unduly high water.

As a matter of fact, the level of the water in Stony Lake may be a foot or so above the normal level, but it is no higher than it was at the same season last year.

If this water, as demanded, is lowered a foot by the removal of stop logs, it is asserted that many of our important industries, our mills and factories, will have to close down, something not to be thought of, or suffered willingly.

Peterborough has been fighting for years to secure an equable and dependable flow of the waters of the Trent Waterway.

Now that we have reached a satisfactory position, we have private selfishness stepping in to neutralize all the advantages we have fought so hard for, and on which our standing as a town absolutely depends.

We all know what a nuisance, the unsatisfactory regulation of the waters has been—how it has handicapped owners of mills and users of power, generally, for years.

Now, we have the waters under control, and it is agreed that they were never better regulated than at present; and what we have—we must hold, in the solid interests of the town.

We are all proud of Stony Lake, and desire to do everything in our power to enhance its desirability as a site for summer homes.

But business first, and pleasure afterwards. If the water is held at the height, which serves the purposes of navigation, and industrial operations, it must not be lowered an inch, if so doing would imperil the interests of the town, by paralyzing, if only partially, the great industries dependent upon water power, directly or indirectly.

We can do without the summer cottages on Stony Lake, but we cannot do without the water in sufficient supply to keep our great manufactories and public utilities in motion. Given a fair supply of water, Peterborough would be a thriving, brisk and bustling city, even if Stony Lake, islands and cottages were shipped to another continent, so long as the water were left.

We must have the water, and the situation, in a word, narrows down to a straight fight between the convenience of cottage owners and occupants, and the solid advantages of the town.

If the present height of water, injures cottages, but is what serves the purposes of the town in an industrial sense and a lowering of it would even partially paralyse, or even incommode them, then the cottagers must make arrangements to meet the situation—raise their wharves, or something of the sort.

If our great mills and factories, our power development plants, etc., etc., will suffer from lowering the water for the benefit of cottagers, the water must not be lowered.

Time and space are lacking for argument — action is called for. This is a critical time in the industrial outlook of the town. The question which is to take precedence, pleasure or business, must be settled now.

It is to be hoped that there will be a large and influential gathering at the Board of Trade rooms, Council Chamber, to-night.

Cottagers should have all the rights, consistent with the maintenance of our industrial interests—but Peterborough in its material interests first, and Stony Lake afterwards.

TWO ORDAINED TO MINISTRY

Interesting Service at Charlotte Street Church.

Rev. W. J. Jolliffe the Ordaining Official—Sermon by Rev. Dr. Crothers.

A very important and solemn service was held in the Charlotte street Methodist church last night, when two probationers were ordained for special purposes. The candidates for ordination were Rev. George C. Grant, of Point Travis, Prince Edward County, who will be engaged in the work on that circuit, and J. R. Vick, of Marlbank, who is going to the mission station at Cloyne, Ont. There was a large attendance, the George and Mark street churches having withdrawn their prayer meetings to enable their people to be present at this important occasion.

The service was opened with prayer by Rev. J. G. Lewis, B.A., of the Mark street church, and reading of the Scriptures by Rev. D. S. Houck, of Bloomfield, secretary of the Conference. Miss Clara Bellegham then rendered a vocal solo in her usual excellent voice.

Rev. Dr. Crothers then gave a spirited and eloquent address, taking as his subject St. John 1, 23, "I am the voice of one crying in the wilderness." Prior to his address, Dr. Crothers referred to the solemnity of the occasion. The young men had been set apart for the ministry and while we do not believe in apostolic succession, we do believe in following the apostolic example.

In beginning, the speaker said that John the Baptist could hardly have given a better definition of preaching than that of the text. Notwithstanding all the advances that have been made since that time, no better definition can be given in the present age.

Dr. Crothers related the conditions at the time of John the Baptist. The Pharisees were hypocrits, and the Sadducea were sceptics. Society was stirred to its depths by the rugged teaching of John the Baptist; accordingly a deputation was sent to the Jordan to to see him. They thought there was something in him that merited investigation, adn he said to them, "I am the voice of one crying in the wilderness."

Here the speaker impressed upon the two candidates that if they ever hoped to accomplish anything, they must feel that they were men with messages. He thought that every minister as he went into the pulpit, should feel that he had a special message communicated to him to lay before the people. This would cut off all human ambition. The messenger amounted to little—the message was everything. People would soon forget the messenger, but, by the grace of God, would not forget the message.

The church never had greater work before it than it has done; there never was more need of messengers. If the world is to be saved, it is to be saved by preaching. The work before the church now is that of proclaiming Christ to the whole world. The work of the minister consists not merely of holding services, but to preach Christ in all His offices. The Holy Spirit should be the first teacher. The minister should not be thinking of the congregation or wondering what some member of it might be thinking of him, as long as the Holy Spirit instructed him.

The message comes through human instruments. The Holy Spirit calls men to the work.

These men before the District Meeting professed to have been called by the Holy Spirit. "If they have not, I pity them. We believe however that they have been called."

Experience is necessary, before they can declare Christ, and their message must be definite and practical.

The preacher closed by warning the candidates that they would have many difficulties, but that the Lord would be with them.

The impressive ceremony of ordination then took place. The service was conducted by Rev. W. J. Jolliffe, president of the Conference, and he was assisted by Rev. J. G. Lewis, and Rev. D. S. Houck, secretary of the Conference.

The questions as to their belief and attitude to the church were asked of each young man, and were satisfactorily answered.

Prayer was then said by Rev. Mr. Jolliffe, after which the meeting was dismissed.

Rev. T. W. Leggott, who was to have assisted in the service, was unable to be present.

PUBLIC BATHING PLACE WANTED

Ald. Tovey Calls Attention to Need of It.

Disgraceful Conduct of Some Persons in Peterborough—A Practice which Should be Stopped.

Alderman Tovey called the attention of the council at the meeting of the committee of the whole last night to the habit, which has become altogether too common of bathing in public places. He submitted that the council should take vigorous steps to put a stop to what had grown a decided nuisance, and a disgrace to the town. In his opinion the council should consider the question of establishing a public bathing place for the town, when those who frequent the little lake and river for bathing would not be subjected to the disgraceful exposures which they are at present.

Woodmen's Excursion.

All the principal stores in town are advertising in their windows, the W. O. W.'s big excursion over the lift lock and up to Stony Lake, on Wednesday June 28th. The new, fast sailing steamer "Stony Lake," has been chartered for the trip and will leave the Wolfe street wharf at 7.30 a. m. Tickets 75c. Meals may be had on board the steamer, but a committee will take charge of all provision baskets, etc. The W. O. W. are sure to give their friends a good time.

C. D. A. CLUB ARE CHARMING HOSTS

Their Moonlight Excursion---Not Moonshine---But Delightful Enjoyment.

A Splendid Social Success By River, By Riverside and By Moonlight.

REFRESHMENT COMMITTEE

Miss Florence Hamilton

All conditions united to make the C. D. A. Moonlight Excursion of last night the most delightful event of the early summer season. Cloudless skies and the balmy air of the leafy month were vouchsafed in abundance to the excursionists, who numbered about 200.

The arrangements of the committee in charge were carried out in every particular, to a more than satisfactory conclusion, and the C. D. A. Club which has a past record of invariable success in the delightful social affairs in which they have have been hosts in the charming trip of last night, scored a success which far surpassed their fondest expectations. These results were, in no small way contributed to by secretary of the committee in charge, Mr. E. S. Clarry, whose arrangements for the outing were carried to a successful conclusion in the tireless efforts of the energetic every particular. A feature of the evening's pleasure was the charming music provided by a detachment of the 57th Regiment Band, who rendered a choice programme of popular and classical music.

The party embarked at 7.15 at the Wolfe street wharf, and after a pleasant sail entered the lift lock, over which many made their initial trip. The mechanism of the gigantic structure worked perfectly, and those on board were given a rapid trip skyward, to the accompaniment of "Rule Brittania" played by the band. The ascent of the pontoons was watched with great interest by many. A large number joined the excursion at the lock.

The sail up the canal in the deepening twilight was most delightful, the lines of the landscape growing ever dimmer to the view, and finally fading into the partial obscurity with the added charm which appeals so strongly to the poetic nature. The buzz of animated conversation mingled with the strains of the delightful music rendered by the band upon the trip up the waters, upon the rippling surface of which quivered and danced the sheen cast by the rays of the sinking sun. The sight which met the astonished gaze of the pleasure seekers as the landing at No. 5 dam appeared in sight, was one which compelled a general outburst of admiration and pleasant surprise. The beautiful trim and well kept grove appeared, as if by the hand of a magician, to have been transformed into a veritable fairy-land. Among the trees shone the glimmer of countless coloured lights which illumined the scene, and created from the spot, known in the cold and unbending language of the Dominion Government, as No. 5 dam, a scene of enchanting beauty.

The excursionists disembarked at the wharf just below the lock, where a stay of an hour or so was made, when delightful refreshments were served. This feature proved, it is unnecessary to say, by no means the least of the pleasures of the outing.

The provisions made by the committee in charge was in this, as in the innumerable other arrangements for the trip, perfect. The already brilliant illumination of the grove was augmented by the addition of a huge bon-fire, and a brilliant pyrotechnic display.

Just before the commencement of the return journey a vote of thanks was passed to the committee, on motion of Mr. J. Harris McClellan, this being followed by three hearty cheers for the C. D. A. Club, by the entire party.

The trip homeward was also a most enjoyable one, the excursionists leaving the boat with a feeling of regret, at the golf grounds, after which the string of street cars which were in waiting were boarded, and the party dispersed to their several homes, after what was undoubtedly one of the most delightful outings of the season.

THE ONTARIO BANK'S PROSPEROUS YEAR

The Year's Profits Totalled $152,583—$50,000 Added to Rest Account.

The report presented to the share holders of the Ontario Bank at the annual meeting held in Toronto Tuesday, showed the year's profits $152,583.34, from which the usual dividends at the rate of 6 per cent. were paid, $50,000 was added to rest account, $5,000 transfered to officers' pension fund and $7,583 added to rest account, $5,000 transferred to profit and loss account, which now totals $62,445. The bank's deposits increased over a million during the year. The funds are well employed, the call loan item being slightly reduced, and the current discounts increased by $1,170,000. The addition to the rest account brings the total up to $650,000, with the capital $1,500,000. The Ontario Bank has many friends in Peterborough, where the local branch under the capable as well as popular management of Mr. J. Crathe, contributes a very large share to the prosperity and very high standing enjoyed by the Bank generally.

VILLIERS PIC-NIC ON JUNE 22ND

Many Large 'Lunge Captured at Keene.

Pic-nic Held on Tuesday—Many Interesting Personal Items.

From our Own Correspondent.

Keene, June 21.—Mrs. Bice, of Haliburton, is visiting her father Mr. J. H. Scriver.

A party of Peterborough young men spent the week end at Mr. H. Neil's cottage on Long Point.

A number of large lunge have been caught in Rice Lake, near Keene, this season.

The annual Villiers pic-nic will be held on Friday June 22nd. A football match between Villiers and Westwood will be one of the attractions. Music will be provided for dancing.

Mr. Jas. Lundy, of the Bank of Toronto staff who has been absent on account of ill health for several weeks, resumed his duties Monday.

Mr. Geo. Dinsdale has moved from Lang into Mr. Jas. McNeil's house.

The annual sixth line picnic was held on Tuesday night. A large crowd attended and a good time was spent.

Saturday's football match, Keene vs. Sixth Line, resulted in a draw, the score being 1-1.

Mr. William Anderson is seriously ill with pneumonia.

Mr. James Campbell who recently won the degree of M. D., arrived home from Toronto Monday.

The Zion Methodist Sunday School held a social at the residence of Mr. John Throop Tuesday night.

Mr. and Mrs. F. Milner of Toronto, who has been visiting at Mr. W. Campbell's, returned to Toronto on Monday.

Not Just as Good

When you go to your druggist to buy "Ozone" ask and demand "Solution of Ozone, the coupon kind". This will give you a twenty-five cent package of "Celery King". It will give you the best preparation of "Oxone" in the world and it gives you about twice as much for your money as other brands, sixteen ounces for fifty cents, over twice that much for a dollar and a package of the well known remedy "Celery King" free.

We put "Celery King" coupons in our "Ozone" because the people know "Celery King", because it gives better results with "Celery King" and because no other firm can give "Celery King" with "Ozone". It cures, that's the reason we give you a package free and that's the reason you should never buy any other kind.

Ask for "Solution of Ozone, the coupon kind". Fifty cents and one dollar at your drug store and don't take any other kind, because if you do you won't get a package of "Celery King".

CHAMPIONSHIP GAME SATURDAY

First Home Game in the Series for Local Team.

Lacrosse Season Will Open with Game Against Bowmanville.

On Saturday afternoon, at the Riverside Park, the first championship lacrosse game of the season will be played here between the Peterboroughs and the Bowmanville team. The game will be without doubt a fast exhibition of Canada's great national game. The Bowmanville team after a lapse of a number of years, has broken into lacrosse again, and is apparently making up for lost time. This season they have defeated Oshawa twice, and Oshawa has defeated Peterborough, so that by this showing, the visitors should make the home team go some to win on Saturday.

Glover and McCabe will be in the game on Saturday and the new men who have come to town this season will also be on the line-up, and the Peterborough team will present a formidable aggregation to run up against.

Burt, of Port Hope, who played with McCabe and Glover on the old Port Hope team, has been appointed referee and has signified his intention of being present, so that additional interest will be lent to the game on this account.

The ball will be faced at 2.30 p. m.

A BIG LEAD FOR FOR GEORGE STREET

Defeated St. Andrew's in Four Innings by 12-3.

Last night, the devotees of baseball "as she is played" in the Guild League, were treated to a big surprise. When George Street defeated St. Andrew's team by 12-3 in the first four innings of the first game for these two teams this season. The game was played on the George Street grounds, and the fact of being on a strange ground may have been responsible for the playing of the Presbyterians, for they certainly did not live up to their reputation and made a number of large sized errors, which coupled with their inability to connect safely with Parnell's shoots, resulted in the loss of the first part of the game. Parnell pitched the best ball that he has done this season, striking out eight of the St. Andrew's men, while only three George street men were made to fan the air. Patterson was found by the George Street batters without much difficulty, and Swanston who pitched the last innings, allowed two runs to cross the plate, one of these however being on a high throw by McDonald to 3rd.

The Methodists showed a great improvement in form last night, and if they continue to play the style of ball dished up by them last night, should land pretty near the top.

St. Andrew's will probably settle down in the future and live up to their reputation as a winning aggregation.

The teams last night were:—George Street:—Kendry, s. s.; Parnell, p.; Robertson, r. f.; Wilson, c.; Weatherstone, 1 b.; Pedlar, 3 b.; McMillan, 2 b.; Mulhern, c. f.; Miller, l. f.

St. Andrew's,—McDonald, c.; Dunsford, 1 b.; Elliott, s. s.; Dormer, 2 b.; Patterson, p. and l. f.; Dobson, r. f.; Thornton, 3 b.; Miller, r. f.; Swanston, l. f. and p.

Umpire—F. Veals.

NIGHT OWLS TO PLAY THE SENIORS

A Fast Game of Baseball Promised for To-Night.

To-night at the Riverside Park a fast game of baseball will be played when the Night Owls and the Peterborough team will meet at 6.30, sharp, and the game should be one well worth seeing. The Night Owls have the reputation of playing a fast game, and feel confident of their ability to make the senior team look like sailing platers. The bunch under the managing wing of Bob. McEwan, on the other hand, are of the opinion that they are unbeatable, at least by any local team, and the game should be a fast one.

The teams will line up as follows:

Night Owls.—Pilling, Adamson, Campbell, Buskey, A. Buckey, Lafare, Dusty, O'Brien, Gordon.

Peterborough.—Douglas, Quinlan, Graham, Stayne, Treanor, Shea, Linhan, Connors, Sheridan, Pilling, Gattray.

The admission will be 10c.

BASEBALL.

Great interest is being taken in the game to-night between Charlotte street and St. John's Guild teams, the latter made an extremely good showing in their game last Monday night and expect to win also to-night. It ought to be a great exhibition. Following are the teams:

Charlotte street—Hoddy, p; Lang, c; Thornton, 1st; Squires, 2nd; Williams, 3rd; N. McWilliams, s. s.; A. McWilliams, c f; Crowe, l f; Ryan, r f.

St. Johns—Cavanah, p; Graham, c; Hodgson, 1st; Warren, 2nd; Weller, 3rd; Greene, s s; Fitzpatrick, c f; Bowers, r f; Mecaig, l f.

Mr. Stacey of St. Paul's will umpire the game.

* * * *

Galt scored a shut-out on Preston in a league game in the former place last night by a score of 7—0. Flaherty did the slab-work.

* * * *

The following members of St. Paul's Guild team are requested to turn out to practice to-night upon the McDonel St. grounds for their game with the Night Owls:—Simpson, Gillespie, Laing, Logan, Shea, Rotherbrough, Stenson, Walkey, Wightman, Watt, Cameron, Ferguson.

LACROSSE.

Brantford has made some recent sweeping changes in their line-up and will now go in and win the championship as in past seasons.

Ottawa, June 22.—The Grand Trunk Railway will likely take over the Canada Atlantic Railway about the end of August. The line will then be known as the Canada Atlantic Division of the Grand Trunk.

DIET WAS UNRULY.

New Hungarian Ministry Sails Upon a Troubled Sea.

Budapest, Hungary, June 21.—The Fejervary Ministry presented itself before the lower House of the Diet yesterday. Premier Fejervary produced a Royal autograph letter which the whole Opposition concluded was an order for prorogation of the Diet and the united Oppositon thereupon broke out into a tumultuous uproar and the session was suspended without the letter being read.

When the Diet reassembled it was resolved not to hear the letter until the regular business was completed.

Francis Kossuth, leader of the United Opposition, and former Premier Tisza, were insulted by opprobrious epithets. The president of the House again suspended the sitting but ultimately secured a hearing of the Royal letter.

The House then adjourned amid intense excitement.

Justice Baxter's Elopeace.

Albany, N. Y., June 21.—An extraordinary session of the Legislature, the first since 1899, began yesterday a few minutes after noon. The business to be taken up was pre-announced to both Houses in a message of Governor Higgins, recommending for consideration the conduct of Warren B. Dunlap, and the question of his removal from the office of Justice of the Supreme Court for having been "guilty of corrupt, unlawful and immoral acts."

MR. F. BIRDSALL THE PRESIDENT

Of The East Peterborough Farmers' Institute.

Annual Meeting was Held in Norwood The Directors.

Special to the Examiner.

Norwood, June 19th.—The annual meeting of the East Peterborough Farmers' Institute was held in the Town Hall here on Friday, June 16. The attendance was not large.

The secretary read the report on farm forestry. The meeting recommended John Howson's farm near Norwood, and F. Birdsall's, near Birdsall's station, where plantations might be set out with advantage.

Messrs. F. Birdsall and Charles O'Reilly were appointed delegates to attend the meetings of Institute delegates in Toronto, on Sept. 5th and 6th next.

The president and executive reported and the secretary read the financial statement, which was adopted.

Moved by Messrs. Hawthorn and Webster that this annual meeting recommend that regular meetings of the Institute be held in Warsaw and Keene, and supplementary meetings at Westwood, Norwood, Havelock and Douro. — Carried.

Moved by Messrs. Webster and Buchanan, that Messrs. F. Birdsall, D. Hawthorne, John Lancaster, R. Nelson, Fred Eson, John Hewie, Jas Anderson, Geo. English, Wm. Oakman, M. R. Elmhirst, Thos. Webster, Wm. R. Howson, John Rose, Wellington Burgess, Jos. Johnston, J. A. Sexsmith, Wm. Matheson, John M. Welsh, Dennis Moloney, and John P. Brown, be directors.—Carried.

Messrs. A. Brault and J. E. Roxborough were appointed auditors.

At a directors' meeting immediately after the annual meeting, F. Birdsall was appointed president, Mr Hawthorne, vice-president, and Chas. O'Reilly, secretary-treasurer.

On motion of Messrs. Brown and Hawthorne, the recommendations of the annual meeting re regular and supplementary meetings were adopted.

Many Women Suffer Untold Agony From Kidney Trouble.

Very often they think it is from so-called "female disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to female disease? With healthy kidneys, few women will ever have "female disorders." The kidneys are so closely connected with all the internal organs, that when the kidneys go wrong, everything goes wrong. Much distress would be saved if women would only take

DOAN'S KIDNEY PILLS

at stated intervals.

Miss Nellie Clark, Lambeth, Ont., tells of her cure in the following words:—"I suffered for about two years with kidney trouble. I ached all over, especially in the small of my back; not being able to sleep well, no appetite, menstruation irregular, nervous irritability, and brick-dust deposit in urine, were some of my symptoms. I took Doan's Kidney Pills. The pain in my back gradually left me, my appetite returned, I sleep well, and am effectually cured. I can highly recommend Doan's Kidney Pills to all sufferers from kidney trouble."

Dilation of the Stomach

The gravity of enlargement of the stomach cannot be overestimated. One of the principal causes that produce this distressed condition is inordinate eating and drinking. Weakness of the muscles that propel the food to the intestines is also a factor in allowing the food to accumulate in the stomach, and then stretching it to enormous size. Constipation and inactivity of the liver is also a prominent cause.

In this condition you usually find a coated tongue, thirst, loss of appetite, emaciation, oppression at the pit of the stomach, belching of fetid gas and vomiting of sour liquid, varying in amount. Weakness, paleness and want of energy are usually present.

Now, to overcome this distressing and dangerous enlargement of the stomach and all its symptoms, take Smith's Pineapple and Butternut Pills today. They will give tone to the stomach propelling muscles of the stomach and intestines. They produce a natural movement of the contents of the bowels and avoid the formation of gas, which if retained produces symptoms of self-poisoning. Food long retained in the stomach and matter in the bowels show all the signs of putrefaction, when examined after the stomach pump is used, viz: sour odor, bacteria, yeast, saccharine and organic acid, which are deleterious to the entire system.

Smith's Pineapple and Butternut Pills cure constipation as if by magic. They regulate the functions of the liver, cleanse the poisons from the blood, remove the bilious elements from the circulation and strengthen the nerves. If your eyes are clouded without an appreciable cause, if you have specks and floating objects before your vision, use Smith's Pineapple and Butternut Pills and get the poisonous elements out of your blood. Remember, they always cure sick headache, constipation and biliousness in one night. 25 cents, all dealers.

ONE DAY'S DROWNINGS

Willie Toles Lost Hold of Raft and Went Down to Death.

A MONTREAL GIRL VICTIM

Marie Pare Lost Her Life in the Turkish Bath Hotel Swimming Tank—Attendants Found Her Body at the Bottom, But It Is Not Known When She Went Down — She Said She Could Swim.

Chatham, June 22.—Tuesday evening about 8 o'clock, Willie Toles, the 15-year-old son of Robert Toles, was drowned at Wallaceburg, while rafting on the Sydenham. He fell into the water and was unable to swim. The body was recovered two hours later.

Drowns in Plunge Bath.

Montreal, June 22.—Miss Marie Pare, a waitress at the Turkish Baths Hotel, was drowned in a swimming bath at the hotel yesterday morning. The unfortunate girl had only been employed at the hotel for a week past. She said she could swim, and was given permission to use the plunge bath. It is not known exactly when she went down, but at 12.30 attendants found her at the bottom of the tank.

Death at Sunday-School Picnic.

Brockville, June 22.—While attending a Sunday-school picnic at the Rideau Tuesday, William Burns, aged 15, was drowned. The body was recovered and brought here yesterday for interment. Burns was a Scotch lad, brought to this country from the Bridge of Weir Homes with a party last month. He was sent to live with a farmer at Crosby, near the scene of the accident.

Burns Were Fatal.

Hamilton, June 22.—Mrs. James H. Brydges, 445 East Barton street, who was so badly burned Tuesday evening, while trying to put out a fire in the home of her neighbor, Mrs. Steadford, died last evening about 8 o'clock.

Fatally Hurt.

Toronto, June 22.—Alex. Archambault of Montreal, a tramp who was stealing a ride on his way to Chicago on a freight train, in jumping off at Park street had his right leg severed. He was otherwise badly injured. Archambault cannot live.

Careless With Revolver.

Brockville, June 22.—After the arrival in port yesterday of the barge Argosy, a doctor was called to attend Capt. John Gauthier, who Tuesday, before leaving Sodus Point, handled a loaded 22-calibre revolver, when one of the chambers exploded. The ball entered the calf of his leg.

Second Explosion Victim.

Halifax, June 22.—Ernest Lionel Twining, the young boy injured so badly in the gunpowder explosion last Friday, in which Andrew Gordon Mitchell was killed, died last evening. He underwent an operation, and every hope was held out for his recovery, but blood poisoning set in. He was 14 years old and the only child of J. T. Twining.

Baby Falls Three Stories.

Toronto, June 22.—Left alone by her parents for a few moments, little Margaret, the year-old daughter of Mr. and Mrs. Ferrier of 245 Wilton avenue, fell from a third-storey window last night about 7 o'clock, and died shortly after being removed to the hospital.

Boy Bitten by Mad Dog.

London, June 22.—Yesterday morning Langford, the 4-year-old son of Dr. McGregor, was bitten by a small black dog, blood being drawn. The dog was followed and captured and, on examination, in the opinion of several medical men the dog has an unmistakable case of rabies. In the afternoon Dr. McGregor left with the bitten boy for New York, where he will undergo treatment.

Tramps Prove Alibi.

Montreal June 22.—Six tramps who were arrested at different localities in the Province as the result of a circular despatch sent out by Provincial Detective McGaskill in connection with the Quin murder mystery, are free so far as the murder is concerned. They were gathered in on suspicion.

Roumania Has Record Crop.

Bucharest, Roumania, June 22.—The wheat crop of Roumania promises to be the largest on record despite the fact that some rust has appeared. The maize crop is in splendid condition.

Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die." Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is emaciation and other symptoms of disease, which if unskillfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved, as I was by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Sheldon Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly failing. I was losing flesh every day. Long in weight from 180 pounds down to 128. My flesh got soft and I had no strength. Did not say anything to any one but made up my mind that the end was not far off. One day my wife was reading in the 'Common Sense Medical Adviser' about Dr. Pierce's Golden Medical Discovery, and I said, that sounds more like common sense than anything one that I had heard. I at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. I gained sixteen pounds and never have had a cough since. I feel splendid and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of 21 stamps to pay expense of mailing only. The book contains 1008 pages, over 700 illustrations and several colored plates. Send it one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

Disputes Judge's Jurisdiction.

Montreal, June 22.—A bombshell was thrown into the Gaynor and Greene case yesterday morning, when Mr. McMaster disputed Judge Ouimet's jurisdiction to decide the writ of habeas corpus, taken out by the fugitives.

Mr. McMaster held that only the full court of King's Bench could decide this issue and that, as the fugitives had not taken the proper proceedings within the prescribed 15 days, nothing remained but to surrender them to the United States courts.

Judge Ouimet seemed to be considerably impressed by Mr. McMaster's arguments, which, however, were vigorously disputed by T. Chase Casgrain. Judge Ouimet adjourned the argument until next Tuesday morning.

Boy Turns Thief.

Orillia, June 22.—John Granger, a lad 14 years of age, an orphan, was arrested here yesterday for stealing. A few weeks ago he was taken and adopted by a farmer named Tuck, living near Hawkstone, but with whom he remained for about three weeks only. He was then taken in charge by a neighboring farmer, Robert Kendall, from whom he stole a gun and other articles and made his escape.

CLOSING THE CRESCENT.

Oyama Takes Up Linevitch's Gage of Battle and Latter Will Have to Fight Soon.

Tokio, June 21.—Official despatches and private advices from Field Marshal Oyama's headquarters on the Manchurian frontier indicate that the Japanese leader is closing the crescent in which his army was disposed 24 hours ago, and that when the horns of the crescent meet, a large part of Gen. Linevitch's command will be caught in a trap. Marquis Oyama, having been drawn into action by the Russian commander, is pushing his flanks forward so rapidly that it will be impossible for all of Linevitch's forces on the Kirin-Kuanchengtsu line to retreat northwestward. Gen. Linevitch, having thrown down the gage in his eagerness to strengthen the arguments of the war party in St. Petersburg, now is confronted with the alternative of accepting a general engagement or of seeing his slower divisions between the Japanese right and left surrounded and either captured or annihilated.

Britain Offered No Advice.

St. Petersburg, June 21.—The Novoe Vremya yesterday printed a despatch from London, in which its correspondent declared he was in possession of information to the effect that the British are advising Japan against the conclusion of an armistice.

London, June 21.—The Associated Press is assured that the British Government has not given Japan any advice as to what course to pursue, regarding an armistice, as alleged by The Novoe Vremya of St. Petersburg.

British Cruisers After Them.

The recent movements of British cruisers in the Far East are taken to mean that the Admiralty has again undertaken to notify the Russian cruisers of Foreign Minister Lamsdorff's instructions that there is to be no further sinking of neutral ships. At any rate ship owners are much relieved.

Travel by Canada.

Tokio, June 21.—It is thought to be possible to complete the details, appoint the plenipotentiaries and organize a staff of assistants in time for them to sail on the steamer Empress of India, June 30, from Yokohama for Vancouver, B. C., a voyage of about two weeks. It is expected that the party will number a dozen.

Russia Accepts Date.

St. Petersburg, June 21.—Russia, the Associated Press is officially informed, finds no objection to August 1, as suggested by Japan for the date of meeting of the plenipotentiaries, and instructions will be sent to Ambassador Cassini to accept it.

WHERE BRITAIN STANDS.

Sinking of St. Kilda to Be Fully Inquired Into.

London, June 21.—Premier Balfour, replying to a question in the House of Commons yesterday, said correspondence with the Russian Government was proceeding in regard to the sinking of the British steamer St. Kilda. The Government took a very serious view of the matter because it had received the most specific assurances that no such action would again be taken.

Russia Ignorant.

St. Petersburg, June 21.—Neither the Admiralty nor the Foreign Office are able to furnish any explanation of the sinking of the British steamer St. Kilda by the Russian auxiliary cruiser Dneiper.

GO FROM TORONTO.

Two Hundred and Fifty Men For Garrison Duty at Halifax.

Ottawa, June 21.—Two hundred and fifty infantry at Stanley Barracks have received orders to hold themselves in readiness to proceed to Halifax for garrison duty. Some 400 garrison artillery will also be sent from Quebec.

IN TORONTO THE GOOD.

Great Gathering of Sunday School Workers From Other Side.

Toronto, June 22.—To-day the last meetings will be held, preparatory to the big Sunday School workers' congress in the Metropolitan Church. The International Primary Institute closes its session, the editors of Sunday school publications wind up their conference and the delegates will arrive in readiness for one of the biggest conventions in the history of Toronto. Even now the city is being invaded by visitors from the other side of the line, and the various committees are at fever heat.

The total number of visitors is variously estimated at 8,000 to 12,000. Of these 2,500 are speakers and delegates, representing the States in the union.

Drank Paris Green.

'BLOOD POISON'

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchiness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. McAULIFFE MAY HAVE HAD PROVOCATION

Coroner's Jury Render Verdict in the Case of Frederick Hudson's Death—Believe That Patrick McAuliffe Struck the Blow Which Caused Death, But Express the Belief That He May Have Had Provocation—Inquest Concluded Last Night—Jury Takes Four Hours to Reach Verdict—The Evidence at Last Night's Sitting of the Coroner's Court.

The inquest on the death of Fred Hudson, who was injured on the night of June 1st, in the Royal Hotel, receiving injuries from which he died, was concluded last night at the council chamber, when, after a deliberation of four hours, the coroner's jury brought in the following verdict:

"That the late Fred Hudson came to his death as a result of a blow delivered by Patrick McAuliffe, with some hard substance, but that some provocation may have caused McAuliffe to strike the blow."

There was a large crowd at the council chamber when the inquest opened, and considerable interest was manifested in the evidence, as it proceeded.

Dr. McNulty was the first witness called, and his evidence was as follows:—"On the first of June I was called to attend the late Frederick Hudson at the Royal Hotel. It was about a quarter to ten at night, and the patient was upstairs in bed. On examination, I found a wound on the forehead, near the hair line, about an inch and quarter in length. It was not a straight wound, but ran in three directions, shaped something like the letter Z with sharp angles. It was bleeding freely. I thought it might have been done with some blunt instrument, not the naked hand. His condition from the first was not satisfactory. He seemed to be suffering from a of deal of shock, and was very listless, unable to sleep and in weakened condition. He appeared to keep very much the same from Thursday till Monday, when he seemed a little better, and I removed the five stitches, the wound however healed nicely. On Monday night he took his first decided change and next morning there was a slight red swelling over each eye. It was then, also, that I discovered a thin, watery discharge from one corner of the wound. I advised his removal to the hospital that morning, but he and his friends thought it well to wait until the evening and he was then removed. Conditions seemed to point to some infection, such as blood poisoning. I had a consultation that night, and my consultant, Dr. Greer, thought as I did. We surmised that the wound was the cause of the trouble. The discharge was thin and watery, hardly as thick as pus. I opened up the wound more fully, but discovered nothing and our opinion was confirmed that poisoning was constitutional.

Performed Operation.

On Wednesday he appeared better, the redness having disappeared, but the patient kept delirious during Thursday. We saw him again on Thursday and formed the opinion that pus might have formed between the two tables of the skull, and that night we decided to remove the outer table, which would give access to the space between. This however seemed to be in a normal condition and no relief was given. Dr. Halliday also saw him on Friday morning. All that is usually done under the circumstances was done. The patient continued much the same on Friday, and on Saturday morning he showed evidences of brain pressure. It was then decided to remove a piece of the inner table of the skull. Dr. Young, also saw him on Saturday. The second operation gave no relief. Patient died on Saturday evening, three or four hours after the operation.

Skull was Cracked.

The inner table of the skull was cracked. A small edge of the crack seemed to lacerate the covering of the brain. The latter was in a septic, inflamed condition and would explain the symptoms revealed before the operation. After his death, I performed the autopsy with the assistance of Dr. Greer and in the presence of Dr. Halliday, Dr. Young and Dr. McCullough. I have signed the report. The septic inflammation of the brain was caused by the wound in the skull, without which, the inflammation would probably not have occurred. He could not have recovered even had there been no operation.

Question of Heredity.

To juror—"I understand that Hudson's mother and one other member of the family died from blood poisoning. This might suggest a predisposition to that trouble in this case. It is often brought about without any discoverable abrasion of the surface.

To the coroner—"The deceased's pupils showed no variation at any time. He had a chill or rigour on Monday night, and this was an alarming symptom. The watery discharge indicated some septic infection of the wound, and that inflammatory action had started. The membranes of the brain were very considerably involved on the left side.

To juror—"On the evening he was injured, I noticed a slight, saucer-shaped depression of the skull, but owing to the patient's weakened condition, I thought it advisable not to operate, most particularly because there were no symptoms of fracture of the inner table. These did not develop until the ninth or tenth day. We found a small free piece of bone in operating on the inner table of the brain. It was in line with the operation, which might have produced it.

Exceptional Cases.

To a juror—"It is quite possible for persons to live, who have had both plates of their brain fractured. I have known cases in which the wound was as large as this, when the patient recovered.

The patient's liver in this case, was very much enlarged, revealing cirrhosis, which is eventually fatal. It would be difficult, from the condition of the liver, to judge just how long the man had to live. It would depend on how the man took care of himself. The kidneys showed evidences of inflammation. From an optical appearance of the kidneys, it would be difficult to ascertain the actual history of their disease. From Dr. Amyot's evidence it would probably be Bright's disease, and this would eventually be fatal. The valves of the heart were also diseased. The blood sent to Dr. Amyott was taken from the interior of the heart. Had there been no wound on the head, and leaving it out of the question altogether, but considering the condition of the organs, I think there would have been sufficient to explain cause of death.

To the County Crown Attorney.—He did not die directly from any of these troubles. He would have lived longer than he did—probably months.

To Mr Dennistoun.—This is a matter of opinion and some other medical men might not agree with it.

To the County Crown Attorney.—The piece of loose bone found was very minute, and was protruding through the membrane. One would not judge whether it was done at the time of the operation, or whether it had been there for some time. The inflammation, however, covered a considerable area, and was caused by infection, which we surmised, reached the brain through the wound. The piece of bone would cause irritation.

To the Coroner.—Inflammation of the brain might be caused without traceable injury, by infection through the lungs or stomach.

To Juror.—The first symptom of pressure on the brain became evident from the paralysis on Saturday morning.

James Hanrahan was called but did not respond.

McAuliffe Made Motion.

John Halpin was called and deposed:—I was at the Royal Hotel on the night of June 1st and saw part of the trouble. When I first entered the initial part was all over. I saw McAuliffe and Hudson discussing what had happened before. They were in the hallway going out into the yard. Then afterwards entered the bar, McAuliffe leading. He wanted Hudson to have a drink or cigar, and Hudson refused. They were standing near the street end of the bar. Hudson accused him of doing something to him in the hall and said he would not do it. Then I noticed Hudson fall back. I was located at the south part of the bar, but some men were standing between. I saw no blow struck, but I did see McAuliffe take a step back then forward and make a motion to strike. I did not notice any weapon. I helped Casey Masterson to raise Hudson up from the floor, where he appeared to be unconscious. I did not see the blow light on Hudson's head. He was bleeding where he appeared to be unconscious freely and was assisted to the wash room.

To Juror.—Hudson had told McAuliffe to put up his desire, in the bar, but I cannot say that Hudson was about to attack, when the blow was struck.

Boarder's Story.

James Hanrahan was now called and he deposed as follows:—I board at the Royal Hotel and was there on the night of June 1st. The scuffle started between a man named Shaughnessy and Hudson, and I think McAuliffe interfered. Shaughnessy then went out and Hudson accused McAuliffe of having held his hands in the scuffle. They followed each other to the back door and McAuliffe took off his coat. They went out to the back yard but I think somebody made peace between them and they returned. McAuliffe went to go into the bar saying to Hudson "Come and have a cigar". Hudson told him to put up his mollies, meaning his fists. They both went into the bar, and seeing that they were going to come to blows, I went to the men's sitting room. I saw and heard Mr. Hudson fall. He was picked up and brought into the wash room. The crowd was for holding McAuliffe to bring him up to the police station while Hudson shouted to hold him until he did him up. I then went out and shortly afterwards saw McAuliffe and another man come out. They missed their footing and fell into the water-table, but on regaining their feet they ran away.

To Juror.—I heard no sound previous to Hudson's fall as of a man being struck.

This concluded the investigations and the evidence was thereupon left with the jurors who after four hour's deliberation returned the verdict given above.

LIGHT AND POLICE AT JACKSON PARK

Town Will Pay $100 and the Company the Balance.

Special Police Will be Appointed—Electric Heating for Pic-nicers.

There were present at the meeting of the Committee of the Whole, last night, the Mayor, who presided, Ald. Johnston, Adams, Hall, McIntyre, Begley, Hicks, Mason, Tovey and Leary.

The first matter considered was that in reference to the lighting of Jackson Park, and the offer of the Peterborough Light and Power Co., Pto place sufficient lights in the park to light it thoroughly, providing the town would pay the cost of the wiring in the park, which was estimated at $100, was accepted, the understanding being that the amount so spent should give the town the ownership of the wire, and that this price would pay for the lighting of the park not only for this year, but for many years to come, and it was also pointed out that in all probability it would not be necessary to be spend any more money for 20 years, which would make the annual cost only $5.

Mr. H. Beal, who was at the meeting representing the company stated that though he had not been given official authority to make the offer, he understood from Mr. Larmonth, that it was the intention of the company to place at the park an electric heater, which might be used by picnic parties for heating water, and which would be a great convenience to those using the park for picnic purposes.

The matter of police protection for the park was also considered, the Supervision Committee was instructed to take action. In all probability a special member of the force will be taken on in the near future, and he will be charged with the duty of seeing that the laws are observed in that part of the town.

FLOWER SUNDAY AT GEORGE STREET

Special Services for the Sunday School to be Held Next Sunday.

Next Sunday morning the annual flower service of the George street Methodist church will be held. This event is always looked forward to with a great deal of pleasureable interest by the scholars and in fact by everyone connected with the church.

At 10.30 o'clock the scholars of both Grace church and George street schools will assemble and march upstairs and the scholars are requested to each bring a bouquet with them.

Rev. Dr. Crothers will preach the sermon and the choir will furnish special music. The children will occupy the front centre pews and the service will be specially for them. The regular Sunday School in the afternoon will be withdrawn.

Permanent Cure for Bronchitis.

"My second daughter was troubled with bronchitis from the age of three weeks. Oftentimes I thought she would choke to death. Dr. Chase's Syrup of Linseed and Turpentine brought relief and finally treatment made a thorough cure. This trouble used to come back from time to time, but the cure is now permanent." — Mrs. Richmond Withrow, Shubenacadie, Hants Co., N. S.

DIVERSION NOT COVERED BY ACT

Reeve Rankin Advises That It Be Submitted to Municipal Council.

Engineer Will Report on Cost of Diverting Aylmer Street Creek.

The Committee of the Whole at its meeting last night, took up the question of the proposed diversion of the Aylmer street creek and also the creek in the fifth ward, and Ald. Adams read a letter received from the official referee, in which the writer stated that the questions submitted to him were not questions which he could answer, since, in his opinion the Drainage Act did not cover the points in dispute by the diversion of the creeks, and he advised that they be submitted to a municipal counsel. The Drainage Act was framed to deal with disputes in cases, where drowned or partly drowned lands were to be drained, which was not the case in the matter submitted to him.

Considerable discussion ensued as to the diversion of the creeks mentioned and there was a difference of opinion as to whether they should be payed for by a general or special tax. Ald. Adams holding that in any event they should be dealt with in the same manner.

It was finally decided to have the engineer make a report on the cost of the diversion of the Aylmer street creek from Barnardo Avenue to the river, and also of that in the fifth ward. A letter was quoted from Mr. Tiffin, of the G. T. R., to the effect that he would be in town in the near future, and at that time would be prepared to discuss with the mayor and chairman Adams the question of the company paying part of the cost of diverting the Aylmer street creek.

Ald. Adams also submitted the plan prepared by the engineer for the proposed extension of Hunter street to the lift lock, showing the depth of the cutting, which in the deepest point, will be about eight feet, and it was moved and carried that the plan be handed to the representative here of the Armour estate, as requested by them.

WAS DROWNED IN RICE LAKE

James Hardy Lost His Life While Bathing

Went In to Bathe on Sunday and Never Returned.

The Port Hope Guide heard yesterday of a drowning accident which occurred at Bewdley on Sunday last by which a young man, James Hardy, lost his life. Deceased was engaged as a farm laborer at Mr. Richard Nurse's, lot 6, concession 2 Hamilton Township, near Rice Lake. On Sunday morning about 11 o'clock he secured a boat from Nurse's boat house and went down a short distance to bathe. On not returning they became anxious and a search party was formed. No trace was found until Monday morning when the party came across the boat about two miles from the boat house and in it was the man's clothing.

It was quite apparent then that the young man had been drowned and every effort was put forth to locate the body but it was of no avail. This morning while the party were in the search the body was seen floating near the boat-house. The remains were at once taken to Mr. Nurse's residence and an inquest was deemed unnecessary.

Deceased was twenty-seven years of age and a quiet and obliging young man and his untimely death has caused much regret throughout the neighborhood.

His mother and two sisters reside in the Old Country and his brother in the States. The funeral will take place to-morrow afternoon at 2.30 o'clock from the residence of Mr. Richard Nurse to Plainville cemetery.
